

# ***Alachua County Board of County Commissioners***

---

**Dr. Lee A Niblock, *County Manager***

April 2016

Welcome! Thank you for your valuable time and commitment to the Alachua County Civic Education Series (ACCESS). This program is an expression of our commitment to educating our citizens in the workings of county government. It is through this education and sharing of information that our goal of continued citizen engagement and a strengthened partnership with our citizens can be reached.

You will meet the men and women who serve the County, visit key County buildings, and get a behind-the-scenes look at County operations. We hope you learn a great deal about the diverse services of the County and teamwork that goes into providing those services.

The Board of County Commissioners, in partnership with the Constitutional Officers, Judicial Officers, Library District and School Board, is committed to actively enhancing our quality of life while preserving our environment and promoting social wellness. This has resulted in making our county one of the best places to live, work, and visit, not just in Florida, but in the entire United States.

Thank you again for your involvement in Alachua County government and our partnership in improving the quality of life for all our citizens.

Sincerely,

Dr. Lee A Niblock, CM  
County Manager
