### CLERK OF THE CIRCUIT COURT

Alachua County Courthouse 201 East University Avenue Gainesville, Florida 32601

**TELEPHONE** (352) 374-3636

April 28, 2025

The Honorable Charles "Chuck" Chestnut, IV, Chair Board of County Commissioners Alachua County, Florida

Dear Chair Chestnut:

I am pleased to present to you, the Board of County Commissioners and the Citizens of Alachua County, the Annual Comprehensive Financial Report of Alachua County, Florida, for the fiscal year ended September 30, 2024. The Finance and Accounting Department prepared this report and we are responsible for its accuracy and completeness.

Information in the report is presented in a manner that enables the reader to gain an understanding of the County's financial activity. The Finance Director's transmittal letter further discusses the County's financial activities and internal controls.

This report was prepared following the guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA). GFOA awards Certificates of Achievement for Excellence in Financial Reporting to those governments whose annual comprehensive financial reports meet the Program's strict criteria. We are submitting the 2024 report for review and we believe that it will be awarded a certificate.

The financial statements of the County have been audited by Purvis, Gray and Company, Certified Public Accountants. Their opinion is included in the financial section of this report.

The preparation of this report could not have been accomplished without the dedicated effort of the Finance Director and his entire staff. Their efforts over the past year have led to an improved quality of information being reported to the County Commission, State, Oversight Boards and the Citizens of Alachua County.

Thank you for your attention.

Respectfully Submitted,

J. K. "Jess" Irby, Esq. Clerk to the Board

### CLERK OF THE CIRCUIT COURT

Alachua County Courthouse 201 University Avenue Gainesville, Florida 32601

J.K. "JESS" IRBY, ESQ. CLERK

**TELEPHONE** (352) 374-3636

April 28, 2025

The Honorable Charles "Chuck" Chestnut, IV, Chair Board of County Commissioners Alachua County, Florida

Dear Chair Chestnut and the Citizens of Alachua County:

The Annual Comprehensive Financial Report of Alachua County, Florida for the fiscal year ended September 30, 2024, is respectfully submitted. This report was prepared by the Finance and Accounting Department under the supervision of the Clerk of the Circuit Court. The report fulfills the requirements set forth in Section 218.39, Florida Statutes, and the Rules of the Florida Auditor General, Chapter 10.550, which requires an annual financial audit of all counties. Responsibility for both the accuracy of presented data and the completeness and fairness of the presentation, including all disclosures, rest with the Finance and Accounting Department.

Florida Statutes require an audit of the financial statements of Alachua County by an independent certified public accountant. We have complied with this requirement and the auditor's opinion is included in the Financial Section of this report. Purvis Gray, Certified Public Accountants, have issued an unmodified ("clean") opinion on Alachua County's financial statements for the year ended September 30, 2024.

Internal accounting controls for the County are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the evaluation of costs and benefits requires estimates and judgments by management.

Readers of this report are encouraged to read Management's Discussion and Analysis (MD&A), which immediately follows the independent auditors' report. The MD&A provides basic financial information about Alachua County and an overview of the County's activities; it is intended to complement this letter of transmittal and should be read in conjunction with it.

### PROFILE OF THE GOVERNMENT

Alachua County was established by an Act of the Florida Legislature in 1824 when Duval County was split to form Alachua, Duval and Nassau Counties. Subsequent Legislatures further divided Alachua County to establish Levy, Gilchrist, Marion, Putnam and Clay Counties.

Since the 1920's, Alachua County has contained approximately 977 square miles and is included within the Gainesville Metropolitan Statistical Area. Alachua County is located in North Central Florida, midway between the Atlantic and Gulf Coasts. It is approximately 145 miles southeast of the State Capital, Tallahassee, 100 miles north of Orlando and 70 miles southwest of Jacksonville. In addition to Gainesville, which is the county seat and primary population center, there are eight other incorporated municipalities located within the County: Alachua, Archer, Hawthorne, High Springs, LaCrosse, Micanopy, Newberry and Waldo.

Alachua County is a charter county established under the Constitution and the laws of the State of Florida. The County operates under the County Manager form of government with a board of five elected members. In addition, there are five Constitutional Officers who are separately elected, including the Clerk of the Circuit Court, Sheriff, Tax Collector, Property Appraiser and the Supervisor of Elections. The annual comprehensive financial report includes the Board of County Commissioners, all Constitutional Officers as well as three component units: the Alachua County Housing Finance Authority, the John A.H. Murphree Law Library, and CareerSource North Central Florida. The Alachua County School Board and the Alachua County Library District, though related organizations, are governed with their own boards and are reported separately.

Alachua County government provides a full range of services, including police, emergency rescue and fire protection, social services, environmental protection, construction and maintenance of highways, streets and other infrastructure, and parks and recreation. Solid waste disposal and recycling is provided through operation of the Leveda Brown Environmental Park and Transfer Station and five rural regional collection centers.

The Board of County Commissioners is required to adopt a final balanced budget by September 30<sup>th</sup> for the following fiscal year for all governmental funds. The budget controls the levy of taxes and the expenditure of money for all county purposes during the ensuing fiscal year. This annual budget serves as the foundation for Alachua County's financial planning and control and is prepared by fund, department/division and function according to the Florida State Chart of Accounts. The legal level of control is the fund in accordance with Florida Statutes.

### **LOCAL ECONOMY**

Alachua County is a major educational and health care center with a number of associated firms and industries. Alachua County is the home of the University of Florida with approximately 61,000 students. It contains a Medical College and major teaching hospital, Law, Engineering, Business, Accounting and Architecture Schools along with several other colleges. The stability of the

County economy is attributable mainly to the University of Florida and the other governmental employers in the area, who provide approximately 26.5% of the jobs. Population in the State of Florida increased overall and Alachua County increased as well with a total population of 296,313 unemployment in the area was 3.5% at September 30, 2024 compared to a State rate of 3.4%.

### LONG-TERM FINANCIAL PLANNING

The County develops multi-year financial forecasts, as well as a Capital Budget & Financial Plan (CBFP). The purpose of the CBFP is to address future needs for roads, parks and facilities.

The capital budget is separate and distinct from the County's operating budget. To provide direction for the CBFP, the County has adopted Capital Improvement Management Policies as part of its Comprehensive Financial Policies. The policies define requirements for capital projects included in the CBFP. Under the policies a capital project is defined as the following:

- Project/equipment with a cost of at least \$150,000
- Asset life of at least five (10) years

A CBFP project, under this definition, is intended to include those projects that involve a new purchase of capital outlay or infrastructure and any new construction or major renovation of County infrastructure, excluding routine maintenance. Capital projects are generally classified into the following programs: General Facilities, Parks, Public Safety, Economic Development, Technology, Court Related Facilities, Transportation, and Energy Conservation.

As part of the CBFP, the County's capital planning process identifies and prioritizes County capital needs to determine which capital projects should be funded in the capital budget. Capital planning takes place on two levels – countywide and within the unincorporated area only.

Proposed capital projects are reviewed for compliance to the adopted Comprehensive Plan as part of the budget adoption process. Interested parties can view the Comprehensive Plan on the County's website at: <a href="http://growth-management.alachuacounty.us/planning/">http://growth-management.alachuacounty.us/planning/</a>.

The goal of the CBFP development process is to deliver various department projects in an efficient and economical manner. This process requires that capital projects be prioritized.

Below is a list of major capital initiatives completed in FY2024 or in progress as of September 30, 2024.

### **COUNTY ROADS**

In fiscal year 2024, more than \$11.2 million was allocated for transportation improvements, encompassing intersection upgrades, road grading enhancements, and various resurfacing and

repaying projects. Additionally, several smaller projects were either completed or initiated during this year. For further details, please refer to the MD&A on page 15.

### **COUNTY PARKS**

This fiscal year, the county made several enhancements at Veterans Memorial Park, including expanded entry and parking options, a new inclusive play area, ADA-accessible sidewalks, upgraded stormwater and utility systems, new lighting, and temporary irrigation using reclaimed water.

### **COUNTY LAND AND BUILDINGS**

During fiscal year 2024, the County purchased the West End Golf Course for a cost of \$3.9 million in anticipation for the World Masters Athletics Indoor Championships in 2025. Construction on the Alachua County Sports Complex at Celebration Pointe was substantially completed with a total expenditure of \$32.9 million. Progress on the construction of two new fire stations is ongoing, with a cost of \$5.7 million to date.

Continuing its effort to address homelessness, the County purchased the Scottish Inn in 2024 with plans to renovate it alongside the Budget Inn. There is a budget for the renovation to the Scottish Inn and Budget inn of approximately \$4 million and \$3.7 million, respectively. The County will also utilize some of the land at the Scottish Inn for a pilot project to add container homes to the property. The container homes have an expected budget of \$1.5 million.

### **ALACHUA COUNTY FOREVER PROGRAM**

The Alachua County Forever Program is the County's conservation land acquisition and management program. It was established in 2000 after the Alachua County Forever Bond referendum was approved by the voters of Alachua County. The Bond provided \$29,000,000 for the acquisition and management of environmentally significant lands. Alachua County Forever has since been renewed three times through the Wild Spaces Public Places referendum, in 2008 when voters approved a 2-year ½-cent sales tax, and in 2016 when voters approved an 8-year ½-cent sales tax, and in 2022 when voters approved a 10-year full-cent sales tax which ½-cent is dedicated to acquiring and improving conservation lands. So far, the County has conserved over 35,164 acres with a cost of \$124,468,958. The county share is \$81,663,275, the county manages 23,176 acres and the partners manage 11,988 acres at a cost of \$42,805,683. Currently, 70% of preserves are open for public access.

### **FY 2024 GOVERNMENT WIDE RESULTS OF OPERATIONS**

Alachua County's government-wide revenues for the year totaled \$452.7 million, while government-wide expenses amounted to \$375.9 million. This resulted in a net position increase of \$76.9 million, bringing the ending net position to \$789.2 million as of September 30, 2024. The increase was primarily driven by asset growth and a reduction in current liabilities.

### **GENERAL FUND FINANCIAL HIGHLIGHTS**

For fiscal year 2024 the General Fund had an increase in fund balance of \$2.1 million. The General Fund's financial position remained strong with an ending fund balance of \$117.3 million. The total ending fund balance equaled 52.40% of operating revenues and met the County's adopted financial policy which states the fund balance of the General Fund shall not be less than 10% of the following year's projected operating revenue. \$50.2 million of the total fund balance was unassigned at year-end.

### INDEPENDENT AUDIT

Florida Statutes require an audit of the financial statements of Alachua County by an independent certified public accountant selected by the Board of County Commissioners. We have complied with this requirement and the auditors' opinion is included in the financial section of this report.

### REPORTING ACHIEVEMENT

### **CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING**

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Alachua County, Florida for its annual comprehensive financial report for the fiscal year ended September 30, 2023. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement from GFOA is valid for a period of one year only and we believe that our current fiscal year 2024 ACFR meets the criteria to obtain the certificate. Copies of Alachua County's ACFR for the current and prior years are available on the County's website <a href="http://www.alachuacounty.us/Depts/Clerk/Pages/FinancialReports">http://www.alachuacounty.us/Depts/Clerk/Pages/FinancialReports</a>.

### **ACKNOWLEDGMENTS**

A comprehensive financial report of this nature could not have been prepared without the dedicated efforts of all staff members concerned. I would like to express my appreciation to the staff of Finance and Accounting in helping produce this report and for the interest and support of the Clerk of the Circuit Court. I would also like to thank the Board of County Commissioners, the Constitutional Officers and County staff for their work in planning and conducting the fiscal operations of the County.

Respectfully Submitted,

Todd Hutchison

### Report on the Audit of the Financial Statements

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Alachua County, Florida (the County) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Emphasis of a Matter**

As described in Note 1E to the financial statements, in 2024, the County adopted new accounting guidance, Governmental Accounting Standards Board Statement No. *100, Accounting Changes and Error Corrections*. Our opinion is not modified with respect to this matter.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### INDEPENDENT AUDITOR'S REPORT

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any

assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying combining and individual fund financial statements (supplementary information, as listed in the table of contents) are presented for the purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements are fairly stated in all material respects, in relation to the basic financial statements as a whole.

### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 29, 2025, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

April 29, 2025 Gainesville, Florida

The Management's Discussion and Analysis presents an overview of the Alachua County, Florida's (the County) financial activities for the fiscal year ended September 30, 2024. The County's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosure following this section. Additional information is available in the Transmittal Letter, which precedes Management's Discussion and Analysis.

### **Financial Highlights**

### **Government-Wide Statements**

- Alachua County's assets and deferred outflow of resources exceeded its liabilities and deferred
  inflow of resources at September 30, 2024, by \$789.2 million (net position). The County provides
  a defined benefit pension plan for its employees and other postemployment benefits (OPEB) to
  employees. As a result of reporting the net OPEB and pension liability, the County reported a
  (\$26.0) million unrestricted net position deficit.
- Total net position of \$789.2 million is comprised of the following:
  - 1) Net investment in capital assets of \$624.2 million includes property and equipment, net of accumulated depreciation, reduced for outstanding debt related to the purchase or construction of those capital assets.
  - 2) \$191 million of net position are restricted by constraints imposed from outside of the County, such as debt covenants, grantors, laws, or regulations.
  - 3) (\$32.9) million of unrestricted deficit governmental net position and \$6.9 million of unrestricted business-type net position.
- The County's total net position increased \$76.9 million over the previous year with an increase of \$76.5 million from governmental activities and a decrease of \$0.4 million from business activities. Overall, the increase in net position was driven by an increase of \$34 million in current assets which was primarily the result of increases in cash balances from Infrastructure Sales Surtax and Transportation Trust; net increase in capital assets, including the purchase of the Armory building and conservation land; and reduction in long-term net pension liabilities.

### **Fund Statements**

- At September 30, 2024, the County's governmental funds reported combined ending unassigned fund balances of \$49.8 million and total fund balances of \$355.3 million. Total fund balances had an increase of \$25.6 million from the prior fiscal year.
- At September 30, 2024, the unassigned fund balance for the General Fund was \$50.2 million or 22.40% of General Fund operating revenue. Assigned fund balance includes \$13 million in subsequent year's reserve for contingency and \$14.8 million for FY25 appropriated fund balance. The General Fund balance increased by \$2.1 million over the prior fiscal year.
- Governmental fund revenues decreased by \$11.5 million, or 2.67%, compared to the prior fiscal year. The decline is primarily attributed to the conclusion of *American Rescue Plan Act* (ARPA) funding, which provided \$44.3 million in federal grant revenue in the previous year. Despite the end of ARPA funding, revenues were partially offset by a \$17 million increase in ad valorem tax collections resulting from higher property assessments, along with a \$7 million increase from the voter-approved Infrastructure Sales Surtax revenue due to full year collections.

• Along with making regularly scheduled debt service payments for the year, the County had a net decrease in notes payable of \$9.0 million.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the County's Basic Financial Statements. The County's Basic Financial Statements consist of three components: 1) Government-Wide Financial Statements, 2) Fund Financial Statements, and 3) Notes to the Financial Statements. This report also contains other Required Supplementary Information and Supplemental Information in addition to the Basic Financial Statements themselves.

### **Government-Wide Financial Statements**

The Government-Wide Financial Statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private sector business and consist of the following two statements:

- The Statement of Net Position presents information on all of the County's assets and liabilities, and deferred inflows/outflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is strengthening or weakening.
- The Statement of Activities presents information showing how the government's net position changed during fiscal year 2024. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused vacation leave).

Both of these financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include administration, community services, corrections, courts, culture and recreation, economic development, tourist development, emergency services, environmental services, growth management, law enforcement, solid waste collection, and transportation. The business-type activities of the County include the solid waste system and building inspection.

The government-wide financial statements include not only the County itself (known as the primary government), but also the following legally separate component units: the Alachua County Housing Finance Authority and the John A. H. Murphree Law Library. Financial information for these component units is reported separately from the financial information presented for the primary government itself; these component units do not issue separate financial statements.

The government-wide financial statements can be found on pages 18-22 of this report.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All County funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains twenty-seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the County-wide General Fund, Municipal Service Taxing Unit (Law Enforcement), Municipal Service Benefit Unit (Fire Protection), Emergency Services, Infrastructure Sales Surtax 1%, Other Capital Projects, and Transportation Trust, which are considered to be major funds. Data from the other twenty governmental funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in the Supplemental Information section of this report; the breakdown of the County-wide General Fund by Board of County Commissioners and Constitutional Officer is also presented in this section.

The County adopts an annual budget for its general, special revenue, debt service and capital projects funds. Budgetary comparison schedules have been provided for these funds to demonstrate budgetary compliance; major funds budgetary comparison (excluding Debt Service and Capital Project funds) is in the Required Supplementary Information starting on page 88 and for non-major Debt Service and Capital Project funds in the Supplementary Information section starting on page 105.

The basic governmental fund statements can be found on pages 23-29 of this report.

### **Proprietary Funds**

The County maintains two different types of proprietary funds. Enterprise funds are used to report business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the fiscal activities relating to Solid Waste and Building Inspections/Permitting. Internal service funds are used to accumulate and allocate costs internally among the County's various functions.

The County uses internal service funds to account for its Computer Replacement, Vehicle Replacement, Fleet Management, Telephone Service, Self-Insurance Liability, and Health Insurance operations. Because these services predominantly benefit governmental rather than business-type functions, they have been included within the government-wide financial statements as governmental activities.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Solid Waste System, as well as the only non-major enterprise fund, Building Inspections/Permitting Fund. Internal service funds are also combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements in the Supplementary Information section of this report.

The basic proprietary fund financial statements can be found on pages 30-34 of this report.

### **Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is similar to proprietary funds.

The basic fiduciary fund financial statements can be found on pages 35 and 36 of this report.

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 40-87 of this report, with the index to the notes on the first page of that section.

### **Other Information**

Supplemental information in the form of combining statements referred to earlier, present a more detailed view of non-major funds used in governmental and enterprise funds. The sub-funds of the General Fund are presented first, followed by the budget to actual schedules for non-major special revenue funds, the debt service fund, and all capital projects funds. Also included are statements for internal service and custodial funds as well as component unit information. Combining and individual fund schedules can be found on pages 105-156 of this report. Additional information about the County that may be of interest to the reader is found under the Statistical section on pages 157-190 of this report.

### **Government-Wide Financial Analysis**

Net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows exceeded liabilities and deferred inflows of resources by \$789.2 million at the close of the fiscal year ended September 30, 2024 (see table on next page).

At the end of fiscal year 2024, the County is able to report positive balances in two categories of net position, for the government as a whole, and all three categories for its separate business-type activities.

Current and other assets increased by 8.1% over the prior year primarily due increased cash balances from the Infrastructure Surtax and one-time transfers into the Transportation Trust. Net investment in capital assets, less any outstanding debt used to acquire those assets, increased by 6.5% due to the purchase of the Armory building; conservation land acquisitions; completion of the Alachua County Sports Complex; and several road resurfacing projects that were completed.

(Note: Due to rounding, the totals shown may not be the addition of numbers presented in this table but are the true net position rounded totals.)

Current liabilities and long-term liabilities combined saw a 1.3% decrease from the previous year, primarily due to a slight increase in both accrued compensated absences and net pension liability which were offset by a large reduction in notes payable. Additionally, Net OPEB liabilities had a decrease of \$3.5 million for the year which further helped to get to the combined decrease of 1.3% for total liabilities.

Total net position at year-end is \$789.2 million. The largest portion of the County's net position (\$624.2 million or 79.1%) reflects its investment in capital assets (e.g., land, infrastructure, buildings, and equipment) less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate liabilities.

An additional portion of the County's net position (\$191 million or 24.2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance is an unrestricted net position deficit (\$26.0 million or -3%). The \$26.0 million unrestricted deficit in net position reflects the shortfall the County would face in the event it would have to liquidate all its non-capital liabilities, including insurance claims payable, compensated absences, other postemployment benefits, and net pension liability at September 30, 2024. A deficit in unrestricted net position should not be considered, solely, as evidence of economic financial difficulties.

Restricted net position in the governmental activities and business-type activities had a net increase of \$18.1 million or (10.5%) from 2023 to 2024. This portion of net position represents restrictions from specific revenue sources and grants. Main components of the net increase include:

- Increase of \$3.3 million in restricted assets for road construction projects.
- Increase of \$6.1 million in restricted assets for Wild Spaces Public Places.
- Increase of \$15.8 million in restricted assets for other infrastructure uses.

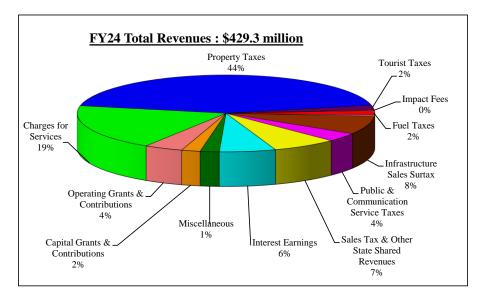

Unrestricted net position (deficit) in the governmental type activities decreased by \$24.9 million (net position improved which decreased the deficit). This reduction in unrestricted net position (deficit) was primarily due to increases in cash held from the infrastructure sales surtax and the normal pay-down of long-term notes payables.

The following charts show a graphical comparison of governmental revenues by source.

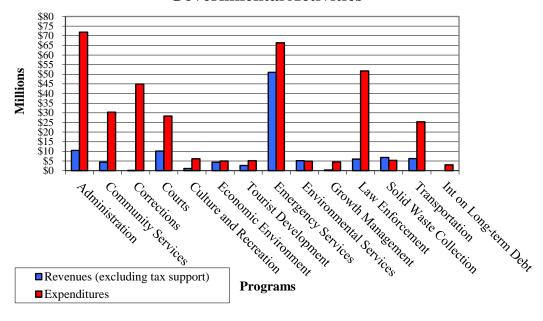

### **Governmental Activities**

The County's total net position for governmental activities increased \$76.3 million over the previous year.

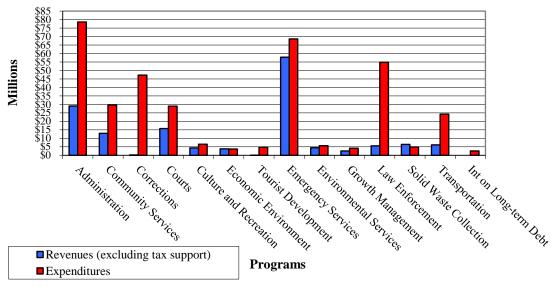

Major changes in revenues were caused by the following:

- Charges for services had a net increase of \$6.4 million. The primary component of this increase was increases in emergency services revenue: mobile stroke unit and the public radio system billing.
- Operating grants and contributions declined by \$47.3 million, representing a significant decrease of 72.43%. This drop was primarily due to the end of ARPA grant revenue, which had significantly boosted revenue in the prior year.

FY24 Expenses and Program Revenues -Governmental Activities

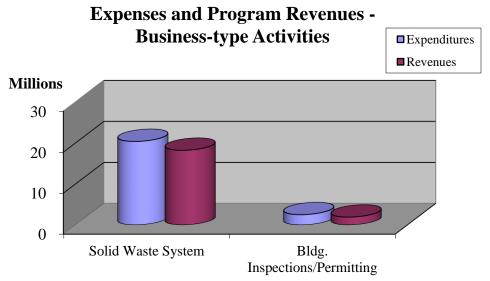

FY23 Expenses and Program Revenues -Governmental Activities

Major changes in expenses were caused by the following:

- Administration expenses decreased by 8.7% or \$6.8 million. The primary components of the decrease in expenses were decreases in pension expense and OPEB expense.
- Emergency services expenses decreased by 3.4% or \$2.3 million. Expenses decreased because of year over year decreases in pension expense.
- Economic Environment expenses increased 15.7% or \$1.3 million because of an increase in workforce services offered through grants received from Florida Department of Commerce.

### **Business-Type Activities**

Business-type activities increased the County's net position by \$0.4 million.

- The Solid Waste Transfer Station, operational since 1999, spans 27,520 square feet and employs around 24 staff members. It is equipped with twelve tractor-trailers, two grapples, and two frontend loaders. Daily, the station processes approximately 750-850 tons of household and commercial waste, which is then transported to the New River Solid Waste Facility in Raiford, Florida. The Solid Waste Fund experienced a slight increase in fund balance of \$0.7 million during the fiscal year, primarily due to an increase in the special assessment rate. Although operating revenues and expenses were essentially equal, the rate adjustment contributed to this modest growth. The fund ended the fiscal year with a balance of \$16.6 million.
- Building Inspection/Permitting furnishes services to the development community and citizens.
   Building Inspection/Permitting's operating revenues came in under operating expenses by \$0.6 million in fiscal year 2024. This was mainly due to an increase of \$0.4 million in payroll expenditures, driven by a Board approved cost of living adjustment. Total permits issued in fiscal year 2024 were 7,327 versus 7,499 permits issued in fiscal year 2023.

### **Fund Financial Analysis**

The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### **Governmental Funds**

The primary purpose of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources, available for spending, at the end of the fiscal year.

# Alachua County, Florida Designations of Fund Balance

| Total fund balance        | \$355,349,945 |
|---------------------------|---------------|
| Fund Balance designation: |               |
| Non-Spendable             | 1,332,324     |
| Restricted                | 198,234,729   |
| Committed                 | 293,780       |
| Assigned                  | 105,695,978   |
| Unassigned fund balance   | \$ 49,793,134 |

As of the end of fiscal year 2024, the County's governmental funds reported combined unassigned ending fund balances of \$49.8 million, an increase of \$6.6 million from the prior year. The increase in unassigned fund balance from the prior year is primarily due to a \$2.1 million overall increase in total fund balance for the General Fund and a reduction in the amount of total fund balance assigned for subsequent year's reserve for contingency.

### **Major Funds**

The General Fund, Municipal Service Taxing Unit (Law Enforcement), Municipal Service Benefit Unit (Fire Protection), Emergency Services, Infrastructure Sales Surtax 1%, Other Capital Projects, and Transportation Trust are reported as major funds.

The General Fund is the chief operating fund of the County and consists of six sub-fund categories: BOCC County-Wide General Fund, Clerk of Court General Fund, Property Appraiser General Fund, Sheriff General Fund, Supervisor of Elections General Fund, and Tax Collector General Fund. The General Fund had an increase in fund balance of \$2.1 million. The total fund balance was \$117.3 million, of which \$50.2 million was unassigned. The cash and investment balance at the end of the year was \$87.9 million. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund operating revenues. The unassigned fund balance represents 22.40% of total actual FY24 General Fund operating revenue and 20% of projected FY25 operating revenues. The General Fund's spendable unrestricted fund balance (the sum of committed, assigned, and unassigned fund balance) totaled \$116.3 million and met the minimum fund balance recommendation of the Government Finance Officers Association which defines a minimum unrestricted fund balance of no less than two months of regular General Fund operating revenues or operating expenditures.

The MSTU - Law Enforcement Fund primarily finances the Sheriff's patrol in the County's unincorporated areas, with \$27.2 million transferred to the Sheriff. This year, the fund balance increased by \$1.8 million, driven by higher ad valorem tax revenue due to rising property values. Consequently, the ending fund balance reached \$7.8 million.

The MSBU - Fire Protection Fund delivers firefighting and related services to residents in the County's unincorporated areas. The year ended with a fund balance of \$11.2 million, remaining consistent with the prior year, primarily due to revenues and expenses coming in at similar levels. The ending fund balance now represents 39.45% of the MSBU - Fire Protection Services' operating revenue.

The Emergency Services Fund accounts for revenues and expenditures of grant funds used for various emergency services within the County. The fund balance increased by \$3.1 million from the prior fiscal year, largely due to an increase in transfers into the fund, in order to purchase the Public Safety Radio System. The fund has an ending fund balance of \$8.3 million.

The Infrastructure Sales Surtax 1% Fund was established through a voter-approved tax referendum. On November 8, 2022, voters passed a ten-year, one-cent surtax. Revenue collection began on January 1, 2023, with half a cent allocated for conservation lands and parks and the other half for roads and affordable housing. The fund's ending balance is \$45.2 million. The change in fund balance totaled \$25.2 million from prior year, primarily due to the collection of a full year of sales tax revenue.

The Other Capital Projects Fund manages impact fees, bond proceeds and other allocations for general facilities improvements. In the prior year, the fund received a \$34 million Capital Improvement Revenue Bank Loan to support the construction of two new fire stations and a court services support building. In the current fiscal year, the fund balance decreased by \$5.2 million, primarily due to the commencement of construction on Fire Station 21 and Fire Station 80. The fund ended the fiscal year with a balance of \$36.5 million.

The Transportation Trust Fund, established in fiscal year 2005 to support capital transportation projects, is funded through transfers from the General Fund and proceeds from the 2008 Transportation Improvement Revenue Bonds. In the current fiscal year, the fund balance increased slightly by \$2 million. This occurred despite a \$9.6 million increase in capital outlay expenditures compared to the prior year, driven by the initiation of several road improvement projects.

### **Proprietary Funds**

The County's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail. The Solid Waste System fund is reported as a major fund.

The Solid Waste System fund is used to account for the operation of the County's off-site collection centers, recycling, transfer station, and the monitoring and remediation activities of the County's closed landfills. The Solid Waste System operates like a business, where the rates established by the County generate sufficient funds to pay the costs of current operations and provide for long-term asset acquisitions. As required by the State Department of Environmental Protection, the County has set aside over \$2.9 million for long-term care of the closed landfills. Total assets as of September 30, 2024, were \$24.4 million, of which \$10.7 million are capital assets, net of depreciation. Total liabilities were \$8.4 million. Net position increased by \$0.7 million (after transfers), resulting in an ending net position of \$16.6 million.

### **General Fund Budgetary Highlights**

The main difference between the General Fund's original and final budgeted operating revenues, excluding other financial sources, was an increase of \$3.4 million in charges for services recognized during mid-year budget adjustments.

The differences between the original and final General Fund budget for current operating expenditures included the following major adjustments:

- \$32.9 million Carry forward of prior year purchase orders and mid-year fund balance adjustments.
- \$1.7 million Purchase of Sunrise Inn.
- \$1.1 million Recognize revenue for the Resilient Florida Grants.

General Fund actual revenues overall came in \$13.9 million over the final amended budgeted revenues. Actual operating expenditures overall were \$79.6 million less than was budgeted; this was primarily due to a \$25.4 million savings in general government expenses, \$15.2 million savings in public safety expenses, \$13.4 million savings in capital outlay expenses, and unused reserve for contingency balance of \$8.9 million.

### **Capital Asset and Debt Administration**

### **Capital Assets**

The County's investment in capital assets for its governmental and business-type activities as of September 30, 2024 totals \$710.3 million (net of accumulated depreciation) and includes land, buildings, improvements other than buildings, leasehold improvements, equipment, infrastructure, leases, subscriptions, and construction in progress. The County experienced an overall increase in investment in capital assets over the prior fiscal year of approximately 5.46%.

(Note: Due to rounding, the totals shown may not be the addition of numbers presented in this table, but are the true rounded totals.)

As shown in the above table, construction in progress decreased due primarily to prior period completion of building and road construction projects.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

Major capital asset events during the current fiscal year included the following:

- Ongoing transportation infrastructure projects include paving, drainage, and sidewalks throughout the county; the NW 122<sup>nd</sup> St extension from SR 26 to NW 17<sup>th</sup> Ave; the NW 23<sup>rd</sup> Ave, SW 24<sup>th</sup> Ave, and NE/NW 53<sup>rd</sup> Ave repair and intersection improvements.
- Building projects includes the completion of the Alachua County Sports Complex, the relocation
  of Fire Station 21 and Fire Station 19, the purchase of the Scottish Inn building, installation of solar
  panels on the Health Department building, and the start of the new Court Complex Building.
- County Improvements increases are due to the purchase of the Public Safety Radio System for \$8
  million, addition of an inclusive playground at Veterans Memorial Park, and new restrooms at
  Santa Fe Lake Park.
- The net increase of \$13.6 million in land includes the purchase of Mill Creek conservation easement, 161-acre acquisition of the Lochloosa Forest Connector, and the West End Golf course purchased for transformation into a county park.
- Equipment increases are due to the purchase of a new tractor trailer and front-end loader for the Transfer Station, two tankers and Mobile Medical Unit for Fire Rescue, along with various other vehicles and heavy equipment for the County.

Additional information on the County's capital assets can be found in Note 6 on pages 65-66 of this report.

### **Long-Term Debt**

At the end of fiscal year 2024, the County had total notes payable outstanding of \$100.7 million. The County's debt represents notes payables secured by specified revenue sources.

### **ALACHUA COUNTY, FLORIDA** RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,

### AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES **GOVERNMENTAL FUNDS**

### FOR THE YEAR ENDED SEPTEMBER 30, 2024

\$ 24,237,399

### Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:

Governmental funds report capital purchases as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay expenditures of \$58,203,260 were more than depreciated/amortized \$(24,348,916) in the current period:

| Total Governmental Activities Capital Outlay Expenditures    | \$ 59,677,966 |            |
|--|---------------|------------|
| (Remove Internal Service Capital Outlay Expenditures)        | (1,474,706)   |            |
| Total Capital Outlay Expenditures Excluding Internal Service | 58,203,260    |            |
| Net Capital Asset Transfer from Internal Service Funds to    |               |            |

|  |               |            |

Governmental funds report sale of capital assets as financial resources; the loss on disposal of capital assets are not reflected in the fund statement:

| Total Capital Loss per Capital Asset Schedule        | (233,050) |        |
|--|-----------|--------|
| Remove Loss Internal Service                         | 246,900   |        |
| Total Capital Outlay Gain Excluding Internal Service | 13,850    | 13,850 |

Repayments of bond, note, lease, and SBITA principal are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

### Note 1 - Summary of Significant Accounting Policies

### A. Reporting Entity

Alachua County, Florida (the County) is a political subdivision of the State of Florida and is governed by a five-member elected Board of County Commissioners (the Board) that derives its authority from the County Charter and Florida Statutes and regulations. In addition to the members of the Board, there are five elected Constitutional Officers: the Sheriff, Supervisor of Elections, Property Appraiser, Clerk of the Circuit Court, and Tax Collector. The Constitutional Officers, except for the Supervisor of Elections, maintain separate accounting records and budgets.

The Board funds the operations of both the Sheriff and the Supervisor of Elections. The Board, the Library District, the St. Johns River Water Management District, and the Suwannee River Water Management District fund the operations of the Property Appraiser. The Clerk's duties as Clerk to the Board and Clerk of the County Court are funded from fees and charges authorized under Chapter 2009-61 and 2009-204, Laws of Florida, and the Board. The Tax Collector's operations are funded by fees collected by the Officer.

The accompanying financial statements present the County (primary government) and its Component Units.

The government-wide financial statements include the financial data of the County's Component Units. They are included because if excluded, the County's financial statements would be misleading. One blended component unit and two discretely presented component units are presented in the government-wide financial statements to emphasize their legal separation from the County. The following Component Units are included in the statements:

### **Blended Component Unit**

#### 1. CareerSource North Central Florida

The Dual County Workforce Development Council (the Council) was established by Interlocal Agreement pursuant to Chapter 163, Florida Statutes, to carry out the responsibilities under the Workforce Innovation and Opportunity Act (WIOA). The Council oversees the implementation of workforce programs and services in accordance with WIOA and such other workforce federal, state, and other non-governmental grants which may be awarded to the North Central Florida Workforce Development Area.

In June 2024 the State CareerSource Florida Board of Directors voted to consolidate the two county Local Workforce Development Area of Alachua and Bradford counties with the four county Local Workforce Development Area of Columbia, Dixie, Gilchrist, and Union counties, also known as CareerSource Florida Crown. Effective July 1, 2024, CareerSource Florida Crown and CareerSource North Central Florida were consolidated into a new six county region and the new region retained the name CareerSource North Central Florida. As of September 30, 2024, governance of the new six county region remained with the Dual County Workforce Development Council that was established by Interlocal Agreement pursuant to Chapter 163, Florida Statutes.

CareerSource North Central Florida refers to the Council, Workforce Board, career centers, and the Administrative Entity in accordance with the *Brand Standards Manual* dated August 2015 and published by CareerSource Florida. This blended component unit, although a legally separate entity, is in substance, part of the County's operations and so data from this unit is combined with data from the primary government.

### **Discretely Presented Component Units**

### 2. John A. H. Murphree Law Library

The John A. H. Murphree Law Library, a dependent special district established by Special Act (57-1118) during the 1957 Florida Legislative session, is a discretely presented component unit that is fiscally dependent on the County and provides financial benefits to the Courts, County Officials, and the public at large. The Board of Trustees for the Law Library consists of one County Commissioner and several other local law community individuals. The Board of Trustees has full power and authority to establish, operate, and maintain the Law Library. The Board of County Commissioners is authorized to appropriate other available funds for the use of the Law Library. There are no separately issued financial statements.

### 3. Alachua County Housing Finance Authority

The Alachua County Housing Finance Authority (Chapter 159.601, Florida Statutes), a dependent special district, is a discretely presented component unit that provides financing for low-income housing in Alachua County. The members of the Alachua County Housing Finance Authority are appointed by the Alachua County Board of County Commissioners and the Alachua County Housing Finance Authority is required to obtain Board approval for all its fiscal activities. The Alachua County Housing Finance Authority is governed by a separate board and does not provide services exclusively to the County. There are no separately issued financial statements.

The fiscal year-end for both discretely presented component units is September 30.

### **Related Organizations**

The Alachua County Library District (Chapter 98-502 as amended by 03-375, Laws of Florida) provides library system services and facilities for all citizens of the County. The Alachua County Health Facilities Authority (Chapter 154.201, Florida Statutes) assists in financing health care facilities. The Alachua County Housing Authority (Section 421.27, Florida Statutes) assists in providing safe and sanitary dwelling accommodations to persons of low income. The Children's Trust of Alachua County (Ordinance No. 18-08) provides children's services throughout Alachua County. Alachua County is not able to impose its will on these organizations, and there is no financial benefit/burden relationship between these organizations and the County. Therefore, these organizations are not component units and are not included in the accompanying financial statements.

As of September 30, 2024, the County had not participated in any joint ventures with any other governmental entities.

### **B.** Government-Wide and Fund Financial Statements

The basic financial statements of the County are composed of the following:

- Government-wide financial statements.
- Fund financial statements.
- Notes to the financial statements.

#### 1. Government-Wide Financial Statements

Government-wide financial statements (the Statement of Net Position and the Statement of Activities) provide financial information on County government as a whole, except for fiduciary activities.

These statements include separate columns for the government and business-type activities of the primary government and its component units. As a general rule, effects of interfund activity has been eliminated from the government-wide financial statements. Exceptions to the general rule are interfund services provided and used between functions. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Statement of Activities shows the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly related to a specific function or segment. *Program revenues* include: a) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and b) grants and contributions that are restricted to meeting specific requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major enterprise funds are reported as separate columns in the fund financial statements.

#### 2. Fund Financial Statements

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue, and expenditures or expenses, as appropriate. Government resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the County's governmental, proprietary, and fiduciary funds are presented after the government-wide financial statements. These statements show information about major funds individually and non-major funds in the aggregate for governmental and enterprise funds. The fiduciary statement includes financial information for the custodial funds.

The custodial funds of the County primarily represent assets held by the County in a custodial capacity for other individuals or governments.

The Governmental Accounting Standards Board (GASB) Statement 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements and detailed in the supplemental information section.

### **Governmental Major Funds**

<u>General Fund</u>—The General Fund is the general operating fund of the County. It is used to account for all financial resources not accounted for and reported in another fund. The County-wide General Fund is subdivided into the following 6 categories: Board of County Commissioners, Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector.

<u>MSTU – Law Enforcement</u>—This fund was established September 9, 1976, by Alachua County ordinance 76-85 and 86. The fund was later split on October 1, 2002, by Alachua County ordinances 02-21, in accordance with Florida Statute 125.01 (1)(q), in order to segregate law enforcement services from other unincorporated services. It pays for the majority of the Sheriff's patrol in the unincorporated area of the County through transfers to the Sheriff.

<u>MSBU – Fire Protection</u>—This fund was established September 9, 1976, by Alachua County ordinance 76-85 and 86. The fund was later split in fiscal year 2003 and 2007 in order to segregate law enforcement services and MSTU Fire protection. On July 11, 2017, Alachua County ordinance 17-06 was adopted to create fire assessment. It provides firefighting and related services to citizens in the unincorporated area of the County.

<u>Emergency Services Fund</u>—This fund accounts for the revenues and expenditures of grant funds used for fire rescue, emergency management, E-911, and disaster relief. All services provided by the Fire Rescue Department are provided under the authority of the Alachua County Codes/Ordinances, Florida Statutes, adopted 2004 Fire/EMS Master Plan and 2012 Update, Board of County Commissioners (BOCC) Fire Service Delivery Core Principals, and National Fire Protection Association.

<u>Infrastructure Sales Surtax 1%</u>—This fund accounts for the revenues and expenditures of the voter approved 1% Surtax beginning on January 1, 2023.

<u>Other Capital Projects Fund</u>—The other capital projects fund is used to account for financial resources: (a) that are restricted or legally limited to specific capital expenditures, or (b) that the government has publicly expressed its intention to use for the acquisition or construction of major capital facilities and renovations (other than those financed by the proprietary fund types).

<u>Transportation Trust Fund</u>—This capital project fund is used to account for capital transportation projects, such as roads and multi-modal improvements and maintenance, using money transferred from the General Fund and from the Transportation Improvement Revenue Bonds, Series 2008. The fund was established March 8, 2005, by resolution 05-20.

### **Enterprise Major Funds**

<u>Solid Waste System</u>—This fund accounts for revenues and expenses associated with refuse/garbage disposal, recyclable reclaiming, care of closed of landfills, and collection activities outside the mandated designated Alachua County collection area.

### **Enterprise Non-Major Fund**

<u>Building Inspections/Permitting</u>—This fund was established on October 1, 1998, to account for revenues and expenses associated with licenses, permits, fines, and fees for services of the Department of Growth Management, Office of Codes Enforcement.

### Other Fund Types

<u>Internal Service Funds</u>—Internal service funds account for services provided primarily to other departments of the County on a cost-reimbursement basis and include the Self-insurance, Fleet Management, Vehicle Replacement, and Health Insurance funds.

<u>Trust and Custodial Funds</u>—Trust and custodial funds are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals; examples are cash bonds, traffic fines, support payments, other postemployment benefits trust, and ad valorem taxes.

### **Non-Current Governmental Assets/Liabilities**

GASB Statement No. 34 requires non-current governmental assets, such as land and buildings, non-current governmental liabilities, such as general obligation bonds, and revenue bonds and leases, to be reported in the governmental activities column in the government-wide Statement of Net Position.

### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

### 1. Government-Wide Financial Statements

The government-wide financial statements, proprietary fund financial statements, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Non-Exchange Transactions.

Program revenues include charges for services, special assessments, and payments made by parties outside of the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the Statement of Activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenses. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as another financing source. Amounts paid to reduce the County's long-term indebtedness are reported as a reduction of related liability, rather than as expenses.

The effect of interfund activity has been eliminated from the government-wide financial statements. The County chooses to eliminate indirect costs between governmental activities to avoid a doubling up effect.

### 2. Governmental Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Franchise fees, licenses, sales taxes, gas taxes, operating and capital grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable only when the County receives cash. Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of available spendable resources. Governmental funds operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types exclude amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or funds liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as another financing source rather than as a fund liability. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

### 3. Proprietary Fund Financial Statements

The County's enterprise funds and internal service funds are proprietary funds. In the fund financial statements, proprietary funds are presented using the accrual basis of accounting and the economic resources measurement focus. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities. Operating expenses include those costs associated with the principal activities of the funds; all other expenses would be considered non-operating.

Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as expenses. Proceeds of long-term debt would be recorded as a liability in the fund financial statements, rather than as another financing source. Amounts paid to reduce long-term indebtedness would be reported as a reduction of the related liabilities, rather than as an expense. Currently, the proprietary funds carry no debt.

### 4. Fiduciary Fund Financial Statements

Fiduciary funds include trust funds and custodial funds. All trust funds use the economic resources measurement focus and accrual basis of accounting. The County has one trust fund – the Other Postemployment Benefits (OPEB) fund. Custodial funds also use an accrual basis of accounting.

### D. Assets, Liabilities, Deferred Inflows/Outflows, and Net Position

### 1. Cash and Equivalents

Cash and equivalents are defined as short-term highly liquid investments that are both readily convertible to known amounts of cash and have an original maturity of three months or less. This includes cash in banks, repurchase agreements with financial institutions, petty cash, cash with claims administrators, balances in the State Board of Administration Investment Pool, money market funds, certificates of deposit, and U.S. Treasury securities.

### 2. Investments

Investments for the County are reported at fair value.

### 3. Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as due to/from other funds. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as Internal Balances.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance designation in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

### 4. Inventories, Prepaid Items, and Assets Held for Resale

Inventories, consisting primarily of expendable items (materials and supplies), are determined by physical count at the County's fiscal year-end and valued at cost on the basis of the first-in first-out method of accounting. Inventory shown in the governmental funds consists of fuel, veterinary and medical supplies, vehicle parts, and road materials. Inventory and prepaid items are recorded as an expenditure when consumed (consumption method) rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Inventories and prepaid items are reported as non-spendable fund balance in governmental funds. Assets held for resale include homes rehabilitated through the Neighborhood Stabilization Program whose proceeds upon sale are used to purchase additional homes.

### 5. Restricted Assets

Certain funds of the County are classified as restricted assets on the Statement of Net Position because a restriction is either imposed by law through constitutional provisions or enabling legislation, or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, applicable laws and regulations limit their use. It is the practice of the County to utilize restricted net position before unrestricted net position.

Certain Solid Waste System Enterprise Fund assets are required to be segregated from other current assets. These assets are legally restricted for specific purposes, such as landfill post-closure care. See Note 1.D.8.

### 6. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, right of ways, bridges, sidewalks, traffic signals, storm water drainage, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County defines capital assets to include items of a non-consumable nature with a value of at least \$15,000 and a life of more than one year. Software costing over \$100,000 with a life greater than one year is also capitalized.

Roads, bridges, traffic signals, and storm water basins constructed prior to October 1, 2000, are reported at estimated historical cost. Donated capital assets are recorded at estimated acquisition value at the time of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The County's capital assets are depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u>          | <u>Years</u> |  |
|------------------------|--------------|--|
| Buildings/Improvements | 10-50        |  |
| Equipment/Software     | 2-20         |  |
| Infrastructure         | 10-50        |  |

### 7. Right-to-Use Assets

The County has received right-to-use lease assets as a result of implementing GASB Statement No. 87, *Leases*. The right-to-use assets are initially measured at an amount equal to the initial measurement of the related liability plus, any lease payments made prior to the lease term, lease incentives, and ancillary charges necessary to place the lease into service. The right-to-use assets are amortized on a straight-line basis over the life of the related lease.

The County has received right-to-use subscription assets as a result of implementing GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITA). The County recognizes a SBITA liability and a SBITA asset at the commencement of the SBITA term. The SBITA liability is measured at the present value of payments expected to be made during the subscription term. The SBITA asset is initially measured as the amount of the liability, adjusted for any payments made during the initial implementation stages. In subsequent fiscal years, the subscription asset is amortized on the straight-line basis over its useful life, which is the same as the subscription term.

### 8. Landfill Post-Closure Care Costs

The County has adopted a policy based on U.S. Environmental Protection Agency rules and, in accordance with Florida Law, sets aside funds for the post-closure care costs of the County's closed landfills.

The County has no landfills that are currently accepting waste. Within the Solid Waste System Enterprise Fund, deposits are made to the fund's other cash and equivalents account for the purpose of complying with the escrow requirements of Rule 17-701.630, Florida Administrative Code. This rule requires the County to annually deposit funds in an interest-bearing escrow account for the purpose of funding the estimated landfill post-closure cost. This amount is represented as Restricted Assets on the Statement of Net Position. Per the above rule, an audited report is filed each year with the Florida Department of Environmental Protection.

The liability on the face of the statements is equal to the total estimated cost of post-closure care. The estimates are reviewed and adjusted each year for changes resulting from inflation, deflation, technology, or changes in applicable laws or regulations.

#### 9. Unearned Revenue

If assets have been received by the County for services to be rendered in future periods, asset balances have been offset by an unearned revenue liability account.

#### 10. Accrued Compensated Absences

The County accrues accumulated unpaid vacation and sick leave when earned by employees. The amount estimated to be used in the following fiscal year is the current amount. The amount estimated to be used in subsequent fiscal years is the non-current amount. The current and non-current amounts for government funds are maintained separately and represent a reconciling item between the fund and the government-wide presentations.

### 11. Obligation for Bond Arbitrage Rebate

Pursuant to Section 148(f) of the U. S. Internal Revenue Code, the County must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. The County uses the revenue reduction approach in accounting for rebatable arbitrage, which treats excess earnings as a reduction of revenue.

### 12. Bond Discounts/Premiums

Bond discounts and premiums associated with the issuance of governmental bonds are amortized according to the straight-line method. For financial reporting, unamortized bond discounts and premiums are netted against the applicable long-term debt.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### 13. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for expenditure of monies are recorded in order to reserve that amount of the applicable appropriation, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures; encumbrances are reported as restricted, committed, or assigned fund balances at year-end, depending on the level of constraint and are re-appropriated the following year.

#### 14. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System Pension Plan and Health Insurance Subsidy Program and additions to/deductions from the plans' fiduciary net positions have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### 15. Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Alachua County OPEB Plan and additions to/deductions from Alachua County OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the Alachua County OPEB Plan. For this purpose, the Alachua County OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### 16. Deferred Inflows/Outflows

Deferred outflows of resources are defined as a consumption of net assets by the government that is applicable to a future reporting period. Deferred inflows of resources are defined as an acquisition of net assets by the government that is applicable to a future reporting period. Deferred outflows of resources have a positive effect on net position, similar to assets, and deferred inflows of resources have a negative effect on net position, similar to liabilities. Notwithstanding those similarities, deferred outflows of resources are not assets and deferred inflows of resources are not liabilities and accordingly are not included in those sections of the statement of financial position.

#### 17. Classifications of Fund Balances and Net Position

The County follows GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, which classifies fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. The fund balance classifications are described below:

- Non-Spendable Fund Balance—The non-spendable fund balance classification includes amounts that cannot be spent because they are either: (a) not in spendable form, or (b) legally or contractually required to be maintained intact. Items included in this classification are not expected to be converted to cash.
- Restricted Fund Balance—The restricted fund balance is defined as having restrictions: (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed Fund Balances—are those that can only be used for specific purposes pursuant to constraints by formal action of the County's highest level of decision-making authority, which is an ordinance.
- Assigned Fund Balances—are amounts that are constrained by the County's intent to be used
  for specific purposes, but are neither restricted nor committed. Intent may be expressed by
  formal action of the BOCC, other than ordinances, or by the County Manager or acting
  administrative official as permitted by the BOCC's adopted Purchasing Policy.
- Unassigned Fund Balance—Unassigned fund balance is the residual classification for the General Fund, the only fund that can report a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

The County's policy is to expend resources in the following order of priority: restricted, committed, assigned, and unassigned. It is the County's policy that unassigned fund balance of the General Fund, at fiscal year-end, not be less than 10% of the following year's projected operating revenue. In any fiscal year where the County is unable to maintain the minimum unassigned fund balance, the County shall reestablish the minimum amount over a 3-year period. During the reestablishment period, the County shall not appropriate any amounts of unassigned fund balance for the purpose of balancing the budget until the 10% minimum is reached.

## E. Accounting Changes

## **GASB Statements Implemented**

For the year ended September 30, 2024, the County implemented GASB Statement No. 100, *Accounting Changes and Error Corrections*. This statement enhances accounting and financial reporting requirements for accounting changes and error corrections to provide more understanding, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

## **Change Within Reporting Entity**

The County previously reported the Computer Replacement and Telephone Services funds as internal service funds. During the year, the County moved these funds activity into the County's General Fund. The County previously reported the Career Source Region 9 and COVID-19 Relief Funds as major governmental funds. However, during the year, these funds no longer met the threshold to be presented as major funds and are now included in non-major enterprise funds for the current year.

## Government-Wide

**Governmental Activities\*** 

## Note 2 - Stewardship, Compliance, and Accountability

The County uses the following procedures in establishing the budgetary data reflected in the Required Supplementary Information and Supplementary Information sections of this financial statement.

<sup>\*</sup>Note: The County's Internal Service Funds are considered governmental activities; therefore, the GASB 34 adjustments were already included in governmental activities. This results in no change in net position for the governmental activities.

- 1. The County adopts its budget in accordance with Chapters 129 and 200 of the Florida Statutes, the County Charter, and County Policy. The County and County Manager follow an internal hearing process to set the proposed tentative budget and millage. Public hearings are then held to adopt both a tentative budget and millage, and a final budget and millage, in accordance with Chapters 129 and 200, Florida Statutes.
- 2. Level of Control Expenditures may not exceed appropriations and are controlled in the following manner: The budget is controlled according to Chapter 129, Florida Statutes, at the total fund level. The County has adopted more stringent policies that control expenditures on the major category (Personal Services, Operating, Capital Outlay, Debt Service, Grants and Aids, and Non-Operating) level within funds. The County, additionally, has adopted a Budget Amendment Policy that allows the County Manager to transfer budget amounts between departments within funds. The Board must authorize all budget changes between funds.
- 3. Budgets for the governmental and proprietary fund types are adopted on a basis consistent with generally accepted accounting principles.
- 4. Appropriations for the County lapse at the close of a fiscal year. Encumbered appropriations are re-appropriated in the ensuing year's budget.
- 5. Budget for the Clerk's Fine and Forfeiture special revenue fund is approved by the Florida Clerk of Courts Operations Corporation and the Board. The Florida Department of Revenue approves the Property Appraiser's and the Tax Collector's respective budgets.
- 6. Formal budgetary integration is used as a management control device for all funds of the County.

The following is a comparison of the appropriations to total expenses for the proprietary funds for the fiscal year ended September 30, 2024:

### Note 4 - Cash and Investments

The County, for accounting and investment purposes, maintains an internal investment pool that includes all the County's cash deposits and investments, except for those monies which are legally restricted to separate administration or are administered by other agencies. This gives the County the ability to invest large amounts of idle cash for short periods of time and maximize earning potential. Each fund's portion of the investment pool is displayed on the governmental funds balance sheet as "equity in pooled cash and investments."

Deposits and investments as of September 30, 2024, are classified in the accompanying financial statements as follows:

## **Statement of Net Position**

### A. Cash Deposits

Deposits in banks and thrift institutions are collateralized as public funds through a state procedure provided for in Chapter 280, Florida Statutes. Financial institutions qualifying as public depositories are required to pledge eligible collateral, having a fair value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, Florida Statutes, no public depositor shall be liable for any loss thereof. The entire County's operating and Component Units cash deposits are placed with qualified financial institutions and are fully insured or collateralized.

#### **B.** Investments

The County has formally adopted investment policies for Operating Funds and Component Units as described below.

### Operating Funds and Component Units Investment Policy

The County adopted the Operating Fund Investment Policy with Ordinance 95-8, which provides for the investment of surplus operating public funds in the following instruments, none of which shall be in the form of derivatives. The following types of investments are allowed by the policy:

- The State Board of Administration's Florida Local Government Investment Pool (Florida PRIME).
- Negotiable direct obligations, or obligations which are unconditionally guaranteed by the United States Government.
- Interest-bearing time deposits or savings accounts in certain financial institutions provided that any such deposits are secured by collateral as may be prescribed by law.
- Obligations of the Federal Farm Credit Banks, Federal Home Loan Mortgage Corporation, or Federal Home Loan Bank or its district banks, including Federal Home Loan Mortgage Corporation participation certificates, or obligations guaranteed by the Government National Mortgage Association.

Securities of or other interests in, any registered open-end or closed-end management type investment company or investment trust provided the portfolio of such investment company or investment trust is limited to obligations of the United States Government or any agency or instrumentality thereof and to repurchase agreements fully collateralized by such United States Government obligations and provided such investment company or investment trust takes delivery of such collateral either directly or through an authorized custodian.

## Brief Description of each Investment Type (Primary Government)

Regions MMF (Fidelity Treasury Only Money Market Fund)—An open-end pool that seeks as high a level of current income as is consistent with the security of principal and liquidity. The Fund seeks to preserve and maintain a stable net asset value of \$1.00 per share. The Fund maintains a weighted average maturity of 60 days or less. This Fund is held in the trust department at Regions Bank and is also used as a sweep account for individual security transactions bought and sold by PFM Asset Management.

Florida Local Government Investment Trust—This is a short-term bond fund created in December 12, 1991 through the joint efforts of the Florida Court Clerks and Comptrollers and the Florida Association of Counties. It is the longest running member-owned and member-governed local government investment pool in the State of Florida. The fund is rated AAAf by Standard & Poor's. The fund is structured to maintain safety of principal and maximize available yield through a balance of quality and diversification.

Florida PALM (Term)—This is short-term investment program organized in 2010 to serve Florida Public agency investors. The program offers the ability for the County to invest in share of fixed-rate, fixed-term investments. The portfolio is rate AAAf by Fitch rating agency and invests in maturity dates up to one year. The program requires a minimum investment of \$1 million and allows for unlimited investments and redemptions (no notice period). The program has adopted operating procedures consistent with the requirements of GASB Statement No. 79 to measure its investments at amortized cost. Therefore, the County's investment in Florida PALM is at amortized cost.

State Board of Administration's Local Government Investment Pool (Florida PRIME Fund)—The State of Florida's Local Government Investment Pool is administered by the Florida State Board of Administration (SBA), which provides regulatory oversight. The powers and duties of the SBA are defined in Florida Statute 218.409. In addition, Chapter 19-7 of the Florida Administrative Code identifies the rules and regulations governing the administration of the State Pool. These rules provide guidance and establish the general operating procedures for the administration of the pool. The SBA provides regulatory oversight for the Florida PRIME Fund. As a pool participant, the County owns a share of the respective pool, not the underlying securities.

The Florida PRIME Fund is an external investment pool that has adopted operating procedures consistent with the requirements of GASB Statement No. 79 to measure its investments at amortized cost. Therefore, the County's investment in PRIME is at amortized cost.

During times of normal operations there are no restrictions on redemptions; however, upon the occurrence of an event that has a material impact on liquidity or operations of the Florida Prime Fund, the Executive Director may limit contributions to or withdrawals from Florida Prime for 48 hours, to ensure that the SBA can invest moneys entrusted to it in exercising its fiduciary responsibility.

Additional information on the Florida PRIME Fund may be obtained from the SBA (www.sbafla.com).

*U.S. Treasury, Federal Agencies and Municipal Bond Securities*—The County contracts with PFM Asset Management LLC (PFM), Independent Investment Advisor, to manage a portion of the operating portfolio. PFM is authorized to invest in U.S. Treasury, Federal Agency, and Municipal bonds and notes on behalf of the County. At year-end, PFM directly managed \$98,855,463 (fair value) as disclosed in the credit risk section of this note.

## Description of Component Unit Investment Holdings

The John A. H. Murphree Law Library and Alachua County Housing Finance Authority, the County's discretely presented component units, invest in the County's internal investment pool. Their investment balances at September 30, 2024 are \$56,530 and \$656,065, respectively, and the funds were invested in the Florida PRIME Fund. As participants in the internal investment pool the component units are subject to the same investment policy used for the County's operating funds.

## Description of Fiduciary Asset Investment Holdings

The OPEB Trust invests with the Florida League of Cities' Florida Municipal Pension Trust Fund (FMPTF). The FMPTF is considered a Local Government Investment Pool (LGIP). The OPEB Trust owned shares in the LGIP at September 30, 2024, with a fair value of \$2,865,821. The Tax Collector participates in the Florida Cooperative Liquid Asset Securities System (FLCLASS), which is an independent Local Government Investment Pool that operates under investment guidelines established by Section 218.415, Florida Statutes. The Tax Collector investment balance at September 30, 2024, is \$1,695,509. The Clerk of the Court participates in the Florida Local Government Investment Trust, Day to Day Fund. The Florida Trust is an intergovernmental investment pool created by interlocal agreement under Florida Statute 163.01. The Clerk of the Court investment balance at September 30, 2024, is \$3,002,179.

Custodial Credit Risk – Deposits—Deposits are exposed to custodial credit risk if they are not covered by depository insurance and they are uncollateralized with securities held by the pledging financial institution's trust department or agent, but not in the County's name.

The County's operating investment policy requires that bank deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida, and creates the Public Deposits Trust Fund, a multiple financial institution pool with the ability to assess its member financial institutions for collateral shortfalls if a default or insolvency has occurred. At September 30, 2024, all County and Component Units bank deposits were in qualified public depositories and collateralized by the Bureau of Collateral Securities, Division of the Treasury, State Department of Insurance.

Custodial Credit Risk – Investments—Investment securities are exposed to custodial credit risk if they are uninsured and are not registered in the name of the government and are held by either the counterparty or by the counterparty's trust department or agent but not in the government's name.

The County's operating investment policy requires execution of a third-party custodial safekeeping agreement for all purchased securities, and requires that securities be held in the County's name. As of September 30, 2024, all securities are held in Region Bank's trust department in the County's name.

## Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's operating investment policies have a provision that the investment (excluding 2a7-like pools) be rated by a nationally recognized rating agency at the time of purchase in either of its two highest rating categories (within which there may be sub-categories or gradations indicating relative standing). This policy applies to the County's operating investments and investments of the component units.

Presented below is the rating as of year-end for each major investment type and classification:

Interest Rate Risk – Investments—Section 218.415(6), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The County has a formal investment policy for operating surplus funds that limits investment maturities to two years as a means of managing its exposure to fair value losses from increasing interest rates. Investment of non-operating funds, including bond reserves can have maturities that do not exceed ten years. Below is a detailed investment schedule organized by investment type, amount, and segmented time distribution:

|                                     |                |            | 3 Months -   |                |

Concentration of Credit Risk—The County's adopted investment policy requires that assets held are diversified to control the risk of loss resulting from over-concentration of assets in a specific maturity, issuer, instrument, dealer, or bank through which these instruments are bought or sold. The County places no limit on the amount the County may invest in any one issuer. Diversification strategies within the established guidelines are reviewed and revised periodically as necessary by the appropriate management staff. The County held investments greater than 5% in the following investment categories:

|                             | Percentage of Total  |
|-----------------------------|----------------------|
| Category                    | Cash and Investments |

### D. Fair Value Measurements

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The County relied on a third-party company to obtain fair value quotes for all investments. Level 2 inputs were based on a matrix pricing model used to value the County's investments based on the investments' relationship to benchmark quoted prices. The following table summarizes the County's assets (and liabilities) as of September 30, 2024, for which fair values are determined on a recurring basis:

| Type of Investment  |    | Fair Value  | Active Markets<br>for<br>Identical Assets<br>(Level 1) |    | Significant Observable Inputs (Level 2) | U  | Significant<br>Inobservable<br>Inputs<br>(Level 3) |

## Note 5 - Property Tax

## A. Real Property Taxes

First certification was done October 12, 2023, with final certification on July 1, 2024. Property taxes receivable were reported in the General Fund, Municipal Services Taxing Unit Fund, Municipal Services Benefit Unit Fund, Stormwater Management Fund, Debt Service fund, Tourist Development Sub-Fund, and the Solid Waste Fund as Due from Other funds (Constitutional Officer-Tax Collector). Chapter 197, Florida Statutes, governs property tax collections.

## **B.** Property Tax Calendar

Property tax calendar and pertinent assessment/lien information is as follows:

- 1. January 1 All taxes become a first lien, superior to all other liens.
- 2. July 1 The Property Appraiser completes assessment and certifies the taxable value to the County.
- 3. August 5 The County certifies to the Property Appraiser the amount of taxes intended to be levied for both operations and debt service.
- 4. September (1-30) The County holds its final budget hearings and adopts the tax levy for the ensuing fiscal year.
- 5. November 1 Taxes become due and payable before March 31.
- 6. April 1 All unpaid taxes become delinquent.
- 7. June 1 The Tax Collector sells tax certificates on all delinquent real estate parcels.
- 8. June (1-30) The Tax Collector disburses proceeds of the tax certificate sale to the taxing authorities.
- 9. Prior to April 30 of the tax year following delinquency, warrants are ratified on unpaid tangible personal Property taxes.

## C. Real Property Delinquent Tax Process

- 1. April 1 Unpaid taxes become delinquent.
- 2. April 1 May 31 A list of delinquent parcels is advertised in a local newspaper. The owner can pay the tax due plus an interest charge of 3%, plus advertising fees if applicable.
- 3. June 1 If the owner has not paid, the Tax Collector sells a tax certificate on the parcel(s). Tax certificates are sold for the amount of tax due on the property plus the advertising costs, interest due, and a 5% commission to the Tax Collector (= the "Face Amount"). When the certificate is redeemed, the tax certificate holder then receives the face amount plus additional interest. Proceeds of the tax certificate sale are distributed to taxing authorities by the end of June.

## D. Other Information Regarding Sale of Tax Certificates

- 1. Alachua County will hold any unsold certificates (for later sale if possible).
- 2. Property owners redeem certificates by paying the Tax Collector the tax certificate amount plus interest and fees; the Tax Collector then pays the certificate holder.
- 3. After two years, holders of unredeemed certificates may apply for a tax deed. In order to obtain a tax deed the property is offered at public auction with the minimum bid being the amount of the outstanding taxes and certificates on the property, plus additional fees. Any excess over this amount is applied against any other liens and then given to the property owner upon application.
- 4. The tax certificate expires on any unsold property after 7 years.

## E. Tangible Personal Property Delinquent Tax Process

- 1. Prior to April 30 of the tax year following delinquency, the Tax Collector will file a lawsuit. The Clerk of the Court will notify taxpayers by certified mail.
- 2. If the property owner does not pay, a Circuit Judge will ratify tax warrants allowing property to be seized and sold for taxes.

## F. Property Tax Payment and Distribution

- 1. Discounts for early payment of property tax are allowed in the following manner:
  - 4% for November Payments
  - 3% for December Payments
  - 2% for January Payments
  - 1% for February Payments
- 2. The Tax Collector is required to distribute tax proceeds to taxing authorities promptly in order to provide cash for operations. Fiscal year 2024 distributions were made as follows:
  - November and December 2 distributions each month
  - All other months 1 distribution each month

Interfund Receivable consists of due from other funds and advance to other funds. Interfund Payable includes both due to other funds and advances from other funds. Debt Service funds first receive taxes according to bond covenant provisions and the remaining amount is due to either the General Fund or the Gas Tax Uses Fund. All remaining balances result from the time lag between the dates that: (a) interfund goods and services are provided or reimbursable expenditures occur, (b) transactions are recorded in the accounting system, and (c) payments between funds are made.

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the totals for governmental activities. At year-end, \$321,488 of internal service funds compensated absences, \$2,064,919 of net pension, and \$250,461 of OPEB is included in the above amounts. In addition, for the governmental activities, compensated absences and pension liabilities are generally liquidated by the general fund.

## E. Demand Bonds

The County has no demand bonds.

## F. Conduit Debt Obligations

From time to time, the County has issued Health Facility Revenue Bonds, Industrial Development Revenue Bonds, and Housing Finance Authority Multi-Family Housing Bonds to provide financial assistance to private-sector entities for the acquisition and construction of health care, industrial facilities, and multi-family housing deemed to be in the public interest. These bonds are secured by the financed property and are payable solely from the payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance.

There is no obligation on the part of the County, the State, or any political subdivision for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of September 30, 2024, there were eighteen series of Health Facility Revenue Bonds outstanding, with an aggregate principal amount payable of \$971,206,186, two series of Capital Projects Finance Authority Student Housing Bonds outstanding, with an aggregate principal amount payable of \$8,320,543, one series of Industrial Development Bonds outstanding, with a principal amount payable of \$1,986,678, and six series of Housing Finance Authority Multi-Family Housing Bonds, with an aggregate principal amount payable of \$41,756,095.

## G. Landfill Post-Closure Care Obligation

The County's Southwest Landfill's liability for fiscal year 2024 is \$2,151,860, a decrease of \$221,951 from the prior fiscal year. For other County landfills closed prior to 1985 and not subject to state law requirements, the County records a liability of \$780,729, an increase of \$77,277 from last fiscal year. See Note 1.D.8. for more information.

## Note 9 - Employee Benefits

#### A. State of Florida Pension Plans

#### **Defined Benefit Plans**

The County participates in two defined benefit pension plans that are administered by the State of Florida, Department of Management Services, Division of Retirement. The plans provide retirement, disability, or death benefits to retirees or their designated beneficiaries. Chapter 121, Florida Statutes, establishes the authority for benefit provisions. Changes to the law can only occur through an act of the Florida Legislature. The State of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the plans. That report may be obtained by writing to the Division of Retirement, PO Box 9000, Tallahassee, Florida, 32315-9000 or by calling (850) 488-6491.

The Florida Retirement System (FRS) Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan with a Deferred Retirement Option Program (DROP) available for eligible employees. The FRS was established and is administered in accordance with Chapter 121, Florida Statutes. Retirees receive a lifetime pension benefit with joint and survivor payment options. FRS membership is compulsory for employees filling regularly established positions in a state agency, county agency, state university, state community college, or district school board, unless restricted from FRS membership under Sections 121.053 or 121.122, Florida Statutes, or allowed to participate in a defined contribution plan in lieu of FRS membership. Participation by cities, municipalities, special districts, charter schools, and metropolitan planning organizations is optional.

The Retiree Health Insurance Subsidy (HIS) Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

#### **Benefits Provided**

Benefits under the FRS Pension Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement. Effective July 1, 2023, Senate Bill 7024 increased the level of monthly benefits from \$5.00 per year of service per month to \$7.50, with an increased minimum of \$45.00 per month and maximum of \$225 per month.

### Contributions

The contribution requirements of plan members and the County are established and may be amended by the Florida Legislature. Employees are required to contribute 3.00% of their salary to the FRS. The County's contribution rates as of September 30, 2024, were as follows:

|                                 | FRS    | HIS   |
|---------------------------------|--------|-------|
| Regular Class                   | 13.63% | 2.00% |
| Special Risk                    | 30.79% | 2.00% |
| Senior Management Service Class | 32.52% | 2.00% |
| Elected Officials               | 56.68% | 2.00% |
| DROP from FRS                   | 19.13% | 2.00% |

The County's contributions for the year ended September 30, 2024, were \$25,104,119 to the FRS and \$2,817,948 to the HIS.

## Pension Liabilities and Pension Expense

At September 30, 2024, the County reported a liability for its proportionate shares of the net pension liabilities. The net pension liabilities were measured as of June 30, 2024. The total pension liabilities for the FRS Pension Plan were determined by an actuarial valuation dated July 1, 2024 and the total pension liabilities for the HIS Program were determined by an actuarial valuation dated July 1, 2023. The County's proportions of the net pension liabilities were based on the County's share of contributions to the pension plans relative to the contributions of all participating entities, actuarially determined.

Deferred outflows of resources related to employer contributions paid subsequent to the measurement date and prior to the employer's fiscal year-end will be recognized as a reduction of the net pension liability in the subsequent reporting period. Other pension-related amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

### **Actuarial Assumptions**

The pension liability for each of the defined benefit plans was measured as of June 30, 2024. The total pension liability was determined by an actuarial valuation dated July 1, 2024 for the FRS Pension Plan and the HIS Program. Both plans use the entry age normal actuarial cost method and the following significant actuarial assumptions:

|                           | FRS   | HIS   |
|---------------------------|-------|-------|
| Inflation                 | 2.40% | 2.40% |
| Salary Increases          | 3.50% | 3.50% |
| Discount Rate             | 6.70% | 3.93% |
| Investment Rate of Return | 6.70% | N/A   |

Mortality assumptions for both plans were based on the Generational PUB-2010 with Projection Scale MP-2018.

For both plans, the actuarial assumptions were based on the results of an actuarial experience study that was completed for the period July 1, 2018 through June 30, 2023.

The following changes in actuarial assumptions occurred in 2024:

■ HIS—The municipal bond index rate and the discount rate used to determine the total pension liability increased from 3.65% to 3.93%.

The long-term expected rate of return was not based on historical returns, but instead was based on forward-looking capital market economic model. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. For the FRS Pension Plan, the table below summarizes the consulting actuary's assumptions based on the long-term target asset classification.

| Asset Class           | Target<br>Allocation | Annual<br>Arithmetic<br>Return | Compound<br>Annual<br>(Geometric)<br>Return | Standard<br>Deviation |

#### **Discount Rate**

The discount rate used to measure the total pension liability for the FRS Pension Plan was 6.70% and consisted of two building block components: 1) a real return of 4.2% and 2) a long-term average annual inflation assumption of 2.4%. The 6.7% rate of return assumption is reasonable and appropriate per Actuarial Standards of Practice.

The discount rate used for calculating the total HIS pension liability is equal to the single rate that results in the same actuarial present value as would be calculated by using two different discount rates for the discount at the long-term expected rate of return for benefit payments prior to the projected depletion of the fiduciary net pension (trust assets) and the discount at a municipal bond rate for benefit payments after the projected depletion date. Because the HIS Program is essentially funded on a pay-as-you-go basis and the depletion date is considered to be immediate, the single municipal bond rate of 3.93% was used to determine the total pension liability for the program. The Bond Buyer General Obligation Bond 20-Bond Municipal Bond Index was used as the applicable municipal bond index.

#### **Sensitivity Analysis**

The following tables demonstrate the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the County's proportionate share of the net pension liability if the discount rate was 1.00% higher or 1.00% lower than the current discount rate.

## **Pension Plans' Fiduciary Net Position**

Detailed information about the pension plans' fiduciary net position is available in the state's separately issued financial reports.

## **Defined Contribution Plan**

Pursuant to Chapter 121, Florida Statutes, the Florida Legislature created the Florida Retirement Investment Plan (FRS Investment Plan), a defined contribution pension plan qualified under Section 401(a) of the Internal Revenue Code. The FRS Investment Plan is an alternative available to members of the Florida Retirement System in lieu of the defined benefit plan. There is a uniform contribution rate covering both the defined benefit and defined contribution plans, depending on membership class. Required employer contributions made to the plan during the year ended September 30, 2024, totaled \$3,673,855.

### B. Other Postemployment Benefits Plan

<u>Plan Description</u> - County employees are provided with OPEB through the Alachua County OPEB Plan, a cost-sharing multiple employer defined benefit OPEB Plan administered by the County. The County can amend the benefit provisions provided by the OPEB Plan. The County established the Alachua County OPEB Trust, a qualifying trust, with the adoption of resolution 08-104. A separate stand-alone financial statement for the OPEB Plan is not prepared.

<u>Benefits Provided</u> - The OPEB Plan provides postemployment life insurance benefits, as well as, both an explicit and implicit health insurance subsidy for retirees and eligible dependents of the Children's Trust of Alachua County, Clerk of Court, Supervisor of Elections, Property Appraiser, Sheriff, Tax Collector, Library District, and County.

The life insurance benefit is provided at no charge to retirees. The life insurance benefit is \$15,000 for all retirees under the age of 65 and \$5,000 for retirees age 65 and older.

An explicit monthly health insurance subsidy is provided to retirees with at least 6 years of service who retire and begin receiving benefits from the FRS or the Library District Pension Plan (LDPP). Retirees must maintain health care coverage after employment to be eligible for the subsidy. The amount of the monthly subsidy is based on the number of years of total service with the County and is equal to three dollars a month for each year of service. The benefit is \$7.50 per month for each year of service, with a minimum of \$45 and maximum monthly subsidy of \$225. Additionally, in accordance with Florida Statutes 112.0801, currently, active County employees who retire and immediately begin receiving benefits from FRS have the option of paying premiums to continue in the County's Self-funded Health Insurance Plan at the same group rate as active employees. The retiree pays 100% of the blended group rate premium therefore receiving an implicit subsidy.

<u>Contributions</u> - The contribution requirements of plan members and the participating employers are established and may be amended by the County. The County's required contribution, actuarially determined, is based on a combination of projected pay-as-you-go financing, with an additional amount to prefund benefits when earned. Contributions are not based on a measure of pay. The County's actuarially determined contribution for the year ended September 30, 2024, was \$3,386,913. Actual contributions to the OPEB Plan from the County were \$2,554,762 for the year ended September 30, 2024. County retiree plan members receiving benefits contributed to pay-as-you-go financing through their required contributions of \$757.42 per month for retiree-only coverage, \$1,810.56 per month for retiree and spouse coverage, and \$2,552.48 per month for family coverage.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB** - At September 30, 2024, the County reported a liability of \$26,173,714 for its proportionate share of the net OPEB liability. The net OPEB liability was determined by a simplified actuarial valuation as of September 30, 2024. The County's proportion of the net OPEB liability was based on the County's eligible OPEB participants in the OPEB Plan as compared to the total OPEB participants of all employers. At September 30, 2024, the County's proportion of net OPEB liability was 90.84%. The OPEB Plan had total liabilities of \$31,666,269 and fiduciary net position of \$2,854,403. The Plan's FNP represented 9.01% of total OPEB liabilities.

For the year ended September 30, 2024, the County recognized OPEB expense of \$3,162,193. At September 30, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|   | Deferred<br>Outflows of |           |    | Deferred<br>Inflows of |
|---|-------------------------|-----------|----|------------------------|

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Actuarial Methods and Assumptions</u> - The total OPEB liability in the September 30, 2024, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

| Inflation Rate                     | 2.0%   |
|------------------------------------|--|
| Projected Annual Salaries Increase | 3.5%   |

An actuarial experience study has not yet been performed for the plan.

The long-term expected rate of return is based on plan investments where assets are projected to cover all future benefit payments. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

|                              | Target     | Rate of Return   |

<u>Discount Rate</u> - The discount rate used to measure the total OPEB liability was 6.98%. The discount rate is based on the expected long-term rate of return on plan investments where assets are projected to cover all future benefit payments.

<u>Sensitivity of the Net OPEB Liability to Changes in the Discount Rate</u> - The following presents the County's proportionate share of the net OPEB liability, as well as what the Library's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percent lower (5.98%) or 1 percent point higher (7.98%) than the current discount rate:

Terminated employees with 10 years of service will be paid for half of unused sick time.

The County records a liability for compensated absences of \$23,830,154 on the Statement of Net Position for Governmental Activities and \$757,358 for Business-Type Activities. In the Government-wide presentation, compensated absences are accrued in the period they are earned. For the adjusted liabilities at the end of the year, a determination was made for current and non-current amounts. Accrued compensated absences are not recorded for any accruals over the maximum.

## D. Deferred Compensation Plan

The County offers employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The County complied with the requirements of subsection (g) of IRC Section 457 and, accordingly, all assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries.

Deferred compensation amounts withheld from participating employee's pay are not taxable as current income until withdrawn from the plan. Annual contributions by a participant may not exceed \$23,000. There is an "age 50 catch-up" provision that allows an additional \$7,500 contribution from the year the employee reaches age 50 until the employee terminates employment.

## E. Component Units Employment

The Component Units' employees have the same benefits as the BOCC's employees.

### Note 10 - Risk Management and Conventionally Insured Claims and Losses

The County is self-insured for risk management and employee group health insurance in two internal service funds maintained by the BOCC. The following two sections and the disclosures required by GASB Statement 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, are provided below.

## A. Risk Management Claims and Losses

The County has established a risk management program to cover claims against the Board and Constitutional Officers for the following types of risk:

- General Liability (self-insured up to a limit of \$200,000)
- Workers' Compensation (self-insured up to limit of \$250,000)
- Automobile Liability (self-insured up to limit of \$200,000)
- Public Officials Liability (self-insured up to limit of \$100,000)
- EMS Professional Liability
- Lawyers Professional Liability
- Employment Practices Liability (self-insured up to limit of \$100,000)

The County has authorized a commercial third-party administrator to administer the County's automobile, general liability, and workers' compensation claims. There have been no significant reductions in insurance coverage from prior years. In instances where insurance has been purchased, no settlements have exceeded coverage for each of the past three fiscal years.

The estimated liability for self-insured losses is based on reported claims, historical loss data, industry statistics for claims incurred but not reported, and a valuation performed by an independent actuary as of July 31, 2024 projecting to September 30, 2024, and the prior year as of July 31, 2023 projecting to September 30, 2023:

|     |          |    | ims Liability,<br>nning of Fiscal |    | Current Year ms and Changes | Claim           | CI | aims Liability, End |

For fiscal year 2024, the margin for the risk of adverse deviation was accrued at a 75% confidence level. Florida Statutes provide for local government tort immunity and a claims bill process. Our actuarial estimates do not include a provision for liabilities arising from claims bills except to the extent such claims are included in the loss history of the County. The County's Actuary determined a portion of the claims liability that would be expected to be paid within one year and the accompanying financial statements reflect that by showing a current and a long-term liability.

All funds of the County including the Constitutional Officers of the County participate in the Risk Management Self-Insurance Fund. Payments to the Self-Insurance Fund are assessed based on actuarial estimates needed to pay prior and current year claims and to establish a reserve for catastrophic losses.

## **B.** Conventionally Insured Claims and Losses

The County retains conventional insurance coverage on all other types of insurable risks. These costs are also accounted for in the Self-Insurance Fund.

## C. Employee Group Health Insurance

The County provides group health insurance for its employees, their eligible dependents, and eligible retirees. On October 1, 2005, the County established an employee group health self-insurance plan to account for and finance its uninsured risks of loss. The County entered into an administrative services agreement with a commercial insurance carrier to provide administrative support for this plan. Under this plan, the County purchases stop-loss insurance with the individual deductible per covered unit of \$225,000 with no individual lifetime reimbursement maximum. All claims are paid through the group health insurance plan. Claims in excess of the \$225,000 individual deductible are reimbursed by the County's excess insurance carrier.

All County employees may participate in the employee group health insurance including all Constitutional Officer employees and Component Unit employees of the Murphree Law Library. In addition, the Alachua County Library District employees may participate in the plan. Payments to the employee group health insurance plan are assessed based on actuarial estimates of the amounts needed to pay current year claims and to establish a "reserve" (i.e., net position or equity) for catastrophic losses and to fund the retiree other post employee benefit. The employee group health insurance plan net position was \$24,039,709 at September 30, 2024.

The claims liability reported in the fund at September 30, 2024, for the employee group health insurance plan was \$1,439,431. This amount was the actuarially determined claims liability based on the requirements of GASB Statement No. 10, which specifies that a liability for claims should be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and that the amount of the loss can be reasonably estimated. These claims liability amounts are all considered to be due within one year and are classified as current liabilities in the accompanying financial statements. During fiscal year 2024, changes recorded to the claims liability for the employee group health insurance plan were as follows:

| _ | Fiscal Year | ims Liability,<br>nning of Fiscal<br>Year | Cla | Current Year aims and Changes in Estimates | Claim<br>Payments  | Claims Liability, End | ı |
|---|-------------|---|-----|--|--------------------|-----------------------|---|

#### D. Sheriff's Risk Management

For health insurance, the Sheriff participates in the risk management program established by the Board to cover claims against the Board and Constitutional Officers. The Sheriff also participates in the Florida Sheriffs' self-insurance fund for risk related to workers' compensation, auto, and general liability insurance. For the past three years, there have been no insurance settlements significantly in excess of insurance coverage.

### Note 11 - Indirect Costs

The County's indirect costs consist of allowable administrative costs allocated to the Enterprise Funds, Internal Service Funds, various Federal and State Grants, and Special Revenue Funds. The County's indirect cost plan is developed annually based on the prior year's actual expenditures. Some adjustments are required due to specific Federal grant allowances or other legal limitations. For the fiscal year ended September 30, 2024, the following was charged:

|    | direct Cost     |                                 | 5                               |

## Note 12 - Other Required Individual Fund and Compliance Disclosures

## A. Excess of Expenditures Over Appropriations

Each fiscal year, the Clerk of Court is statutorily required to return excess fees to the state. For fiscal year 2024, the Fine and Forfeiture fund had excess fees of \$1,113,496. After posting the year-end entry to record the excess fees, expenditures in the Fine and Forfeiture Fund exceeded total appropriations by \$855,644. The statutory requirement to return excess fees is a one-time obligation. No additional corrective action is planned.

## B. Excess of Expenditures Over Revenue in the Budget Column

Certain funds show an excess of expenditures over revenue in the budget column of the Statement of Revenues, Expenditures, and Changes in Fund Balances, Budget and Actual. This excess is due to the use of fund balance (which is not reported in the budget or variance column) during the fiscal year.

## (2) Subscription-Based Information Technology Arrangements

The County follows GASB Statement No. 96, Subscription-Based Information Technology Arrangements. The primary objective of this statement is to enhance the relevance and consistency of information about governments' subscription activities. This statement establishes a single model for subscription accounting based on the principle that subscriptions are financings of the right to use an underlying asset. Under this statement, an organization is required to recognize a subscription liability and an intangible right-to-use subscription asset. For additional information, refer to the disclosures below.

In the Governmental Activities, the County entered into several subscription agreements for software. As of September 30,2024, the value of the subscription liability is \$3,030,070. The subscriptions have an interest rate ranging from 3.144% to 3.990%. The value of the right to use asset as of September 30, 2024, was \$6,388,415, with accumulated amortization of \$2,784,716.

### ALACHUA COUNTY, FLORIDA NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024

### **B.** Contingencies

(1) Risk Management contingencies are discussed in Note 10.

### (2) Grant Funding

The County participates in a number of federally and state assisted programs that are subject to program compliance audits. For the year ended September 30, 2024, the County's financial statements are subject to single audits as required by Title 2 U.S. *Code of Federal Regulations* Part 200 (Uniform Guidance) and the *Florida Single Audit Act*. It is the opinion of management that no material liabilities will result from such audits.

### (3) Pending Litigation

The County is contingently liable with respect to lawsuits and other claims incidental to the ordinary course of its operations. In the opinion of County management, based on the advice of legal counsel, the ultimate disposition of these lawsuits and claims will not have a material adverse effect on the financial position of the County.

(4) Employee benefits are discussed in Note 9.

### (5) Solid Waste System

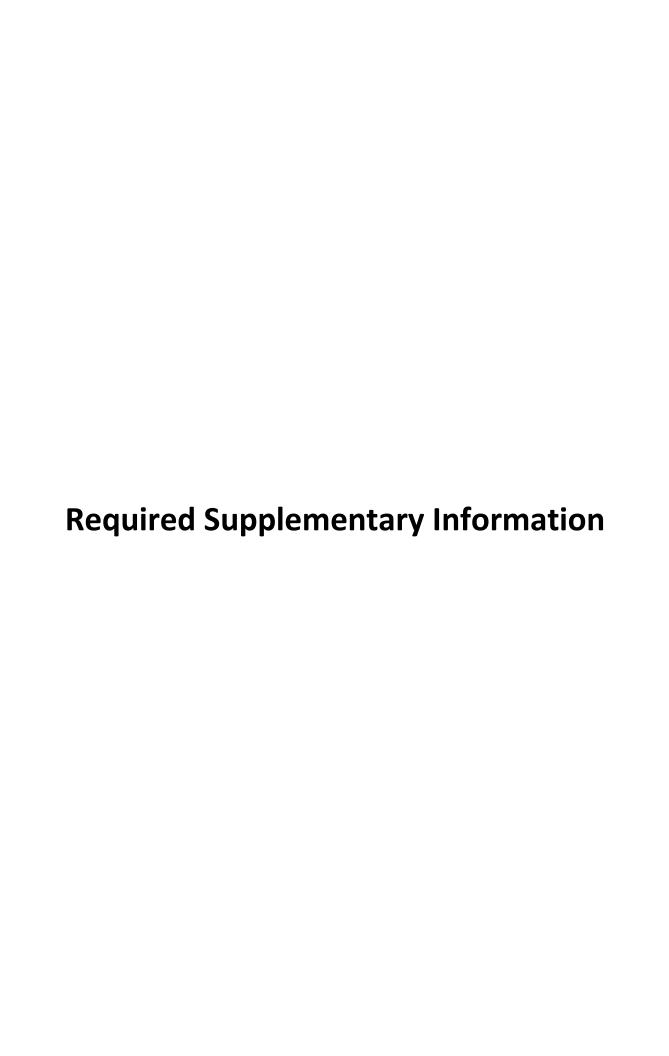

The County owns four closed landfills, including the Southwest Landfill. If contamination levels were to increase in these landfills, the County could be liable for remediation actions. The remediation costs could range between \$0 and \$3 million depending on the severity of contamination detected and the number of landfill site(s) contaminated.

### **Note 14 - Related-Party Transactions**

The Alachua County Housing Authority is a related organization of the County. The County has contracted with the Alachua County Housing Authority to administer and distribute funds for housing rehabilitation and temporary relocation from the Community Development Block Grant, the Neighborhood Stabilization Program, and the State Housing Initiative Partnership Program.

### ALACHUA COUNTY, FLORIDA NOTES TO SCHEDULES OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES – BUDGET AND ACTUAL FOR THE YEAR ENDED SEPTEMBER 30, 2024

Revenue and expenditures in governmental funds are controlled by a formal integrated budgetary accounting system in accordance with Florida Statutes. An annual budget is adopted by the Alachua County Board of County Commissioners for all governmental fund types.

Alachua County's annual budgets are monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations, except for amounts corresponding to outstanding encumbrances, lapse at year-end.

Original and amended budgets, as well as budget to actual comparisons are provided in the financial statements for all governmental funds. The amended budget amounts presented have been adjusted for legally authorized amendments of the annual budget during the year by the Alachua County Board of County Commissioners. Budgets are prepared on the modified accrual generally accepted accounting principles (GAAP) basis of accounting.

The County-Wide General Fund is comprised of the following six sub-funds: Board of County Commissioners, Clerk of Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. In order to comply with GAAP, both the budgeted and actual intra-fund activity between these sub-funds has been consolidated in order to eliminate inflated amounts in the aggregated financial statements of the County-Wide General Fund. Detail by sub-fund showing eliminations can be found in the Supplementary Information section starting on page 102.

#### INTERNAL SERVICE FUNDS DESCRIPTIONS

**SELF INSURANCE (501)**—This fund provides insurance coverage for general liability, property damage, workers compensation, and malpractice to the County and its employees. The County is self-insured, but does purchase policies for additional coverage for property, boiler and machinery, excess workers compensation and other specific liability coverage. Departments are billed annually for amounts based on a risk allocation cost study which considers such factors as losses incurred for workers compensation, auto and general liability, internal and external operating costs, and other insurance coverage.

**FLEET MANAGEMENT (503)**—This fund provides all repairs and maintenance for the County's vehicles and other heavy equipment. Departments and outside agencies are billed for fuel, parts, and labor on a monthly basis.

**VEHICLE REPLACEMENT (506)**—This fund provides vehicles to user departments, e.g., Code Enforcement, Administrative Services, Public Safety, Public Works, etc. The fund purchases vehicles and in turn charges the user department a lease payment.

**HEALTH INSURANCE (507)**—This fund was established in fiscal year 2005 as a clearinghouse account for all health insurance payments for the County. Beginning fiscal year 2006 the County became self-insured for employee group health insurance coverage.

#### FIDUCIARY FUNDS DESCRIPTIONS

#### **CUSTODIAL FUNDS**

#### **Board of County Commissioners**

**Combination Custodial Fund (603)**—To account for unclaimed tax refunds, unclaimed tax certificates, tax deed overbids, unclaimed evidence money, and any unclaimed payables that are held in trust for claimants.

**ACHD Ryan White Program (605)**—To account for HIV care, treatment, and essential services not covered under other programs.

#### **Tax Collector**

**Custodial Fund**—This fund is used to account for resources held in a purely custodial capacity.

#### **Clerk of the Court**

**General Trust**—This fund is a central clearing account for monies received, and the receipt and disbursement of fines and service charges.

**Domestic Relations**—This fund accounts for the collection and disbursement of court-ordered alimony and child support payments that are not administered by the State Depository Unit (SDU).

**Registry of Court**—This fund accounts for the collection and disbursement of deposits required by circuit and county court legal actions.

**Jury and Witness**—This fund accounts for the receipt and disbursement of funds to jurors and witnesses on behalf of county and state agencies.

**Cash Bonds**—Accounts for funds received from defendants of criminal and civil arrests required to assure that the defendant would meet the requirement to appear in court. Disposition of these bond funds is made as ordered by the court.

#### **Sheriff**

**Individual Depository**—Accounts for fees charged for the service of process in civil cases. These non-refundable fees are set by Section 30.231 of the Florida Statutes. The costs of executing enforceable writs are also handled through this fund. On a monthly basis, these fees are remitted to the Board of County Commissioners.

**Suspense**—Accounts for the receipt and disbursement of funds received from various sources such as purges for child support, transportation, restitution, miscellaneous service contracts, proceeds from court-ordered sale of abandoned property, etc. Disbursement of these funds is made in accordance with the purpose of the receipt and any balance remaining is remitted monthly to the Board of County Commissioners.

**Evidence Trust**—Accounts for funds held for safekeeping relating to evidentiary matters.

**Inmate Trust**—Accounts for inmates' cash receipts and disbursements. Individual inmate account records are maintained and commissary sales recorded. This fund makes disbursements from individual accounts as requested by the inmates to the extent of their available funds.

Note: Assessed values are determined as of January 1 for each fiscal year.

All property is assessed at 100% of estimated market value as required by the Florida State Constitution.

The actual taxed value of residential property is limited to a 3% per year increase

by the Save our Homes Legislation.

<sup>\*</sup> Property valuations are per the 1st Certification; the Value Adjustment Board has not completed their process, so values may change.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of outstanding debt of those overlapping governments that is borne by the residents and businesses of Alachua County. This process recognizes that, when considering the County's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt of each overlapping government.
