Adopted Budget
FY 2020-21

Where Nature and Culture Meet

Alachua County, Florida
12 SE 1st Street
Gainesville, FL 32601
# HOW TO USE THE BUDGET DOCUMENT

This section assists readers in understanding how the budget document is organized and what information is presented. The Alachua County budget is divided into the following major sections:

<table>
<thead>
<tr>
<th>Section</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Introduction</strong></td>
<td>Elected and Appointed Officials, Organizational Chart, County Map and Demographics, Community Information, and Economic Development Overview</td>
</tr>
<tr>
<td><strong>County Manager’s Budget</strong></td>
<td>Developed for the FY21 Tentative budget presentation. Provides continuing fiscal trends; recent state legislative impacts; Board of County Commission Budget Principles; budget summaries; economic and financial impacts; department program and project issues; and staff realignment impacts.</td>
</tr>
<tr>
<td><strong>Executive Summary</strong></td>
<td>Budget Process Calendar, Short Term Initiatives &amp; Long Term Service Objectives, Process of Adopting the Budget, Procedures for Amending the Budget, Financial Policies and an explanation of fund structure and governmental accounting.</td>
</tr>
<tr>
<td><strong>Performance Management</strong></td>
<td>Performance Management includes information on Alachua County’s integrated strategic planning, evaluation, management and reporting program which promotes an accountable, transparent, and responsive organization by aligning performance efforts with budgeting activities.</td>
</tr>
<tr>
<td><strong>Summary Reports</strong></td>
<td>Quick reference to basic budget information and shows an overall picture of the County’s budgets for revenues, expenditures and positions. Serves to assure the reader that the County's budget is balanced at the fund level, in accordance with Florida statutory requirements. It also provides Fund Reserve, Major County Revenues, Property Tax and Assessment summaries.</td>
</tr>
<tr>
<td><strong>Functional Department Budgets</strong></td>
<td>Includes the following information for each Department: mission, vision, Department functions and objectives, summary of services provided, and summary of FY19 actual revenues and expenditures, the FY20 and FY21 Adopted Budget by functional Department.</td>
</tr>
<tr>
<td><strong>Comprehensive Capital Improvements Program (CCIP)</strong></td>
<td>Documents the County's comprehensive capital improvements program and provides an overview of capital needs and associated operating impacts for a five-year period.</td>
</tr>
<tr>
<td><strong>Debt Services</strong></td>
<td>Highlights the County's outstanding and anticipated bond issues.</td>
</tr>
<tr>
<td><strong>Miscellaneous Information</strong></td>
<td>Contains general reference material, including a glossary.</td>
</tr>

Distinguished Budget Presentation Award

PRESENTED TO

Alachua County Office of Management and Budget

Florida

For the Fiscal Year Beginning

October 1, 2019

Christopher P. Morrill

Executive Director
HISTORY:
Gainesville, the County seat, was established in 1854 on land that was part of a grant that the King of Spain gave to Don Fernando Arredondo in 1817. The name "Alachua" is a Seminole word that means jug and the County likely takes its name from the sinkhole in Paynes Prairie. Micanopy, the second oldest town in Florida, was an Indian settlement when Spanish explorer and conquistador Hernando De Soto passed through the area in 1539.

LOCATION:
Alachua County is located in the North Central part of Florida, 85 miles from the Georgia state line, 50 miles from the Gulf of Mexico, and 67 miles from the Atlantic Ocean.

AREA:
Alachua County encompasses 969 square miles and includes the municipalities of Archer, Alachua, Gainesville, Hawthorne, High Springs, LaCrosse, Micanopy, Newberry, and Waldo. The County has an estimated year-round population of 263,291 including more than 50,000 University of Florida students. There are several areas in the County that are National Register Historic Districts.

CLIMATE:
The County's geographic location affords visitors a comfortable year-round climate. Temperatures are moderated by the wind from the Gulf, producing mild winters and relatively cool summer nights. The average temperature is 70 degrees and there is an average of 2,800 hours of sunshine each year.

ARRIVING BY CAR:
Alachua County is linked to the Interstate Highway System and is accessible from I-75, U.S. 441, and U.S. 301. Driving distance from Orlando is 109 miles; Miami is 335 miles; Jacksonville is 70 miles; Tampa is 140 miles; and Atlanta is 342 miles.
ARRIVING BY AIR:
Gainesville Regional Airport has flight service via American Airlines/American Eagle and Delta Air Lines. Prior to 2020, there were more than 26 flights daily and more than 476,000 passengers travelled through the airport annually. Airport facilities are also available for general aviation. Alamo, Avis, Budget, Enterprise, Hertz and National rental cars are available at the airport and at several in-town locations. Additional information may be found at www.flygainesville.com

ACCOMMODATIONS:
57 hotels and motels offer 5,218 rooms. Alachua County also has seven Bed and Breakfast Inns and seven campgrounds and RV parks. Meeting facilities accommodate up to 1,200. Alachua County is a destination for both conferences and leisure visitors with over 2.1 million overnight guests in 2019.

DINING:
There are hundreds of restaurants in Alachua County that serve everything from gourmet dining to barbecue, fast food, casual, cafeteria-style, "Southern" home cooking, and ethnic specialties.

ATTRACTIONS:
Alachua County is a haven for leisure travelers who wish to discover the beauty of a natural Florida. Sports and recreational activities can be found in abundance, as can the scenic beauty of the area's flora and fauna. Alachua County also offers a sophisticated experience at the area's superlative cultural attractions, rich historical sites, and the engrossing programs offered year-round at the University of Florida.

Attractions include:
- Autoplus/ Gainesville Raceway
- Bivens Arm Nature Park
- Butterfly Rainforest
- Florida Museum of Natural History
- Hippodrome Theater
- Historic Haile Homestead
- Historic Micanopy
- Kanapaha Botanical Gardens
- Kika Silva Pla Planetarium
- Lake Alto Nature Preserve
- Lochloosa Flatwoods Reserve
- Marjorie Kinnan Rawlings State Historic Site
- Matheson Historical Center
- Mill Creek Nature Preserve
- Morningside Nature Center
- Paynes Prairie State Preserve Park
- Phifer Flatwoods Nature Preserve
- Philips Center for the Performing Arts
• Poe Springs Park
• Samuel P. Harn Museum of Art
• San Felasco Hammock State Preserve Park
• Santa Fe Community College Teaching Zoo
• Stephen C. O'Connell Center
• Sweetwater Nature Preserve
• Thomas Center and Galleries
• University of Florida - the 5th largest public University in the U.S. (based on enrollment)
• University Memorial Auditorium and Century Tower

SPORTS AND RECREATION:
• Golf, tennis, and racquetball facilities are plentiful throughout Alachua County. Bicycling is very popular, as well. Rentals and maps of bicycle routes are available for visitors.
• Lakes provide fishing for bass, bream, speckled perch, and catfish.
• The County has taken over ownership of the Canterbury Equestrian Showplace and after renovations are completed, professional equestrian shows will once again be open to the public.
• Spectators enjoy games at the University of Florida, which offers NCAA college sports including football, baseball, basketball, softball, soccer, swimming, track and field, gymnastics, lacrosse, tennis, and golf.
• Outdoor nature-based activities include photography, freshwater springs, nature appreciation, hiking, equestrian and mountain bike trail riding, bird watching, and camping.

FOR MORE INFORMATION:
Details on all attractions, activities and events, brochures and video are available from: Visit Gainesville at www.visitgainesville.com
ARTS AND CULTURE:
Alachua County offers world class cultural events throughout the year.
• The Philips Center for the Performing Arts opened January of 1992 and hosts a number of music, ballet and other art performances throughout the year.
• Gainesville Chamber Orchestra, professional musicians who perform concerts throughout the year.
• Dance Alive, a professional dance company that performs in the winter and spring.
• Acrosstown Repertory Theater, offers African-American plays, Shakespeare, and work from local playwrights, including significant plays from around the world.
• Constans Theater, sponsored by the University of Florida Theater Department, has student productions when school is in session.
• Gainesville Community Theater offers a series of plays, comedies, and musicals performed by local artists.
• University of Florida Music Department offers concerts by the orchestra, band, choral groups and guest soloists throughout the year.
• Florida Museum of Natural History, the largest natural history museum in the Southeast, offers more than a million artifacts, plus a walk through a Florida limestone cave and special national exhibits during the year.
• The Hippodrome Theater is one of four official state theaters. Programs span contemporary, classic and international professional performances.
• Samuel P. Harn Museum of Art is the largest art museum between Atlanta and Sarasota. Displays offer a wide variety of art experiences ranging from modern art and sculpture to old masters.

SPECIAL EVENTS:
Alachua County communities come alive throughout the year with a dazzling calendar of annual festivals and special events. These include the following:
• JANUARY/FEBRUARY: Hoggetowne Medieval Faire
• MARCH: Gatornationals and Alachua County Youth Fair in Gainesville
• APRIL: Spring Arts Festival in Gainesville and University of Florida Orange and Blue Spring Football Game in Gainesville
• APRIL/MAY: Pioneer Days in High Springs
• MAY: Rail Road Days in Waldo and Zucchini Festival in Windsor
• MAY/JUNE: Watermelon Festival in Newberry
• JULY: University of Florida Fanfare and Fireworks in Gainesville
• OCTOBER: University of Florida Homecoming in Gainesville and Fall Festival in Micanopy
• **OCTOBER/NOVEMBER:** Alachua County Fair in Gainesville

• **NOVEMBER/DECEMBER:** Downtown Arts & Crafts Festival in Gainesville

• **DECEMBER:** Christmas on the Boulevard, Festival of Trees, Holiday Home Tour, Hippodrome "It's a Wonderful Life", and Dance Alive's "The Nutcracker" all in Gainesville; The Town of Lights in High Springs; and Christmas parades in Alachua, High Springs and Hawthorne.

### COVID 19 IMPACT

Since declaring a State of Emergency on March 16, 2020, Alachua County has been the lead emergency agency in the county, navigating this pandemic. We were among the leaders in the state in taking aggressive moves to keep our residents safe. Early on, we instituted a nonessential business closure that the Governor instituted ten days later statewide. We were one of Florida’s first counties to institute a mandatory masking ordinance for individuals and business employees. Our mandatory masking public information campaign was part of a multi-agency to provide signage and support for local businesses. This effort has included the “It’s Not Too Much To Mask” campaign that had enormous social media reach.

Our Emergency Management Division has played an essential role as the coordinator of local, state, county, municipal, medical, and public safety agencies. These groups were meeting multiple times a week during the early months of the pandemic. With the cooperation of numerous departments and divisions, the County has created many unique and innovative systems such as the Community Resource Portal and the COVID-19 Recovery Dashboard. The Community Resource Portal has been an invaluable tool for the public to request assistance, report emergency order violations, find the answers to frequently asked questions, volunteer, and more. The COVID-19 Recovery Dashboard has become the County’s go-to tool for residents to get daily information on COVID-19 impacts on our community. Our Community Support Services Department has taken the lead on direct service response to those in need. They have been directly involved in
food delivery events, homelessness, and keeping people in their homes.

Amid the pandemic, a unique experience has been the County’s distribution of over $49 million Federal CARES Act dollars to thousands in our community in desperate need. This process was a collaborative effort that included multiple departments and agencies, including Alachua County’s Budget and Fiscal Services, Community Support Services, Information and Telecommunications Services, and the Clerk of the Court’s Finance and Accounting department, the CRI accounting firm, the Community Foundation, and others.

This pandemic, and meeting the challenges involved, has brought out the best in our government agencies, non-profits, and residents.
DEMOGRAPHICS:
According to statistics from the State of Florida Office of Economic and Demographic Research, in 2019, Alachua County’s population was 267,306, and it is projected to grow by 45,966 by 2045.

The population in Alachua County is relatively young compared to regional, state, and national averages. Specifically, the college age population comprises more than 25.1% of the County’s population, and children under 17 make up about 23.3% of the population. The population in these age groups is expected to grow modestly through 2040. The detail of the population by age is shown below, as of the 2019 Census.

Educational attainment in Alachua County exceeds statewide and national level patterns. Alachua County has a higher percentage of residents age 25 or older with a high school diploma than the state and the nation. For Alachua County, 92.4% of residents age 25 or older have a high school diploma or higher, while 88% of the state of Florida and 87.7% of the U.S. have a high school diploma or higher. The County is also ahead of the state and the nation in its share of residents holding a bachelor’s degree or higher. According to the U.S. Census American Community Survey 2019, more than 42.5% of the population in Alachua County has a bachelor’s degree or higher, compared to 29.2% of the population in the state of Florida and 31.5% in the U.S.
EMPLOYMENT:
Alachua County has a predominant institutional economic base with supporting services-based industries. The University of Florida and the group of medical centers are major economic anchors for the region, and the region benefits from their stable presence.

Non-Farm employment in the Gainesville Metropolitan Area Statistical Area (MSA), which includes both Alachua County and Gilchrist County, is concentrated in government related activities (including local, state, and federal government), which accounts for 30% of the workforce; Education and Health Services accounts for 18%; Trade, Transportation and Utilities accounts for 14%; and Leisure and Hospitality account for 11%.

According to the Bureau of Labor Statistics, in March 2020, the not seasonally adjusted unemployment in Gainesville MSA was estimated at 3.9%. The County fares better than the State of Florida (4.4%) and the U.S. (4.4%), a pattern consistent with long-term historical results.

**Source:** Guide to Greater Gainesville, Accessed 11/20/2020
INCOME:
Alachua County per capita personal income was $49,280 in 2018. Income levels in Alachua County are below average compared to the state and national averages; in 2018, Florida per capita personal income was $53,267, and the United States per capita personal income was $60,293. Alachua County's lower per capita income is partly reflected by the lower earnings levels of the large student population. (U.S. Bureau of Economic Analysis).
COST OF LIVING:

The Fred Economic Research compiles Index that is a measure of living cost differences among urban areas across the country. The index is widely used by economists, researchers and corporations to measure the relative cost of living, and compares the price of goods and services among areas that participate in the surveys.

The composite index is based on six components: grocery items; housing; utilities; transportation; health care; and miscellaneous goods and services. The Index measures the change over time in prices that are paid for each category.

According to Fred Economic Research, the Cost of Living Index for Alachua County, Composite Index is 98.3, Grocery Items 103.2, Housing 106.4, Utilities 97.3, Transportation 100.8, Health Care 96.5, and Misc. Goods/Services 89.6 as of September 2020.

ECONOMIC DEVELOPMENT IN THE REGION:
Economic development is about promoting and creating opportunities that will provide people with greater access to wealth. It is achieved by encouraging a diversified, stronger economy built on industries that provide well-paid jobs that are accessible to all residents.

Higher Education
Historically, Alachua County’s economy has benefitted from the stable presence of higher education institutions, such as the University of Florida and Santa Fe College, and the sizeable health care related sectors. Cities and regions with the presences of higher education institutions have a certain financial, social, and cultural impact on the area. It shapes not only students acquiring a degree, but the surrounding area as well, ranging from companies, faculty, residents and quality of life.

The University of Florida (UF), with over 56,000 students enrolled, is one of the largest public research universities in the country with an impressive track record in education, research and commercialization. For 2019, UF is tied for #7 in rankings on the Top Public Schools by U.S. News and World Report and in 2018, Kiplinger’s ranked it second for best value in public colleges. The university also contributes approximately $8 billion to the Florida economy each year.

Santa Fe College (SF) with its 7 locations and over 140-degree programs serves more than 22,000 students annually. SF was named the winner of the 2015 Aspen Prize for Community College Excellence by the prestigious Aspen Institute. SF was named number one over 1,000 institutions nationwide and has been in the top 10 of U.S. community colleges since 2012.
Health Care Sector
Alachua County is home to UF Health, North Florida Regional Medical Center, and Veterans Affairs Medical Center. The largest entity, UF Health, is known worldwide for top health care and excellence in cancer specialties, heart care, women and children's services, neuromedicine specialties and transplant services. It spans two campuses in Gainesville and Jacksonville, 6 health colleges, 2 major teaching hospitals, and 9 major research centers and institutes. UF Health is a $3.2 billion operation under the governance of UF and is considered the Southeast’s most comprehensive academic health center.

Tourism
Alachua County’s unique blend of nature, arts and culture, technology and heritage attracts those visitors seeking that special experience that recharges the spirit. A key product for the county is the abundance of nature based sites. The activities range from off-road bicycling trails to swimming in cold water springs to just enjoying Florida at its natural best. This blend of attractions adds to the residents’ quality of life and makes the area enticing to the business sector.

Green Infrastructure
Green/Natural infrastructure is an essential part of Alachua County's unique natural heritage and economy. It can be defined in many ways, and in its broadest application, natural infrastructure encompasses a strategically planned and managed "interconnected network of natural areas and other open spaces that conserves natural ecosystem values and functions, sustains clean air and water, and provides a wide array of benefits to people and wildlife", according to the Environmental Protection Agency.

Green/Natural infrastructure such as recreational opportunities, open spaces, and natural areas are a very important part of the quality of life that firms and employees seek in a community. Places with such amenities attract taxing businesses in search of a high-quality environment for their employees. This kind of infrastructure also contributes to the economic health of communities by helping to create stable, attractive neighborhoods where people want to live and play.

Green/Natural infrastructure in Alachua County contributes to the economy in jobs, taxes, tourism, and other revenues. Preserving parks, open space and working lands creates recreational opportunities for residents and visitors, generating revenue and jobs in the local economy. All these amenities make a community special and generate tourist dollars for local governments.

Alachua County’s climate provides year-round opportunities for hiking, biking, fishing, birding and kayaking. The natural preserves, parks, trails, springs and lakes provide immeasurable natural, recreational and economic values for residents and visitors. It also allows preservation of rare, threatened, and endangered species that are dependent on spring systems for habitat.
Eco-Industrial Park
The groundbreaking for a 37-acre Eco-Industrial Park resource recovery space on Gainesville's east side took place on October 24, 2018, on the east side of the Leveda Brown Environmental Park and Transfer Station. The groundbreaking is a critical step in Alachua County's long-term collaboration with the University of Florida and the City of Gainesville for a sustainable waste management strategy. The site supports east side economic development and job growth.

The construction of all horizontal infrastructure, including roadways, utilities, storm water management, and conservation management areas began in Spring 2019. Once Phase I is complete, public private partnerships will be created with prospective tenants capable of handling materials from a South-eastern regional “waste-shed”. Phase II projects at the site will include a 20,000 square foot Research and Incubation Anchor Facility and a 15,000 square foot Bulk Materials Storage Facility.

The Eco-Industrial Park supports the region's recycling/zero waste goals by co-locating private sector reuse, recycling, and manufacturing in a dedicated industrial park. The new jobs at the site, primarily in manufacturing, are expected to pay family wages with benefits. Approximately 280 to 470 jobs will be created by businesses occupying the park when it is complete. Many jobs will be created during the infrastructure and building construction.

Agriculture Sector
Alachua County and the State of Florida are well-known as a major agricultural producer with nearly year-round production due to its mild winters and hot summers. Historically, agriculture and food production have been an Alachua County economic pillar. In Alachua County, Agriculture, Natural Resources, and related industries are ranked as the 3rd largest employer, 4th in total value added of all industries, 5th among all industry groups in output, and 3rd in exports according to the Economic Impacts of Agriculture in Alachua County report from the University of Florida/ Institute of Food and Agricultural Sciences (UF/IFAS) Extension Alachua County.

According to the UF/IFAS “A Cornerstone of Alachua County's Economy and Land Base: The Economic Impact of Agriculture and Natural Resources”, the agriculture and natural resource-based industry group is a large and diverse component of the Alachua County economy. The total output impacts for agriculture and natural resource industries in Alachua County were estimated at $592 million.

Collaboration
The challenging state of the national economy over the last decade has forced economic development stakeholders and local governments across the country to reevaluate traditional tools and programs, and to operate creatively in the new economic reality. Due to this new reality, innovation and entrepreneurship are becoming key drivers of Alachua County’s economic development activities and contributors to the growth of the local economy.
In recent years, the region has been experiencing a high level of economic collaboration. As a key example, the strategic initiative Innovation Gainesville (iG) was launched by the Gainesville Area Chamber of Commerce to promote better working relationships between local government, the Chamber, the University of Florida, Santa Fe College, City of Gainesville, Alachua County and community leaders in the private and not-for-profit sectors. These groups are working to develop an innovation ecosystem that promotes the growth of existing businesses, fosters the creation of startup companies, and attracts companies to expand in the region.

**Innovation Economy**

The region has been experiencing a high level of economic collaboration efforts helping Alachua County become one of the most dynamic environments in the State of Florida, and in the process, helping to diversify the local economy to a more innovation-based economy. This is creating an attractive environment for science and technology-based industries to relocate to Alachua County. The University of Florida and business resources in the community encourage and support discovery are helping nurture this initiative.

Some of the industries that have been experiencing regional growth due to the development of new high-tech startup activities are medicine, biotechnology, engineering, health, and information systems among other fields. Since 2007, 29 companies have been approved under the Qualified Target Industry (QTI) Tax Refund state program. This has led to a total of 960 active projects proposed jobs and $354,167,768 active projects proposed capital investment.

**Incubators Network**

An abundant number of business incubators established in the region are part of the success equation in promoting entrepreneurship, technology development and business expansion. Business incubators which include, but are not limited to, UF Sid Martin Biotechnology Incubator, UF Innovation Hub, SF Center for Innovation and Economic Development (SF CIED), SF Gainesville Technology Entrepreneurship Center (SF GTEC), Blue Oven Kitchen Incubators, Starter Space, and HiveSpace have been major contributors to the area’s success as an emerging startup hotspot.

**UF Sid Martin Biotechnology Incubator.** UF Sid Martin Biotechnology Incubator helps companies stay on task with business support as well furthering their research in a 40,000 square foot facility located in Progress Corporate Park. The incubator was named 2013 International Incubator of the Year by the National Business Incubation Association and “World’s Best University Biotechnology Incubator” in 2013 by Sweden Based Research Group UBI. The companies associated with the incubator have attracted more than $5.6 billion in funding activity, created more than 2,200 high-wage jobs and had an economic impact of well over $100 million per year in Alachua County.

**The Florida Innovation Hub at UF.** The Florida Innovation Hub at UF is a 48,000 square foot incubator building located at the heart of Innovation Square just two short blocks
from the UF campus and its libraries, faculty buildings, research labs, and classrooms. The Hub provides lab and office space, events and workshops, and access to mentors and pro bono consulting from resident partners that include accountants, attorneys, venture capitalist and marketers. It is home to more than 190 startup companies which have created more than 960 jobs and brought in more than $1 billion in private investment funds.

In 2015, the Hub received an $8 million grant from the US Economic Development Administration and a $9 million match from UF. This will allow the Hub to double in size and include an Entrepreneurial Women’s Center which will collaborate with the Empowering Women in Technology Startups (EWIT).

SF CIED. The SF CIED is a 2,500 square foot incubator facility located near downtown Gainesville offering services that assist in the growth and development of startup and fledging companies. Entrepreneurs are supported through access to business development resources, shared office space, client meeting space and administrative and technical support. Since inception, the incubator has helped more than 110 startup companies and not-for-profits.

SF has plans to expand the Blount Center, current location of the CIED. This expansion will allow the college to better serve residents and businesses in and around the downtown area and to strengthen its partnership with UF on matters related to innovation and entrepreneurship.

SF GTEC. SF GTEC is a 30,000 square foot high-tech incubator for startup companies with an emphasis on technology and light manufacturing. The center was established in 2001, and has made a direct impact of more than $12 million and more than $24.5 million in indirect support to the area, including companies such as Sinmat and Optym.
Introduction
Alachua County is committed to fiscal responsibility as well as providing responsive, quality services to our citizens.

As mandated by Florida law, we adopt a balanced budget yearly—revenues must offset expenditures.

The County continues to provide many beneficial services to the community; however, macroeconomic and other external factors, such as State Mandates, continue to increase the costs for these services.

As with any government, there are always going to be calls for either more services, demand for efficiency or changes in levels of taxation. The County continually balances these interests through a series of budget preparation meetings.

This document is aimed at providing a concise snapshot of the FY21 Budget. We encourage all citizens to take an in-depth look at the FY21 Adopted budget, located at

https://alachuacounty.us/Depts/OMB/Pages/OMB.aspx

—Office of Management and Budget

Budget Preparation
Process:
Each year Alachua County adopts a balanced budget. The Office of Management and Budget (OMB) prepares the budget, the County Manager (CM) oversees the process, citizens review the budget, and the final budget is approved by the Board of County Commissioners (BoCC).

Fund Allocation:
The County receives funds from State shared revenues, taxes, and fees. These funds are then allocated across departments, Constitutional Offices, and Judicial Offices. The funds also serve the critical function of sustaining the County, including maintenance and administration. The County operates under a strategic plan to promote long-term structure, accountability, and direction.
Budget Highlights
Alachua County acts to protect citizens, serve the community, and improve the community’s way of life. The following monetary values are by department and rounded to the nearest whole number. Please see the FY 2021 Budget Document for more details.

Protecting the Community
Sheriff/Law Enforcement
$95.6m – 19.6% of FY21 Budget
The Sheriff’s Office is 1 of 5 Constitutional Offices that receive funds from the County. The Sheriff employs over 850 people, and is tasked with protecting a County jurisdiction of approximately 977 sq. miles. The Office, beyond providing comprehensive law enforcement and support services, has several functions:
- Receiving and processing calls for public safety assistance or information
- Dispatching law enforcement, fire, or emergency medical resources
- Operating County Jail facility of 314,000 sq. ft. with a capacity of 975 inmates
- Maintaining Court Security

Fire Rescue
$40.1m – 8.5% of FY21 Budget
Fire Rescue is a department of the BoCC. It exists to provide a broad range of public safety services to the County:
- Fire protection, suppression, and prevention services
- Primary & secondary emergency medical response
- Planning, outreach, training, disaster response & recovery operations

Serving the Community
Community Support Services
$20.6m – 4.2% of FY21 Budget
Community Support Services exists to provide health and human services to the County. Beyond providing these services, it also plays a role in community revitalization, as well as poverty reduction. The department alleviates critical needs for citizens:
- Suicide & Crisis Intervention
- Assistance to Veterans & their dependents
- Response to sexual assault victims & other victims of crime

Constitutional Offices (excluding Sheriff)
$18.9m – 3.9% of FY21 Budget
Includes: Property Appraiser, Supervisor of Elections, Tax Collector, and Clerk of Courts.

Court Services
$11.8m – 2.4% of FY21 Budget
Court Services aims to reduce the need for incarceration, provide community based supervision, and preserve public safety. The department also oversees:
- Pretrial Services
- Probation & Work Release
- Drug Court & Outpatient Services
- Metamorphosis Residential Treatment Program
- Jail Population Management

Judicial Offices
$2.7m – 0.6% of FY21 Budget
Composed of: Court Administration, Office of the State Attorney, Office of the Public Defender, Guardian ad Litem, and Regional Conflict Counsel.
Community & Administrative Services
$32m – 6.6% of FY21 Budget
Composed of: Tourist Development, Administrative Services, Equal Opportunity Office, IFAS Ag Extension, Accreditation, and Organization Development Training

Public Safety and Community Services
$3.7m – 0.8% of FY21 Budget
Composed of: Animal Services and Codes Enforcement. Goal: to provide responsive service to citizens and responsible stewardship of county resources for current and future generations.

Improving the Community
Public Works
$25.2m – 5.2% of FY21 Budget
Public Works is tasked with developing and maintaining County infrastructure and equipment. Its core function, to support growth within the County, is achieved by balancing environmental, social, and County development needs. Public Works is responsible for:
  • Maintaining 916 miles of roads and rights-of-way
  • Managing the County’s fleet of over 835 vehicles & equipment

Capital Projects
$59.7m – 12.3% of FY21 Budget
Capital Projects are non-recurring capital outlays, rather than ongoing expenses for facilities, parks, technology, & economic development.

Environmental Protection
$34.8m – 7.2% of FY21 Budget
Environmental Protection provides natural resource support and rejuvenation for the County including:
  • Water Resources Protection
  • Natural Reserves Protection

Growth Management
$5.2m – 1.1% of FY21 Budget
Growth Management must prepare, maintain, and implement the County Comprehensive Plan

Solid Waste & Resource Recovery
$25.9m – 5.3% of FY21 Budget
Solid Waste & Resource Recovery provides clean, efficient, economical, and environmentally sound management and solid waste resources in Alachua County.
Revenues

Alachua County prepares budget allocations based on various revenue streams:

- Ad Valorem Tax (Property Tax)
- Charges for Services
- Non–Operating Revenue
- General Sales & Uses Tax
- Utility Service Taxes
- Communications Service Tax
- Licenses & Permits
- Intergovernmental Revenue
- Operating Transfers In
- Other Revenue Sources

Ad Valorem Tax (Property Tax)
$145.4m – 29.9% of Revenues
Ad Valorem taxes are the greatest source of revenue for the County. The tax is levied per $1,000 value of taxable real and tangible personal property. It is based on a millage rate adopted annually by the Board of County Commissioners. 1 “mill” represents $1 for every $1,000 of taxable value.

The largest source of County revenue comes from Ad Valorem Tax ($145.4m – 29.9%) and Other Taxes ($37.5m – 7.7%). The former is also known as Property Tax, while the latter is composed of General Sales & Uses Tax, Utility Service Taxes, and Communications Service Tax.

Charges for Services ($76.0m – 15.6%), include: waste management, animal services, and emergency medical services. To supplement this group, the County collects on Permits, Fees, & Special Assessments ($29.5m – 6.1%). These are fees assessed to items such as permits, impact fees, and special assessments on property.

Intergovernmental Revenue ($35.9m – 7.4%) is a source of revenue derived from other government entities. It usually comes in the form of grants, entitlements, shared revenues or payments in lieu of taxes.

Other Revenue Sources
$21.7m – 4.5% of FY21 Revenues
All other revenues collected for items such as court fees, interest, sale of assets, donations, etc.
- Debt Proceeds
- Fines & Forfeitures
- Miscellaneous Revenue
- Transfers from Constitutionals

Non-Operating Revenue
$107.5m – 22.1% of FY21 Revenues
Revenues received not attributed to a service or good. This is mainly composed of available fund balance and debt service.

Operating Transfers In
$32.7m – 6.7% of FY21 Revenues
For accounting purposes, Transfers In are designated as revenues; they serve the purpose of acting as intermediaries for fund appropriation.
Balanced Budget

Revenue

$486,423,231 in FY21 Revenue
Several factors can change revenue, including: taxable property values, county-wide population, mandates, inflation, and real disposable income (after-tax buying power adjusted for inflation).

Striking Balance

With any government, changes in the economy directly affect the amount of revenue the County receives. As a result, revenue changes will impact the County’s ability to provide services effectively and efficiently.

Get Involved

Alachua County encourages all citizens to get involved with the budget process. During the year, the County hosts numerous public hearings and budget meetings that are open to the public.

More information about involvement: https://youtu.be/9cbJt3AwLMo

Budget Message
Preface to the County Manager’s FY21 Budget Message

The County Manager prepares her Budget Message as a component of the Tentative Budget that is traditionally submitted to the Board of County Commissioners in June, though it was July this year. The budget message incorporates several tables and charts detailing various aspects of this information. The Board subsequently reviews and revises the Tentative Budget, and in September, votes on these changes to create the Adopted Budget.

The County Manager’s Budget Message is not modified to reflect the aforementioned revisions by the Board. The following are updated items found in the message that were affected by the changes to the Tentative Budget:

How property taxes are divided:
This is a representation of how each property tax dollar is divided for property owners in the unincorporated area. All Alachua County property owners pay only 16.87¢ per property tax dollar for countywide programs provided by the County Commission. Property owners living within municipalities pay their city’s property tax instead of the MSTU.

How Your FY21 Property Taxes Are Divided

Major Taxing Funds: Some of the major taxing funds were adjusted from the Tentative to the Adopted Budget.

A) The FY21 Adopted General Fund Budget is $184,694,182, a $2,045,104 fund adjustment.
B) The FY21 Adopted MSTU Law Enforcement Budget is $25,777,291, a $36,487 fund adjustment.
C) The FY21 Adopted Gas Tax Fund Budget is $10,582,190, a $338,801 fund adjustment.

The FY21 Adopted Budget includes a General Fund Reserve amount set at a level below the Board of County Commissioner’s 5% policy level. Budget Management Policy Section 7.B. states that the reserves shall be reestablished over a period not to exceed three years, at any time, the reserve amount falls below 50% of the policy’s requirement. The adopted level is approximately 93% of the full reserve amount. This level will be consistently monitored throughout the fiscal year to determine if the reserves are completely replenished for FY22 or if the three-year replenishment period is invoked as a consequence of reallocating reserves that result in a drop below the 50% level.

INTRODUCTION

To the Honorable Alachua County Board of County Commissioners:

This FY21 Tentative Budget Message has been prepared amid the unprecedented and tragic COVID-19 pandemic. The County is still very much involved in the response to this emergency. We are working hard to continue providing services to our citizens while at the same time keeping our community and staff safe. We are not letting our guard down as this virus is proving to be persistent and resilient. But life under this new normal goes on and so does our budgeting.

The presentation of the Tentative Budget and Budget Message for the County Commission’s consideration is one of my most important duties as the County Manager. As mandated by Florida law, I present you with a balanced budget.

In preparing the Tentative Budget, we are facing some unique challenges. We are projecting tax revenue shortfalls in FY20 in Sales Tax ($1 million), Tourist Development Tax ($1.5 Million), and Gas Tax ($1.3 million). We anticipate these revenues to return to normal levels in FY21, but not grow as usual. Despite this and other challenges, I believe the time is not right for either raising the millage rate or keeping it flat and capturing the increase in property values when many of our citizens and businesses face several financial challenges as well. For that reason, I am presenting the Board with a budget based upon the Roll Back Rate for our ad valorem (property tax) general fund. The Roll Back Rate lowers the General Fund property tax rate to 7.8961. This will be only the third time in the last 40 years that the millage rate has dipped under 8 mills. In addition, I am recommending the Roll Back Rate for the MSTU Law Enforcement Fund and that there be no increases to the County’s Stormwater and Fire Special Assessments.

With the vision of the Board at the forefront, your staff has spent an enormous amount of time weighing the available funding and the many
competing needs for providing services to our community. I want to thank my department directors, the constitutional officers, and the judiciary for being cognizant of the unique challenges we face and for presenting budgets that reflect the goal of reducing the burden on the County’s taxpayers.

The FY21 Tentative Budget is now in your hands. This process will culminate in your adoption of the budget on September 22, 2020. Between now and then we will have multiple budget meetings and listen carefully to your direction.

**The Commission’s Share of Each Property Tax Dollar**

The Commission received 56.95 cents of every property tax dollar in FY20. Of this amount, 17.18 cents are used for County departmental operations and 1.15 cents fund capital projects. The remaining 38.62 cents are distributed as follows: 31.19 cents to the Sheriff; 3.82 cents to other Constitutional and Judicial offices; 1.10 cents to cities for community redevelopment; and 2.51 cents are held in reserves. The following chart illustrates how the Commission allocated its property tax dollars.

![Pie chart showing how the 56.95 cents per tax dollar the County receives is allocated in the FY20 Adopted Budget.](chart.png)
**PROPERTY VALUES AND MILLAGE RATES**

For the sixth year in a row, Alachua County’s property values are rising. The FY21 Tentative Budget anticipates a property value increase of over 6% in the General Fund and the Municipal Service Taxing Unit – Law Enforcement. The Commission will be asked to set the tentative millage rates at their meeting on July 14, 2020.

### FY21 Proposed Millage Rates

Note: Change in Florida Per Capita Personal Income 1.0322% per the Florida Department of Revenue.
GENERAL FUND

I recommend a reduction in the General Fund millage rate from 8.2729 mills to the rollback rate of 7.8961 mills. The General Fund provides resources for the majority of County departments and Constitutional offices. The FY21 General Fund total from property tax revenue is $121,986,481. The total from all revenue sources is $186,739,286.

MUNICIPAL SERVICES TAXING UNIT (MSTU), MUNICIPAL SERVICES BENEFIT UNITS (MSBU) & GAS TAX

All of these funds will pay their appropriate share of the Florida Retirement System (FRS) contributions, health insurance increases, employee compensation increases, and reserves. The budget totals are inclusive of many revenue sources including Ad Valorem Tax, State Sales Tax, Communications Service Tax, and Public Service Tax.

MSTU Law Enforcement
I am recommending reducing the MSTU Law Enforcement Fund to the rollback rate of 3.5678. This is a reduction of 0.1562 mills. The FY21 MSTU Law Enforcement total from property tax revenue is $23,034,303. The total from all revenue sources is $25,740,804.

MSBU Fire Protection
Fire Protection will continue to be funded through an MSBU assessment fee for FY21 and requires no increase. The FY21 MSBU Fire Protection total budget is $20,952,374.

MSBU Stormwater
Stormwater issues will also continue to be funded through an MSBU assessment fee for FY21 and require no increase. The FY21 MSBU Stormwater total budget is $1,872,430.

MSBU Curbside Collection
Curbside Refuse Collection is assessed and apportioned among benefited parcels per cart size per dwelling. It is funded through an MSBU assessment fee for FY21 and future years and will increase, on average, $5.21 per month per cart. The FY21 MSBU Refuse Collection total budget is $8,057,893. This increase is being recommended in the FY21 budget and aligns with the presentation made in March 2020 to the Board.
Gas Tax Fund
The Gas Tax total budget is $10,920,991. Over the last three decades, and consistent with national trends, the cost of providing transportation system services has outpaced revenues collected from gas taxes. This trend will continue as cars continue to become more fuel-efficient and residents continue to choose alternative modes of transportation. To offset this Gas Tax funding deficiency, General Fund transfers have been used to maintain a steady level of service. The proposed FY 21 General Fund transfer is $3.6 million. The Local Option Fuel Taxes (totaling 11 cents) have been extended for ten years and an interlocal agreement has been entered with the City of Gainesville. The County’s share of the Gas Tax proceeds from the agreement is 50%.

COUNTY INITIATIVES AND IMPERATIVES

A Living Wage
The Commission has expressed its policy of ensuring a living wage for all employees, with a goal to reach $15.00 per hour. The recommended budget for FY21 includes an increase in the Local County Minimum Wage from $14.00 to $14.50 an hour. This increase is recommended for all County, Constitutional, and Judicial employees funded by the County.

In addition to an increase in the minimum wage, I recommend providing our non-bargaining employees an across-the-board Cost of Living Adjustment (COLA) increase. This includes an equivalent level of funding for employees of the Constitutional and Judicial Officers as well. I recommend that we set aside a comparable level of funding for bargaining unit employees.

Alachua County Agricultural & Equestrian Center
It has long been a goal of the Commission to break ground on a new site for the Alachua County Fairgrounds. While there had been several setbacks in the past, during the last 2-years the County has seen tangible progress toward this goal. Construction has begun on the Canterbury site to develop it into the Alachua County Agricultural & Equestrian Center, including the Cooperative Extension Office and Community Center. The total project costs $19 million, and of this amount, $10.6 million represents the amount of debt. The remainder represents the current General Fund and Tourist Development Tax dollars committed to the project.
Addressing the County’s Critical Building Needs
Many of the County’s buildings have reached a critical stage that requires immediate action. It is imperative to provide facilities that allow staff an effective place from which to provide services and programs to our citizens and to provide citizens a pleasant customer experience. The cost to repair, maintain and preserve much of the County’s aging vertical infrastructure exceeds the value of the structures themselves. It is no longer prudent to continue to expend taxpayer dollars for improvements that do not fully resolve the issues. Also, the lack of energy efficiency in aging buildings, and the occupancy of multiple buildings, increases the overall cost of operation. This budget continues to move the County forward in developing a new administration building to consolidate much of the County’s downtown operations in a single location and a location for the Court Services Department as part of the County’s judicial campus. Additionally, this project offers the County with a unique opportunity to design and construct a facility that recognizes the anticipated “new normal” of operations in a post-pandemic world.

ADDITIONAL BUDGET IMPACTS AND ENHANCEMENTS

All County-Funded Departments and Agencies

- A modest cost of living increase
- A 1% increase in health coverage costs
- The Florida Retirement System will be adjusted based on the State of Florida’s required contribution

Sheriff’s Dive Team Storage
The Sheriff's Dive Team has outgrown their dive team equipment storage room at the Sheriff's headquarters building. This budget includes a 1,200 sq. ft. storage facility to meet this need.

Alachua County Volunteer Coordinator
The number of volunteers who offer their valuable time to the service of Alachua County and its citizens continues to grow. As a result, a position dedicated to the onboarding, tracking and development of the County’s volunteer corps will be invaluable. This position is being developed with the ITS Administrative Assistant vacancy (currently used to fund the Charter Review Commission (CRC) liaison position). The Human Resources Office will absorb office support needs.
**Emergency Operations Center (EOC) Command Room**
Our current EOC has, over time, become a space that is limited in capacity for its current use. This initiative will convert the rear storage room in the EOC to occupiable space to be utilized as a Command Room for executive team meetings when the EOC is activated.

**Eliminate 1.0 FTE - Marketing & Events Coordinator**
When this position became vacant, it was not filled. With the transfer to the new Agriculture & Equestrian Center, the County was able to contract with an organization to manage the new fairgrounds, so there is no need to maintain this position on the roster. This represents a cost savings.

**CyberSecurity Audit Implementation**
CyberSecurity is of critical importance to the protection of the County’s infrastructure, assets and those of its citizens. This request includes four priority items resulting from the CyberSecurity Audit conducted in the IT Department. The request consists of a Multifactor Authentication, Patch Management, a DLP module for Web Filter, and an Intrusion Detection System (IDS) that provides enhanced monitoring capabilities and notifications of malicious activity through 24/7 remote monitoring.

**Senior CADD Designer**
This item converts a vacant Civil Engineer I FTE to a Senior CADD Designer FTE. This would be a reclassification of an existing FTE from a non-bargaining salary position to a non-bargaining hourly position that currently does not exist in our system. As currently staffed, the majority of the department’s roadway design work is outsourced to consultants. Since February 2018, Public Works has spent approximately $3.5 million in engineering services fees to consultants to maintain project delivery schedules. A senior level CADD designer would allow Public Works to perform more of this work in-house and results in cost savings.

**Additional 0.2 FTE Senior Environmental Specialist**
In anticipation of the retirement of several long-term employees, a succession plan is proposed to be implemented effective FY21. This position is an essential piece of this plan. The proposed succession plan will not require an increase in the General Fund personnel budget.

**Camp McConnell Renovations**
The FY 21 Tentative Budget includes Wild Spaces Public Places funding for the camp’s renovations as approved for by the Board on June 23, 2020.
2.0 FTE - Parks Maintenance Workers - Poe Springs
Parks and Open Space requests eliminating four temporary, unclassified positions and adding 2.0 Full-Time Equivalent positions (primarily assigned to Poe Springs) instead. This action will allow Parks to realize additional efficiencies as well as improved level of service standards. It will enable the development of long-term relationships with our leagues and citizens.

Temporary Agricultural Extension/UF IFAS Office Relocation
The Extension Office needs temporary space until the building at the Canterbury location is completed. While this move is occurring during the current fiscal year, the expense will continue during the FY21 construction of the new facility.

SHORT TERM INITIATIVES FOR FISCAL YEAR 2021

• The Alachua County Commission continues to take the lead among local agencies in paying a Living Wage. Our Local Minimum Wage was increased to $12.00 in FY16, $12.50 in FY17, $13.00 in FY18, $13.50 in FY19, $14.00 in FY20, and $14.50 FY21.

• Complete the CARES Act Grant by disbursing the funding to those in need as a result of the COVID-19 Pandemic.

• Establish a temporary location for the UF/IFAS office, until a new building can be built at the Canterbury location to house them.

• Support the CyberSecurity Audit Implementation by funding the software and enhanced monitoring capabilities of the Information Technology Department.

• Utilizing the Wild Spaces Public Places funding, complete the Camp McConnell Renovations.

• Set up an Alachua County Volunteer Coordinator to coordinate our volunteer efforts county-wide.

• Direct homeless funding towards Rapid Rehousing and Permanent Supportive Housing Programs. The gradual shift will be over three years, which began in FY20 with full implementation expected in FY22.

• Establish a Command Room at the Emergency Operations Center (EOC) by converting a rear storage room into a meeting space. This room will be utilized for executive team meetings when the EOC is activated.

• The Sheriff's requested a new storage building to house their dive team equipment to be possibly be located at the Alachua County Public Works Compound.
LONG-TERM SERVICE OBJECTIVES

Public Safety
- Reduce jail population by prevention, treatment and diversion
- Maintain welfare and protection of the general public (law enforcement, fire/rescue, code enforcement, etc.)
- Disaster planning, mitigation, and recovery

Natural Resources
- Review and implement adopted energy and water conservation plans
- Implementation of Comprehensive Plan regarding natural resources
- Stewardship of land conservation inventory – include maintenance and access
- Guide community planning and growth
- Manage waste sources responsibly

Economic Opportunities
- Support efforts to provide a diversity of job opportunities (reduce poverty and unemployment rates correlation)
- Work with Chamber of Commerce to review policies and regulations that will make the County attractive to business or that hinder business operations
- Continue to support the Qualified Target Industry program
- Promote cultural and environmental tourism
- Continue to improve collaboration with municipalities, the University of Florida, and Santa Fe College to leverage job creation and share successes

Governance
- Ensure fiscal stewardship through policy development and financial management
- Provide for a qualified and engaged workforce through policy initiatives, such as competitive compensation and benefits
- Provide a system to respond, address and track citizen requests, complaints, etc.
- Use alternative tax and fee methods to shift burden from property tax

Social Strength & Wellbeing
- Financially support community programs that address the needs of pre-school children and their families
- Expand internship and apprenticeship programs in the county to give students “real world” experience
- Conduct needs assessment to identify services needed for senior citizens
- Provide information and ensure assistance, advocacy, and support are available
• Ensure safe and affordable housing options

**Infrastructure/Capital Improvements**

• Work to address current backlog in road repair
• Update space needs study to address facilities, maintenance, and capacity
• Review, update, and fund (as feasible) a technology plan to meet the needs of the county and the citizens
• Improve parks and recreation programs to meet the needs of the county
• Encourage collaboration with private sector to expand affordable internet access throughout the county

Long-term non-financial goals & objectives are approved during the Board of County Commissioners’ annual strategic planning process and are located in the Guiding Vision, located within Performance Management section of this document.
PROCESS OF ADOPTING THE BUDGET

An annual budget, including all such funds as required by law, shall be prepared, approved, and adopted for each fiscal year. The budget shall control the County’s expenditures and document the revenue sources for all County purposes during the ensuing fiscal year. The budget process shall be conducted in accordance with Chapters 125, 129, 193, 200, and 218 of the Florida Statutes, as amended.

SPECIFIC REQUIREMENTS

By July 1, the Property Appraiser must complete his or her value assessment of all property within the County. The Property Appraiser shall then certify the taxable value of property within each taxing authority’s jurisdiction. In the past, the County Manager has used these values to draft and then present a balanced budget, known as the Tentative Budget, to the Board of County Commissioners (BoCC). For FY19 and FY20, the County Manager submitted her budget before the Property Appraiser completed the assessment, thus her budget was based on the best estimates available and subject to adjustments after the certified values were provided. However, for FY21, the County Manager’s budget once again uses these certified taxable values.

Within 35 days of the Property Appraiser’s certification of taxable property value, the BoCC approves a resolution setting the proposed millage rates necessary to fund the Tentative Budget. The proposed millage rates, along with other key information listed in F.S. 200.065(2)(b), are then communicated to the Property Appraiser to be utilized in preparing the “notice of proposed property taxes” as part of the Truth in Millage (TRIM) requirements. These notices are then mailed to each property owner.

Between 65 and 80 days from the date of certification of taxable property value, the BoCC must hold a public hearing, after 5:00 p.m., to hear public testimony and discuss the tentative budget, amend the tentative budget if desired, and ultimately adopt the tentative/amended tentative budget. The proposed millage rates, whether they remained the same or changed, shall be publically announced and include any percentage increase in the proposed aggregate millage rate over the rolled-back rate as defined within F.S. 200.065(2)(a)1 (a simplified definition of rolled-back millages may be found in the glossary). That percentage shall be characterized as the percentage increase in property taxes tentatively adopted by the BoCC (regardless of whether millage rates have changed).

Within fifteen days of the first public hearing, the County must again advertise in a newspaper of general circulation in the County its intent to finally adopt the millage rates and the “adopted” tentative/adjusted tentative budget previously described. The advertisement summarizes the tentative budget, showing each budget the total of all budgets, the proposed millage rates, balances, reserves, and major revenues and expenditures classifications. Specific size, placement, and wording requirements apply, as set forth in F.S. 200.065(3).
Within two to five days after the advertisement is published, the second public hearing is held to hear public testimony and to adopt the final budget and final millage rates identifying any percentage increase in millage rates in relation to the computed roll-back rate. If, for any reason, the adoption of the final budget is delayed beyond the start of the next fiscal year, the BoCC can expend moneys as outlined in Chapter 200.065(2)(g) of the Florida Statutes, as amended.

Copies of the resolutions adopting the final millages are forwarded to the Property Appraiser and the Tax Collector within 3 days.

Not later than 30 days following adoption of an ordinance or resolution establishing a property tax levy, the BoCC shall certify, to the Florida Department of Revenue, compliance with the provisions of F.S. 200.068. The certification will include a statement of compliance, a certification package including a copy of the adopted millage resolution or ordinance, a copy of the budget advertisements including proof of publication, and a copy of the Certification of Taxable Value forms.

Copies of the budget shall be filed with the Clerk of the BoCC as public records.

Upon final adoption, the budget regulates the expenditures of the County and it shall not be amended except as provided for in F.S. 129.06. Pursuant to Chapter 129.07, Florida Statutes, it is unlawful for the BoCC to expend or contract for expenditures in any fiscal year in excess of the amount budgeted in each fund. Every appropriation shall lapse at the close of the fiscal year. Unexpended funds for grants, enterprise funds, internal service funds, and capital projects at the close of the fiscal year may be re-appropriated in the succeeding fiscal year.

The process for adopting the FY21 budget for Alachua County consists of four distinct phases:

The Planning Phase began in October 2019 with 2-part budget development training for directors and program managers. This was followed by in-house review of the FY20 budget process including consideration of comments from the Government Finance Officers Association’s (GFOA) review of the previous fiscal year’s budget. The planning phase continued with preparation of FY21 budget instructions, examples, and training materials.

The deadline for BoCC departments and agencies to submit their budget packages to the Office of Management and Budget and meet with the County Manager about any budget enhancements was December 31, 2019. The Constitutional Officers budgets which are normally due May 1st, as allowed by Florida Statute, were delayed to June 2, 2020, along with the Judicial Offices.

The Review Phase consisted of scheduled budget work sessions between the County Manager, Department Directors and budget staff to review and discuss the departmental budget submittals. These sessions occurred in November and December. Reviews
included analysis of performance measurements in addition to supplemental budget requests (Budget Proposals).

In addition to the departmental budget meetings, there were and will be formal budget workshops conducted with the BoCC. These workshops are scheduled so that the Board can be more involved in the budget process and provide input into the prioritization of issues that lead to the development of the tentative budget. The BoCC departments and Constitutional Officers are included in the workshops. Some of the meetings were through video and some information was emailed to the Commissioners prior to meetings, because of the social distancing guidelines.

**The Public Adoption Phase** began with the formal presentation of the County Manager’s recommended budget (Tentative Budget) on July 7, 2020. The Board’s review of the budget and the public process of review, change, and formal adoption continued through September 2020 when the final budget was formally adopted.

The second milestone of this phase involved setting the proposed millage rates for FY21. This was accomplished at a public meeting on July 14, 2020.

TRIM notices advise County taxpayers of how tax rates proposed by all local taxing authorities, combined with current information on assessed value of real property, will affect the taxes on each taxed parcel of land. The TRIM notice also serves as the official notification of the time and place of the first public hearing for adoption of both the proposed millage rates and a tentative budget by each taxing authority.

The third milestone in this phase is two Florida Statute required public budget hearings. The first public budget hearing was conducted on September 8, 2020. After receiving public testimony at the hearing, the BoCC adopted millage rates and an Adjusted Tentative FY21 budget.

The final milestone in this phase is the adoption of the FY21 budget and millage rates at the second public hearing which was on September 22, 2020. The second public hearing was advertised as required by State Statute as a published notice with detailed information of the proposed millage rates and the adjusted tentative budget.

**The Implementation Phase** began on October 1, 2020, the effective date of the FY21 Adopted Budget.
PROCEDURE FOR AMENDING THE BUDGET

After the formal adoption of the budget by the Board of County Commissioners (BoCC) in September for the fiscal year beginning October 1, changes may be made as prescribed within Florida Statute 129.06. At no time can the budget be amended so that it is no longer balanced.

Items requiring action by the BoCC are usually initiated by the individual department affected by the item. These items are accompanied by an agenda item initiated by the agenda management software. This form is also used to request approval to amend the budget. The following additional information is required for budget amendments:

- The subject section of the agenda item is to state “Request for Budget Amendment” and identify the subject of the amendment and the fiscal year.

- The recommendation section of the summary must state where funds are coming from and where funds are going; justification on why the action is needed; and the amount of the increase or decrease.

- The financial impact section of the summary must state the impact on the current year's budget as well as the recurring impact on future year's budgets, if any. Any increase or decrease in a reserve account will reflect the balance of the reserve subsequent to the action requested in the budget amendment by the attachment of the Fund Reserve Balance Worksheet showing the original budget and all adjustments to the Reserves Balance since October 1.

- A separate form entitled “Budget Amendment” showing the specific accounts affected must accompany the Agenda Item Summary.

- Each department director is responsible for initiating agenda items. The completed Agenda Item Summary with the Budget Amendment, including the estimated impact on future fiscal years and any other appropriate information, is forwarded for review through the organization. Review and approval is performed in the following sequence:
  - Department Director
  - Office of Management and Budget
  - County Attorney’s Office (concurrent with review and approval by OMB)
  - County Manager

All budget amendments, approved by the above referenced organizations/staff, are processed by the Agenda Office of the County Manager’s Office for final coordination and preparation of the Board's agenda.
The Office of Management and Budget (OMB) reviews the request for accuracy, availability of funds, completeness, compliance with BoCC policies, and other matters considered appropriate for good financial management. If changes or corrections to an agenda item and/or Budget Amendment are required, the item is returned to the originating department by the approving authority that is requesting the change or correction.

Upon approval by the BoCC, the Budget Amendment is signed by the Chairman of the BoCC and forwarded to the Clerk’s Office for incorporation into the County’s financial record keeping system and the County’s budget.
BUDGET MANAGEMENT

**Purpose:** To establish and maintain practices for the adoption, administration, and amendment of the annual budget in accordance with Florida Statutes Chapter 129.

**Policy:** To exercise the highest level of budgetary control per Florida Statute Chapter 129 with an emphasis on transparency to communicate the County’s annual budget process from conception to finality including adjustments made throughout the fiscal year.

The Board of County Commissioners designates the County Manager to be the County Budget Officer pursuant to Florida Statute 129.025(1)

**Procedure:**

1. Revenues

   A. The Office of Management and Budget (OMB) will estimate revenues as early as possible in the budget process in order to provide expenditure guidelines. The Board of County Commissioners will establish the County's budget priorities based upon the revenue estimates and expenditure guidelines.

   B. The budget shall be balanced; the total estimated receipts (including balances brought forward) shall equal the total appropriations and reserves in accordance with Florida Statute Chapter 129.01(2)(b).

   C. In general, current operating revenue should be sufficient to support current operating expenditures, with adjustments made to budgeted fund balance or appropriations if necessary.

   D. In recognition of the overall dependence on ad valorem taxes, the County will strive to develop a diversified and stable revenue system.

   E. “Earmarking” of available revenues that would unnecessarily restrict the full range of potential uses of such revenues will be avoided. The use of various funds; however, will be consistent with generally accepted accounting principles and Florida Statute Chapter 129.02.

   F. One-time revenues will be utilized to fund one-time expenditures wherever possible. If one-time revenues are assigned to pay for recurring expenditures a three to five year plan for transferring the expenditure to a recurring revenue source will be adopted by the County as a part of the budget process in the initial year.
G. The Board of County Commissioners is authorized to establish and collect fees and charges for certain services rendered by the County. These services are available to all residents of the County but are not needed by the majority of residents, therefore, those utilizing the services are charged for the service. All Proprietary Fees are to be reasonable in relation to the County provided privilege or service to the fee payer that receives the special benefit. All Regulatory Fees may not exceed the actual cost to the County of providing the service to the individual fee payer. Additionally, fees are solely based on the actual cost of providing what the user is consuming or are charged per direction from a regulatory authority. All requested changes to the Schedule of Fees during the fiscal year are presented to the Board of County Commissioners for its review and approval.

A fee schedule is therefore adopted and amended by resolution each fiscal year. Annually, fees will be reviewed by Departments and any requested modifications will include the full cost of activities, including direct and indirect costs currently supported by the fees to identify the impact of inflation and other cost increases. Supporting documentation showing calculations for fees changed will be submitted by Departments as part of the annual budget process. Departments shall retain supporting documentation for a period of two (2) years. A thorough review of the countywide fee schedule will be conducted periodically.

2. Expenditures

A. The financial impact associated with new programs or program modifications will be analyzed and determined prior to adoption by the Board. When new programs or increased levels of service are proposed, departments will identify any applicable Federal or State mandates; outline client benefits and strategic initiatives; demonstrate alignment to organizational goals, objectives, and agreements; identify related health and safety issues; demonstrate conformance to industry/professional standards; and identify all funding sources including fees or tax increases needed to partially or fully fund the program or service. The department will document any offsetting revenue or cost avoidance associated with this issue as well as consequences of not funding the proposal.

B. Understanding what a program or activity costs, and what benefits are derived from these programs or activities allows the County to make informed funding decisions. To that end, all expenditures will be analyzed to ensure service alignment with current Board priorities.

C. Departments shall utilize performance measures in order to track performance, support operational improvement, and determine effective use of resources for each program.
D. Internal Service Funds will be self-supporting whenever possible. Internal service fees and the direct impact to County operating budgets shall be analyzed annually as part of the budget process.

E. Grant applications to fund services/programs with state or federal funds will be recommended to the Board upon review by the Office of Management and Budget and the County Manager, with significant consideration given to:

   I. The cost of administering the grant relative to the amount of the grant

   II. The availability of matching funds

   III. The extent to which locally generated funds will be required to support the program when the grant funding is no longer available.

3. Operating Budget

   For purposes of budgetary control, expenditures cannot legally exceed the total annual budgeted appropriations at the financial reporting fund level (The Laws of Florida Chapter 65-1236 Sub 1 and County Ordinance 233.01). The County maintains both accounting funds and financial reporting funds defined as:

   A. Financial Reporting Fund – Also known throughout the County as a “Superfund”, is an accounting entity with a self-balancing set of accounts that whenever possible will include a combination of similar “accounting funds”.

   B. Accounting Fund – an accounting entity with a self-balancing set of accounts which are segregated for the purpose of detailing compliance with special regulations, restrictions, or limitations.

   C. A Municipal Services Taxing Unit (MSTU) for Law Enforcement Services is established by ordinance. This fund shall be administered by the Board and follow the established reserve for contingency policy. Current policies for estimating revenues and appropriating expenditures shall be applied to this fund.

   D. A Municipal Services Benefit Unit (MSBU) for Fire Protection Services is established by ordinance. This fund shall be administered by the Board and follow the established reserve for contingency policy. Current policies for estimating revenues and appropriating expenditures shall be applied to this fund. Half Cent Sales Tax, Public Services Tax, and Communications Service Tax may be shared between all MSTUs/MSBUs. This allocation may be reviewed on an annual basis.

4. Budget Request

   The County shall develop a proposed budget to include personal services, operating, capital outlay, debt service, grants and aids, and other uses categories.
A. All Board Departments shall submit a budget request in the manner and form prescribed by the Office of Management and Budget no later than the date set forth in the budget calendar.

B. The Clerk of Court, Sheriff, and Supervisor of Elections shall submit a budget request in the manner and form prescribed by the Board of County Commissioners through the Office of Management and Budget no later than May 1st (F.S. 129.03(2)).

C. It is requested that the Property Appraiser, Tax Collector, and Judicial Officers submit their budgets no later than May 1st of each year.

D. This policy does not supersede any other Statutory or Constitutional authority.

5. Budget Adjustments – Budgetary levels of authority are as follows:

A. For all Board Departments and Constitutional Officers:

   I. Budget amendments between reporting funds that change the fund’s total appropriation require the approval of the Board of County Commissioners. The Board, at any time within a fiscal year, may amend a budget for that year, and may within the first 60 days of a fiscal year amend the budget for the prior fiscal year.

   II. Budget transfers between Function and/or Object Classification, as defined by the Uniform Chart of Accounts (AKA Uniform Accounting System Manual for Florida Local Governments), up to and including $50,000 can be approved by the County Manager. Transfers over $50,000 require approval of the Board of County Commissioners.
Example: **001.17.1720.513.31.00**

**III.** Per F.S 129.06(2), appropriations related to prior year non-operating encumbrances, grants, and capital projects not completed will be submitted to the Board of County Commissioners as a budget amendment no later than the deadline set by OMB or November 15th of each fiscal year whichever is earlier. Transfers from the Reserve for Contingency in the General Fund, MSTU Law Enforcement and MSBU Fire Funds require Board of County Commission approval.

**IV.** Establishing a budget for revenues that were not anticipated during the annual budget process requires that the Board of County Commissioners adopt a resolution to recognize the revenue, appropriate the revenue, and establish a new fund if appropriate (F.S. 129.06(2)(d)and(e)).
V. Upon completion of the prior fiscal year’s Comprehensive Annual Financial Report, the operating budget may be adjusted to reflect actual beginning fund balances if deemed necessary by the Office of Management and Budget Director. Audited fund balances will be adjusted during this “mid-year” process to prevent spending of resources not available (F.S. 129.06(2)(f)).

VI. Amendments not specifically authorized in Florida Statute Chapter 129.06(2) (a-e) require the amendment be authorized by resolution or ordinance of the Board of County Commissioners and adopted following a public hearing. The public hearing must be advertised at least two (2) days, but not more than five (5) days, before the date of the hearing. The advertisement and adoption procedures are similar to those required for adoption of the annual budget (F.S. 129.06(2)(f)).

VII. Pursuant to F.S. 129.06(2)(f)2, budget amendments must be posted to the County’s official website within 5 days of adoption/approval.

B. Budget Appropriation

I. Appropriations will be made at the Fund (Superfund), Functional Category, and Object Classification (AKA “categories”; personal services, operating expense, capital outlay, debt service, grants and aids, and “other use” expenses).

II. The Office of Management and Budget will ensure that the application of the indirect charges do not adversely affect the provision of services of the fund receiving the indirect charge.

III. A fund for private, not-for-profit outside agencies may be maintained with an annual appropriation as available with consideration of budgetary constraints and Board Policies. All agencies seeking funding from the Board should do so during the annual open application process through the Community Support Services Department and the Outside Agency Funding Advisory Board.

IV. All requests to fund discretionary court programs, otherwise known as “local requirements,” as defined within Article V of the Florida Constitution and the supporting Florida Statutes (28.24, 29.008) require Board approval during each budget process.

6. Fund Balance

A. To the extent feasible, the County’s General Fund, MSTU Law Enforcement and MSBU Fire Funds unassigned plus assigned fund balances will be at a minimum of 2 months of appropriations.
B. Minimum Fund Balance – All Other Operating Funds – The amount of ending fund balance to be budgeted shall be analyzed and determined during the annual budget process; the Assistant County Manager for Budget and Fiscal Services and the Finance Director will jointly agree upon the ending fund balances.

C. During Carry Forward and Midyear budget amendments, fund balance may be used for:

   I. Appropriations related to prior year non-operating encumbrances, grants, and capital projects not completed. The total carry forward amounts will be reported in the prior year Comprehensive Annual Financial Report as assigned fund balances.

   II. Funding for authorized mid-year increases that will provide for a level of service that was not anticipated during the budget process.

   III. Funding for unexpected increases in the cost of providing existing levels of service.

   IV. Temporary and nonrecurring funding for unanticipated projects.

   V. Funding of a local match for public or private grants.

   VI. Funding to off-set losses in revenue caused by actions of other governmental bodies and/or unanticipated economic downturns.

   VII. Funding to accommodate unanticipated program mandates from other governmental bodies.

   VIII. Funding for emergencies, whether economic, natural disaster or acts of war.

   IX. Funding for market and economic fluctuations in enterprise and internal service funds.

   X. Funding for contamination remediation.

   XI. Funding for rate stabilization.

7. Budgeted Reserve for Contingency

   A. Reserve for contingency requests in the General Fund, MSTU Law Enforcement and MSBU Fire Funds must be approved by the Board of County Commissioners. The Board will use the procedures and evaluation criteria set forth in this, and other policies. Such requests will be evaluated as to the:

      I. Urgency of the request

      II. Scope of services to be provided
III. Short and long-term fiscal impact of the request

IV. Potential for alternative methods of funding or providing the service(s)

V. Review for duplication of service(s) with other agencies

VI. Review of efforts to secure non-County funding

VII. Discussion of why funding was not sought during the normal budget cycle

VIII. Review of the impact of not funding or delaying funding to the next fiscal year.

B. A reserve for contingency shall be calculated and budgeted by the Office of Management and Budget at a level not less than 5% of the General Fund, MSTU Law Fund, and MSBU Fire Fund operating revenues, respectively, and an amount not greater than 10% of the total budget and in accordance with Florida Statute Chapter 129.01(2)(c) for each operating fund. If the reserve for contingency falls below 50% of the minimum level, the reserves shall be reestablished over a period not to exceed three fiscal years.

C. The reserve for contingency shall be separate from any unallocated fund balances.

D. The County’s budget will be amended at such time as the Board of County Commissioners authorizes the use of contingency reserves (F.S. 129.06(2)(b)). All requests for the use of any reserve for contingency as referenced in 7.B. shall be accompanied by information prepared by the Office of Management and Budget showing the year-to-date activity of the reserve account as well as the current account balance and the net effect on the account balance.

E. Self-Insurance Risk Fund will be maintained at a level that, together with purchased insurance policies, will adequately indemnify the County’s property and liability risks in accordance with Chapter 28 of the Alachua County Code.

I. A qualified actuarial firm shall be retained on an annual basis in order to recommend appropriate funding levels.

II. The Self-Insurance Risk Program will be funded at a confidence level of a minimum of 75 percent, based on an annual Cost of Risk Allocation Study and may include use of accumulated retained earnings to maintain this confidence level. Changes and budget for the Self-Insurance Risk Program are made by Board approval as stated in Alachua County Code Chapter 28.

III. The County shall maintain two months of anticipated claims for a Reserve for Contingency/ Catastrophic Loss in the Self-Insurance Risk
Fund. In the event that retained earnings fall below this designated levels due to a catastrophic loss, a recommendation to replenish retained earnings will be prepared by the Risk Management Division for the County Manager’s review and submitted for Board approval.

IV. For both Board of County Commission (BoCC) departments and non-BoCC departments (Constitutional and Legislative Offices), any excess budgetary dollars remaining in the self insurance line item of a department’s budget at the end of the fiscal year, will be returned to the Self Insurance Risk Fund.

V. The Self-Insurance Risk Fund shall be analyzed as part of the annual budget process.

F. Health Insurance Fund will be maintained at a level that will, together with purchased insurance policies, adequately fund medical claims risk in accordance with Chapter 28 of the Alachua County Code.

I. A qualified actuarial firm shall be retained on an annual basis in order to recommend appropriate funding levels.

II. Although no Florida Statute or County Code sets a required minimum reserve for this Fund, the Florida Office of Insurance Regulation strongly encourages at least 60 days of anticipated claims, as set by an actuary.

III. For both Board of County Commission (BoCC) departments and non-BoCC departments (Constitutional and Legislative Offices), any excess budgetary dollars remaining in the health insurance line item of a department’s budget at the end of the fiscal year, will be returned to the Health Insurance Fund.

IV. The Health Insurance Fund shall be analyzed as part of the annual budget process.

G. Retained Earnings in the Solid Waste Fund shall be maintained at a beginning balance of $2,500,000. If Retained Earnings are depleted during a fiscal year, a plan will be developed and presented to the Financial Oversight Committee to restore Retained Earnings in its entirety the following year. If it is not feasible, the Department will present a plan to the Financial Oversight Committee which will be forwarded to the Board of County Commissioners for their approval during the budget process.

AS ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS
RESOLUTION 20-07
DATED 1/28/2020
CAPITAL PROGRAM

Purpose: Buildings, infrastructure, and major equipment are the physical foundation for providing services to the public. The design, construction, procurement, repair and maintenance, preservation, management, replacement and continuing operations of capital assets are a critical activity of Alachua County. A Capital Program is established to document a comprehensive plan that includes a condition assessment, needs determination and prioritization, identifying funding and timing to budget and acquire assets using a five (5) year Capital Improvement Plan (CIP), procurement of assets, recording and controlling capitalizable assets, and the repair, maintenance, preservation, and replacement of assets.

The Capital Program will abide by applicable requirements as put forth within the Alachua County Comprehensive Plan, specifically Objective 1.6 of the Capital Improvement Element Section, Objectives 2.2 and 5.2 in the Energy Element, and Policy 4.5.21(d) of the Conservation and Open Space Element. It will also abide with all appropriate regulatory authority from the Federal and State Governments, as well as asset records maintenance and asset management policies developed by the Clerk of the Court.

The capitalization of assets is a financial reporting and monitoring function that allows for similar acquisitions of buildings, infrastructure and equipment (capitalizable items) to be reported as an expenditure or assets based on criteria such as useful life and monetary amounts. For the purposes of the Capital Program, Capitalizable assets can best be identified in three (3) groups:

(1) Capitalizable items that meet all thresholds to capitalize and add to the inventory of fixed assets. These thresholds are determined by the Clerk of the Court and recorded in the financial system accordingly. The thresholds are based on useful life and monetary value at acquisition. Examples are new buildings, major refurbishments and renovations that extend the original life of the building beyond its originally designated life, new roads, and major road rebuilds that extend the life of the road beyond its originally designated life.

(2) Capitalizable items that are similar to those in group (1) but do not meet the threshold criteria are expensed on the financial records. Examples are partial roof replacements, boiler replacements, and smaller road segment re-pavements.
(3) Capitalizable items that are major equipment that do not meet the threshold requirements, but need to be controlled, are expensed but controlled through the Clerk of the Court’s procedures. There are three (3) main reasons these items need to be controlled.

   a. Items that require special attention to ensure legal compliance (i.e. grants).
   b. Items that require special attention to protect public safety and avoid potential liability (i.e. police weapons).
   c. Items that require special attention to compensate for a heightened risk of theft (i.e. laptops).

For the purpose of developing the Capital Program, only groups one (1) and two (2) are applicable.

GFOA Best Practices are used to implement administrative procedures and a link will be located on the Budget and Fiscal Service web page.

**Policy:** To provide appropriate and adequate buildings and infrastructure to support County staff, Constitutional Officers, and Judicial Officers to deliver services to the public. Also, to provide public buildings and infrastructure for general use, enjoyment and service directly to the public. The goal is to assemble and implement comprehensive procedures that incorporate best practices.

**Components:**

- **Condition Assess**
- **Asset Maint.**
- **Needs/ Priority**
- **Record and Control**
- **CIP / Acquire**

**Condition Assessment –**

The County is structured with departmental oversight which serves as the responsible party for assessing current facility status. This assessment is necessary for an appropriate needs determination to be completed before funding can be identified.
Departments that have building and infrastructure needs are:

1) Facilities – Generally serving general government and court system. This also includes a portion of Facility Preservation projects.
2) Critical Facilities- Generally serving the Sheriff and Fire functions. This also includes a portion of Facility Preservation projects.
3) Transportation Infrastructure
4) Solid Waste Infrastructure
5) Parks Management
6) Wild Spaces Public Spaces
7) Economic Development & Tourist Development Projects
8) Utility Conservation

Asset Condition Assessment Process

Part #1: Site/Field Data Collection and Asset Analysis

Collect key information components of each asset including, but not necessarily limited to the following:
A. Type of asset system.
B. Original level of service, design or engineering parameters.
C. Anticipated life span of asset from “new” status.
D. Current condition of asset, as of data collection date.
E. Recommended periodic maintenance schedule.
F. Recorded historical maintenance schedule, tasks completed and deferred maintenance.
G. Anticipated/projected remaining life span of asset.

Part #2: Classification of Asset

Classify assets according to the following:

**ADEQUATE:** There is a high level of confidence that the asset is performing as designed and is reasonably meeting original design or engineering parameters and industry standards. There is limited to no probability that any degraded conditions are affecting operations or resulting in a loss of service.

**PROBABLY ADEQUATE:** The system is still performing and generally achieving the desired outcomes and level of service, but may not be meeting the design or engineering parameters. There is limited to low probability that any degraded conditions are resulting in significant loss of efficiency or degradation in level of service.
PROBABLY INADEQUATE: There is low level of confidence the system is performing as designed and as originally intended. Even though the asset is performing, it is not to the desired efficiency or level of service. The asset does not meet current design or engineering standards or parameters. The asset is resulting in inefficient operations and degradation of level of service.

INADEQUATE: There is a high level of confidence that the asset will not perform as design or originally intended. The asset is not performing regularly and requires attention to address repeated deficiencies. The asset does not meet current design or engineering standards or parameters. The asset is resulting in inefficient operation and degradation of level of service.

FAILED: The asset is not operational or is operating without any sustainable predictability. The asset experiences regular and random loss of operation and does not meet any current design or engineering parameters.

Part #3: Service Expectations

A. Desired level of service of the asset. This includes the desired life space, functionality, and efficiency.

B. Required or desired components, amenities and enhancements of the asset or components of the asset. This includes sustainability enhancements, energy conservation measure, or certification requirements.

C. Identify options to augment life span or use consistent with the desired efficiency or level of service. This includes reviewing options for replacement, renovation, repair, or rehabilitation of the asset to meet desired service level, based on the cost of effectiveness of those options.

Project Prioritization:

Step #1: Policy considerations for each asset.

The objective of this step is to determine the priority of asset improvements necessary and how they are affected by or are related to other assets. This is also the point to review potential policy updates that would drive changes to the asset or improvement considerations, such as location, energy efficiency, or relationship to other assets.

- Are there required system needs, improvements, or enhancements needed to meet code and legal requirements?
- Are there improvements, renovations, rehabilitation or enhancements needed to meet the desired level of service to be provided by the asset?
- Are the ancillary or interrelated systems or assets to be considered?
- What are the mission critical systems or back up needs associated with the asset?
Step #2: Develop Cost Estimates

The goal is to develop the most accurate cost estimate for the project as possible, considering all aspects of delivering project from inception to completion of the project. This project estimate would include all necessary design, property needs, construction, and project support. The cost estimate should be itemized by component by the best method possible and address project synergies, interdependence, and interaction of critical asset types.

There are several methods of developing an estimate, including but not limited to architecture/engineering design estimates, unit cost approach, and historical background for similar projects. Multiple approaches should be used in an attempt to validate the cost estimate.

Step #3: Funding and Program Development

Funding options should be developed with the goal of optimizing the number of priority projects to be completed during the funded year. The funding should be identified and applied to project priorities to the extent the funds are available.

Program development for the next fiscal year shall start during the first/second quarter of the current fiscal year. Staff will review all projects underway or planned to be underway during the current fiscal year, as well as all anticipated projects in the next fiscal year proposed for adoption and the four years that follow the proposed year.

For projects underway or planned for the current fiscal year, a review of funding necessary to complete the project will be conducted, resulting in positive or negative funding adjustments for each project. Once a project is underway, the project progress and cash flow should be monitored allowing for funding adjustments. Adding to the overall scope of the project as a result of available funding reviews is not permitted without County Manager or Board of County Commissioner approval.

Each review period, the proposed year and the following four years will be programmed and fiscally balanced for the proposed fiscal year, as well as for the 5 year funding program.

Project estimates will be programmed by phase of the project (i.e. design, property/rights of way, construction, and project support) for the year the funds are to be anticipated to be needed.

The current year and proposed year estimate will be based on the best estimation available at the time. The last four planned years of the CIP will also be programmed with the best estimation available for the year being programmed. Consideration should be given to the change in costs expected due to the date of the project phase.
During the Board’s budget workshops, staff will present the proposed fiscal year to be adopted and the planned projects for the next four years. The Board’s review will result in adopting or revising staff recommendations for the proposed fiscal year as part of the budget approval in September of each year.

**Needs Determination and Prioritization –**

Through a review of the condition assessment, level of service needs, and Board direction; each department can identify their needs and prioritize these needs for consideration in developing the 5 Year CIP and Budget.

**CIP & Budget –**

The Office of Management and Budget will develop a CIP plan in coordination with the Deputy / Assistant County Managers and the Clerk’s Finance and Accounting Office. One major consideration in the CIP development is that many funding sources used for the Capital Program are limited to the use for which they are derived (i.e. Gas Tax used for Transportation Projects). The purpose of the CIP is to identify and prioritize available funds to acquire needed assets.

The CIP is developed to present the budget for Year 1 and funded projects for Years 2-5. The CIP will also contain a list of projects identified as needed, but unfunded. It will be segregated into functional areas that have identifiable funding sources.

The CIP will be presented annually to the Board during meetings related to the budget.

Each Capital project will be acquired following the Board’s Procurement Code and Administrative Procedures.

Other considerations in developing the CIP include:

1) Capital expenditures for court-related facility needs should be funded first from revenue generated through the collection of a traffic citation surcharge as provided for by F.S. 318.18(13)(a) and Section 123.20 of the Alachua County Code. Revenues from this surcharge may also be used to fund Court Facilities, including office space leases and utilities.

2) The County shall utilize a combination of Debt and pay-as-you-go financing for capital projects. The particular funding mechanism for each project will be determined and included in the CIP, and the annual budget

3) The Financial Oversight Committee will review the CIP for financial feasibility and funding availability.
4) Project Budgeting

In addition to the actual cost of a project, the following budgets shall be included:

A. Energy and Water Considerations for Capital Projects

   I. Energy usage and costs shall be considered as part of the life cycle analysis required for capital project decisions by the County.

   II. An energy and water conservation component shall be included for consideration by the Board.

   III. Energy components shall include:

      1) Energy conservation power down plans that insure all unnecessary energy consumption ends after business hours

      2) Building envelope weatherization where possible

      3) Efficiency improvements to the building equipment and machinery

      4) Renewable energy additions for all new county construction and where possible existing buildings

      5) Water conservation and efficiency improvements

B. Art in Public Places pursuant to Alachua County Code Chapter 29

   I. Any original construction or major renovation of a County building, facility, park, or space (excluding transportation projects) of at least $300,000 shall include in its budget 1%, up to $100,000, of the construction costs for architectural enhancements, special landscape treatments, paintings, sculpture, engravings, murals, mobiles, photographs, drawings and/or works in fabric for the project.

   II. Art in Public Places funds will be used in accordance with Alachua County Code Chapter 29.

   III. The County will use the Alachua County Public Arts Program Citizens Advisory Committee to assist in the selection of art from capital projects of $1.0 million and above. For projects under $1.0 million, staff will make recommendations, consistent with Alachua County Code Chapter
29. The Board may make the final selection from those options presented or any option upon its own motion.

C. Project audit

I. A construction manager-at-risk contract audit shall be performed on all capital projects with budgets of $2 million or more.

II. A contract audit for unit cost bids shall be performed on all capital projects with a budget of $2 million or more.

III. Cost for the audit shall be included in the project’s budget.

Recording and Controlling Capitalizable Assets –

The Clerk of the Court has been delegated the responsibility to develop administrative guidelines in determining Capitalization thresholds and proper financial recording of assets. These guidelines include:

1) Capitalization of Buildings, Infrastructure and equipment
2) Depreciation methodology and application
3) Procedures for control over items that are not capitalized (Group 3)

Asset Maintenance –

The repair, maintenance, preservation, management, replacement and continuing operations of capital assets requires a plan of action and a long-term funding identification. The long-term cost associated with acquiring assets will be included in Capital Program submittals and considered in future budget development.

The approach to documenting the plan of action and long-term funding needs is outlined in Step 3 of the Asset Condition Assessment Process listed above.

AS ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS
RESOLUTION 20-
DATED 06/09/2020

Table of Contents
DEBT MANAGEMENT

**Purpose:** To provide a comprehensive and viable debt management policy which recognizes the capital improvement needs of the County.

**Policy:** Utilize debt to maximize the County’s ability to provide the highest level services and infrastructure taking into account existing legal, economic, financial, and debt market considerations while balancing the taxpayers’ ability, and desire, to pay.

**Procedure:**

1. No County debt issued for the purpose of funding capital projects shall be authorized by the Board of County Commissioners unless it has been included in the capital improvement plan or until the Board of County Commissioners have modified the plan.

2. The County shall issue long-term debt only for:

   A. The purpose of constructing or acquiring capital facilities and other capital assets as defined by the Statement of Governmental Accounting Standards 34 (SGAS 34) (specifically, the approved schedule of capital improvements)

   B. Making major renovations to existing capital facilities and other capital assets per SGAS 34

   C. Refunding outstanding debt when sufficient cost savings can be realized or it is advantageous to do so.

3. The County may enter into long-term leases for the acquisition of major equipment or other capital assets when it is cost justifiable to do so.

4. Conduit debt, including bank eligible conduit bonds, may be issued/sponsored for activities (such as economic development, housing, or health facilities) that have a general public purpose and are consistent with the County’s overall service and policy objectives. All conduit financings must insulate the County completely from any credit risk or exposure and must be approved by the County’s bond counsel and financial advisor before being submitted to the Board of County Commissioners for authorization and implementation.

   A. No conduit bonds shall be issued in any year if such conduit bonds constitute obligations (“bank eligible obligations”) which would be taken into account in determining whether Alachua County, Florida is a “qualified small issuer” within the meaning of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended, for such year, unless (A) a bank eligible obligation issuance fee, in
addition to the amounts imposed by the County in connection with any TEFRA approval of the obligations, has been remitted to the County with respect to such bank eligible obligations, or (B) the County Manager shall determine that the County has no intent to issue bank qualified bonds during such calendar year.

B. At the beginning of each calendar year, the County’s Finance Director shall calculate, based on then-current market rates and assuming a $10 million issue of bonds maturing in 10 years, (A) the difference between interest rates on bank eligible obligations and non-bank eligible obligations of the County (the “differential”) and (B) the net present value amount determined by applying said differential over the projected 10 year period and based on the principal amount described above (the “bank eligible obligation issuance fee”).

C. If the bank eligible obligations are to be part of a single plan of finance for the issuance of multiple installments of bank eligible obligations during a calendar year, the bank eligible obligation issuance fee shall nonetheless be due upon the first installment issued.

D. All bank eligible obligation issuance fees collected shall be held in trust by the County until the end of the calendar year in which they are collected. Notwithstanding the foregoing, if after a bank eligible obligation issuance fee shall be paid by one entity a second entity requests County approval of bank eligible obligations, the amount that would otherwise be paid by the second entity shall be one-half the bank eligible obligation fee paid by the first entity, and such payment when received by the County shall be paid over to the first entity. If a subsequent entity then requests County approval of bank eligible obligations, the same process would be repeated except that one third of the fee would be paid to the County, which would distribute the same equally to the first two entities, and so on. If the County did not issue any county debt during such calendar year that would have been bank qualified but for the fact that conduit bonds constituting bank qualified obligations were issued during such calendar year, the bank eligible obligation issuance fees shall be returned in proportionate amount to the entities that paid them; otherwise, said fees shall be retained by the County.

5. Financing Requirements

A. Capital improvements related to enterprise fund operations should be financed solely by debt to be repaid from user fees and charges and other legally available sources generated from the respective enterprise fund’s operation.

B. Capital improvements not related to enterprise fund operations shall be financed by debt to be repaid from legally available revenue sources able to be pledged for same.

C. Cash surpluses, to the extent available and appropriable, shall be used to finance scheduled capital improvements if it is deemed to be the best financing method for that particular improvement.
D. Revenue sources shall be pledged for debt only when legally available and, in those situations where they have previously been used for operation and maintenance expenses and/or general operating expenditures, they shall be pledged for debt only when other sufficient revenue sources are available to replace operation and maintenance expenses and/or general operating expenditures as deemed appropriate by the Board of County Commissioners.

E. Where possible, capital expenditures shall be funded through pay-as-you-go programs, debt restructuring, and alternative financing mechanisms, such as grants, state loan programs or federal pilot projects.

6. Maturity Limitations

A. All capital improvements financed through the issuance of debt shall be financed for a period not to exceed the useful life of the improvements, but in no event to exceed 30 years.

B. All capital improvements financed through lease-purchase obligations shall be financed for a period not to exceed the useful life of the improvements.

7. General Debt Limitations

A. Rapid debt repayment is a goal of the County’s debt management policies. Each borrowing shall be structured to repay principal as rapidly as the amount of the pledged revenue source will allow. Adjustment in repayment time frames may be modified to reflect changes in the interest rate environment, which may argue for shorter or longer retirement plans.

B. The County shall manage its debt and sustain its financial position in order to seek and maintain the highest credit rating possible.

C. The County shall strive to maintain debt ratios within the median range of benchmarks (performed by the County’s Financial Advisor).

D. The County shall not construct or acquire a public facility if it is unable to adequately provide for the identifiable annual operation and maintenance costs of the facility.

E. The County shall consider coordinating with other local government entities, to the fullest extent possible, so as to minimize the overlapping debt burden to citizens.

F. The County shall ensure that an adequate system of internal control exists so as to provide reasonable assurance as to compliance with applicable laws, rules, regulations, and covenants associated with outstanding debt.

8. Debt Issuance Restrictions
A. The County shall market its debt through the use of competitive bid whenever deemed feasible, cost effective, and advantageous to do so. However, it is recognized that, in some situations, certain complexities and intricacies of a particular debt issue are such that it may be advantageous to market the debt via negotiated sale.

B. The County shall use the services of outside finance professionals selected using competitive bid.

C. Credit enhancements (insurance, letters of credit, etc.) shall be used only in those instances where the anticipated present value savings in terms of reduced interest expense exceeds the cost of the credit enhancement.

D. In order to maintain a stable debt service burden, the County shall attempt to issue debt that carries a fixed interest rate. However, it is recognized that certain circumstances may warrant the issuances of variable rate debt. In those instances, the County should attempt to stabilize debt service payments through the use of an appropriate stabilization arrangement.

9. Refunding

A. The County shall continually monitor its outstanding debt in relation to existing conditions in the debt market and shall refund any outstanding debt when sufficient cost savings can be realized.

B. Outstanding debt shall be refunded as long as the net present value savings between the refunded bonds and the refunding bonds is equal to or greater than three (3) percent without extending the maturity of the debt being refunded, unless extenuating circumstances would justify a smaller percentage savings (e.g., historically low interest rates).

C. The County may also refund existing debt for the purpose of revising existing bond covenants to meet particular organizational and/or strategic needs of the County when it is advantageous to do so.

10. Disclosure Requirements – It is the policy of the County to endeavor to provide full and fair disclosure in connection with the initial sale and distribution of its publicly marketed debt instruments and to provide appropriate ongoing secondary market information, in compliance with the requirements of applicable federal and state securities laws, rules, and regulations, including Securities and Exchange Commission Rule 15c2-12.

11. Arbitrage Reporting – Finance and Accounting shall establish a system of record keeping and reporting (or procure the services of a company specializing in arbitrage) to meet the arbitrage rebate compliance requirements of the federal tax code. This includes tracking investment earnings on bond proceeds, calculating rebate payments in compliance with tax law, and remitting any rebate earnings to the federal government.
in a timely manner in order to preserve the tax-exempt status of the County’s outstanding and future debt issues.

12. Investment of Bond Proceeds – The investment of bond proceeds shall be governed by the County’s Investment Policy and any applicable bond covenants. In the event of conflicting policies, the more restrictive policy shall be enforced.

13. Short-Term and Interim Financing

A. Bond Anticipation Notes – Where their use is judged by the County/Clerk staff, County’s bond counsel and financial advisor to be prudent and advantageous to the County, the County may choose to issue Bond Anticipation Notes as a source of interim construction financing. Before issuing such notes, takeout financing for such must be planned for and determined to be feasible by the Financial Advisor.

B. Tax (Revenue) Anticipation Notes – Where their use is judged by the County/Clerk staff, County’s bond counsel and financial advisor to be prudent and advantageous to the County, the County may choose to issue Tax or Revenue Anticipation Notes as a source of interim operating financing.

C. Other – Where their use is judged by the County/Clerk staff, County’s bond counsel and financial advisor to be prudent and advantageous to the County, the County may choose to use other short-term financing tools such as a line of credit or pooled commercial paper programs.

14. Debt Affordability Assessment

A. Article VII Section 12 of the Florida Constitution requires that long-term debt pledged by the full faith and credit of the County can only be approved by voter referendum. For debt issues to be placed on the ballot, the Board must approve both the capital and financing proposals. There is no statutory limit on the amount of debt and corresponding tax levy the voters can approve.

B. The Finance Team implements debt management policies throughout all funds. The Team consists of members including the Assistant County Manager for Budget and Fiscal Services, Finance Director, County Attorney or designee, and the County’s Financial Advisor. The Team is responsible for planning all debt issuance for the County including the use of short-term and long-term financing. The County shall not enter into financing agreements without first having the alternatives reviewed by the Team and a recommendation forwarded to the County Manager.

C. The Finance Team shall be responsible for determining reasonable debt levels for the County as part of the annual budget process and capital improvement plan. Each year, the Team shall review the County’s ability to absorb and pay for long-term obligations (including new bond issues). The review process shall include recommendations on how much new debt can be afforded by the County. The Team’s recommendations shall be based on an analysis of the following measures using the below definitions:
The terms “Direct Debt” and “Revenue Debt” are defined in GFOA’s Recommended Practice for Debt Management Policies as follows:

“Direct Debt” – Debt payable from general revenues, including G.O. Bonds, capital leases, and notes payable.

“Revenue Debt” – Debt payable from a specific pledged revenue source.

Debt Limitations

1. Total current debt service on “Direct Debt” less any dedicated limited ad valorem debt service measured as a percent of the current total General Fund revenue less any General Fund ad valorem revenue (resulting in the Covenant to Budget and Appropriate (CBA) amount/limit). The current debt service costs without the dedicated limited ad valorem debt service shall not exceed 35% of the total General Fund CBA revenue.

2. Total current debt service on “Direct Debt” measured as a percent of current General Fund revenue. Debt service costs on “Direct Debt” shall not exceed 5% of total General Fund revenue.

3. Total current debt service on “Direct Debt” measured as a percent of General Fund operating expenditures. Debt service costs on “Direct Debt” shall not exceed 10% of total General Fund operating expenditures.

4. Total debt includes “Direct Debt” and “Revenue Debt” as a percent of assessed value. Total net direct indebtedness shall not exceed 3% of the full valuation of taxable property in the County.

5. Total debt includes “Direct Debt” and “Revenue Debt” per capita. Total net direct indebtedness shall not exceed $500 per capita.

6. Per capita debt as a percentage of per capita income. Per capita debt shall not exceed 5% of per capita income.

AS ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS
RESOLUTION 18-26
DATED 05/03/2018
Energy Conservation Investment Program

Purpose: To promote capital investments which conserve resources and reduce utility costs. The policy is intended as an annual investment in projects that promote utility conservation, efficiency and or renewable energy.

Policy: The Energy Conservation Investment Program (E-CIP) will annually fund capital projects that meet the Board’s energy and utility objectives as found in the Comprehensive Plan and Financial Policies. Any E-CIP funds not expended at the end of each fiscal year shall return to the account the following year. Procedure: The County Manager or his/her designee shall annually recommend a prioritized list E-CIP Eligible capital projects to the Master Capital Improvement Program. This policy is effective upon adoption by the Board.

At a minimum, projects shall be documented for their:
1. estimated return on investment;
2. project life and cost;
3. estimated utility and cost avoidance;
4. potential rebates, other funding sources; and
5. projected start date.

AS ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS
RESOLUTION 19-37
DATED 4/16/2019
FINANCIAL MANAGEMENT

**Purpose:** To establish the framework for the County’s overall financial planning and management.

**Policy:** To show the citizens, credit rating industry and prospective investors (bond buyers) the County’s commitment to sound financial management and fiscal integrity. To improve the County’s fiscal stability by helping County officials plan fiscal strategy in a consistent manner.

**Procedure:**

1. **Financial Goals**
   - **A.** To maintain the financial viability of the County in order to ensure adequate levels of County services.
   - **B.** To maintain financial flexibility in order to continually adapt to local and regional economic and demographic changes.
   - **C.** To maintain and enhance public infrastructure in order to provide for the health, safety and welfare of the County’s citizens.

2. **Inter-fund Loan Policy** –

   Inter-fund Loan Policies are intended to provide parameters and guidance for the management of loans between funds. Inter-fund loans may be necessary to provide adequate cash flow for reimbursable grants and contractual obligations with deferred revenues.

   - **A.** Repayment of any loan shall not exceed one year without approval of the Board of County Commissioners. Loans outstanding at fiscal year-end will be reported to the Board of County Commissioners.
   - **B.** Any fund may receive an interfund loan of up to and including $100,000 with approval from the Clerk of the Courts, Finance Director, and the Assistant County Manager for Budget and Fiscal Services or County Manager.
   - **C.** Any fund may receive an interfund loan in excess of $100,000 with the approval from the Board of County Commissioners.
   - **D.** Due to the receipts of ad-valorem taxes not being sufficiently received until the end of November, the County may not have sufficient cash to maintain an adequate cash flow in the beginning of the fiscal year. Therefore upon the approval from the Clerk of the Courts, Finance Director, Assistant County Manager for Budget and Fiscal Services, and the County Manager, the General Fund, MSTU for Law Enforcement
and MSBU – Fire Service Funds may borrow, short-term, from other appropriate funds until the receipts of ad-valorem tax or special assessment revenue provide adequate cash flow. In no instance, without approval of the Board of County Commissioners, shall the loan remain unpaid past December 31 of the year the loan is made.

3. Replacement Funds

A. The County shall maintain the replacement plan and the internal service funds that provide for the acquisition/replacement of fleet, computers, and other designated equipment. The replacement plan and funds will be maintained in such a way as to minimize the impact on other funds. It is the intent of the funds to capitalize as many purchases as appropriate under the County’s capitalization guidelines.

B. A Vehicle/Fleet Replacement Fund will be maintained to ensure adequate systemic replacement of fleet vehicles. Operating departments will be charged for fleet operating costs per vehicle and replacement costs spread out over the useful life of the vehicles. Fleet vehicles and equipment being purchased may be excluded from the vehicle replacement fund as recommended by the Assistant County Manager for Budget and Fiscal Services.

C. A Gas Tax Vehicle/Fleet Replacement Fund shall be maintained to ensure adequate resources are available for the systematic replacement of rolling stock and fleet vehicles. Annual contributions will be based upon the replacement schedules developed and maintained by the Division of Fleet Management.

D. Vehicle/Fleet Replacement surplus sale proceeds, insurance claims, and investment income will be maintained within the applicable Vehicle Replacement Fund to help offset future vehicle and equipment costs.

E. A Rolling Stock Reserve shall be maintained in the Solid Waste Management Fund to ensure adequate resources are available for the systematic replacement of rolling stock and fleet vehicles. Annual contributions will be based upon the replacement schedules developed and maintained by the Division of Fleet Management.

F. An E-911 Equipment Replacement Reserve shall be maintained in the Emergency Communications E-911 System Fund to ensure adequate resources are available for the replacement and/or upgrade of equipment at the primary and back-up PSAP’s (Public Safety Answering Point) as allowed by F.S. 365.172. Annual contributions will be made in accordance with F.S. 365.173 which restricts the amount of E-911 carryover revenues.

4. Fund Balance

A. The County will report Fund Balance in accordance with Governmental Accounting Standards Board Statement No. 54 Fund Balance Reporting and Government Fund Type Definitions. Each financial reporting fund’s Fund Balance
shall be composed of non-spendable, restricted, committed, assigned, and unassigned amounts.

B. The unassigned plus assigned fund balance for the MSTU Law Enforcement and MSBU Fire Funds, at each fiscal year end, shall not be less than 5% of the following year’s projected operating revenue and the unassigned plus assigned fund balance of the General Fund shall be 10%. In any fiscal year where the County is unable to maintain the minimum fund balance as required in this section, the County shall reestablish the minimum amount over a period not to exceed 3 years. During the reestablishment period, the County shall not appropriate any amounts of such fund balance for the purpose of balancing the budget until the minimum is reached.

5. Reporting and Audits

A. Balanced revenue and expenditure forecasts will be prepared to examine the County’s ability to absorb operating costs due to changes in the economy, service demands, and capital improvements.

B. The County’s accounting and financial reporting systems will be maintained in conformance with all state, federal and local laws, generally accepted accounting principles as required in Florida Statutes Chapters 129 and 200.

C. An annual audit will be performed by an independent public accounting firm, as required by Florida Statute. The results of the audit will be reported to the Board of County Commissioners and the audit opinion included in the County’s Comprehensive Annual Financial Report (CAFR).

D. The Clerk’s Office will be asked to submit the CAFR to the Government Finance Officers Association (GFOA)’s Certificate of Achievement for Excellence in Financial Reporting Program.

E. The Office of Management and Budget will submit the County’s Budget to the GFOA’s Distinguished Budget Presentation Program.

F. Financial information including the CAFR and the Budget will be published on the Clerk’s and County’s websites, respectively.

G. Secondary market disclosures will be included in the CAFR.

H. The Office of Management and Budget will perform quarterly reviews to determine if the budgetary plan is being followed and if budgetary expectations are being achieved. Any problems discovered in this process will be corrected at the appropriate level of budgetary control.

I. Property control shall be applied to all assets valued at the level required by State Statute, the current minimum monetary threshold for capitalization and the item shall be tagged and identified by asset number when appropriate. Each item is physically identified and assessed as to its condition at least once per fiscal year.
J. Travel reimbursement will be in accordance with policies adopted in compliance with Florida Statute 112.061 (14).

6. Annexation

A. The Office of Management and Budget will be responsible for providing to the County’s Annexation Team a fiscal analysis of the impact related to proposed annexations. The analysis will be performed, upon receiving a request from the Annexation Team, using the following criteria:

   I. Unincorporated area population reduction between 1% and 3% - base analysis.

   II. Unincorporated area taxable property value reduction between 1% and 3% - base analysis.

   III. Unincorporated area population reduction greater than 3% - countywide analysis.

   IV. Unincorporated area taxable property value reduction greater than 3% - countywide analysis.

B. A base analysis will include projections for all major revenues and expenditures that are impacted by unincorporated area population changes. A report on the base analysis will be sent to the Annexation Team within 5 business days of the request.

C. A countywide analysis will include a base analysis as well as a review by all departments of service delivery impacts in the area being annexed. A report on the countywide analysis will be sent to the Annexation Team within 30 days of the receipt of the request. A review checklist sent to all departments will be completed and returned within 14 days. OMB will also analyze the fiscal impact of annexations related to Constitutional Offices.

D. The Annexation Team has the discretion of requesting an analysis from OMB for annexations that do not meet the criteria listed above. Such requests may be used to address annexations that fall below the 1% thresholds or to address the cumulative impact of annexations over a certain time period.

AS ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS
RESOLUTION 19-37
DATED 04/16/2019
CITIZEN-INITIATED MSBU PROGRAM
FOR CAPITAL IMPROVEMENTS AND MAINTENANCE FOR PUBLICLY OWNED ROADS

**Purpose:** To provide Alachua County Citizens and the Board of County Commissioners (Board) a mechanism to receive and provide municipal services and improvements for benefitting properties within the unincorporated area of Alachua County.

The Program is responsible for coordinating the public services and capital improvements funded by non-ad valorem assessments requested by the property owners of the benefitting properties. Administration of each assessment district (MSBU) shall include financial management of the fund; ensuring assessments are levied accurately per local and state requirements; monitoring service contracts; maintaining records for active and closed MSBUs, and responding to property owner interests and inquiries.

The Citizens-Initiated MSBU Program outlines the administration of non-ad valorem assessments levied for publically owned roads, road related capital improvements, and periodic maintenance of included roads.

**Policy:** To provide an orderly and efficient method for utilizing the statutory authority given to the Alachua County Board of County Commissioners by Florida Statute 125.01(1)(q) and Alachua County Code Chapter 37 to create a Municipal Services Benefit Unit (MSBU) Program, driven by citizen request, within the unincorporated area of Alachua County. It is the intention of this Administrative Procedure to supplement the established Florida Statutes and Alachua County Code; therefore any perceived contradictions or omissions shall cede to these controlling entities.

This hereby establishes a policy for the creation of citizen-initiated MSBUs along with the procedures for levying, collecting, adjusting, supporting, and enforcing created MSBUs.

**Definitions:**

- **Assessment Roll** – Area or group of properties assigned a pro-rata amount to fund an essential public service or improvement offering benefit to those properties.

- **Benefit** – Direct or indirect assistance or advantage.

- **Assessment/Benefit Unit** – Equitable base or measure used for allocating cost; such as parcel, acreage, or dwelling.

- **Capital Improvement Assessment/Assessable Cost** – Amount levied for a constructed improvement for which the amount is levied once but may be repaid in annual installments over a period of years.
Fee (Petition) – A non-refundable amount which must be included with the initial Citizen-Initiated MSBU Petition for administration and review of the request.

Liaison – Applicant or person that voluntarily serves as a spokesperson for the community during the various phases of the MSBU process. The liaison acts as a go-between for the benefitting property owners and the County and is authorized to request or approve minor changes in services or project(s) scope (increase in annual cost and/or assessments of no more than 10%) without Board action.

Lien – A legal claim upon property to secure the payment of a debt or obligation.

Municipal Service – Assistance or improvement provided by a local government to serve a public purpose.

Municipal Services Benefit Unit (MSBU) – An assessment district created to fund a localized public service.

Non-Ad Valorem Assessment – Amount levied on a property by criteria other than property value; typically assigned by units of benefit.

Ordinance – An authoritative order or legislation enacted by a municipal authority such as the Alachua County Board of County Commissioners.

Petition (MSBU Petition) – Document originated by citizens in the form of a request for an MSBU which should include general scope of services or project(s), a map depicting the proposed Unit boundaries, and the level of benefitting property owner’s support for its creation. The Petition is then further processed within the MSBU Program to determine a “honed” MSBU scope and cost including:

- Project analysis
- Engineering/design
- Construction
- Contracted services
- Equipment Installation
- Utilities
- Administration
- Financing
- Reserves
- Contingencies
- Other direct and indirect costs

Pro-rata – A proportionate allocation.

Public Purpose – Available or pertinent to the people as a whole; open to all members of a community; may be provided by local authorities and supported by money from taxes, fees or assessment.

Public Hearing – A special meeting which allows the public to comment on proposed plans and projects before the local government makes a final decision.

Public Service – Essential service provided by a government to people living within its jurisdiction.
Special Assessment District (SAD) – Also known as MSBU.

Unincorporated Area – A region of land outside the taxing boundary of a city; governed by the County.

Variable Rate Assessment – An amount levied annually to fund an ongoing service for which the service cost may change each year.

**Procedure:**

1. Creating and establishing an MSBU
   
   A. It shall be the policy of the Board of County Commissioners to require an MSBU Petition and associated fee for consideration of a new MSBU. Such petition will define the general parameters of the MSBU, however; the Board, at its discretion, may establish a minimum service area requirement.
   
   B. Petitions must be submitted by February in the year prior to the targeted beginning of MSBU revenue collections.
   
   C. A petition process is used in establishing MSBUs to ensure community awareness and involvement in the decision-making process. This also increases recognition of the public nature of the improvements and the responsibility of property owners for payment of the assessments.
   
   D. MSBUs must be created and utilized to provide road related services and/or infrastructure in accordance with Florida Statute 125.01(1)(q).
   
   E. The Board will determine the best course of financing, including whether to provide initial internal or external funding, on a case-by-case basis.
   
   F. If it is determined that outside funding (e.g. loans and bonds) is necessary to fund a requested MSBU the Board will absorb any issuance costs.
   
   G. Each MSBU shall be maintained and managed individually in accordance with established “best practices” and Generally Accepted Accounting Principles (GAAP).

2. Processing requests

   A. Citizen requests should be sent to the County Manager (CM) in the form of a Petition for initial recording and collection of the associated fee. The County Manager shall then forward the request to County staff (“staff”) to continue formulating the MSBU request. It is the responsibility of the citizens to:
I. Organize support for the MSBU

II. Develop a general scope of work and/or services

III. Prepare the petition for submittal to the Board via the Deputy CM

IV. Designate a liaison

B. Once the completed petition and associated fee is submitted, staff will prepare a cost estimate for the proposed improvements using current County standards. Estimates may also include eventual replacement and ongoing maintenance costs. Estimate(s) will then be presented to the Board no later than May in the year prior to the targeted beginning of MSBU revenue collections.

C. The Board may choose to conduct a Property Owner Interest Poll and send a letter and vote card, via First Class Mail, to the benefitting property owners. The letter shall describe the proposed improvement, the area to be specially benefitted, the estimated improvement cost, and the allocation of the cost to each property owner.

D. The vote card must be signed and returned within 45 days of the date of the letter. The vote cards will be verified to determine that at least 50% of the responding benefitting property owners within the proposed unit boundaries signed in favor of the petition. For proposed improvements to unpaved roads owners representing at least 60% of the benefitting property must respond and of those responses at least 75% must be in support of creating the MSBU.

E. Such verification shall be accomplished by comparing the vote card with the existing tax rolls of the Property Appraiser and voter registration rolls if applicable. The Board may also, at its discretion, increase the required percentage of signatures on a letter/vote card.

F. Upon verification that the appropriate percent of benefitting property owners signed in favor of the MSBU, staff shall proceed with scheduling the MSBU creation.

   I. Staff shall abide by Florida Statute 197.3632 and Sections 37.10 thru 37.14 of the Alachua County Code.

   II. Staff shall prepare ordinances and resolutions.

   III. Staff shall publish required legal and display notices.

   IV. Staff shall mail each benefitting property owner a first class notice advising them of the date and time of the public hearing for the purpose of adopting the ordinance creating the MSBU.
G. If the required percentage is not obtained within the 45 day period, the application will be deemed invalid and a letter will be mailed to the applicant to notify them that the requested MSBU has not met the signature requirement.

H. The Board of County Commissioners reserves the right to approve, deny, or modify MSBU requests.

3. Adopting MSBU budgets and assessment rolls

A. Prior to January 1st of each year, the department will submit the proposed non-ad valorem assessment roll as part of a public hearing for adoption of each new MSBU created during the preceding year as prescribed in Florida Statute 197.3632(3)(a) through (4)(b).

B. Prior to January 1 of each year, the Board of County Commissioners may adopt a resolution at a public hearing stating its intent to utilize the uniform method of collection of non-ad valorem assessments for all new MSBU’s created during the preceding calendar year.

C. All costs associated with publishing the public hearing notice will be divided equally among the MSBU’s being brought to the Board and charged to the appropriate MSBU Fund and paid for by the non-ad valorem assessment levied against the benefitting property owners and included on the annual tax bill.

D. The content of the resolution and conduct of the public hearing must be in accordance with F.S. Chapter 197.3632(3)(a).

E. First class mail notice shall be sent to each person owning property within the proposed MSBU boundaries.

F. A public hearing will be required in following years whenever there are changes in the boundaries or the purpose of the MSBU as outlined in F.S. Chapter 197.3632(4)(a).

G. Any proposed revision resulting in an increase or decrease in the services provided by the MSBU shall be reviewed by County staff. If the revision cost is 10% or below the Board approved amount the approval authority is with the MSBU’s Citizen Liaison. Any changes above 10% require Board approval via the Public Hearing Process.

H. Staff shall prepare the budgets for their MSBUs during the annual budget process. The Office of Management & Budget shall prepare the resolutions documenting the Board’s approval of the MSBU budgets at the public hearing adopting the County-wide budget and its corresponding resolutions.
I. Staff shall prepare the MSBU assessment rolls annually and submit them to the Office of Management and Budget so they may be included for adoption at the same time as the MSBU and County-wide budget resolutions go before the Board.

J. Staff will ensure that the assessment roll certifications are submitted to the Property Appraiser and Tax Collector for billing and collection as set forth by Florida Statute 197.

4. Levying and collecting MSBU assessments

A. An MSBU may be created at any time during the fiscal year as long as previously described deadlines have been met. However, implementation shall coincide with the adoption of the annual County budget beginning October 1.

B. All new MSBUs must be created (resolution adopted) by January 1 of each year in order to be implemented the following October.

C. The Board will levy the special assessment to be collected through the Uniform Method of Collection authorized by Florida Statute 197.3632.

D. In the case when an individual MSBU is closed out, residual monies remaining in the Fund totaling 5% or more of the original Board approved budget shall be refunded back to the property’s current owner of record on a pro rata share as originally assessed. Any residual monies remaining in the fund totaling less than 5% of the original budget will be transferred to the responsible department’s primary fund.

5. Contract and Purchasing

All contract and purchasing scenarios must be processed and managed by the responsible department in accordance with existing County policies and procedures.

6. Property Appraiser

The Property Appraiser will be asked to provide a section map(s) detailing the proposed MSBU area, the benefitting property owner’s name, address, property value, and applicable frontage as well as the size and type of property structures.

7. Tax Collector

A. The Tax Collector is responsible for the annual billing and collection of the non-ad valorem assessments in the same fashion as the tax rolls are billed and collected each year.
B. Assessments become delinquent after April 1, and failure to pay may result in a lien levied against the property and may result in the sale of a tax certificate in accordance with Florida Statute 197.432.

8. Clerk of Court
The Clerk is responsible for recording and, when required, the administering of liens on unpaid non-ad valorem assessments.

A. Property owners wishing to appeal or request a review of their initial assessment may contact the responsible department to document the nature of the request.

B. All requests received prior to the deadline set forth by Florida Statutes (30 days after certification of the tax roll) each year shall be handled so as to allow payment of taxes before they become delinquent.

C. Staff shall investigate the request in consultation with the Property Appraiser and make a determination as to whether or not an adjustment is warranted.

D. In the event an adjustment to the initial assessment is warranted, staff shall prepare a “Certificate of Correction” and submit it to the Tax Collector and Property Appraiser. If a determination of adjustment is made prior to payment of the current tax bill, a revised tax bill will be sent by the Tax Collector reflecting the adjusted assessment. If a determination of adjustment is made after payment of the current tax bill, the property owner may request a reimbursement for the assessment overpayment; otherwise the overpayment will be reflected on the following year’s tax bill.

E. Adjustments to initial assessments resulting from appeal/review requests received after the deadline will be documented on a “Certificate of Correction” by the responsible department and reflected on the following year’s tax bill.

   I. Reimbursement will only be made on assessments paid within the previous three years.

   II. Reimbursement will be reviewed and processed by the responsible department with the funding source being the appropriate MSBU Fund.

AS ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS
RESOLUTION 19-37
DATED 04/16/2019
PERFORMANCE MANAGEMENT

**Purpose:** To establish the framework for the County’s commitment to performance management.

**Policy:** Performance Management has specific guidelines and best practices documented by the Government Finance Officers Association (GFOA) and the International City/County Management Association (ICMA). Performance Management is mandated in order to receive any Federal grants and/or pass-through grants as described in the Federal OMB Circular (2CFR Chapter 1 and Chapter 2 Part 200) Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Additionally, Performance Management is considered as part of Florida State Statute 212.055(11) Performance Audit, where any jurisdiction requesting consideration of a discretionary sales surtax referendum would have to submit to a performance audit including program efficiency, effectiveness, goals, objective, and performance measures used by the program to monitor and report program accomplishments.

Alachua County’s performance program is managed by Budget and Fiscal Services. The program ensures performance results support identified strategies and requires regular reporting of the County’s performance efforts and outcomes.

Performance management improves organizational capacity by providing managers with data on established measures and operational performance. Performance data empowers managers by supplying data and information necessary to make effective, efficient, and timely management decisions to achieve desired results.

Performance management is a powerful tool used to integrate strategic planning, multi-year departmental planning, budgeting, and management with evaluation and reporting in a system that helps create an accountable, transparent, and responsive organization.

**Department Responsibilities:**

2. Set program priorities and ensure organizational priorities match those of the community via the Board’s guidance.

3. Develop meaningful measures, focusing on outcome measures, to gauge program success.

4. Increase organizational coordination to eliminate waste and duplication.
5. Make data available to the public periodically through the annual Adopted Budget documents, presentations to the Board, and the County’s website thereby keeping government accountable and transparent to all stakeholders.

A. Process

I. Each Department establishes and updates the following:

1) Mission Statement
2) Vision Statement
3) Executive Summary
4) Current Year Accomplishments/Future Year Goals
5) Major Variances (if applicable)

II. Divisions and Programs identify and update the following:

1) List of Services Provided
2) Description of Services Provided
3) Quarterly Performance Measures

III. Division and Program Managers identify and provide quarterly updates to performance measures and targets in the Performance Management (PM) system

1) Establish, review, and update performance measures on a quarterly basis, to ensure the regular collection and reporting of specific information about the effectiveness, the quality, and the efficiency of government services and programs.

2) Periodically add or modify existing performance measures as the need arises based upon changes in the Board’s Strategic Guide, Comprehensive Plan, changes to the agency’s objectives, changes in program scope or establishment of new programs, based upon mandated reporting requirements, or where program evaluation results in the need for additional measures.

3) Once a measure is established, and annually thereafter, record future projections in the PM system based upon targets identified by staff and/or published benchmarks. Typically, performance measures will have two to three years of targets identified within the system.
4) Track and record on a monthly or quarterly basis measures, as determined by the Department, Division, or program, depending on the reporting frequency needed to effectively and efficiently react to performance changes that are out of line with performance targets. The preferred reporting frequency is quarterly.

5) Ensure all performance management components reported within the budget document, performance chapter, website, and all other reporting methods align with Board guidance and departmental plans.

6) Establish, maintain, and report comparative benchmark measures.

7) Identify and link showcase measures to the department’s website.

**Budget and Fiscal Services Responsibilities:**

1. Prior to the submission of the final budget, Budget and Fiscal Services staff will review all narratives.

2. The Strategic Performance Manager will review all performance measures and reported actuals within the Performance Management system to ensure alignment and consistency within the agency.

3. Publish performance measures, outcomes, and narratives through the Annual Budget Document, Performance Chapter, and/or website, as appropriate.

AS ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS
RESOLUTION 20-07
DATED 01/28/2020
Administrative Procedure

Resolution Number 19-37
Effective Date: October 1, 2019
Review Date: January 28, 2020
Revised Date: April 16, 2019

This Administrative Procedure supersedes and replaces any previous versions

PUBLIC PURPOSE

Purpose: To establish the framework for the County’s use of taxpayer’s money for public purpose.

Policy: Revenues received by the County are public funds and as such their use must serve a public purpose. Public Purpose is defined as a County action or direction the primary purpose for which provides a declared public benefit. The Board hereby declares that the following objectives support the County’s overall mission and serve a valid public purpose.

A. Educate, inform, and maximize the involvement and participation of citizens in County government, including increased partnerships and economic development ventures with the private sector.

B. Recognize employees to improve and enhance morale resulting in increased efficiency and effectiveness.

C. Recognize employees for retirement, length of service or other milestone achievements.

D. Recognize and encourage the continued participation of volunteers in various County programs.

E. Promote tourism within the County.

Procedure: A proposed expenditure identified by a Department Director or his/her designee that meets one or more of the above declared objectives and supports the County’s overall mission shall be submitted on a Public Purpose Form for review by the Office of Management and Budget and approval by the County Manager, according to procedures developed by the County Manager.

For any request, the County Manager may request the Board to declare a public purpose.

The Office of Management and Budget will report Public Purpose expenditures to the Board on a quarterly basis.

AS ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS
RESOLUTION 19-37
DATED 04/16/2019
Fund Structure & Government Accounting

Government Accounting:

Alachua County develops its budget in accordance with requirements of Florida Statutes and Generally Accepted Accounting Principles (GAAP). A modified accrual basis of accounting is used for the governmental funds utilized by Alachua County (general, special revenue, debt service, and capital projects). Revenues are recognized in the accounting period in which services or goods are received and liabilities are incurred. Revenue is considered available if it is collected during the current period, or after the end of the period but in time to pay current year-end liabilities. Revenue is generally considered to be measurable if cash flow can be reasonably estimated. Expenditures, for the most part, are recorded on an accrual basis because they are measurable when they are incurred. In Proprietary Funds (Enterprise and Internal Service), the accrual basis of accounting/budgeting is used. Revenues are recognized in the accounting period in which they are earned and become measurable. Expenditures are recognized in the accounting period in which they are incurred. Financial statements follow the same basis of accounting as described above.

Essential elements of the accrual accounting method include:

1) Deferral of expenditures and subsequent amortization of deferred costs (pre-paid expenses, supplies, etc.),
2) Deferral of revenues until they are earned,
3) Capitalization of certain expenditures and subsequent depreciation of capitalized assets (depreciation of vehicle costs), and
4) Accrual of revenues that have been earned and expenses that have been incurred.

Fund Accounting:

In governmental accounting, revenue received by the County is put into a variety of "funds" depending on the source of that revenue. Funds are separate entities to account for various types of revenue and the expenses associated with each type of revenue. The County uses three major categories of funds: Governmental Funds, Proprietary Funds and Fiduciary Funds.

Governmental Funds

General Fund

This fund is used for the County’s general operations on behalf of both the Board of County Commissioners and Constitutional Officers. Although the majority of revenues are collected as ad valorem taxes other revenues include: fines, fees, and licenses. In general all departments are supported by the General Fund. However, more than half is dedicated to Public Safety which includes the County Jail, County Sheriff, Emergency Medical Services and Court Services.

Special Revenue Fund

These funds are used to account for specific types of revenue that are legally restricted to specific expenditures.
Municipal Service Taxing Unit (MSTU), Municipal Service Benefit Unit (MSBU), County Gas Tax, CHOICES and grants are in this category and are examples of special revenues that have legally restricted expenditures.

**Debt Service Funds**

These funds are used to account for accumulation of financial resources with which to pay principal, interest and other costs related to the County's long-term debt. Long-term debt is in the form of voter approved general obligation bonds and revenue bond issues.

**Capital Project Funds**

These funds are used to account for financial resources to be used for the acquisition or construction of major capital projects. Projects may include roads, drainage, parks, buildings or major equipment.

**Proprietary Funds**

**Enterprise Funds**

These funds account for operations financed and operated in the manner of a private business. The intent is that the costs of providing goods or services to the general public should be recovered or financed through user charges. Alachua County has two such funds, Solid Waste and Permits & Development.

**Internal Service Funds**

These funds account for the financing of goods or services provided by one governmental department to other departments or agencies on a cost reimbursement basis. The County uses internal service funds to account for Computer Replacement, Vehicle Replacement, Telecommunications, Fleet Management, Self Insurance and Self-Funded Health Insurance.

**Fiduciary Funds**

**Trust & Agency Funds**

These funds are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units or other funds. For instance, the Alachua County Housing Authority and the Law Library are two such funds.

Percent of Alachua County Fund Appropriations

Governmental:
- General Fund: 38.0%
- MSTU - Law Enforcement: 5.3%
- Special Revenue: 24.8%
- Debt Service: 7.0%
- Capital: 5.7%
- Enterprise: 6.4%
- Internal Service: 12.7%
- Trust & Agency: 0.1%

Proprietary Funds:
- MSTU - Law Enforcement: 5.3%

Fiduciary Funds:
Major Funds & Descriptions:

001 - General Fund - Records all assets and liabilities of the County that are not assigned to a special purpose fund. It provides the resources necessary to sustain the day-to-day activities and thus pays for all administrative and operating expenses.

009 - Municipal Service Taxing Unit (MSTU) - The Law Enforcement Fund pays for the majority of the Sheriff's patrol in the unincorporated area of the County through transfers to the Sheriff.

010 - CHOICES Program Fund - This fund was approved by the voters on August 31, 2004. The program is funded by a ¼ cent sales tax which was approved through December 2011. It provides health care services to the County's working citizens who need help.

011 - Municipal Service Benefit Unit (MSBU) - Fire Protection Fund provides firefighting and related services to citizens in the unincorporated area of the County.

144 - Combined Communication - Fees and fines collected by the sheriff, pursuant to Section 121.37 of the Code of Ordinances of Alachua County, shall be deposited by the sheriff into a special revenue fund.

148 - Municipal Service Benefit Unit (MSBU) - This fund accounts for all revenues and expenditures related to refuse/garbage collection within the mandatory designated County collection areas in accordance with Florida Statute 403.706(1). The Refuse Collection Center is run by the County.

149 - Gas Tax Uses Fund - The primary operating fund of Public Works – Road & Bridge Department. The primary revenue source for this fund is fuel taxes as well as transfers in from the General Fund and Gas Tax Revenue Bonds.

287 - 2016 Series Public Improvement (Bond) - To finance the costs of acquisition and construction of certain capital improvements within the County and to finance the costs of refunding certain Public Improvement Bonds.

288 - 2016 Series Gas Tax Refunding (Bond) - To finance the costs of acquisition and construction of certain road improvements within the County.

300 - Capital Projects Fund - Accounts for bond proceeds and other allocations for general facilities improvements.

400 - Solid Waste System Fund - This fund accounts for revenues and expenses associated with refuse/garbage disposal, recyclable reclaiming, care of closed landfills, and collection activities outside the mandated designated Alachua County collection area.
403 - Collection Centers - Accounts for the revenues and expenditures associated with the rural collections centers that collect solid waste, yard trash, bulk items, household hazardous waste and recycling items.

405 - Waste Management Assessment - Accounts for the revenues and expenditures associated with Alachua County’s Waste Management Assessment.

406 - Closure/Post-Closure - This fund is maintaining the liability related to the closure of the Southwest Landfill.

501 - Self Insurance Fund - This fund was established for the purpose of self-insuring the County’s Workers Compensation and Liability exposures.

503 - Fleet Management - Encompasses all the costs associated with purchasing and maintaining Alachua County’s Fleet.

507 - Health Insurance - Self funded insurance plan funded by County employees. This fund was established in accordance with Section 112.08 of Florida Statutes.
Performance Management Overview:

History:

The county leadership envisions Alachua County, FL as a progressive and sustainable organization. Leadership encourages staff participation at all levels, promotes the reduction and/or elimination of bureaucratic “silos” and ultimately memorialized the vision of county service through the Alachua County Board Level Strategic Guide.

The County’s Strategic Planning and Performance Management Program: Aligns the Board’s mission, values, and strategic guide to the County’s day-to-day operations and employee performance. The program guides the direction of our work to ensure support for identified strategies and goals, and accountability for our efforts. Performance Management and Measurement can be a powerful tool to integrate strategic planning, budgeting, and management with evaluation and reporting in a system that helps create an accountable, transparent, and responsive organization.

Alachua County uses the performance management system to help set program priorities and to ensure our organizational priorities match those of the community via the Board’s guidance. This performance management system also helps to develop meaningful measures, especially efficiency, effectiveness, and outcome measures, to gauge program success. These measures are then able to provide the tools and data necessary to help every employee focus on delivering desired outcomes. Moreover, the Performance Management Program increases organizational coordination by providing managers with data on established measures that allow for necessary management decisions to achieve desired results more effectively and efficiently. The organization becomes aligned so that employees at all levels know how to contribute to the overall goals and objectives of the department.

AWARDS:

Alachua County is honored to be recognized for the sixth year in a row (2015-2020) as one of the recipients of the International City/County Management Association (ICMA) – Center for Performance Management’s “Certificate of Excellence” for our superior performance management efforts.

Alachua County was also awarded the ‘Special Performance Measures Recognition’ by the Government Finance Officers Association (GFOA) for the performance management information contained in the County’s Adopted Budget Document for the fiscal year beginning October 1, 2019. The County was rated as ‘Outstanding’ by three independent raters for the Performance Measures rating category.
**Present:**

The Alachua County Board of County Commissioners conducted a SWOT (strengths, weaknesses, opportunities, and threats) Analysis for the County. The information generated during the SWOT Analysis was used to identify long-term strategic issues that the county should address. The strategic issues were organized into six (6) Focus Areas and a total of 27 Objectives were identified. This document was named the Alachua County Board Level Strategic Guide and was adopted in 2014.

Since Alachua County has been actively involved in operational analysis and performance management for almost two decades, implementation of the Board Level Strategic Guide was not as lengthy of a process as if the County had started with no existing framework in place. The Strategic Guide will evolve over many years. Most recently, the County implemented a new performance management and strategic planning software system to align more than 170 operational measures with the Board’s Guiding Vision. Additionally, the County is encouraging departments to develop objectives and measures that align with the recently updated Comprehensive Plan.

While the adoption of a formal Strategic Guide framework was a major milestone, the County periodically evaluates the progress of our Performance Management program and determines our future course.

The use of a Performance Management and Measurement system results in the following:

- Improved communications within departments
- Promotion of ‘Systems Thinking’
- Promotion of accountability by focusing on objectives and outcomes
- Measurement of goals through definition of qualitative and quantitative measures organization wide
- Aligning efforts from the Commissioner’s Strategic Guide cascaded through the departments, divisions, programs, and employee performance

Additionally, under the Performance Management and Measurement umbrella, the following major milestones were achieved:

- Implemented the selected Performance Management & Strategic Planning software (AchieveIT), including system set-up for all Board identified Focus Areas/Objectives, selected and aligned more than 170 operational measures, built dashboards, and completed agency-wide training.
- Reinforced operational alignment with the Board Level Strategic Guide.
- Awarded the Certificate of Excellence through the ICMA Center for Performance Analytics for six (6) consecutive years (2015-2020).
- Enhanced community knowledge of performance results through the budget document, performance chapter, business plans, and community outreach and educational meetings.
• Performance results and accomplishments were published in the County’s Budget documents.

All of these accomplishments occurred as a result of an integrated and collaborative effort between the County Manager, Leadership, Performance Liaisons, and direct support staff.

Future:
The Strategic Planning and Performance Management and Measurement Program is a living, dynamic program. The nature of the program requires continuous monitoring and improvement in order for this program to survive and be successful.

• Activities are building for the County Commission to evaluate and adopt new Board Level Strategic Guide objectives during a workshop in calendar year 2021.
• With the implementation of a new Performance Management & Strategic Planning software, future enhancements will include increased managerial utilization of the new Dashboard feature to evaluate effective communications of performance measures and results.
• In 2019 the County adopted a revised Comprehensive Plan. As such, departments will be expected to identify measures and multi-year targets, and report the corresponding data into the performance management system for reporting to the Board of County Commissioners and the public. This activity will coincide with the development of a new Board Level Strategic Guide.
• A bottom up approach will be taken to encourage employees to contribute suggestions to the soon-to-be updated Strategic Guide.
• The cascade philosophy will continue to be supported and reinforced with focus on educating all staff at all levels of the organization.
• Operational Performance Audits are beginning and will continue for the foreseeable future. Those audits will include operational performance and benchmarking and will involve a centralized staff to oversee the audit recommendation implementation.
• Best management practices outlined by the Government Finance Officers Association (GFOA), the International City/County Managers Association (ICMA) – Center for Performance Management, and the Government Accounting Standards Board (GASB) – Service Effort and Accomplishment Performance Information standard will continue to be evaluated and implemented within our performance management program.

As with any worthwhile endeavor, this is a developmental and learning process for Alachua County.
Performance Measures:
Performance measurement is the practice of regular and continuous data collection and reporting on important aspects of an organization’s services, programs, or processes. Performance measures are numeric indicators representing specific process or service delivery activities. When done well and used effectively, performance measures contribute to a manager’s ability to make decision, ensure service delivery, evaluate program performance, communicate program results, and improve program effectiveness.

Effective performance measurement will:
- Instill a sense of mission and focus
- Indicate where the local government has made progress
- Assist leaders in making day-to-day decisions
- Provide a tool to communicate agency’s performance
- Increase program accountability
- Identify improvement areas

Additional details on the performance management process can be obtained through the adopted Performance Management Administrative Procedure. Operational performance measures and program results are published in the Performance Management Chapter. Additionally, each department reports, on a quarterly basis, operational performance measures, which are displayed in the Business Center Budgets Chapter.

The Constitutional Officers and Judicial offices do not fall under the Board of County Commissioners, and as such, choose to report their performance measures separate of this budget book.
Reporting:
The reporting of performance measures in Alachua County, through the Performance Management and Measurement program is multi-layered. Below is a listing of the documents in this chapter, the Performance Management Chapter, which will help to outline our performance management program.

4.2 Looking Forward to a Sustainable Future: A Framework for Success – This document is an overview of the agency’s management philosophy, including the mission and values of the County.

4.3 Strategic Plan Cascade Chart – This document reflects the alignment of the Board’s mission, values and strategic guide to our day-to-day operations and personal performance. This chart is used to help all employees understand how they personally impact our agency goals.

4.4 Strategic Guide Overview – This document identifies our six (6) Board of County Commissioner identified Focus Areas, which are those services area categories integral to our operations. The use of this chart helps the departments break away from the ‘silos’ mentality to help focus outcomes cross-departmentally in order to achieve desired objectives.

4.5 Focus Area to Department Relationship Chart – This document reflects the linkage of department/ division/program missions and objectives to the Board’s Strategic Plan Focus Areas and Objectives. This chart can be used to drill-down into the Business Center Budget documents to review the relationship of division/program mission, vision, objectives and measures. Each department identified primary and secondary relationships to the Focus Areas and Objectives.

4.6 Strategic Plan Outcome Report – This document summarizes operational information by Focus Area. It provides:

- Focus Area definition,
- Board Level Objectives,
- Budget Allocation Summary,
- Showcase measures directly aligned with the identified Focus Area and Objective. These measures are also contained within the Business Center Budgets section of the Budget Document, and
ICMA
INTERNATIONAL CITY/COUNTY MANAGEMENT ASSOCIATION

This Certificate of Excellence is presented to

Alachua County, Florida

for exceeding the standards established by the International City/County Management Association in the identification and public reporting of key outcome measures, surveying of both residents and employees, and the pervasiveness of performance management in the organization’s culture.

Presented in conjunction with the 106th ICMA Annual Conference

September 24, 2020

ICMA President
Looking Forward to a Sustainable Future:  
A Framework for Success

Mission Statement:  
Alachua County’s mission is to provide responsive service to citizens and responsible stewardship of county resources for current and future generations.

Values Statement:  
**Integrity:** We adhere to standards of ethical conduct.  
**Honesty:** We are truthful, fair and open with our fellow employees and the people we serve.  
**Respect:** We are responsive, compassionate and courteous in all our interactions.  
**Diversity:** We embrace the value and power of diversity in our community.  
**Innovation:** We are committed to the consideration and implementation of new ideas.  
**Accountability:** We are accountable for our behavior and the quality of work performed individually and in teams.  
**Communication:** We encourage open communication and the sharing of ideas to enhance the decision-making process.

Commission Goals:  
**Quality of Life:** To enhance and preserve Alachua County’s quality of life by integrating environmental, economic and social equity principles in county decision making.  
**Partnerships:** To increase confidence in County government by enhancing citizen participation and forging new partnerships with public and private organizations.  
**Excellence in County Government:** To excel in all areas by focusing on performance, accountability and customer service.

Major Opportunities and Challenges in Fiscal Year 2021

- Collaboratively work through the impacts of the COVID-19 pandemic in Alachua County, including distribution of CARES Act funding.
- Renovate the Equestrian Center, including offices for the UF/IFAS Cooperative Extension Program.
- Develop plans and identify funding sources for a new community based sports center and a new Government Administration Building.
- Oversee the CareerSource activities until a new management structure can be established.
- Maintain and improve the County’s transportation infrastructure.
- Encourage transformational projects in East Gainesville through consolidation of four (4) City of Gainesville Community Redevelopment Areas (CRAs).
- Reduce homelessness through rapid re-housing.
Performance Management Program: Aligns the Board’s mission, values and strategic guide to the County’s day-to-day operations and personal performance. The program guides the direction of our work to ensure support for identified strategies and goals, and that we are accountable for our efforts.
Alachua County Board Level Strategic Guide
(Established 2014)

PUBLIC SAFETY
- Reduce jail population by prevention, treatment, and diversion
- Maintain welfare and protection of the general public (law enforcement, fire/rescue, code enforcement, etc.)
- Disaster planning, mitigation, and recovery

NATURAL RESOURCES
- Review and implement adopted energy and water conservation plans
- Implementation of Comprehensive Plan regarding natural resources
- Stewardship of land conservation inventory – includes maintenance and access
- Guide community planning and growth
- Manage waste sources responsibly

ECONOMIC OPPORTUNITIES
- Support efforts to provide a diversity of job opportunities (reduce poverty and unemployment rates correlation)
- Work with Chamber of Commerce to review policies and regulations that will make the County attractive to business or that hinder business operations
- Continue to support QTI program
- Promote cultural and environmental tourism
- Continue to improve collaboration with municipalities, UF, and SFC to leverage job creation and share successes

GOVERNANCE
- Ensure fiscal stewardship through policy development and financial management
- Provide for a qualified and engaged workforce through policy initiative, such as competitive compensation and benefits
- Provide a system to respond, address and track citizen requests, complaints, etc.
- Use alternative tax and fee methods to shift burden from property tax

SOCIAL STRENGTH & WELLBEING
- Financially support community programs that address the needs of pre-school children and their families
- Expand internship and apprenticeship programs in the county to give students “real world” experience
- Conduct needs assessment to identify services needed for senior citizens
- Provide information and ensure assistance, advocacy, and support are available
- Ensure safe and affordable housing options

INFRASTRUCTURE/ CAPITAL IMPROVEMENTS
- Work to address current backlog in road repair
- Update space needs study to address facilities, maintenance, and capacity
- Review, update, and fund (as feasible) technology plan to meet the needs of the county and the citizens
- Encourage collaboration with private sector to expand affordable internet access throughout the county
- Improve parks and recreation programs

FOCUS AREA: PUBLIC SAFETY

It is the mission of the County to ensure the safety of residents and visitors, improve the quality of life and reduce personal and property loss through the provision of rehabilitative services, jail diversion activities, equitable enforcement of laws and codes, preparedness, mitigation and timely response and recovery.

The County will minimize the impact and occurrence of crime, injury, poverty, mental illness and addiction resulting in a clean and safe community.

Objectives
- Reduce jail population by prevention, treatment, and diversion
- Maintain welfare and protection of the general public (law enforcement, fire/rescue, code enforcement, etc.)
- Disaster planning, mitigation, and recovery Budget and Fiscal Services facilitates the optimal use of County government resources, guides future operational decisions, and assists the County Manager to identify opportunities to better serve our customers and citizens.

Examples of Services Provided
- Fire Protection & Emergency Medical Services
- Codes Enforcement/Building Inspection
- Animal Services – Field Operations
- Roadway Safety (Transportation)
- Solid waste collection and disposal
- Work Release

<tr>
<td>Percent of Metamorphosis residential program capacity utilized - Reported Quarterly (Metamorphosis)</td>
<td>9/30/20</td>
<td>At Risk</td>
<td>Staying above 95%</td>
<td>62%</td>
<td>During Phase 1 COVID response, Metamorphosis did not accept new admissions into the residential program. As Alachua County moved into Phase 2, Metamorphosis began to accept new admissions, placing restrictions on the numbers accepted into the program to maintain safety precautions. Restricting the intake of new clients into the program resulted in this measure being off track.</td>
</tr>
<tr>
<td>Percent clients retained in the Drug Court program - Reported Quarterly (Drug Court)</td>
<td>9/30/20</td>
<td>On Track</td>
<td>Staying above 70%</td>
<td>88%</td>
<td>This decline from the last quarter is result of the reduced daily face to face reporting and UA testing. However, we remain on track.</td>
</tr>
<tr>
<td>Percent of Pretrial defendants who successfully complete supervision - Reported Quarterly (Pretrial)</td>
<td>9/30/20</td>
<td>Off Track</td>
<td>Staying above 85%</td>
<td>60.2%</td>
<td>Toward the latter part of this year, clients started either picking up new charges or failing to report as required. Although, we did have several clients who were re-arrested but released back to us</td>
</tr>
<tr>
<td>Percent of Community Service cases successfully completing conditions ordered - Reported Quarterly (Community Services)</td>
<td>9/30/20</td>
<td>Off Track</td>
<td>Staying above 70%</td>
<td>63.8%</td>
<td>There were 152 Cases / 63.8% Success Rate; 97 Successful and 55 Not Successful. Due to COVID 19 some community service sites closed consequently reducing opportunities for clients to serve hours. During Phase 1 the program was closed for this part of program activity. The program opened back up as the county relaxed restrictions in Phase 2 however many sites remained closed. These actions and responses resulted in this measure being off track.</td>
</tr>
<tr>
<td>Percent of pretrial investigations completed prior to First Appearance - Reported Quarterly (Pretrial)</td>
<td>9/30/20</td>
<td>On Track</td>
<td>Staying above 95%</td>
<td>100%</td>
<td>As essential employees Pretrial staff continued to gather investigation information and complete Risk Assessments.</td>

Alachua County Fire Rescue (ACFR) has obtained five Butterfly IQ portable ultrasound devices that will allow paramedics to assess internal injuries in patients, saving both time and lives. With the addition of this equipment, the department becomes the only Emergency Medical Service (EMS) provider to offer this advanced care in the region and one of only a few departments utilizing this technology in the State of Florida and throughout the nation. The ultrasound device allows Critical Care paramedics to quickly identify internal injuries in a patient’s chest and abdomen while in the field.

Alachua County Emergency Management announced the ability for Special Needs Registry Program registration to be conducted online. The Alachua County Special Needs Registry is specifically targeted for individuals that have certain physical or medical conditions and no options to shelter at home, with friends, family, or elsewhere during a disaster. The Registry enables Alachua County Emergency Management and Alachua County Department of Health staff to coordinate needs with registrants in advance of tropical weather or other incidents requiring sheltering. The pre-registration was especially important to plan for needed resources and space in light of the COVID-19 pandemic and active hurricane season.
FOCUS AREA: GOVERNANCE

It is the mission of the County to ensure all operations are managed with the best possible internal systems including accountability, fairness, and transparency. As stewards of public funds, the County will communicate its current and future financial condition to the public through the dissemination of clear and concise information and will set financial policies, implement progressive budget practices that promote full accountability, and soundly manage resources. The County will attract, recruit, and retain a qualified and diverse workforce by providing competitive and equitable compensation and benefits, a healthy and safe work environment, and learning and professional growth opportunities. Additionally, the county will provide open and responsive government to the citizens and stakeholders.

As a result, our citizens will have a high level of confidence in county staff, trust in county operations, and enjoy county provided services.

Objectives
- Ensure fiscal stewardship through policy development and financial management
- Provide for a qualified and engaged workforce through policy initiatives, such as competitive compensation and benefits
- Provide a system to respond, address and track citizen requests, complaints, etc.
- Use alternative tax and fee methods to shift burden from property tax

Examples of Services Provided
- County Manager, County Attorney, Commission
- Budget & Fiscal Services
- Human Resources and Information Technology
- Communications/Legislative Affairs

County Commission Lowers Property Tax Rate: In a move that will save taxpayers approximately $6.5 million, the Alachua County Commission has lowered the millage rate of both the General Fund and the Law Enforcement, Municipal Services Taxing Unit (MSTU). With the adoption of the FY2021 Budget, the General Fund millage rate has dropped below 8 mills for only the third time in the last three decades. The millage rate has gone from 8.2729 mills to 7.8935 mills. Had the millage rate remained the same, the County would have collected $127.8 million. At the adopted lower rate, the County will collect $122.3 million, for a savings of $5.5 million to taxpayers.
FOCUS AREA: NATURAL RESOURCES

It is the mission of the County to foster community stewardship and sustainability of the county’s natural resources to assure a healthy environment. Emphasis will be placed on well-managed water resources, responsible waste management, purchase and management of sensitive lands, cleanup of contaminated properties, upholding strong resource protection policies, and energy conservation. The County will guide community planning and long-term sustainable growth by implementing the goals, objectives, and policies of the Comprehensive Plan. Natural resource protection and community planning will be accomplished through the implementation of best management practices and clear and consistent regulations.

As a result the County will be a desirable place to live, work and play and will have clean air and water and vibrant, diverse ecosystems such that this heritage may be bequeathed to future generations.

Objectives
• Review and implement adopted energy and water conservation plans
• Implementation of Comprehensive Plan regarding natural resources
• Stewardship of land conservation inventory - includes maintenance and access
• Guide community planning and growth
• Manage waste sources responsibly

Examples of Services Provided
• Land and Water Resources
• Comprehensive Planning & Development Services
• Waste Alternatives Program
• Household Hazardous Waste program
• Petroleum Management

Focus Area: SOCIAL STRENGTH & WELLBEING

It is the mission of the County to improve the quality of life for all citizens by providing an array of efficient and effective, preventative and alternative health, behavioral health and social services.

As a result, citizens of all ages will have access to proactive and innovative programs that improve their physical, mental and social well-being.

Objectives

- Financially support community programs that address the needs of pre-school children and their families
- Expand internship and apprenticeship programs in the county to give students “real world” experience
- Conduct needs assessment to identify services needed for senior citizens
- Provide information and ensure assistance, advocacy, and support are available
- Ensure safe and affordable housing options

Examples of Services Provided

- Medicaid payments
- Health Department - WeCare, primary care, and FluMist funding
- Veteran’s Assistance
- SHIP, CDBG, NSP housing programs
- Internship and student employment programs
- Inmate Medical payments
- Public Transportation/RTS funding for unincorporated area

County Launches Interactive Housing Map: Alachua County launched an Interactive Housing Map. The map guides individuals in finding affordable housing options as they consider making Alachua County a place to call home. The map is also for residents looking to move within the County. The Interactive Housing Map includes locations of housing options, public institutions, transportation, hospitals and healthcare centers, and food markets throughout the County. The website also provides contact information for various housing assistance partners and a tool for landlords to provide a location and contact information for available rental units.

Alachua County Community Support Services Office of Community Stabilization hosted the Fourth Annual Family Information/Children “Happyween” Fun Day. There were special activities for children including bicycle safety demonstrations, fire truck and ambulance tours, and entertainment. Happyween connects families with local agencies, organizations, law enforcement, emergency management services, County and City fire rescue services, health, housing, and employment services. Agencies assisted with questions and gave referrals.

The Alachua County Mental Health First Aid (MHFA) Training Initiative was recently recognized with an Achievement Award from the National Association of Counties (NACo). The Department of Court Services managed this Initiative. This responsibility was granted in recognition of the Department’s prior experience in helping MHFA training be expanded to local criminal justice agencies under a grant from the Department of Children and Families. Court Services staff recruited participants for training across over 50 separate organizations, scheduled all trainers, identified venues for training, and managed statistics to ensure completeness and accuracy. The MHFA Initiative was a three-year effort to fully train County employees in an internationally recognized, evidence-based training curriculum, which is designed to provide practical tools to help identify mental health issues and respond appropriately. Partnerships with local behavioral health providers were essential to the success of the County’s campaign. Staff at Meridian Behavioral Healthcare and Partnership for Strong Families provided the training faculty (each of whom is certified by the National Council for Behavioral Health (NCBH) through a rigorous program) to deliver the training. Over 110 separate full-day training sessions were offered during the Initiative.

The Alachua County Housing Program has been awarded funding, through the Coronavirus Relief Funds (CRF), in the amount of $556,533.00 to assist with back rental, mortgage, and utility payments. This is for assistance to those that can demonstrate direct COVID-19 impacts as the cause of the inability to pay. This assistance is for households in Alachua County, including in the City of Gainesville. Awards are up to $10,000.
FOCUS AREA: ECONOMIC OPPORTUNITIES

It is the mission of the County to encourage sustainable economic development by encouraging expanded employment opportunities; introducing economic strategies; establishing community-wide partnerships; and retaining, expanding and developing diversified locally based businesses and industries and attracting new businesses. The County’s principal economic incentive will be to improve and invest in public infrastructure for the mutual benefit of the public and private sectors. As a result the County will benefit from a healthy economy which includes reduced poverty, higher wages, an expanded economic base, diverse opportunities, and creative, environmentally-responsible industries.

Objectives
- Support efforts to provide a diversity of job opportunities (reduce poverty and unemployment rates correlation)
- Work with Chamber of Commerce to review policies and regulations that will make the County attractive to business or that hinder business operations
- Continue to support QTI program
- Promote cultural and environmental tourism
- Continue to improve collaboration with municipalities, UF, and SFC to leverage job creation and share successes

Examples of Services Provided
- Economic Development program
- Qualified Target Industry activities & funding
- Visitors & Convention Bureau
- Agricultural Extension services
- Small Business Enterprise Ordinance

The Alachua County Commission approved the expenditure of $46.9 million in Federal CARES Act dollars as outlined in the County’s CARES Act Plan. In their initial action, the Commission emphasized that their most important priority was getting relief to individuals and businesses.

The following is the initial distribution plan:

1. $21.1 million for Individual Assistance Grants
2. $7.5 million for Small Business Relief Grants – 25 employees and less
3. $7.5 million for Medium Business relief grants – more than 25 to 50 employees
4. $2 million for Medical Expenses
5. $2 million for Public Health Expenses
6. $1 million for payroll expenses
7. $3.3 million for expenses of actions to facilitate compliance with COVID-19-related public health measures
8. $2.5 million for any other COVID-19-related eligible expenses reasonably necessary to the function of government

Alachua County transitioned the old Fairgrounds Site on the corner of Waldo Road and N.E. 39th Avenue to the US Army for development of an Equipment Concentration Site (ECS). The ECS provides for the storage and maintenance of generators, trucks, and other public works-type and non-combat vehicles. Maintenance facilities are typically state of the art and offer opportunities for vocational and trade-school jobs.
BOARD LEVEL FOCUS AREA: Economic Opportunities
BOARD LEVEL OBJECTIVE: Work with Chamber of Commerce to review policies and regulations that will make the County attractive to business or that hinder business operations

No new activity for this Objective in FY 2020.

BOARD LEVEL FOCUS AREA: Economic Opportunities
BOARD LEVEL OBJECTIVE: Continue to support Qualified Target Industry (QTI) program

Per Florida State Statute 288.106 ‘Tax refund program for qualified target industry business’ - An applicant may not be certified as qualified under this section after June 30, 2020. A tax refund agreement existing on that date shall continue in effect in accordance with its terms.

BOARD LEVEL FOCUS AREA: Economic Opportunities
BOARD LEVEL OBJECTIVE: Continue to improve collaboration with municipalities, UF, and SFC to leverage job creation and share successes

The County continued to work with community partners through the COVID-19 pandemic to set up informational resources, provide for distribution of CARES Act funding, and evaluate impacts on individuals and businesses.
**BOARD LEVEL FOCUS AREA:** Economic Opportunities

**BOARD LEVEL OBJECTIVE:** Promote cultural and environmental tourism

The Alachua County Visitors and Convention Bureau (VCB) "What's Good" weekly event guide received the state’s highest honor, the "Henry Award," in the category of Consumer Resource Communications at the recent Visit Florida Flagler Award ceremony.
Focus Area: INFRASTRUCTURE & CAPITAL IMPROVEMENTS

It is the mission of the County to be accessible, to be responsive, to provide superior customer service, and reflect sound management of the County’s capital assets and infrastructure. As a result, the County will provide a well maintained roadway network, clean, safe, and energy efficient public facilities (including recreational areas/parks); accessibility to County government services and information through the use of technology; and responsible stewardship of the County’s physical assets.

Objectives

• Work to address current backlog in road repair
• Update space needs study to address facilities, maintenance, and capacity
• Review, update, and fund (as feasible) technology plan to meet the needs of the county and the citizens
• Improve parks and recreation programs to meet the needs of the county
• Encourage collaboration with private sector to expand affordable internet access throughout the county

Examples of Services Provided

• Transportation Capital projects & planning
• Capital Projects/New Construction
• Parks infrastructure & maintenance
• ITS infrastructure & security
• Telecommunications
• Vehicle & Equipment replacement & management
• Community Redevelopment Agency funding

Public Works would like to highlight a few completed projects during FY 2020:  
Projects: Construction Completed  
- Multi-use trail from Poe Springs Park to US 41 in High Springs  
- NW 91st Street Sidewalk from Santa Fe Campus to CVS driveway  
- NW 16th Avenue resurfacing from NW 13th Street to Main Street  
- Tower Road from SW 8th Avenue to Newberry Road and West University Avenue from Tower Road to the east end  
Projects: Construction Ongoing  
- SW 8th Avenue Connector from Tower Road to SW 20th Avenue  
- Alachua County Fairgrounds in Newberry  
- SW 24th Avenue sidewalk from SW 87th Way to just east of SW Tower Road  
Transportation:  
- Began collecting curve data and shoulder data for all of our roads.  
- Began working on the ADA Transition Plan  
Stormwater:  
- Implemented the use of pipe crawler video technology for storm pipe inspections  
- Replaced pedestrian bridges along W University Avenue and NW 43rd Street with culverted crossings, to reduce long term maintenance costs.

Facilities Department Excels in Sanitizing Buildings: Alachua County Facilities increases efforts to keep County public buildings sanitized and safe during the COVID-19 pandemic. Since the onset of the pandemic, the Facilities Department has installed a new enhanced cleaning and training regimen for County staff, providing special training to employees while also stocking new cleaning and disinfecting supplies and equipment with an emphasis on targeting COVID-19 and other infectious viruses. The steps have been designed with the goal of protecting the health and safety of both the public and County employees.

Table of Contents
Fund Balance Overview

Fund Balance depicts the County's fiscal position on the first day of a given fiscal year; conversely, it can also be defined as the amount of revenue remaining from the previous fiscal year after all expenses are paid.

From a budgetary standpoint, there are two components that, when combined, result in what is commonly understood to be Fund Balance; namely, the Beginning and the Ending Fund Balance. **Beginning** Fund Balance represents the residual resources available to be used at the end of the previous fiscal year. Some influences taken into consideration when calculating a projected beginning fund balance for the next fiscal year include:

- a. All authorized positions are budgeted at 100% for the year. However, due to a variety of factors, primarily turnover, not every department will use their entire Personal Services budget.
- b. Grants and Aid from the County to other governments and non-profit agencies are budgeted at the full allocation. However, most of these grants are reimbursements for services provided with a maximum allocation by year end and routinely a balance remains.
- c. Contracts for Services and Capital Equipment are budgeted at the full estimated amount so the contract or purchase order can be awarded. However, there are some contracts where not all work is completed by year end, some equipment will not be received by year end, or actual costs are less than the published not-to-exceed amount.

Similarly, thought should be given toward projecting excess revenue. For example, local governments in Florida follow a statutory requirement that certain revenues must be budgeted at an amount not less than 95%. This is the case for ad valorem revenue which is calculated by applying a specific millage rate to the total taxable property value of an area; however, discounts for early payment and adjustments to the tax roll (taxable value) result in collecting an amount somewhere between the budgeted 95% and 100% of the calculated total. Revenue collected above the 95% level would be included in the Beginning Fund Balance projection.

**Ending** Fund Balance represents the amount protected to ensure fiscal stability and positive cash flow particularly during the beginning of a fiscal year prior to the receipt of new revenue (ad valorem, sales tax, fuel tax, et cetera).

**Fund Balance** (total budgeted Fund Balance) is the difference between Beginning and Ending Fund Balance and represents the revenue offset for the budgeted Reserves and some of the one-time expenditures anticipated in the coming fiscal year.
The following series of tables present a simplified and conservative major fund examination of ending fund balances. Revenues are shown in the first table, expenditures are shown in the second table, and reserve balances are shown in table three. These three tables are the framework for the information in the final table, which shows the ending fund balances for each major (reporting) fund.

The Ending Fund Balance by Major Fund table lists the budgeted beginning fund balance, the budgeted Revenue/Sources, the Expenditures/Uses, and the budgeted Reserves for each of the County’s major (reporting) funds. The ending fund balance is calculated by combining the beginning fund balance and revenue amounts and subtracting the expenditure and reserve amounts.

MAJOR COUNTY REVENUES

Alachua County relies on a variety of revenue sources to finance operations and capital activities. These sources include taxes, special assessments, fees, intergovernmental funding and service charges. Some examples of revenue sources include user fees that finance court services and animal services, gasoline taxes that finance roadway construction and maintenance, and permit fees supporting building permit and inspection programs.

There are several major factors that impact revenues: changes in taxable property values and millage rates, changes in overall county-wide population, changes in specific service populations and their demands, increases or decreases in real disposable income (which measures residents’ after-tax buying power adjusted for inflation), and inflation. One or more of these factors, or “drivers”, impact revenues directly or indirectly.

Estimates of revenues for budgetary purposes are gathered from a variety of sources. Based on past trends of current and future conditions, operating departments, agencies, and Constitutional Officers provide estimates of revenue from program-related fees (charges for services), state and federal grants, licenses and permits, and fines. The Florida Department of Revenue provides estimates of revenues from the Local Government Half-Cent Sales Tax, various State-collected gasoline taxes, and the State Revenue Sharing program. Ad valorem tax revenue, the remaining major revenue source, is estimated from taxable property values provided by the Property Appraiser by July 1st of each year in conjunction with applicable millage rates.

The following sections discuss major revenues and how they have changed over time.

AD VALOREM TAXES

Property taxes, also called ad valorem taxes, have traditionally been the major source of revenue for local governments in the State of Florida. For Alachua County, these taxes comprise the largest percentage of all revenue—about 31.89%.

Alachua County levies a property tax on all non-exempted property within the County, including that within municipalities, for services provided throughout the County. This tax is referred to as the Countywide Property tax and is deposited into the General Fund. Alachua County also levies a Municipal Services Taxing Unit (MSTU) Property Tax to fund Law Enforcement services in the unincorporated areas of the County.

In addition to the Board of County Commissioners of Alachua County, other jurisdictions in the county have the authority to levy their own property taxes. Entities such as the cities, St. John’s River Water Management District, Suwannee River Water Management District, Alachua County Library District, and the Alachua County School District all levy ad valorem taxes. Each of these tax levies is listed on a consolidated tax bill sent to individual taxpayers.
OTHER TAXES

The Other Taxes category includes receipts from non-ad valorem sources such as certain types of locally-imposed gasoline and sales taxes, and tourist development taxes.

Fuel Taxes – This revenue classification includes, the Voted (9th Cent) Gasoline Tax and two Local Option taxes, the 1-6 cent Local Option Fuel Tax and the 1-5 cent Local Option Fuel Tax that was approved by the County Commission in 2007. The 1-5 cent Local Option Fuel Tax went into effect on January 1, 2008, along with a two-cent constitutional tax and 1 cent county tax. Fuel taxes collected within Alachua County are distributed among the County and its nine municipalities.

Fuel taxes are an important source of funds for road network improvement, maintenance, and road resurfacing. Gasoline tax revenues have slightly decreased over the last several fiscal years. It is important to note that this tax is per gallon of gasoline and is not based upon the price of the fuel. Increases to fuel prices do not increase the revenue to the County.

Local Option Tourist Development Tax – This tax is imposed primarily on tourist-related resorts and facilities and provides funding for tourist enhancement activities. Future changes in this revenue are largely dependent on changes in the hotel occupancy rate, which in turn depends on the performance of the state economy in general. A 1st and 2nd cent tax has been imposed and is used to fund capital projects and marketing. A 3rd cent tax funds the Tourism Grant Program. A 4th and 6th cent Tourist Development Tax was imposed during FY10. The revenue collected is used to fund the Tourist Development operations.
**Communications Services Tax** – In 2001, the State of Florida established the Communications Tax. The law replaced and consolidated several different state and local taxes with a single tax comprised of two parts: the Florida communications services tax and the local communications services tax.

Currently, Alachua County has a rate of 6.9%. This tax is levied in the unincorporated area only. The nine municipalities levy their own communications services tax.

The Communications Services Tax revenues are likely to reflect the rapid and comprehensive change occurring in the communications industry. New technologies, particularly internet and wireless, are changing the way we use telephones, computers, and television. These changes will continue to complicate the forecasting of this revenue. The Office of Management and Budget will continue to use state government forecasts for this revenue source.

---

**Public Service Tax** – The public service tax is a 10% surcharge on utilities including electric, water, diesel, and propane. In future years, it is likely to grow further along with the rates charged by local utilities.
INTERGOVERNMENTAL REVENUES

The County receives 7-8% of its revenue from intergovernmental sources, including federal and state grants.

**Grants** – Major grants received by the county include funding for Foster Grand Parents, Victims of Crime Advocacy (VOCA), anti-drug and mental health programs, environmental issues, and housing grants for community development and housing rental.

**State-Shared Revenues** – The County Revenue Sharing and Local Government Half-Cent Sales Tax Programs are important sources of funding for the County.

![State Shared Revenue FY15-21](chart.png)

**County Revenue Sharing Program** – The Florida Revenue Sharing Act of 1972 was an attempt to ensure a minimum level of revenue parity across units of local government. This program is funded by net cigarette tax and sales and use tax collections.

**Local Government Half-Cent Sales Tax Program** – Authorized in 1982, this program generates the largest amount of revenue for local governments among the state-shared revenue sources. It distributes a portion of state sales tax revenue, and a portion of communications services tax revenue. This program’s primary purpose is to provide relief from ad valorem and utility taxes in addition to providing revenues for local programs.

**The Constitutional Fuel Tax** is a 2-cent levy shared with counties only. Eighty percent of the revenue can be used for debt service, if any, to be managed by the State Board of Administration. Any remainder of the 80 percent portion is then distributed to the County. The other 20 percent is given to the County for the acquisition, construction and maintenance of roads. This revenue will remain a continuous source of income.

**The County (1 Cent) Fuel Tax** is considered a State-Shared Revenue since its distribution is based on a State-set formula – not based solely on total collections within the county of collection. This revenue, along with other gasoline taxes and road network impact fees, is used to finance road network improvements and maintenance.

**The Documentary Stamp Tax** is levied at the rate of $.70 per $100 (or portion thereof) on documents that transfer interest in Florida real property, such as warranty deeds and quit claim deeds. This tax is paid to the Clerk of Court when the document is recorded. The Clerk of Court sends the money to the Department of Revenue and the Department distributes the funds according to law. Portions of the documentary stamp tax are transferred into the Local Government Housing Trust Fund for distribution to eligible county and municipal governments to fund the implementation of local housing assistance plans.
CHARGES FOR SERVICES

Charges for Services comprise approximately 15% of budgeted revenue and include receipts from such services as ambulance transports, internal service charges, fees for housing federal prisoners, and municipal, commercial and franchise solid waste disposal fees. In preparing the County's annual budget, the departments whose operations are supported by these fees provide the estimates of anticipated revenue. Departments rely upon past trends and their accumulated expert knowledge to construction these estimates.

Solid Waste Residential Assessments – These non-ad valorem assessments, which appear on the ad valorem tax bill, fund residential solid waste collection and disposal as well as provide a stable revenue source. Solid waste assessments began in the mid-1980s. All residents of the County pay for refuse disposal and the fee is determined by residency in an incorporated town, the “mandatory collection urban area” or in the rural areas of the County. Additionally, a management assessment is charged. The majority of the residents are charged for the quantity of refuse. Franchise haulers are also required to purchase a franchise license. All parties utilizing the transfer station pay a tipping fee.

Enhanced 911 Fee – This fee is paid by landline telephone subscribers within Alachua County to fund the 911 emergency service programs. The monthly rate is 40 cents per access line. There is a similar fee imposed by the State of Florida on cellular telephone subscribers to fund the electronic 911 system. Part of this levy is shared with the Counties.

MISCELLEANEOUS REVENUES

Miscellaneous Revenues account for approximately 2% of total revenues. Interest, special assessments and impact fees account for the majority of revenues in this category. In addition to the revenues detailed below, this category also includes rental income, sale of surplus equipment, property and land, and contributions and donations. The County does not currently budget for unrealized changes in the value of its investments, but they are reflected in its financial statements and they impact future years’ budgets through changes in the fund balance brought forward.

Fines and Forfeitures – consist mainly of court and local ordinance violation fines.

Interest Earnings – The majority of the County’s investments are with the State Board of Administration. All interest earned is remitted to the County.

Impact Fees – Impact fees on new construction were implemented to finance capital facilities needed to maintain service levels in areas of growth, including roads, parks and fire.

FUND BALANCE

Fund Balance represents the difference between a fund’s current assets and its current liabilities. For accounting purposes, fund balance is calculated as of year-end and is based on the difference between actual revenues and expenditures for the fiscal year. If revenues exceed expenditures, fund balance is positive and carries forward as revenue to the following year. If expenditures exceed revenues, any existing fund balance from a prior year is reduced. A study of changes in fund balances can indicate financial trends and fiscal health. Extreme quantities of fund balances or large fluctuations may indicate possible policy adjustments by the governing body or changes in budget procedures.

| Grand Total                                  | 2,014.50    | 2,071.94    | 2,073.55    |

Changes made for the FY21 Budget include increases of 2.0 for new grants through Community Support Services and 0.2 for Environmental Protection through retirements and internal reorganization. There were a total decreases of 1 from grant-funded positions in both Community Support Services and Growth Management when their specific grant funding was reduced, and a total of 2 vacant positions, 1 each from Tourism and IT from attrition.

A county-wide reorganization was phased in from Dec. 2019 through Sept. 2020. This eliminated Parks & Conservation Lands, with Parks becoming part of Community & Administrative Services and Conservation Lands becoming part of Environmental Protection. The Department of Public Safety and Community Services was created by moving all of Animal Services from Community & Administrative Services and 10 Codes Enforcement positions from Growth Management and Solid Waste & Resource Recovery. The Office of Resiliency and Sustainability was created within General Government, moving the Economic Development Coordinator from Community & Administrative Services. The reorganization also centralized the fiscal staff out in the departments within Budget and Fiscal Services. All other changes reflect funding allocation updates as part of the reorganization.

Increases totaling 2.41 occurred during FY20 as part of an internal audit; the FY21 total correctly reflects these changes.
BASIC INFORMATION ON PROPERTY TAXES

The calculation of assessed value of real and tangible personal property and how much of this value is subject to ad valorem taxation varies from state to state. In Florida, each county has an elected Property Appraiser whose office supervises the property valuation process following the appropriate state laws, regulations and professional guidelines.

EXEMPTIONS

Florida law provides specific exemptions to reduce the value of property subject to taxation. Some of the more frequently used exemptions are:

**Homestead** – For all permanent residents of Florida, the first $25,000 of the taxable value of an owner-occupied residence is exempt. Certain elderly low-income homeowners may also qualify for an additional exemption called the *Senior Homestead Exemption*. The Board of County Commissioners set this additional exemption at $25,000.

Constitutional Amendment 1 approved by Florida voters in January of 2008 has created an additional $25,000 homestead exemption on assessed values between $50,000 and $75,000. Homesteaded properties assessed at less than $50,000 do not receive this exemption, and properties assessed at between $50,000 and $75,000 receive a reduced exemption.

**Tangible Personal Property** – Tangible personal property is any furniture, fixtures, and equipment related to a business and/or rental property that can be seen or touched. Under Constitutional Amendment 1, the first $25,000 of tangible personal property is exempt from ad valorem taxation.

**Government** – All property owned by the government is exempt.

**Widows** – An additional $500 in value is exempt if the resident-owner is a widowed permanent resident.

**Disability** – In addition to any other exemptions, an additional $500 in value is exempt for totally and permanently disabled or blind residents.

**Institutional** – All properties of non-profit organizations used for literary, scientific, educational and charitable purposes are exempt.

**Senior Homestead Exemption** – An additional $25,000 of the value of an owner-occupied residence may be exempted for low-income homeowners exceeding 65 years of age as of January 1.

**Super Senior Exemption** – This additional exemption is equal to the assessed value of the homesteaded property up to $250,000. To be eligible for this exemption, the property owner must be at least 65 years old as of January 1st of the tax year, have legal or equitable title to the property with a just value of less than $250,000, have maintained permanent residency on the property for not less than 25 years, and have a limited household income as defined by general law (currently $29,454 annually).
COMPUTING PROPERTY TAXES

To compute the property tax on a parcel, you need to know three factors: the assessed value as determined by the Property Appraiser; the amount of the assessed value not subject to taxation due to the application of exemptions; and the millage rate authorized by the appropriate taxing authority. For example:

Start with the **ASSESSED PROPERTY VALUE** = $200,000

Minus the amount of any **EXEMPTIONS**:

For example, Homestead Exemption is $25,000; additional Homestead Exemption under Constitutional Amendment 1 is another $25,000.

This results in a **TAXABLE PROPERTY VALUE** = $150,000

Then divide the **TAXABLE VALUE** BY $1,000 = $150. Multiply this answer by the levied millage. For instance, using the FY21 Adopted countywide millage rate of 7.8935 ($7.8935 per thousand dollars of taxable value), the countywide property tax would be: $150 X 7.8935 = $1,184.03.

THE AGGREGATE ROLLED-BACK RATE

Historically, much of the legislation in Florida governing the setting of millage rates has been centered on the concept of the “rolled-back rate”. The “rolled-back rate” is that millage rate which, when applied to the taxable value after excluding new construction, additions to structures, deletions, and property added due to geographic boundary changes, would provide the same ad valorem tax revenue as was levied during the previous year.

The “rolled-back rate” is used as a standardized point of comparison to show how millage rates are changing from one year to the next. The purpose of the “rolled-back rate” calculation is to allow local governments to identify when they are drawing more tax revenue from existing property. For example, an increase in the assessed value of existing property draws more tax revenue for governments even when those governments keep the same millage rates as the previous year. The aggregate “rolled-back rate” varies significantly from the total millage rate because the combined ad valorem revenue from the General Revenue Fund and the MSTU – Law Enforcement Fund is divided by the countywide taxable value in calculating the “aggregate rolled-back rate” even though ad valorem revenue from the MSTU millage is generated from a much smaller tax base. At the public hearings in September, the County is required to show how proposed millage rates compare to the “aggregate rolled-back rate” and then identify why the proposed rate differs from the “aggregate rolled-back rate”.

FIRE PROTECTION ASSESSMENT

Tier 1 – Based on the simple availability of Fire Protection service which is available equally to all parcels of all types within the County by virtue of the continued state of fire protection readiness provided and maintained by the County. This tier is equal for all parcels.

Tier 2 – In order for the assessment to be fairly and reasonably apportioned among the properties that receive the special benefit, Tier 2 is based on the level of improvement related to each parcel. Thus, the higher the level of improvement, the higher the Tier 2 Assessment that would be charged. This tier is based on Equivalent Benefit Units (EBUs). Each EBU is representative of each $5,000 of structure value. For example, a structure with a value of $15,000 would equate to 3 EBUs.

Exempted from the Fire Protection Assessment include government, agricultural, faith based, and charitable properties.

SOLID WASTE ASSESSMENT

The Solid Waste Assessment is a non-ad valorem assessment lawfully imposed by the County against residential property to provide solid waste management and the provision of collection and disposal services and facilities including the generation of Revenues necessary to pay all or any portion of the solid waste cost.

Solid waste cost is (1) the amount necessary in any fiscal year to fund and provide solid waste management to residential property in the County, which shall include recycling activities undertaken by the County or mandated by any other governmental entity, and the provision of collection and disposal services and facilities; and (2) the estimated cost to be incurred during any fiscal year relating to the collection of the Solid Waste Assessments, including any service charges of the Tax Collector and Property Appraiser and any amounts necessary to offset the maximum discounts available for early payment of non-ad valorem assessments pursuant to applicable law.

The regulation of the collection and disposal of solid waste generated within the County provides a public purpose and promotes the health, safety and welfare of the citizens of Alachua County.

EXEMPTIONS

Florida law provides specific exemptions to reduce the value of property subject to taxation exemptions. The Solid Waste Assessment exemptions include those of the property taxation exemptions, as well as:

Hardship Exemption - To qualify for a hardship exemption, the owner of Residential Property shall meet the following criteria: (1) the owner shall occupy the Residential Property and be entitled to a homestead exemption pursuant to Chapter 196, Florida Statutes, (2) for the twelve (12) months immediately prior to the date the application for a hardship exemption is filed, the owner and all other occupants of the Residential Property on the date of such application shall have a combined income less than the Income Exemption Standard for the number of occupants of the Residential Property or the owner shall have received Aid to Families with Dependent Children (AFDC), Supplemental Security Income or is currently certified for any service offered by the Office of Social Services, within the twelve month period preceding the adoption of the Annual Assessment resolution; and (3) the owner shall have the present intent to maintain the Residential Property as his/her permanent place of residence during the entire Fiscal Year for which the Solid Waste Assessment to be imposed is exempted.

Exemption for Inaccessibility - Residential property in the Mandatory Area, which is inaccessible to a contractor, may apply for a partial exemption from the Solid Waste Assessment.

STORM WATER ASSESSMENT

The Florida Legislature has mandated that local governments in the State of Florida, including the County, have the responsibility for developing mutually compatible storm water management programs consistent with the rules and regulations of the Florida Department of Environmental Protection, the water management districts, and the storm water management programs established and maintained by other local governments.

The County maintains a system of storm water and surface water management facilities, including but not limited to inlets, conduits, manholes, channels, ditches, drainage easements, retention and detention basins, infiltration facilities, and other components as well as natural waterways.

Those elements of the County storm water and surface water management system that provide for the collection, storage, treatment, and conveyance of storm water are of benefit and provide services to Benefitted Property within the County.

The cost of operating and maintaining the storm water management system and the financing of existing and future repairs, replacements, improvements, and extensions thereof should, to the extent practicable, be allocated in relationship to the benefits enjoyed, services received, or burden caused therefrom.

Public health, safety, and welfare are adversely affected by poor water quality and flooding resulting from inadequate storm water management practices.

Benefitted Property either uses or benefits from the presence and operation of the storm water management system. Those benefits include, by way of example and not limitation, (1) the provision of storm water management services and the availability and use of facilities or improvements by owners and occupants of such property to properly and safely detain, retain, convey or treat storm water discharged from such property, (2) stabilization of or the increase of property values, (3) increased safety and better access to property, (4) improved appearance, (5) rendering property more adaptable to a current or reasonably foreseeable new and higher use, (6) alleviation of the burdens caused by storm water runoff and accumulation attendant with the present or projected use of property, and (7) fostering the enhancement of environmentally responsible use and enjoyment of the natural resources within the County.

The storm water charges provide an equitable method of funding the capital cost of storm water improvements and the storm water service cost, by fairly and reasonably allocating such costs to specially benefitted property classified based on the storm water burden expected to be generated by the physical characteristics and use of such property.

Storm Water Assessments shall be collected pursuant to the Uniform Assessment Collection Act, and the County shall comply with all applicable provisions thereof.
EXEMPTIONS

Florida law provides specific exemptions to reduce the value of property subject to taxation exemptions. The Storm Water Assessment exemptions include the property taxation exemptions as well as:

**Hardship Exemption** – To qualify for a hardship exemption, the owner of Residential Property shall meet the following criteria: (1) the owner shall occupy the Residential Property and be entitled to a homestead exemption pursuant to Chapter 196, Florida Statutes, (2) for the twelve (12) months immediately prior to the date the application for a hardship exemption is filed, the owner and all other occupants of the Residential Property on the date of such application shall have a combined income less than the Income Exemption Standard for the number of occupants of the Residential Property or the owner shall have received Aid to Families with Dependent Children (AFDC), Supplemental Security Income or is currently certified for any service offered by the Office of Social Services, within the twelve month period preceding the adoption of the Annual Assessment resolution; and (3) the owner shall have the present intent to maintain the Residential Property as his/her permanent place of residence during the entire Fiscal Year for which the Solid Waste Assessment to be imposed is exempted.

Entities also exempt from the Storm Water Assessments include charitable and religious non-profit organizations, burial grounds, and Disabled Veterans.

Functional Department Budgets
Budget and Fiscal Services
Budget and Fiscal Services
Departmental Narratives

Mission Statement
Budget and Fiscal Services facilitates the optimal use of County government resources through budgeting, performance management, procurement and contract administration, risk management and employee benefit services, New World/Tyler Technology financial system administration, Cenergistics contract administration, and countywide fiscal services support.

Vision Statement
Ensure quality customer service, transparency, and fiscal accountability for all stakeholders.

Executive Summary
Budget and Fiscal Services manages the activities of the Office of Management and Budget, the Procurement and Contracts division, the Risk Management division, the Performance Management program, New World/Tyler Technology financial system administration, Cenergistics contract administration, and provides oversight to fiscal staff and fiscal services for most departments under the Board of County Commissioners.

Budget and Fiscal Services facilitates the optimal use of County government resources, guides future operational decisions, and assists the County Manager to identify opportunities to better serve our customers and citizens.

Ultimately, the budget, as presented by the County Manager and adopted by the Board is an organizational expression of community and agency priorities. The Budget and Fiscal Services staff are committed to the County's mission of providing responsive service to citizens and responsible stewardship of County resources.

FY 2020 Accomplishments
- Received the Distinguished Budget Award from the Government Financial Officers Association for the 27th year; two Management and Budget employees received their Certified Government Finance Officer (CGFO) Certification. (Management and Budget)
- Received the International City/County Management Association (ICMA) Center for Performance Management Certificate of Excellence for the 6th year in a row. (Performance Management)
- Received the Government Financial Officers Association Special Performance Measurement Recognition for performance management content and transparency in the budget reporting and budget document process. (Performance Management)
• Budget and Fiscal Services (BFS) staff maintained operational effectiveness during remote work situations due to the COVID-19 Pandemic. (BFS) maintained support to all County Departments to ensure their operations were not impeded.
• Finalized a complete re-write of the Alachua County Procurement Code, approved by the Board of County Commissioners in January 2020. (Procurement)
• Prepared a balanced budget and maintained financial stability following recommended best practices through virtual meetings and in the midst of a pandemic. (Management and Budget)
• Implemented an electronic signature system, DocuSign, to support remote/electronic signature of contracts which supports operations during the COVID-19 Pandemic. (Procurement)
• Transitioned to a new Alachua County Health and Wellness Clinic administrator. (Risk Management)
• Completed the Cost Allocation Study. (Management and Budget)
• Worked with the Facilities Management Department to implement the majority of operational performance audit recommendations, including the successful implementation of the CITYWORKS Work Order Management System. (Performance Management)
• Developed and implemented numerous protocols, policies, and procedures for protecting the health and safety of both citizens and employees of Alachua County, including, but not limited to: requirements for Personal Protective Equipment (PPE) for Alachua County Employees; procedures for Countywide food delivery to citizens in need; developed and implemented new Shelter Management Training under COVID-19 guidelines. (Risk Management)
• Managed the successful transition of a new vendor for the Employee Health and Wellness Center as well as the transition to a new Flexible Spending Account Administrator. (Risk Management)
• Received approval from the Deferred Compensation Advisory Committee and the Board of County Commissioners to consolidate the assets of the 457 Plans (Deferred Compensation) to one record keeper. This consolidation will result in an annual overall saving for plan participants of $140,000 in administrative fees. (Risk Management)
• Worked with our 3rd party electronic bidding provider to ensure that all bids were acceptable electronically during the COVID-19 Pandemic and to streamline the process for future bidding opportunities. (Procurement)
• Worked extended hours under a State of Emergency, as part of Emergency Support Function (ESF-7), to ensure that the Board of County Commissioner departments and the Alachua County community had stock of PPE and other emergency supplies, as needed. (Procurement)
• Researched, recommended, received approval, implemented, and publicly released CARES Act processes to assist local governments, individual citizens, and small businesses through the COVID-19 Pandemic and economic impacts.
FY 2021 Goals

- Budget and Fiscal Services will continue to maintain operational effectiveness through a combination of in-office and remote operations as long as is required by the COVID-19 Pandemic.
- Continue to monitor and provide recommendations regarding preparing and presenting a balanced budget with the impact to various funding sources as a result of the COVID-19 Pandemic. (Management and Budget)
- Begin implementing the Cybersecurity Audit recommendations in conjunction with the Information and Telecommunications Services Department. (Performance Management)
- Refine/maximize the use of Demandstar, Cobblestone, and DocuSign to ensure maximum, effective use in the processing and management of contract documents. (Procurement)
- Draft, review, and implement a complete re-write of the Procurement Procedures Manual. (Procurement)
- Apply for the National Procurement Institute's “Achievement of Excellence in Procurement Award”. (Procurement)
- Conduct Defensive Driver and Forklift Training for Public Works personnel. (Risk Management)
- Implement procedure to reduce the cost of Specialty Drugs by 10%; reduce Alachua County Employee Motor Vehicle Accidents by 15%; and reduce Worker’s Compensation injuries by 15%. (Risk Management)
- Successfully manage the transition of the 457 Deferred Compensation Plan to one record keeper. Projected to be completed in the first quarter of FY 2021. (Risk Management)
- Complete a Fee Schedule Study. (Management and Budget)
- Release the New World/Socrata interactive finance portal to the public to increase financial transparency. (Financial Systems Administration)
- Implement Executive timekeeping software, that is integrated with New World financial systems, to improve time keeping processes. (Financial Systems Administration)
- Continue to process CARES Act funding in the most effective and efficient manner possible (via payment in the form of debit cards, checks, and direct deposit), while also complying with all federal and state regulations for the disbursement and accounting of funds.

Significant Budget Variances

As approved in the County Manager's Reorganization proposal presented to the Board in January 2020, Fiscal Services staff will be consolidated under the Budget & Fiscal Services Department.

### FOCUS AREA: GOVERNANCE

#### Percent of departmental operational performance measures reported as 'On Track' - Reported Quarterly (Performance)

As a result of COVID-19 impacts to operations, a number of quarterly operational performance measures as well as cumulative performance measures did not meet the target for the quarter and/or for the fiscal year. As operations continue to normalize, we anticipate this outcome measure will meet the target.

#### Percent variance of projected revenue estimates to actual revenue received - Annual Average (Management & Budget)

Alachua County’s revenue projections were impacted by the decline in revenue sources due to the impacts of COVID-19. The Budget staff adjusted revenue expectations for fiscal year 2021 and will continue to monitor revenue sources impacted by COVID-19 pandemic, including sales tax, tourism tax, and gas tax into the new fiscal year.

Community and Administrative Services
Mission Statement
Alachua County’s mission is to provide responsive service to citizens and responsible stewardship of county resources for current and future generations.

Parks and Open Spaces - To acquire, improve, and manage environmentally significant lands that protect water resources, wildlife habitats and natural areas suitable for resource-based recreation.

Vision Statement
Community and Administrative Services is committed to providing the highest level of citizen-focused service.

Executive Summary
The Community and Administrative Services Department provides excellent internal and external customer service, through oversight of Accreditation, Agenda Office, Commission Services, Equal Opportunity, Department of Information & Telecommunications Services, Organizational Development and Training, Parks and Open Space, UF/IFAS Extension Services, and Visit Gainesville-Alachua County.

For every official Board of County Commissioners meeting, there must be an Agenda generated. This includes not only the Regular and Public Hearing Meetings, but also Retreats and Special Meetings. The Agenda is created, maintained, and distributed by the Agenda Office, an extension of the County Manager’s Office. In addition to the creation and distribution of agendas, in 2018 the agenda office absorbed fulfilling public records requests and became the Records Custodian for Alachua County in accordance with Florida Statute 119.

Parks and Open Space facilitates the optimal use of County government resources, guides future operational decisions, and assists the County Manager to identify future recreational and open space opportunities to better serve our customers and citizens.

FY 2020 Accomplishments
Accreditation
- Worked in collaboration with Organizational Development and Training (ODT) and Court Services staff to create the first of a series of online training videos, for Court Services staff, to ensure compliance with accreditation training requirements.
- Submitted initial paperwork for the Destinations International accreditation for the Visitor Bureau on December 11, 2019. On February 11, 2020, the
application was approved for the Visitor Bureau to enter into the accreditation process. Immediately, commenced working with Visitor Bureau leadership on creating and uploading Departmental policies and other proofs necessary to show compliance with accreditation standards.

**Agenda Office**
- Implemented the Granicus Boards and Committees software for our Advisory Boards.
- Processed over 350 public records requests with diligence and professionalism.

**Equal Opportunity**
- Maintained service levels and operational effectiveness while working remotely during the State of Emergency, with the exception of in-person public education and outreach activities which were canceled due to the Covid-19 pandemic.
- Implemented new processes to expand language access for the Spanish-speaking community and the Deaf community to virtual public meetings and information related to the State of Emergency, Covid-19 and the County CARES Act. Emergency orders, press releases and social media posts were translated into Spanish; callers to the County 311 Information Line and Crisis Center hotline have access to remote language interpreting assistance. County Commission virtual meetings/discussions related to the State of Emergency, Covid-19 and the County CARES Act were closed-captioned in English and Spanish, with remote Sign-Language Interpretation also provided.
- Worked with County staff on the proposed Equity Charter Amendment on the November ballot, and a resolution establishing a citizen Equity Advisory Board to assist the County in reviewing policies, programs and services for racial and gender bias, and make recommendations on means for eliminating such bias. The resolution was approved by the Board on September 22, 2020.
- Worked with Public Works on the re-certification as a Local Agency Partner with FDOT - updated the Assurance of Non-Discrimination and the Title VI/ADA Non-Discrimination Plan.
- Worked with Facilities on updating the ADA Transition Plan once the survey of all County buildings and facilities were completed. The transition plan is in the final stages of establishing priorities/allocating funds for corrective actions.
- Partnered with the local housing authorities to conduct Fair Housing training and raise awareness of the additional protections in Alachua County against housing discrimination.

**Organizational Development and Training**
- Reviewed all mandatory Skillport employee compliance training (i.e., FMLA, Wage and Hour, etc.) to ensure that it aligns with County policies and procedures, and to brand it more specifically to County employees and their issues and concerns.
• Designed and developed 13 new County courses, many of which included multiple modules
• Completely overhauled all of the shelter training modules to comply with Covid-19 guidelines
• Designed and developed COVID-19 Protocol Guideline Training for Shelter Managers in collaboration with State health officials and County Safety and Emergency Management staff
• Designed and developed Public Records training to be utilized by the Tourism Advisory Board

Parks and Open Spaces
• Park staff assisted with the Food Delivery services as part of the County’s COVID-19 response.
• Park staff completed 12 concrete tee pad conversions for the disc golf course at Jonesville.
• Worked with UF/IFAS Extension Alachua County on crafting a new sports turf care program.
• Awarded and completed construction of Santa Fe Lake Park.
• Awarded and completed construction of the Lake Alto Boat Ramp #20-959.

UF/IFAS Extension Alachua County
• In FY20, despite COVID-19 and not being able to meet face to face with citizens (March-Sept), over 70,000 citizens received researched based information from the UF/IFAS Extension Alachua County office. The social media educational contacts were over 600,000 citizens and volunteers provided 15,000 hours which equates to $360,600.
• In June 2020, the UF/IFAS Extension Alachua County Office successfully moved to the temporary office site in Jonesville, with ground breaking on the new building in October.

Visit Gainesville-Alachua County, FL
• Worked to mitigate impacts to the tourism and hospitality industry created by the COVID-19 pandemic by continually creating awareness of our destination; adjusting marketing strategies in response to travel restrictions and consumer sentiment; and distributing timely and informative communications to stakeholders.
• Created the proposal to re-open short-term vacation rentals which was approved by the Department of Business and Professional Regulations in May 2020.
• Assisted grant agencies to ensure availability of funding and resources and worked to support their activities and events, including the indoor ice-skating rink at the Cade Museum and drive-through safari tours at Carson Springs Wildlife Refuge.
Won a Visit Florida Flagler Award for consumer communications for the bureau’s What’s Good weekly event guide. Since its launch in early summer 2019, the “What’s Good” newsletter has been leveraged to strategically defined distribution channels which include weekly emails to 9,000+ addresses resulting in 62,000 opens; promotion on social media to all counties within a 50 mile radius of Gainesville, Lake City, and Ocala; weekly radio announcements in regional and statewide public radio campaigns; creation of hotel QR code cards and coasters which have been distributed to local breweries, restaurants and attractions; a weekly print version; signage; banners and outreach at events; and branded promotional items.

Created the Safe Stay campaign in partnership with the Alachua County Hospitality Council, providing tools for area lodging and tourism partners to show a unified commitment to the health and safety of those who live, work, and visit Alachua County. The Safe Stay pledge has been signed by owners and managers at 33 of Alachua County’s hotels, motels, and bed and breakfasts and was covered by multiple media outlets.

Revamped the Conference Grant application to better evaluate applicant meeting plans and marketing strategies, and oversaw new planning and initiatives to attract meetings and conferences to Alachua County.

Identified hotels to be used as quarantine locations for Alachua County first responders, unsheltered individuals and students on behalf of the Emergency Operations Center and the University of Florida. Acted as the County’s liaison to quarantine hotels, assisting Community Support Services and the EOC.

Worked toward Destinations International Tourism Accreditation with the Accreditation Manager.

Initiated new marketing strategies including regional and statewide radio and TV campaigns and print advertising, a nationwide campaign featured in Smithsonian Magazine, and the UF Gator Alumni Magazine.

Sourced RFP’s on behalf of meeting planners, acquired leads via tradeshows and marketing campaigns. Coordinated multiple visits and hosted planners, provided survey and follow up with potential leads, established tracking system in Monday.com. Updated the Alachua County destination profile in CVENT, a proprietary industry-specific software used by meeting planners worldwide.

Hosted travel writers and coordinated all aspects of their stay, including accommodations, meals and private tours of attractions.

**FY 2021 Goals**

**Accreditation**

- Work with Visitor Bureau leadership on their accreditation with a goal of completing Destinations International accreditation no later than June 30, 2021.
- Work in collaboration with Organizational Development and Training (ODT) and Court Services staff to complete Skillport training videos for all Court Services required accreditation trainings.
**Agenda Office**
- Continue to process agendas and agenda packets timely for the benefit of the County and our citizens.
- Continue to process public records requests efficiently.

**Equal Opportunity**
- Create online portal for applications for Small Business Enterprise (SBE) certification. (The transfer of the SBE program from Equal Opportunity to Economic Development was suspended when the Economic Development Coordinator position became vacant).
- Continue to research additional resources/technology to ensure effective communication and language accessibility to County programs and services.
- Review internal and external equal opportunity training; explore effective alternatives to in-person training and public education events.

**Organizational Development and Training**
- Transition multiple instructor-led county-specific courses to an online format
- Restructure New Employee Orientation to be a blend of classroom and online courses
- Transition County’s online employee learning system from Skillsoft’s Skillport to Percipio, a more streamlined learning content delivery and management system (also owned by Skillsoft)

**Parks and Open Spaces**
- In progress - BOCC Awarded and construction has started for Jonesville Tennis
- In progress - BOCC Awarded and PO issued for Poe Springs Boardwalk
- In progress - PO issued for the Squirrel Ridge WSPP
- In progress - PO issued for the Lake Alto Picnic Area
- Craft a new mission and vision statement.
- Open Cuscowilla to the public.
- Complete two Wild Spaces Public Places active park projects.
- Provide professional training to staff to expand their knowledge, skills and abilities.
- Two staff will become Certified Playground Safety Inspector (CPSI) certified.
- Create Standard Operating Procedures which will provide guidelines and expectations for our staff.
- Pursue pocket park opportunities in underserved communities.
**UF/IFAS Extension Alachua County**

- The UF/IFAS Extension Alachua County Office will continue to provide scientific information to the citizens in the areas of agriculture, family & consumer sciences, and 4-H youth development through virtual and face to face programming.
- The UF/IFAS Extension Office will reach over 100,000 citizens through educational programming in FY 21, providing solutions for citizens to better their lives.

**Visit Gainesville-Alachua County, FL**

- Continue to market Alachua County to tourists and work on the COVID-19 market recovery plans. Develop new marketing channels and campaigns to enhance current efforts, including digital and billboard campaigns.
- Market the Equestrian Center through social media, website improvements, new printed materials and advertising in targeted publications to attract spectators and event producers to the facility.
- Participate in multiple Visit Florida advertising opportunities, including the Official Florida Travel Map and the 2021 Official Florida Travel Guide.
- Complete the Accreditation process with Destinations International.

**Significant Budget Variances**

The following changes were approved as part of the County Manager’s Reorganization presented to the Board in January 2020:

- Animal Services is moving under the Department of Public Safety and Community Services
- Economic Development is joining Sustainability and a number of other programs under General Government
- Parks and Open Space is separating from the Conservation Lands functions and is moving under Community and Administrative Services

To date, FY2020 collections of Tourist Development Tax has decreased over $850,000 due to the COVID-19 pandemic and its impacts to the tourism and hospitality industry.

</tbody>
</table>

Since COVID-19 changed our reality, Organizational Development and Training has completed no in-person, instructor-led training. However, ODT has deployed agency-wide a shelter training program in Skillport, and ODT is working on several others on-line training programs. We are in the process of developing measures to evaluate usage by remote workers of our on-line SkillPort training software.

#### Training satisfaction rating - Reported Quarterly (Organizational Development and Training)

<tbody>
<tr>
<td>Administration</td>
<td>Accreditation Office</td>
<td>The purpose of the Accreditation Office is to oversee the County’s accreditation process and to work with identified departments and programs by offering guidance, training and support. This will be accomplished by building relationships with County departments to facilitate the development and review of departmental policies and procedures to ensure compliance with established accreditation standards. Additionally, the Accreditation Manager will work with departmental staff to ensure policies, procedures and standard operating procedures/practices are reviewed annually and updated or revised as required to meet accreditation standards and ensure compliance for that function or discipline. Oversight will be provided of assessments, audits and inspections of departmental records and operations used to evaluate the current status and provide assistance as necessary in complying with policies and procedures, state and national standards, best practices and audits. The Accreditation Manager will represent Alachua County at professional associations and state and national accrediting bodies. This position will also conduct reviews and studies on state and nationally recognized best practices and standards to assist departments in developing applicable policies and procedures required for accreditation.</td>
</tr>
<tr>
<td>Administration</td>
<td>Administration</td>
<td>Oversees and coordinates daily activities of the Community and Administrative Services Department and General Government Department</td>
</tr>
<tr>
<td>Administration</td>
<td>Agenda Office</td>
<td>Develops the County Commission's meeting agendas for regular meetings, special meetings, Commission retreats, and public hearings throughout the year. Coordinates public records requests pertaining to the BoCC. The office coordinates with County staff regarding the retention and disposition of public records. Communicates with the Florida Department of State regarding statutes, regulations and interpretations pertaining to Public Records; serves as the Records Management Liaison Officer (RMLO) to the State. Manages the advisory board software and assists advisory board liaisons as needed.</td>
</tr>
</tbody>
</table>

<tbody>
<tr>
<td><strong>Equal Opportunity</strong></td>
<td>Internal: Compliance with Equal Employment Opportunity Laws</td>
<td>Investigate employee complaints of harassment or discrimination; provide guidance to management on equal opportunity issues; conduct targeted recruitment efforts to increase the number of applications from demographic groups under-represented in the County’s workforce, as identified by the current Alachua County Equal Employment Opportunity Plan; monitor the recruitment and selection process and other formal employee actions for compliance with federal and state equal opportunity laws; conduct equal opportunity training for management and employees; prepare and submit federal workforce reports as required. Assist in responding to discrimination charges filed with external agencies against the County.</td>
</tr>
<tr>
<td><strong>Equal Opportunity</strong></td>
<td>Internal: Compliance with disability accessibility laws and regulations and federal regulations governing the programs and services of public entities.</td>
<td>Ensure that County employment programs and services are accessible to persons with disabilities. Review newly constructed or renovated County facilities for ADA accessibility. Coordinate the activities of the Citizens Disability Advisory Committee and conduct public education and outreach events. Ensure non-discrimination in the provision of County programs and services based on protected status such as race, age, and national origin. Investigate citizen complaints of discrimination against a County program or service. The EO Manager serves as the County’s designated ADA Coordinator as required by Title II of the ADA; and as the Title VI Coordinator.</td>
</tr>
<tr>
<td><strong>Equal Opportunity</strong></td>
<td>External Programs: Human Rights Ordinance/Wage Recovery Ordinance</td>
<td>Administer the County’s Human Rights Ordinance which prohibits discrimination in employment, housing and public accommodations. Receive and investigate/resolve complaints; conduct public education and outreach efforts. Serve as liaison to the Human Rights Advisory Board. Administer Wage Recovery Ordinance which prohibits the non-payment or under-payment of wages. Conciliate/resolve complaints.</td>
</tr>

</thead>
<tbody>
<tr>
<td>Equal Opportunity</td>
<td>Small Business Enterprise Ordinance</td>
<td>Administer the County’s Small Business Enterprise (SBE) Ordinance, designed to promote the growth and development of local small businesses. Certify small businesses, maintain online SBE directory and notify SBEs of procurement opportunities. Conduct public education and outreach efforts.</td>
</tr>
<tr>
<td>Organizational Development &amp; Training</td>
<td>Employee Skills Development</td>
<td>The purpose of the Organizational Development and Training (ODT) Office is to develop, build and/or launch online and instructor-led professional competency and leadership development programs that build the capabilities of operational leaders, front-line leaders, high potential employees and other critical talent employees under the Board of County Commissioners. This is done by engaging divisional and departmental leaders and other key stakeholders in the program design and focus; managing the launch, metrics and modifications to address changing needs over time. Additionally, this office develops, builds and launches non-leadership related learning that builds the capabilities of existing and new County employees, and provides them with the skills, tools, knowledge and job aids/resources needed to perform efficiently and effectively.</td>
</tr>
<tr>
<td>Organizational Development &amp; Training</td>
<td>Compliance Training</td>
<td>Through the use of live instructor-led and online learning courses, ODT partners with the Human Resources, Equal Opportunity, Procurement Offices and others to deliver compliance courses for current and new employees to support the Board’s commitment to ensuring that all employees comply with federal, state and local rules, regulations, policies and procedures. By ensuring compliance, not only does our organization become a safer, more hospitable place to work and learn, but we also lower the risk of being financially penalized due to non-compliance. We also partner with other training providers and departments in order to centralize information and record-keeping related to department-specific compliance training efforts.</td>

<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Organizational Development &amp; Training</td>
<td>Consulting</td>
<td>The ODT Office is dedicated to offering programs and services that recruit, retain, and develop top-quality and high-performing managers and staff. Our organizational development (OD) services focus on developing work units, divisions and teams. From strategic planning to managerial coaching, retreat facilitation, and leadership training, our services are delivered by an experienced OD practitioner dedicated to the County’s success. Strategic Planning  • Clarify strategic purpose, team values, goals, and action items to help move a team forward  Managerial Coaching  • One-on-one sessions designed to help individuals gain new skills and overcome obstacles that stand in the way of a team’s progress. Work Group/Division/Departmental Assessment  • Tools such as interviews, surveys, and assessments, including the MBTI to identify key issues and opportunities for improving team/unit/department effectiveness. The E-Learning Content Developer consults with departmental staff to develop online coursework related to a specific function, practice or procedure required for employees. Examples of this content might be emergency management training procedures or protocols, customer service training, regulatory or compliance training or any County-focused training more cost-effectively delivered online.</td>
</tr>
<tr>
<td>Organizational Development &amp; Training</td>
<td>Management Academy and Leaders of Tomorrow</td>
<td>Provide new and existing managers and supervisors with the tools, skills, knowledge and job aids/resources they need in order to effectively lead their work group in the most cost-efficient, highly-productive manner, and with a focus on developing and grooming staff to advance within the County structure. These programs and ongoing workshops are based on a County-specific competency structure (knowledge, skills, and behaviors) needed to be a successful leader or manager in our environment.</td>

Community Support Services
Community Support Services  
Departmental Narratives

Mission Statement  
To be a place of hope and support where individuals are seen, voices are heard, wounds are healed and people are strengthened.

Vision Statement  
The Department of Community Support Services (DCSS) will be recognized as a community partner and leader in program innovation by providing unparalleled access to premier health and human services, which support the sustainable wellbeing of all citizens.

Executive Summary  
The Department of Community Support Services (DCSS) is funded and administered by the Board of County Commissioners (BoCC) and is responsible for addressing the health and human service needs of the citizens of Alachua County. Services are provided through the Department's divisions and programs: Community Agency Partnership Program (CAPP), Community Health Offering Innovative Care & Educational Services (CHOICES), Community Stabilization Program (CSP), Cooperative Agreements to Benefit Homeless Individuals (CABHI), Crisis Center, Foster Grandparent Program, Housing, Social Services, Veteran Services, and Victim Services & Rape Crisis Center.

DCSS is driven by its' mission to provide comprehensive health and human services and establish partnerships to positively impact the wellbeing of individuals, families and communities. DCSS achieves this mission through collaboration with nongovernmental organizations, other government agencies and community partners. The department is a significant funder, convening partner and provider of community services for families and individuals living in poverty, homeless and precariously housed individuals and families, survivors of sexual assault and other crimes, people experiencing emotional distress, children and youth in crisis, low-income seniors and veterans. The Department is responsible for developing systems of care, leading service development, and coordinating and linking services for the County's most vulnerable and at-risk residents. DCSS would not be able to meet its goals without the support of the BoCC and the County Manager's Office. The Department is also reliant on the agency partnerships forged, grant funding and the volunteers utilized to further meet the community's needs.
FY 2020 Accomplishments

- Victim Services Rape Crisis Center was awarded grant funding to add two new bilingual FTE’s to serve Alachua, Bradford, and Union counties.
- Served as staff liaisons to the newly Created Children’s Trust of Alachua County including lead on the procurement and award of over 40 contracts for funds to serve children aged birth to 18.
- Active team member on Census 2020 including linking with vulnerable and hard to count populations including those lacking awareness, technology, and transportation.
- Over 5,000 people attended the HappyWeen 2019 Annual Family Information and Fun Day; over 16,000 people have attended since 2016.
- The CAPP (Community Agency Partnership Program) established and initiated a formal agency monitoring program to increase accountability and to provide needed technical assistance.
- Victim Services and Rape Crisis Center staff assisted with community remembrance activities at the memorial service for the victims of lynching in Alachua County.
- Awarded a "No Cost Extension" from the Substance Abuse and Mental Health Administration (SAMHSA) to continue the CABHI program through April 2021.
- Social Services successfully launched its Permanent Supportive Housing (PSH) program aimed at serving the medically vulnerable, chronically homeless individuals.
- SHIP Rapid Rehousing Program was jointly funded by Alachua County and City of Gainesville serving 44 households.

In response to the COVID-19 Pandemic:

- Staff developed new service delivery methods for crisis and all types of counseling services to include a HIPAA compliant tele-health platform.
- Revised procedures to continue providing face to face services for victims of sexual assault and people in crisis.
- Assisted with the delivery of food to home bound seniors, people living with disabilities, and school children during the Spring Break.
- Initiated the 3-1-1 Critical Information line, responding to hundreds of calls daily.
- Led a Mental Health Strike Team of professionals from UF, Meridian, Gainesville Fire Rescue and others, leading to the planned mailing of an informational brochure to every Alachua County household and a symposium on coping with mental wellness during COVID.
- Over 275 people from around the world registered to attend the Crisis Center hosted a Mental Health and Wellness in the Aged of COVID-19: A Virtual Symposium hosted from September 21-24.
- Organized and supported Homeless Medical Outreach Teams comprised of behavioral health and UF Medical students to provide information, awareness,
resource support, and basic health care for individuals living on the streets and in the woods.

- Assisted the County Attorney’s Office with development and implementation for the placement of human trafficking public awareness signs.
- Alachua County Veteran staff members recognized with Citizenship Award for commitment and service to veterans and families.
- The 2019 Annual Veterans Fair and Homeless Veteran Stand Down drew veterans, active military, families and supporters to this year’s event. Forty-four (44) service organizations including employment services, health agencies and others shared information beneficial to veterans.
- The second Annual Vietnam Veterans Tribute honored local Vietnam Veterans with a motorcycle brigade, in recognition of their service.
- Alachua County Veteran Services Office helped veterans obtain $3,322,688 in benefits.
- CSS established new service delivery models across all divisions to include Zoom, Face-time, Duo, GoToMeeting, and other platforms to engage clients and stakeholders. These platforms allowed staff to provide service without interruption, especially to health compromised and transportation challenged clients.
- Created Senior Citizen Wellness Check Program-calling seniors to ensure that they were safe and providing them with someone to talk with on a regular basis. Wellness check also provided direct referrals for housing, utilities, health, and transportation assistance.
- Maintain in-house food pantry, and coordinate with local providers to ensure food insecure citizens have access to food.
- Active role in supporting CARES ACTS Individual and Business Application Assistance Program.
- Foster Grandparent Program and volunteers partnering with United Way Reading Pals to transition to Virtual Learning and Tutoring.
- Housing awarded $353,326 Coronavirus Relief Funds to assist individuals impacted by the Coronavirus.
- Implement the CARES Act Crisis Intervention from Trauma proposal including the hiring of temporary staff, expanded use of technology for staff and volunteers, and recognition of volunteers that worked in part to re-develop face to face volunteer training, to an online portal.

FY 2021 Goals

- Crisis Center maintains its accreditation through the American Association of Suicidology virtual visit and operations review.
- Issue the FY 2021 CAPP RFA including the use of an online application and begin exploring electronic reporting of program activities and outcomes.
- In coordination with Budget and Fiscal Services, refine the CAPP agency monitoring procedures and conduct additional agency reviews.
• Implement the CARES Act Crisis Intervention from Trauma proposal including the hiring of temporary staff, expanded use of technology for staff and volunteers, and recognition of volunteers that worked in part to re-develop face to face volunteer training to an online portal.

• Prepare a sexual assault needs assessment using input received from various focus groups and surveys to identify strategies to enhance services, gaps in information, and develop long term plans to enhance the coordination of services through new and existing partnerships.

• Address the needs of low-income seniors through coordination among providers, community outreach, wellness checks, access to services and advocacy.

• Conversion to the Direct Upload System which places Veterans Benefits directly into the VA Access System.

• Collaborate with Alachua County Communications Office to create the 1st Virtual Veterans Day Tribute.

• Implementation of Phase Year 2 of the Permanent Supportive Housing.

• Expansion of the Rapid Rehousing Program to include medium-term housing to assist individuals who require more intensive services.

• Increasing our efforts in outreach as a response to COVID, homelessness, senior services and community need.

• Assist in the implementation of two major databases for CSS: Case worthy for Social Services and Neighborly for Housing Program.

• Assist and implement technology needs for communicating with Community Support Services clientele.

Year-to-Date total was 1,357. Alachua County Department of Social Services received BoCC approval on 3/19/20 to focus on Permanent Supportive Housing (PSH) and Rapid Rehousing (RRH). The reduction of citizens assisted with rent and/or utility funding is related to the program’s transition into a case management focused delivery model.

### Community Support Services

#### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Crisis Center</td>
<td>Crisis Center</td>
<td>The County Crisis Center (ACCC) services include 24-hour telephone crisis counseling that is administered via local crisis lines, 311/Rumor Control. The ACCC also provides 24-hour face-to-face counseling and crisis intervention services including: (a) emergency walk-in counseling, (b) daytime counseling appointments, (c) Family Clinic counseling appointments for couples and families (d) emergency crisis intervention mobile outreach [Care Team], (e) community trauma response services, (f) Survivors of Suicide Support Group, and (g) counseling for the Alachua County Employee Assistance Program. The ACCC has approximately 120 highly trained volunteers who provide the majority of these services. In addition, the ACCC offers extensive training and education in suicide and crisis intervention to professional and community organizations, businesses, and specialized programs for medical and mental health professionals. The ACCC coordinates the Crisis Intervention Team (CIT) Training for local law enforcement agencies. ACCC is also a highly regarded training site for psychology and counseling graduate students. A contract with NAMI (National Alliance on Mental Illness) is also under the oversight of the Crisis Center, which provides community education activities related to mental illness.</td>
</tr>
<tr>
<td>Crisis Center</td>
<td>Mobile Response Team</td>
<td>The Crisis Center's Mobile Response Team (MRT) provides 24/7 mobile outreach to youth 25 and under. Outreach services are requested by schools, law enforcement, community agencies, and other concerned parties. Services include crisis intervention, risk assessment, referral/hand off, and follow up/service coordination. MRT staff respond to calls, as well as travel on site, in effort to deescalate and divert from hospitalization when appropriate.</td>
</tr>

## Community Support Services

### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Foster Grandparent Program (FGP)</td>
<td>Foster Grandparent Program (FGP)</td>
<td>Focus on the well being of seniors in Alachua County. Recruits and places volunteers aged 55 and older in public, private non-profit, and proprietary health care organizations serving children with special or exceptional needs (e.g. public schools and not-for-profit day care centers). FGP provides a modest stipend to low-income senior volunteers who fall below 200% of the Federal Poverty Line, which supplements their income. This Program is funded by a Federal grant with County cash match.</td>
</tr>
<tr>
<td>Housing Rehab and State Initiatives</td>
<td>Administration</td>
<td>Housing Staff administer all programs detailed below to support the related needs of Alachua County residents. They administer grants and work with other Divisions in the Department to support identified needs and provide services through them.</td>
</tr>
<tr>
<td>Housing Rehab and State Initiatives</td>
<td>SHIP Funded Housing Programs</td>
<td>SHIP (State Housing Initiatives Partnership) is a state-funded affordable housing program designed to create partnerships that produce and preserve affordable homeownership and multi-family housing. SHIP loans are used to assist income-eligible households to obtain and maintain affordable housing.</td>
</tr>
<tr>
<td>Housing Rehab and State Initiatives</td>
<td>Community Development Block Grant (CDBG) Funded Housing Programs &amp; Neighborhood Stabilization Program (NSP)</td>
<td>Alachua County receives CDBG funds from the State of Florida’s Department of Economic Opportunity (DEO) on a competitive basis. CDBG funding for Housing Rehabilitation is used to make substantial home repairs, and in some cases, to replace substandard housing stock in Alachua County. Neighborhood Stabilization Program (NSP) - Alachua County completed NSP 1 and NSP 3 grants to acquire and rehab 36 foreclosed homes in neighborhoods distressed by high foreclosure rates. The three organizations providing NSP rental housing are the Alachua County Housing Authority, Meridian Behavioral Healthcare, and Neighborhood Housing and Development Corporation. The County has a sub-recipient agreement and conducts annual monitoring of each organization.</td>

<td>There are approximately 20,000 Veterans residing in Alachua County, many of whom are returning from active duty. Through individual and group sessions, County Veteran Service Staff assist Veterans and their families to apply for benefits and link them with services.</td>
</tr>
<tr>
<td>Victim Services and Rape Crisis Center</td>
<td>Victim Services and Rape Crisis Center</td>
<td>The Center provides confidential support to victims and survivors of crime through 24 hour crisis intervention services. This includes counseling, accompaniment during a sexual assault medical exam or a legal hearing, information about victims' rights, assistance with the Victim's Compensation Program, referrals for local financial assistance programs, and advocacy services, such as assisting a survivor with securing services to support healing or ensuring their voice is heard as their case progresses. Meeting the needs of a broad range of clients is important, and the Center has bilingual victim advocates available for Spanish speaking victims. In addition to providing services to many different types of crime victims, the Center is a certified rape crisis center, and provides specialized services to sexual violence survivors in Alachua, Bradford and Union Counties. While services are provided in collaboration with area law enforcement agencies and the judicial system, crime victims are not required to report the crime to access services, unless mandatory reporting laws apply. 6.75 FTE's are funded through the Victims of Crime Act (VOCA) grant, 1 FTE is funded through a Violence Against Women Act (VAWA) grant through the Gainesville Police Department, 2.25 FTE's are funded by grants with the Florida Council Against Sexual Assault (FCASV), and 5 FTE's are funded through Alachua County ad valorem taxes.</td>
</tr>
<tr>
<td>Victim Services and Rape Crisis Center</td>
<td>Child Protection Team</td>
<td>The Child Protection Team is tasked with funding medical exams conducted on children abandoned, abused and/or neglected. Counties are mandated to pay for those exams.</td>

Court Services
Court Services
Departmental Narratives

Mission Statement
To reduce the need for incarceration by rendering timely and accurate information to the Courts while providing a continuum of cost-effective, community-based services to the citizens of Alachua County with emphasis on accountability and preserving public safety.

Vision Statement
Services will be professional, responsive, and consistently available to the community.

Dignity and fairness will serve as our guiding principles.

We will have a seamless continuum of treatment and social services readily available and tailored to the needs of the individual client.

No one will be incarcerated who can be effectively and safely managed in the community.

Executive Summary
The Department of Court Services is primarily a general fund department and has a long history of providing an array of screening, supervision, and treatment services for people under the jurisdiction of County and Circuit courts of Alachua County.

The department is organized into the two divisions: Investigations and Community Services, and Clinical and Treatment Services. The staff includes 85.25 FTEs serving the community, clients of the department, and internal and county staff. Programs and services include screening and reporting at First Appearance, and ongoing screening and release coordination by the Centralized Screening Team; Pretrial Supervision, Community Service, Probation, Day Reporting, Treatment Courts (Drug, Mental Health, and Veteran’s), a Drug Testing Lab, Metamorphosis Residential Treatment Center, Opus Outpatient Treatment Services, and Work Release.

In addition to programs, Court Services has been instrumental in securing grants for improved coordination and planning to address the needs of those entering the criminal justice system with mental health and/or substance abuse disorders. This work engages community partners in researching, evaluating, developing and implementing new processes, programs, and services under the Criminal Justice, Mental Health and Substance Abuse Reinvestment Grant, and the Justice Mental Health Collaboration Program Grant.
Court Services remains a leader in Alachua County’s Stepping Up Initiative. This is an ambitious effort to communicate broadly the issue of the increasing number of those with mental health issues who are incarcerated, identify the impact this challenge has on the community and help develop solutions which are responsive to this challenge. The Stepping Up Initiative, while different, shares the goal of the JMHCP Grant Program, which is to reduce the prevalence of mental illness in our County's Jail through research, analysis and program/policy development.

The Department is committed to serving the community through enhanced services delivered to criminal justice clients and system stakeholders. The dedication of the department is evident in the swift transition from in-person supervision to remote and web-based meeting platforms, allowing staff to maintain constant contact with clients from the outset of Alachua County entering into Phase I of the COVID-19 Pandemic. Contact with the Judiciary, State Attorney, Public Defender and private attorneys has remained constant during phase 1 and 2 of the pandemic.

**FY 2020 Accomplishments**
- Pretrial Services received NAPSA Accreditation in January 2020.
- The department continued implementation of the Mental Health First Aid (MHFA) Training initiative, providing over 2,200 public agency employees across the County with access to information and an action plan to respond to persons in the first stage of a mental health crisis. For this work, Alachua County was chosen by the National Association of Counties (NACo) as a winner of the 2020 NACo Achievement Award.
- The Jail Population Management Program has responded to over 61 urgent medical/mental health referral cases. 70% of the Defendants assisted were released from the Alachua County jail.
- All probation staff were certified to administer the Ohio Risk Assessment (ORAS) to address the Risks and Needs of our clients. This Evidence Based Practice (EBP) assessment tool is required for the Accreditation process and is being implemented.
- The Community Service Program collaborated with the Clerk of Court, Court Administration and other stakeholders in preparing for and conducting a very successful Driver’s License Clinic.

**FY 2021 Goals**
- Objective of OPUS to secure the Behavioral Health accreditation with CARF (Commission on Accreditation of Rehabilitation Facilities). Having an accreditation will provide assurance to the individuals admitted into treatment and the community that OPUS is meeting internationally accepted standards for outpatient services.
• Secure and begin implementation 2nd JMHCP Grant Award from the Bureau of Justice Assistance. Initiate 1st year of a 3-year initiative to bring into operation a coordinating entity for services to target population with broad cross system collaboration, focused especially on middle level between executive and program operations.

• Continue use of the remote supervision plan developed during the COVID-19 pandemic for probation clients to report via telephone, email, ZOOM, and Blue Jeans and other video and teleconferencing options.

• Increase Work Release participation to 70% of the maximum program capacity number.

**Significant Budget Variances**

</table>

Due to COVID 19, reduced employment opportunities in the community resulted in fewer opportunities for inmates to be transferred into the program. This status is reflective of the impact the pandemic has on all sectors of the community, employment and the criminal justice system which were shut down during the Phase 1 response to COVID 19. Together these two external influences led to fewer transfers into the program, resulting in this measure being Off Track.

## Number of new clients in the Day Reporting program - Reported Quarterly (Day Reporting)

<td></td>
</tr>
</tbody>
</table>

There were several factors that impacted the number of defendants released to the program. The first being COVID-19 itself. The judges were more lenient with recognizant releases because of the health risk posed by the virus. There was also an increase in the number of defendants who chose to post bond instead of being supervised due to the pandemic. Lastly, we also had a slight increase in the number of defendants who were ordered to be screened by the courts for the program, but were not appropriate candidates based on program policy.

## Percent of pretrial investigations completed prior to First Appearance - Reported Quarterly (Pretrial)

### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
</table>
| Clinical and Therapeutic Programs | Drug Court | Offers an intensive community supervision and treatment program with routine judicial oversight for felony defendants with substance use or co-occurring disorders:  
• Offers a minimum of one year intensive supervision  
• Reduces criminogenic risk through substance abuse and mental health treatment, education and employment referral and assistance, and other necessary service referrals.  
• Reduces community, health care, social service, and criminal justice costs  
• Reduces recidivism  
• Direct service integration with court service OPUS (out-patient treatment) program and court service Metamorphosis (residential treatment) program  
• Contract service integration with Meridian for Intensive Outpatient treatment services.  
• Successful completion requires stable employment (or educational program), valid driver license, and demonstration of drug-free lifestyle  
• State Attorney dismisses original charges for successful diversion participants resulting in increased future employment, education, and housing opportunities.  
• Court disposes of original charges according to the plea agreement for post-plea participants, reducing potential jail, prison, and additional judicial, clerk, prosecution, and defense costs.  
Drug Court also operates the treatment court drug testing laboratory (1.0 FTE) and provides supervision and administrative support (1.0 FTE) of Veterans Treatment Court and Mental Health Court.  
• Integrated operation with Mental Health Court, Veterans Treatment Court, Metamorphosis, and Work Release  
• Provides additional drug testing services for other Court Service programs (e.g. Day Reporting, Probation, and Pretrial Services) |

## Court Services

### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
</table>
| Clinical and Therapeutic Programs | Mental Health Court and Felony Forensics Division | Provides community supervision and treatment with routine judicial oversight for misdemeanor and felony defendants with mental health or co-occurring disorders:  
- Reduces criminogenic risk through mental health treatment, substance abuse treatment, medication management, and other appropriate service referrals  
- Reduces community, health care, social service, and criminal justice costs  
- Reduces recidivism  
- Reduces jail population by approximately 20 inmates per day  
- Direct service integration with Meridian mental health and residential services. In addition to, court service OPUS (Outpatient) and Metamorphosis (residential treatment) substance abuse programming.  
- Successful completion requires demonstration of stable medication management and the demonstration of a drug-free lifestyle.  
- Average supervision time of approximately nine months to one year  
- State Attorney dismisses original charges for successful participants. This results in increased future employment, education, and housing opportunities (program is diversion only)  

Felony Forensics Division offers competency restoration service and monitoring for felony defendants incompetent to proceed with the legal process.  
- Refers defendants to appropriate treatment provider and monitors defendant treatment progress.  
- Maximum supervision is five years  
- State Attorney prepares post-competency decision and referral to appropriate treatment court or prosecution |

<td>Administration</td>
<td>The Administration staff provides leadership and support including, clerical functions, performance measurements, maintain and account for the Work Release Inmate Trust Fund, maintain inventory of assets, provides HR and IT decision support. Also, maintains and provides support for the Department information system and access to the criminal justice information network equipment including connectivity, security, and proper operation as required by the FDLE and FBI.</td>
</tr>
<tr>
<td>Clinical and Therapeutic</td>
<td>Metamorphosis</td>
<td>A Residential treatment program for adult, chronic Substance Dependence clients or clients with co-occurring disorders, (both mental health and substance abuse). Licensed by the Department of Children and Families and receives state funding. Alternative to jail, which is historically supported by judiciary system both for residential and aftercare services and is part of the continuum of care for other programs. Length of stay 6-12 months; Clinical Staff have master’s degrees with mental health training. Intense therapy provided using Cognitive Behavior Therapy, an evidence based practice. Trauma, mental health, and family issues are also addressed by therapeutic interventions. Psycho-educational groups such as; parenting, anger management, life skills and relapse prevention planning are provided. Employment required (unless they are disabled) prior to graduation. Two transitional housing units that allow people to save money and have a slow, stable and structured transition back into the community. Participants pay 50% of their income to the program while employed. Intensive Aftercare treatment available following a successful completion of residential treatment.</td>

<td><strong>Social Security Benefits Coordination</strong></td>
<td>The Sr. Clinical Forensic Social Worker/Benefit Coordinator is member of CJMHSAG Grant Forensic Team and works closely with Forensic Team of Meridian Behavioral Healthcare, Inc. He/she oversees and coordinates all the activities/efforts relating to SSI/SSDI Benefit for people with disabilities while in the Alachua County Jail and in the community. The Coordinator assists in submitting new applications, benefit reinstatement, benefit appeal process and the general benefit application follow-up with SSA, DDS and ODAR offices. The Sr. Clinical Forensic Social Worker/Benefit Coordinator’s employs SOAR Model in assisting people with disabilities to obtain SSI/SSDI Benefits.</td>
</tr>
<tr>
<td><strong>Investigations and Community Supervision</strong></td>
<td><strong>Investigations</strong></td>
<td>Per Florida Statute, Pretrial Investigations are completed on arrestees for First Appearance Hearings 365 days a year. Staff interviews defendants and verifies information via phone contact with relatives, friends, employers, etc.; and reviews local, State and National criminal histories. Staff also complete and review pretrial risk and needs assessments on all interviewees. Staff compile and present Pretrial Investigative Summaries to the Court that include a criminal history review, preliminary risk / needs assessments and information related to whether the persons are high risk for domestic violence, sexual and/or other violent offenses. Pretrial Services Court Officers also attempt to contact victims of domestic violence during the investigation process to ascertain whether there are safety and/or security concerns that need to be reported to the Judge during First Appearance. The Judiciary uses the investigation information to make informed release or detention decisions, including orders for treatment and/or other special release conditions, based on Florida Statutes which address public safety.</td>

<tbody>
<tr>
<td>Investigations and Community Supervision</td>
<td>Centralized Screening Team (CST)</td>
<td>Court Services has a jail population review process that is performed by a Centralized Screening Team (CST). CST screens eligible detainees who remain in custody within hours after their First Appearance Hearing. In collaboration with the Department of the Jail, the judiciary and treatment partners, the Pretrial Release Assessment Specialists develop and propose release plans to manage and supervise low and high risk offenders ordered to participate in community based supervision programs. Referrals for program screenings can be made by defense attorneys and community partners for defendants in a pretrial status who remain in custody and are appropriate for Court Services programs. CST also provides screening results to attorneys to expedite sentencings at bond reduction hearings.</td>
</tr>
<tr>
<td>Investigations and Community Supervision</td>
<td>Case Management</td>
<td>Pretrial Case Management provides the judiciary with a cost effective alternative to incarceration pending case disposition. The defendant’s supervision can be customized to address their risk and needs, while addressing concerns the Court may have about an unsupervised release. Defendants supervised in the community pending case disposition have the opportunity to work and take care of their family while freeing up jail bed space for high risk defendants. Pretrial Services works in partnership with community based social service and treatment providers. Pretrial defendants are referred to local community treatment providers for services as ordered by the court. Substance abuse, mental health and other forms of treatment reduce the likelihood of re-arrest and failure to appear for court.</td>
</tr>

<td>Investigations and Community Supervision</td>
<td>Electronic Monitoring/GLOBAL Positioning Satellite (EM/GPS)</td>
<td>Pretrial Services fully utilizes technology and provides Electronic Monitoring (EM), Global Positioning Satellite (GPS) and EM monitors compliance with curfew conditions. GPS monitors their whereabouts 24/7 and is an excellent tool to monitor compliance with inclusion and exclusion zones. Participants are allowed to maintain employment, stay or enroll in school, attend treatment and medical appointments. Defendants who are not indigent are required to pay the fees associated with their supervision. This program is also an alternative to jail for inmates with significant medical issues.</td>
</tr>
<tr>
<td>Investigations and Community Supervision</td>
<td>Probation</td>
<td>The Probation program provides judges with a cost effective alternative to sentencing misdemeanor and traffic offenders to jail. Probationers are supervised in the community by staff who monitor compliance with conditions ordered by the court. Conditions of supervision may include monthly reporting, participating in treatment, maintaining employment, completing community service work, paying court assessed fines/court cost, restitution and cost of supervision and to incur no new law violations. Probation officers are required to visit probationers at their place of residence and/or their place of employment.</td>
</tr>
<tr>
<td>Investigations and Community Supervision</td>
<td>Probation - Domestic Violence</td>
<td>Specialized caseloads are designated for offenders charged with domestic battery. These caseloads require specialized training and experience dealing with probationers who exert abusive power and control issues over their victims. Additionally, caseloads involve a high level of victim contact and rapid response when victims may be endangered by probationers who violate court orders. Supervising Officers operate with public safety of victims as their primary concern. Violation of no-contact with victim orders could result in jail sentences of up to 364 days.</td>

<tr>
<td>Investigations and Community</td>
<td>Day Reporting</td>
<td>Day Reporting is an intensive form of community supervision designed for pretrial defendants and sentenced offenders who pose high risks with accompanying high needs. Consequently, program participants have daily contact with program staff to allow for effective oversight and supervision of their cases in a community based program verses being incarcerated in jail. Individuals are required to participate in treatment, educational, and rehabilitative activities according to structured schedules. In addition to being utilized as a final alternative for individuals failing to comply with previous county probation sentences, the program also serves as an alternative to pretrial incarceration for defendants who would remain in custody but for the structure provided through Day Reporting Program. Staff in this program also supervise Thermal Alcohol Detection (TAD). TAD is for pretrial defendants and sentenced misdemeanor offenders needing the most intensive level of community supervision in all Court Services venues. TAD monitors their compliance with abstaining from the use of alcohol.</td>
</tr>
<tr>
<td>Community Supervision</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Investigations and Community</td>
<td>Community Service</td>
<td>The Community Services Program recruits and coordinates governmental and non-profit agencies as worksites so that individuals can complete community service hours as ordered by the Court. These hours are ordered as a condition of county or state probation, as conditions of deferred prosecution and other diversion agreements with the State Attorney and City Attorney Offices, Treatment Courts, Civil Court and other County Compliance Courts. Staff monitors the completion of hours/days worked. Compliance is reported back to the Court and other appropriate entities. Program participants assigned to do community service hours are placed at worksites according to their skills, location, and criminal history. Worksites, including agencies that address the needs of children and their families are available to be worked days, nights, and weekends.</td>

Environmental Protection
Environmental Protection
Departmental Narratives

Mission Statement
To support a community ethic of environmental resiliency and responsible environmental stewardship of the water, air, and living resources in Alachua County.

Office of Land Conservation and Management: To acquire, improve, and manage environmentally significant lands that protect water resources, wildlife habitats and natural areas suitable for resource-based recreation.

Vision Statement
Environmental resiliency will be achieved and clean water, air, and land, and healthy flora and fauna will be preserved and protected in Alachua County by optimizing, not compromising, the balance between natural systems and people.

The Office of Land Conservation and Management will be a leader in conserving, restoring and maintaining the most important natural areas of Alachua County.

Executive Summary
Alachua County is known for clean water, air, greenspace, and abundant fish and wildlife. Our local environmental resources range from the clear springs and underwater caves on the Santa Fe River, to scenic prairie vistas, the Lake Santa Fe and the Newnans Lochloosa Orange lake systems, Gainesville creeks, the eastern wetlands and flatwoods, unique stream to sink basins, the Floridan aquifer, and good air quality.

Our citizens share strong community values for enjoying and protecting these precious natural resources for current and future generations. Alachua County government’s long-standing support for local environmental protection programming is an affirmation of these community values.

Climate change and the increased demand for water required for population growth and land development creates new challenges in protecting our local springs, creeks, lakes, rivers, prairies, wetlands, and forests. Cut backs in State and Federal funding for environmental programming has prompted Alachua County to assume more responsibility for environmental stewardship.

Recent hurricanes and flooding events have reminded us of the importance of adequately maintaining existing stormwater infrastructure and keeping new development out of protected wetlands and floodplains. The County’s amendments to the Water Quality Code to strengthen stormwater treatment and
wetland protection will increase community resiliency to extreme weather events and climate change.

Environmental Protection programming continues to be focused on strengthening local capacity for environmental resiliency. Although the department’s historical emphasis on water resource protection remains, existing programs are being updated to better respond to emerging concerns about climate change. As an interior Florida county, Alachua County’s best return on investment for adapting to climate change, extreme weather, and protecting diminishing water supplies continues to be protecting wetlands, floodplains, natural areas through a combination of conservation land acquisition, investing in green infrastructure, and environmental regulation.

In Alachua County, the remaining undeveloped lands tend to have more environmental constraints to development such as significant uplands habitats, aquifer vulnerability, wetlands, or drainage limitations. Careful environmental planning and review is required to ensure that natural resource impacts are minimized as future land development occurs.

The County’s success in protecting local natural resources will continue to depend upon establishing and maintaining stewardship partners. Citizens; municipalities; regional, state, and federal governments; schools; businesses; and non-governmental organizations all play important environmental protection roles in Alachua County. The Board of County Commissioners support for these local environmental programs recognizes the increasingly important role Florida counties play in providing environmental protection services that reflect strong community values for environmental stewardship.

The Office of Land Conservation and Management implements the Alachua County Forever Program through the acquisition and management of environmentally significant lands. Acquisitions are funded through the Wild Spaces and Public Places one-half cent sales tax. Nominations for acquisition arise from the general public and are vetted by the Land Conservation Board and the Board of County Commissioners prior to the commencement of negotiations. Alachua Conservation Trust provides acquisition services to augment staff through negotiations, contract development and approval, due diligence, and closing. The acquisition team coordinates with complementary programs to secure external funding or management support whenever possible.

The Office of Land Conservation and Management ensures that all real property interests acquired under Alachua County Forever and Balu Forest are managed in accordance with adopted policies and plans to meet the objectives of the program. The program actively manages over 14,000 acres and assists partners with an additional 9,568 acres. New acquisitions will add to these totals. Active management includes the maintenance of 149 miles of roads, trails, and fire lines;
1,600 acres of prescribed burning; timber harvests; treatment of invasive species; and development of resource-based recreation.

The Arboriculture Program is charged with implementing the County tree planting program and with the mission to establish High Value Trees, appropriate for site conditions on County owned right-of-ways, developed County properties, and properties directly influencing the public sphere. The County Arborist will identify planting projects that conform with and further the objectives of Board policy; coordinate with cooperators, sponsors, and volunteers; procure and care for planting stock; and ensure the proper installation and establishment of new trees. As time permits, the Arborist will provide community outreach and technical assistance.

FY 2020 Accomplishments

- Provided technical and regulatory oversight on 422 active petroleum cleanup sites in 11 counties.
- Achieved closure of 11 petroleum cleanup sites.
- Completed 703 petroleum storage tank compliance verification inspections and a combined total of 123 closure, discharge, and installation inspections in our 16-county service area.
- Prepared language for proposed Charter amendment requiring voter approval; for the countywide adoption of regulation and protection measures for listed species habitat, significant geologic features, strategic ecosystems and significant habitat.
- Updated natural resource, tree regulation, landscape and boat dock language for inclusion in the Alachua County Comprehensive Plan and Unified Land Development Code (ULDC).
- Implemented the strengthened Water Quality Code which included expanding the Irrigation Design Standards to the municipalities, limiting the use of landscape fertilizer to a four-month window, and adding provisions to assist homeowners as they voluntarily convert to Florida Friendly Landscapes.
- Hosted three trainings for homeowners’ associations and management companies on the new Florida Friendly Landscaping Code for HOAs and on other pertinent County programs and regulations.
- Secured $100,000 in grant funding and reinitiated the Turf SWAP landscape rebate program.
- Received grant funds to expand the Aquifer Awareness Campaign to include billboards, bus wraps, newspaper ads, and social media to illustrate that the water from our showers, sinks, and sprinklers comes from the aquifer which feeds our springs.
- Initiated Phase II algae removal and replanting of submerged aquatic vegetation at Hornsby Springs.
- Completed the grant funded retrofits to upgrade the Poe Springs septic systems to nutrient reducing systems.
• Conducted a feasibility and siting analysis for a potential treatment wetland for improving the water quality of Newnan’s Lake.
• Began a watershed assessment for Lochloosa Lake to determine nutrient load sources.
• Implemented a Fertilizer education grant that included billboards, television ads, bus wraps, social media, and promotional items to decrease fertilizer use and increase compliance with the Fertilizer Ordinance.
• Launched Water Wisdom educational videos to meet educational program goals using virtual tools in these socially distanced times.
• Implemented a social media campaign to encourage property owners to inspect irrigation systems for leaks.
• Initiated and coordinated the Climate Change Citizen Advisory Committee.
• Acquired fee title to 2,380 acres in six transactions for the Alachua County Forever Program. Two of the properties totaling 28 acres were donated to the County.
• Obtained contracts to purchase fee title to two additional properties totaling 1,567 acres.
• Obtained a commitment for the donation of 233 acres on the Santa Fe River.
• Conducted acquisition activity for the potential purchase of fee title to seven properties totaling 5,621 acres.
• Conducted acquisition activity for the potential purchase of conservation easements on four properties totaling 3,221 acres.
• Established 230 new trees, 198 of which were in priority projects along multi-modal transportation corridors.
• Engaged the community to contribute 360 volunteer hours to assist with tree planting projects.

FY 2021 Goals
• A major challenge and goal for FY 2021 will be to retain petroleum program staff, and maintain our level of service, in the face of the 9/1/20 budget reduction.
• Adopt updated natural resource, tree regulation, landscape and boat dock language for inclusion in the Unified Land Development Code (ULDC).
• Draft and adopt proposed Charter amendment, if referendum passes, for the countywide adoption of regulation and protection measures for listed species habitat, significant geologic features, strategic ecosystems and significant habitat.
• Complete construction of the Little Hatchet Creek Weirs and Sweetwater Trailhead Parking Area LID Retrofits.
• Finalize website updates to restore functionality while meeting ADA requirements.
• Host a drive through rain barrel sale to improve stormwater awareness and the adoption of LID practices.
• Evaluate the effectiveness of the fertilizer educational campaign.
• Improve Land Development Regulations to promote landscapes that are protective of water resources.
• Close on the two land conservation acquisitions under contract totaling 1,567 acres.
• Negotiate, obtain contracts to purchase, and potentially acquire fee title or conservation easements for the protection of up to 8,842 acres.
• Open two new Alachua County Forever Preserves to the public at Turkey Creek Preserve and Balu Forest.
• Work with EPD’s Stormwater Program to complete the Sweetwater Preserve Parking Area and Stormwater Retrofit Project.
• Apply for three resource management grants.
• Draft or update 7 Alachua County Forever management plans.
• Plant 168 trees in priority projects along pedestrian sidewalks, pathways and/or corridors, where pedestrians will benefit from shade.
• Plant 99 trees to enhance parks or other publicly owned facilities.
• Continue to engage with community groups to promote tree planting.

**Significant Budget Variances**

Land Conservation & Management and Arboriculture programs were moved back under the Environmental Protection Department as a result of the approved County Manager’s Reorganization plan presented to the Board in January 2020.

On 9/1/2020, the Petroleum Cleanup Group experienced a 20% reduction in our FDEP contract, directly related to State revenue shortfalls as a result of the coronavirus pandemic. The budget decrease was implemented through a service area reduction from 11 to 10 counties, and re-assignment of 72 cleanup sites.

</tbody>
</table>

### Notes:
- 12 (Q1) + 0 (Q2) + 12 (Q3) + 13 (Q4) = 37. Not being able to do inspections due to health concerns in Q2 made it difficult to meet our annual goal. We were able to conduct inspections during Q3 and Q4.
- 10 (Q1) + 26 (Q2) + 8 (Q3) + 26 (Q4) = 70
- 26 (Q1) + 46 (Q2) + 84 (Q3) + 46 (Q4) = 202
- 25 (Q1) + 81 (Q2) + 8 (Q3) + 10 (Q4) = 124. Presentations were very low in Q3 due to Covid, but we are still on track because of the strong Q2.

Facilities Management  
Departmental Narratives

Mission Statement
The mission of the Facilities Management Department is to repair and improve, renovate, design and construct, and maintain Alachua County’s Facilities; thereby providing a clean, safe, and energy-efficient environment for our customers.

Vision Statement
To operate a world-class Facilities Management Department that is safe, efficient and responsive to the needs of its customers.

Executive Summary
The Facilities Management Department for General Services maintains the built environment that keeps Alachua County government working efficiently. The goal of the Facilities Management Department for General Services is to ensure that every citizen, constitutional officer, and staff member enters a building that is safe, clean and environmentally sound. We continue to look for ways to perform our services in a more cost and time efficient manner.

Even though the economy is improving, the Facilities Management Department for General Services will continue to re-evaluate our service and maintenance delivery model, including the implementation of a Quality Assurance and Control Program. One of the biggest challenges our industry is facing today is that of maintaining an aging fleet of buildings with limited funding. We will continue to work (encompassing a broad spectrum of services) to ensure the built environment provides and enhances security, sustainability, maintainability, accessibility, safety, environmental and physical quality in all County buildings. We strive to make buildings aesthetically pleasing and employee/citizen friendly.

In presenting the Facilities Management budget to the County Manager, the County Commission and the public, our goal is meeting the needs of the County departments and the citizens by providing the highest quality services, in a more cost effective and time efficient manner. Over the next year the County will continue to implement space needs objectives by reducing leased space and moving County departments into County–owned buildings. Facilities is dedicated to bettering Alachua County through our practices.

FY 2020 Accomplishments
- Completed the Security Card Reader Access Program in County buildings County-wide.
- Completed the roof replacement at the Work Release Center.
- Implemented enhanced cleaning and sanitization services in County buildings in response to the COVID-19 Pandemic.
Trained over 12 employees in certification and responding to COVID-19 cases by properly cleaning and sanitizing work places in County buildings.

Implemented CITYWORKS automated maintenance management system. (RSM Recommendation)

Completed the Facilities Condition Assessment identifying near and long-term maintenance needs in County buildings.

Completed the ADA surveys and provided the draft ADA Transition Plan to the County’s Equal Opportunity Office.

Provided and certified employees to perform backflow inspections and repairs with in-house staff.

Assisted Alachua and Bradford Career Source centers with their relocation from 530 West University Ave to 1112 N Main Street in Gainesville, Florida.

FY 2021 Goals

- Complete the implementation of CITYWORKS automated maintenance and asset management software program by September 30, 2021. (RSM Recommendation)
- Redefine and finalize all job descriptions throughout the department by June 30, 2021. (RSM Recommendation)
- Complete the asset inventory of major assets, ensuring that they are entered and tracked in the CITYWORKS assets management database by May 2021. (RSM Recommendation)
- Conduct the analysis of the department’s performance through established key performance measures by September 30, 2021. (RSM Recommendation)
- Complete the design, workflow and full implementation of the preventive maintenance services and processes into the automated maintenance management system by August 30, 2021. (RSM Recommendation)
- Automate the Quality Control and Quality Assurance (QC and QA) initiatives providing continuous improvements in building maintenance services, in County buildings, by September 30, 2021. (RSM Recommendation)
- Complete formalizing Standard Operating Procedures (SOPs) and policies for future state processes by July 30, 2021. (RSM Recommendation)
- Fully integrate warranty tracking and management into the CITYWORKS automated maintenance management system by January 30, 2021. (RSM Recommendation).

General Maintenance: General maintenance includes those critical repairs above the day to day operations.

- Complete the replacement of toilets and fixtures in the holding cells in the Civil Courthouse by February 2021.
- Implement a performance measures and tracking system of in-house work in the CITYWORKS work order software program.
Facilities Preservation: Facilities Preservation projects includes major renovations, equipment upgrades and minor improvements and/or replacement of small rooftops. The following are several projects that we are aiming to achieve in FY2021.

- Replace the roof at the County’s Facilities Main Building by Apr 2021.
- Replace the roof at the County’s Metamorphosis Building by Apr 2021.
- Replace the roof at the County’s SWAG Resource Center by Apr 2021.
- Complete the Fourth-Floor renovation in the Civil Courthouse by June 2021.
- Complete the HVAC Chiller replacement at the County’s Civil Courthouse by July 2021.
- Replace the Heating Ventilation and Air Conditioning (HVAC) Boiler at the County’s Criminal Courthouse by August 30, 2021.
- Replace the Heating Ventilation and Air Conditioning (HVAC) Boiler at the County’s Records Retention building by August 30 2021.
- Complete the roof replacement of the County’s Civil Courthouse by September 30, 2021.
- Complete a $300k renovation of Animal Services Building by September 2021.
- Implement the ADA survey and implement upgrades in multiple County building by September 2021.
- Replace the apron at the main entrance of the County’s Health Department Building by September 2021.
- Replace the roof at the County’s Health Department by September 30, 2021.

Capital Improvement Program (CIP): The CIP program includes the design and construction of major new projects. These CIP projects includes major roof replacements, design and construction of new buildings.

- Complete the design phases including the conceptual, schematic and design development phases, for the New Court Services Building by September 30, 2021.

Training: Training is monumental in ensuring that employees are proficient and efficient in their job functions. Below are several targeted areas of training the department will be focused on:

- Complete GBAC Online Fundamentals training course, for COVID-19 pandemic, providing essential workers with training intended to strengthen skills and build knowledge by teaching preventative measures, response, infection control, and contamination control measures to known or potential infectious disease outbreak situations. Importance of proper cleaning and disinfection for health. The Global Biorisk Advisory Council (GBAC) protocol for response and remediation and use of personal protective equipment (PPE), tools, and equipment will be achieved by May 30, 2021.
• Continue providing in-service training with cleaning employees, ensuring that they are well educated on changes released through the Center for Disease Control and Prevention (CDC); that training opportunities offered by the ISSA Cleaning Management Institute (CMI) are communicated to essential cleaning staff, enabling them to continue providing enhanced cleaning and sanitation services in County buildings throughout FY2021.

• Provide essential workers with training on proper use of Personal Protective Equipment (PPE), disinfecting equipment including electro-static sprayers for disinfecting contaminated areas throughout FY2021.

• Design a training certification program aimed at improving the department’s overall productivity and effectiveness by ensuring employees in various trades such as custodial, electrical, plumbing, heating cooling and air conditioning, and warehouse operations are proficient in their job duties by September 30, 2021.

<tbody>
<tr>
<td>Facilities Management</td>
<td>Life Safety In County Buildings (Fire Suppression and Protection)</td>
<td>County maintenance personnel are required to perform life safety in County buildings, ensuring that they are maintained in a safe manner. Life safety is a totally separate function from maintenance and repairs. County buildings must comply with Federal, State and Local Safety and Fire codes in order to maintain County buildings in a safe manner. The National Fire Protection Association #25 requires all fire alarms and protection systems to be inspected and tested on an annual basis. These inspections shall be performed according to the standards set forth in NFPA Forms 25-13 (inspection, testing, and maintenance of fire sprinkler systems), Form 25-14 (form for inspection, testing, and maintenance of standpipe and hose systems), Form 25-90 (inspection, testing, and maintenance of fire pumps), Form 94-106A (report of inspection and testing of water based fire protection systems quarterly, as well as those requiring annual testing). For example, in order to maintain County buildings in a safe manner, Fire Sprinklers and Riser inspections are required per the National Fire Protection Association 25 Standards for sprinkler inspections and testing of all County buildings. This work shall include fire pumps, sprinkler heads, fire suppression systems, fire risers, Ansul Systems, Halon and FM 200 systems. Fire Alarms systems must be maintained in accordance with National Fire Protection Association Standards 72 Fire Alarms codes. Equipment such as linear beam smoke detectors must be maintained to NFPA 72 standards. Automatic Sprinklers systems shall be tested and maintained according to NAPA 13 codes and manuals. The 5-year sprinkler inspection, test and maintenance of alarm valves (internal), strainers, filters, (internal), gauges (replace), underground piping flow, standpipe flow, high temperature sprinklers (soldier type) and system flushing. Halon suppression system must be tested and serviced as well.</td>

Fire Rescue
Departmental Narratives

Mission Statement
Public servants dedicated to enhancing and caring for the lives of those in our community through preparedness and an immediate response to any and all of life's emergencies.

Vision Statement
Alachua County Fire Rescue, a diverse organization, is recognized as an innovative leader in public safety services that is sought out and emulated by others.

Executive Summary
The Fire Rescue Department provides a full range of emergency and non-emergency life safety services to the citizens and visitors of Alachua County. Those services include; Fire Protection/Suppression, Emergency Medical Services/Rescue, Emergency Management, and Enhanced 911 services.

Fire Protection/Suppression Services are provided throughout the unincorporated areas of the County and the Cities of Alachua, Archer, Hawthorne, and Waldo. Reciprocal automatic aid is also provided to all municipalities within Alachua County via the Fire Services Network.

The department is the primary and sole provider of emergency (911) and non-emergency Advanced Life Support (ALS) Emergency Medical Service (EMS) Transportation services in Alachua County. The Department is also a provider of ALS non-transport first responder services throughout the County.

Emergency Management
Emergency Management Services are provided Countywide, irrespective of political boundaries. County Emergency Management is the "authority having jurisdiction" for disaster management.

Enhanced 911 Office
Enhanced 911 addressing services are provided throughout Alachua County. Alachua County, with the exception of the Town of Micanopy and a portion of the City of High Springs, is addressed on a countywide grid.

EMS/Transport-General Fund
All services provided by the Fire Rescue Department are provided under the authority of Alachua County Codes/Ordinances, Florida Statutes, adopted 2004 Fire/EMS Master Plan and 2012 Update, BoCC Fire Service Delivery Core Principals, and National Fire Protection Association (NFPA).
Fire Rescue demands for service delivery continues to increase in volume and complexity irrespective of the economy or commercial and industrial growth. Requests for emergency medical responses have continued to increase at a rapid rate. In FY 20, total EMS call responses totaled 43,732 which was a slight decrease from prior year. The department, along with other Fire/EMS agencies, experienced a significant reduction in response requests during the initial onset of the Coronavirus pandemic. Prior to the pandemic, the BoCC placed a 13th and 14th, 24-hour rescue unit in service as demands continued to trend upward. The pandemic brought new challenges to the system in the way that EMS personnel responded to calls, transported patients and interacted with hospitals. In FY19, Alachua County collected over 14 million dollars in revenue from Ambulance Transport Fees, which represents 97% of the total EMS expenditures. As a full-service EMS agency, the Department also provides non-emergency ambulance long distance transport services, commonly known as "out-of-county transfers". In FY 15 the BoCC sought to address the increasing work load of 24-hour rescue units and the increasing demand of local hospitals to perform non-emergency in-county and out-of-county transfers. This service is provided primarily via the Peak Load Division and is supplemented when necessary by 24-hour rescue units. The Department transferred 706 patients out-of-county this fiscal year, a 70% increase from the previous year. Department policy controls the number of on-duty units that may be committed to non-emergency transports at any one time. The implementation of the Peak Load Division has helped but has not kept up with the overall increases.

In addition to 911 and non-emergency response, the Department provides EMS services for the University of Florida and other various entities. In FY19, Fire Rescue participated in over 200 pre-scheduled special events. Special events include medical coverage for Florida Gators football, basketball, and volleyball games as well as participation in a variety of community events such as school visits, Touch-A-Truck, and public education opportunities.

The Fire Rescue Department, under the Policy and Funding of the BoCC, works diligently and steadfast in the provision of emergency services to the citizens and visitors of Alachua County. The increasing demands placed on the health care systems throughout the country have impacted the complexity of patient needs and placed increased pressure on the entire healthcare community, including medical transport. The cost of preparedness and response have placed increased pressure on both financial and human resources within the department.

Level of Service (LOS) standards for the delivery of Fire Rescue Services are found in the Fire/EMS Services Master Plan Update and the Fire Service Delivery Core Principals adopted by the BoCC in 2009 and adopted in the 2012 Master Plan Update. The National Fire Protection Association (NFPA) Standards provide the foundation for the LOS standards.
If medical response times only considered the arrival of rescue apparatus, the LOS Standard response would not be accomplished. While rescue unit response times are important, Alachua County Fire Rescue fire apparatus engines are advanced life support and can perform the same medical treatment as the rescues. These first arriving units are able to provide medical treatment while the rescues are still responding. This two-tiered system provides great value to the citizens in the most cost-efficient model. It provides timely medical treatment without deploying an excessive number of rescue apparatus. The effective deployment of fire/EMS resources has the added advantage of quicker arrival and availability times to the areas served.

Fire Service-Municipal Service Business Unit (MSBU) Funded

Fire Response LOS Fire/EMS Master Plan Update and BoCC Fire Service Delivery Core Principals identifies three LOS standards (Rural, Urban Cluster, and Urban). Due to the suburban nature of unincorporated area, the county does not consider measurements of urban response standards. ACFR is measured in two of the three areas, Rural and Urban Cluster.

Fire apparatus response LOS standard in the Urban Cluster (Suburban) is the arrival of the first fire unit within 6 minutes for 80% of all responses. Due to the travel distances and unit availability, the Department met this Standard 48% of the time in FY20. The Rural LOS standard is arrival of the first fire unit within 12 minutes for 80% of the responses. We met this standard 75% of the time in FY20. The department had 11 fire suppression apparatus in 2020 with the 11th being added in April 2018. This unit is partially funded by the Federal Emergency Management Agency’s SAFER Act Grant.

The LOS does not address the staff necessary to provide effective services once units arrive. The NFPA Standards identify response time standards for enough staff to perform the work necessary and to comply with Florida Statutes two-in/two-out safety standards. One of the challenges for Fire Rescue is to have staffing at a level for effective emergency operations.

FY 2020 Accomplishments

- Additional 24-hour rescue placed in service (R34).
- Moved R3 to new location in sub-leased structure at Tacachale (Station 34).
- Reclassification of Training Captains to Training Lieutenants who work 24-hour shifts to improve training delivery and provide a Safety Officer at critical emergency scenes.
- Introduction of new report writing system (ESO) and new Toughbooks/MDCs
- Purchased additional back-up bunker gear as part of the department’s cancer reduction program.
- Department featured on nationally syndicated Live Rescue television show.
• Ratification of new pay plan that encourages increased education of employees and provides a promotional pathway to follow.
• Revamped department’s hydrant inspection and maintenance program.
• Maintained excellent service delivery during the Covid-19 pandemic.

FY 2021 Goals
• Implement a county-wide Community Resource Program.
• Introduction of new Company Officer Fire Inspection program.
• Construction of Stations 25 and 80.

## Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Administration</td>
<td>Administration</td>
<td>The Administration Section provides direction and oversight to ensure effective Fire Rescue Operations (fire protection and emergency medical services), Enhanced 911, and Emergency Management services. Our mission is &quot;Public servants dedicated to enhancing and caring for the lives of those in our community through preparedness and an immediate response to any and all of life's emergencies.&quot; Services include administrative support and logistical services to field personnel; budget development, oversight and management for all sections of the Department enabling them to accomplish the mission. Administration Section provides oversight of contracts and agreements related to public safety (rural fire/EMS agreements, Fire Services Assistance Agreement, medical directors, FEMA, etc.)</td>
</tr>
<tr>
<td>Administration /EMS &amp; Fire</td>
<td>General Accounting Branch</td>
<td>The General Accounting Branch coordinates and manages all fiscal operations for the Department and its 299 FTEs. The Branch provides oversight and management of the annual operating budget, grant fund management and reporting, coordination of procurement of supplies and equipment, personnel management, accounts payables, payroll, expenditure monitoring and management, annual budget development, and compliance with all Administrative, Fiscal, and Budget policies and procedures. The implementation of technology has allowed FTE stabilization within the Branch.</td>
</tr>
<tr>
<td>Administration /EMS &amp; Fire</td>
<td>Information and Technology Office</td>
<td>The Information and Technology Office is responsible for technical support of all hardware and software programs within the Department. The staff of 2 provides 24/7 technical support related to the network and specialized software programs and reporting for over 150 computers and 7 servers. The Department currently has several specialized software applications that the Office supports including the electronic EMS and Fire reporting systems, Ambulance Billing software, Fire Personnel management System (Fire Programs), and Telestaff scheduling server management. The Office also has coordinated the implementation of a Unmanned Ariel Vehicle (UAV) program that enhances public safety capabilities.</td>
</tr>
</tbody>
</table>
## Fire Rescue
### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Administration/EMS &amp; Fire</td>
<td>Revenue and Collections Branch</td>
<td>The Branch records, bills, and collects the non-tax, fee-based revenue source for Alachua County consisting of user fees related to rescue and transport services. The Branch maintains compliance with all federal and state laws related to insurance, Medicare, and Medicaid billing procedures and policies. The Revenue and Collection Branch provides a collection percent of approximately 80%. This is well above average of other similar agencies of 71%. In 2015, the Branch took over billing services for Bradford County EMS and added 3.0 FTEs to manage the workload.</td>
</tr>
<tr>
<td>Emergency Management Section</td>
<td>Emergency Management</td>
<td>Emergency Management performs technical work in the development, implementation and management of a County-wide disaster program that encompasses mitigation, preparedness, response and recovery. The section develops and maintains the following documents: Comprehensive Emergency Management Plan (CEMP), Continuity of Operations Plan (COOP), Local Mitigation Strategy (LMS) and Post Disaster Redevelopment Plan (PDRP). Emergency Management is the custodial agency for the County’s Emergency Operations Center (EOC). Provides planning, training and exercises for local government staff, non-profit agencies, businesses and citizens in order to be prepared for disasters and incidents of National Significance. Conducts annual plan reviews for Health Care Facilities in the county. Responsible for the development and maintenance of operational plans supporting preparedness, response, and recovery. Civil Preparedness Guide recommends agencies employ 3-5 full time staff for populations of 100,000 - 250,000.</td>
</tr>
<tr>
<td>Enhanced 911/Communications Section</td>
<td>Enhanced 911/Communications</td>
<td>Coordinates compliant county-wide addressing of the unincorporated area and contracting municipalities; maintains E-911 addressing databases, operates a Geographic Information System (GIS), maintains 911 call answering equipment, upgrades 911 equipment. Initiates necessary actions to mitigate the impact of an interruption of 911 services. Investigates and resolves 911 misroutes. Manages radio and communication equipment and towers to support the Operations Section.</td>
</tr>
</tbody>
</table>
## Fire Rescue

### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fire Rescue Operations Section</td>
<td>Emergency Medical Services</td>
<td>The BoCC provides pre-hospital Advance Life Support emergency medical care and transport services twenty four hours a day, seven days a week (page 23 Fire Master Plan), through the deployment of fourteen 24-hour rescue units and 5 Critical Care Peak load units working 13-hour days strategically located in the County. These units were dispatched to 40,595 incidents accounting for 43,732 responses in FY20. “Population alone has the greatest impact on EMS workload, since 100% of all EMS incidents are related to the activity or condition of human population” (Fire/EMS Services Master Plan). We also provide the following revenue generating services: local and long distance medical transfers, EMS coverage at all large scale community events (Ben Hill Griffin Stadium, O’Connell Center, Gator Nationals, etc.), technical and specialized rescue service, and EMS/Rescue training for all personnel. State Statute 401 and FAC 64E requires all EMS providers to operate under the direction purview of a Medical Director. Our Medical Director provides direction to the Department and all participants of the Fire Services Network on all medical procedures, acts as a liaison between physicians and hospitals, represents the Department on local, state and national committees and organizations and directs the Medical Quality Assurance program.</td>
</tr>
</tbody>
</table>
## Fire Rescue
### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fire Rescue Operations Section</td>
<td>Fire Protection</td>
<td>The Department provides fire suppression and first response advance life support (ALS) EMS services the unincorporated area and the cities of Alachua, Archer, Hawthorne, and Waldo. The units were dispatched to 12,685 incidents accounting for 14,206 unit responses in FY20. The County also contracts with the cities of Gainesville, LaCrosse, Micanopy, Newberry, High Springs, and the Windsor VFD, Cross Creek VFD, and Melrose VFD to provide varying levels of fire suppression and first response EMS services to the unincorporated area of the County. Suburban and Rural fire units are staffed with a minimum of three personnel. An additional SAFER Act grant partially funded the expansion of a 12th Fire Suppression Apparatus that was placed in service in February of 2018. The Department maintains the deployment of water tankers which results in the Insurance Services Office (ISO) approving the Hauled Water Certification. This certification results in reduced cost for homeowners insurance to over 7000 property owners. All rural fire service providers, by agreement are members of the County’s &quot;Fire Services Network&quot; and work to comply with the BoCC “Fire Service Delivery Core Principles.” The BoCC Principles incorporate the Level of Service Guidelines identified in the Comprehensive Plan and Fire/EMS Services Master Plan. Level of fire services in the rural areas vary by community expectations and call load. The Automatic Aid Agreement (AAA) with the City of Gainesville ensures the closest unit response to critical incident types regardless of the political jurisdiction of the responder. A Diversity Recruitment position was funded for FY17 which will coordinate diversity recruiting events and activities that showcase the fire and rescue profession to prospective candidates in venues from primary education institutions, and professional career fairs. The individual will coordinate close and regular follow-up with interested individuals and help them maneuver through the process of training and certification.</td>

## Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
</table>
| Fire Rescue Operations Section | Fire Prevention | The County Fire Marshal (CFM) oversees the areas of Fire Prevention, Arson Investigation, and Department Internal Affairs. 

The Fire Prevention Office activities include annual fire safety inspections for all public, private and charter schools, day care centers, assisted living facilities, nursing homes, Alachua County facilities, and medical facilities as required for the renewal of their State license. Fire and life safety inspections are also performed on commercial occupancies. 

The Plans Inspection/Review program, which is mandated, provides for the review of all architectural drawings for new commercial construction in Alachua County. The review includes the fire alarm systems, fire sprinkler systems, and pre-engineered suppression systems. 

The County's Fire Marshal conducts arson investigations for incidents in the unincorporated area and the cities of Alachua, Archer, Hawthorne, and Waldo. The CFM also coordinates all fire investigations with the State Fire Marshal's Office when there is an injury and/or death. 

The Fire Marshal is also assigned the function of Internal Affairs which is responsible for conducting investigations of received complaints (internal and external). The Fire Marshal's investigation process and reports are critical to appropriate resolution and disposition of each complaint. |

<tbody>
<tr>
<td><strong>Fire Rescue</strong>&lt;br/&gt;<strong>Operations</strong>&lt;br/&gt;<strong>Section</strong></td>
<td>Training Bureau and Health &amp; Safety</td>
<td>Training provides comprehensive continuing education along with instruction for remedial and new techniques in emergency medical procedures, rescue practices, and fire prevention and suppression practices. Additionally, training provides continuing education opportunities for Emergency Medical Technicians and Paramedics to maintain required certifications. Training is responsible for reviewing and providing instruction to personnel on all equipment. Training is responsible for testing and promotional processes and orientation of all new and promoted employees. Training maintains employee files as required by State Statute and coordinates the Medical Direction with the Quality Assurance Program. Training is also assigned responsibility for maintaining all employee records concerning: exposures, immunizations, physicals, and the fit testing of all respiratory equipment. The assigned Captain investigates all accidents (employee, vehicle, station, etc...) and makes recommendations to prevent further occurrences. Coordinates Departmental Safety Committee as required by Florida Statute. The Captain also maintains Department compliance with protective air standards for on scene emergency operations and personnel accountability system for on scene operations.</td>

General Government
Departmental Narratives

Mission Statement
Alachua County's mission is to provide responsive service to citizens and responsible stewardship of County resources for current and future generations.

Vision Statement
Alachua County is committed to responsible stewardship of the resources entrusted to us by our citizens, realizing that all natural and human resources are our most valuable assets. Furthermore, Alachua County is dedicated to being transparent and responsive, creating an atmosphere of trust with the citizens we serve.

Executive Summary
This department is comprised of the Board of County Commissioners, County Attorney's Office, County Manager's Office, the Office of Communications & Legislative Affairs, the Human Resources Office, and the Office of Resilience, Climate Change, Sustainability and Economic Development programs.

Human Resources is responsible for coordinating classification and compensation efforts, and employee relations and recognition programs. Through the administration of the County’s labor contracts, Human Resources encourages effective working relationships with the County’s employee associations.

FY 2020 Accomplishments

Communications
- Produced a “ Victims of Lynching Memorial” special feature
- Managed the transition to “virtual meetings”
- Assisted in the creation of a new Community Resource Portal and the COVID-19 Recovery Dashboard
- Produced over a dozen Census 2020 public service announcements
- Led the Charter Amendment public education process
- Launched texting service for Emergency Order Updates
- Added over 13,000 social media followers
- Organized a Public Information Officer Joint Information Center (JIC) to coordinate the COVID-19 communications response countywide

County Manager’s Office
- Successfully presented a property tax millage roll-back and balanced budget, at the request of the Board of County Commissioners.
- Implemented the CARES Act funding in accordance with Board of County Commissioner direction to assist community members impacted by the COVID-19 pandemic.
Successfully managed operations during the COVID-19 pandemic, including essential in-person employees as well as work from home and socially distanced employees; implemented the Emergency Operations Center policy change to ensure continuity of operations during the pandemic; coordinated the establishment of an Emergency Ordinance as well as required revisions and roll-out countywide.

- Selected Alachua County’s First Poet Laureate – E. Stanley Richardson.
- Finalized selection and installation of art for the Tax Collector’s Office – fabricated from recycled license plates.

**Human Resources**

- Updated the County’s Human Resources intranet site to provide new and updated collections of the following online tools:
  - Ace Discount Program
  - Onboarding Toolkit for New Employees
  - Onboarding Toolkit for Supervisors
  - Managers & Supervisors Online Resources
  - Supervisors New Hire Guide
  - Employee Engagement Ideas/Tips for Managers & Supervisors
  - New Requisitions Training Manual
  - Managers Insight NEOGOV Training for Reviewing, Evaluating, and Hiring Candidates
- Created and coordinated a Volunteer Program and designed a webpage on the County’s website to expand, enhance, and promote volunteer opportunities for the community
- Created a project plan for selecting, testing, and configurating the new Performance Management Review system
- Implemented Monday.com as a tool to organize tasks, manage projects, streamline workflows, increase collaboration, and improve team performance

**Resilience, Climate Change, Sustainability, and Economic Development**

- Convened the 2020 Census Complete Count Team - exceeded the 2010 census self-response rate and included UF/Santa Fe off-campus housing into the institutional count of the census.
- Oversaw the transfer of the Fairgrounds Redevelopment Area to the US Army Reserve.
- Finalized recommendations on the economic viability of a Sports Events Complex at Celebration Pointe.
- Developed a business plan for the Eco-Industrial Park.
- Liaison to the Economic Development Advisory Board.
- Coordinated with the Chamber of Commerce on the final round of state qualified targeted industries (QTI) for Brightmark.
- Coordinated with municipalities on all community redevelopment areas.
FY 2021 Goals

Communications
- Upgrade video equipment in the boardroom and the Grace Knight Conference Room to create a better in-person/virtual hybrid meeting experience
- Produce a FY 19 & FY 20 Annual Report hybrid
- Produce six Alachua County Talks episodes
- Create a special video feature on the Fairgrounds ground breaking
- Continue to act as the lead communications agency during the pandemic
- Continue incorporate Zencity social media tracking software into the communications process

County Manager’s Office
- Work with the newly elected Commissioners and current Board Members, for a successful transition to FY 2021, including policy evaluation and development and continued management during a global pandemic.
- Finalize the selection and installation of the West Lawn Art and South Wall Mural.
- Work closely with the Alachua County Community Remembrance Project on their Truth & Reconciliation efforts.

Human Resources
- Implement the Manager’s NEOGOV Insight Training module to create a more proactive recruiting practice for hiring managers and supervisors.
- Promote employee engagement, including conducting surveys, and providing online resources to enhance the employee experience.
- Complete the analysis and design for the new position classification system
- Implement the Executime Timekeeping System for more accurate data, transparency, and a more effective time management process.

Resilience, Climate Change, Sustainability, and Economic Development
- On-board a Sustainability Manager, Equity Officer, and Economic Development Coordinator.
- Prepare a deep-dive into County policies and projects for capital projects, equity, economic development, energy, sustainability, and climate change. Efforts will include discussions with key County Departments, other local governments and community stakeholders.
- Create an overarching strategy of projects and objectives once all ORCCS team members are brought on-board.
• Integrate equity, sustainability and resilience as core values to be practiced by all County employees. Focus area shall include all capital planning projects, land development, economic development, climate change goals, zero-waste, and County operations.

• Provide strategic guidance to the Board and all departments on issues of equity, sustainability, and resiliency to the Board on major policy issues.

• Prepare the Eco-Industrial Park for ground leases and first round of marketing efforts.

• Advise and provide project management assistance on the redevelopment of County Administration Building and Downtown Master Plan, such that it coordinates with other institutions, City of Gainesville, and the efficient and effective delivery of County services.

• Advise and provide project management assistance on the development of a Sports Events Complex.

• Deploy solar photovoltaic projects at the Civil Courthouse and new Fairgrounds.

• Continue to liaison with the Army Reserve, City of Gainesville, and Santa Fe College to create a jobs training and referral program to the Equipment Concentration Site.

• Promote equitable and sustainable economic development projects in the community.

• Advise and provide project management assistance on the development of a Zero-Waste and Circular Economy strategy.

• Promote the institutional support of a local food economy with related goals and measures.

**Significant Budget Variances**

The programs of Climate Change, Economic Development, Resiliency, Equity, and Sustainability have all been consolidated under General Government as a result of the County Manager’s reorganization approved by the Board in January 2020.

The performance measures is AT Risk due to the hiring freeze earlier in the year, and then later the requirement for departments to get approval from the County Manager prior to posting top priority positions that they needed to fill. Additionally, the logistics of completing job interviews while social distancing has impacted the number of days to fill a position.

| Communications| External/Internal Communications | External: The Communications and Legislative Affairs Director acts as the spokesperson for the Board, monitors legislative affairs, and is the lead Public Information Officer in the event of an emergency such as Hurricane Irma in 2017 or the COVID Pandemic in 2020. The Communications Division monitors, coordinates, and communicates with the media. It produces and distributes press releases, the County Manager's Annual Report, the Community Update newsletter, and many other publications. The website homepage, communications page, and Video on Demand pages are maintained by Communications. The Community Update newsletter is electronically distributed to over 48,000 citizens, media, and County employees keeping them up-to-date on the activities and actions of County government. The County currently has over 100,000 social networking (Facebook, Twitter, and many other social media platforms) subscribers.  

Internal: We provide design, copy writing, editorial, and public and media relations services for all County Departments. Every Monday morning the weekly media update is emailed to all County staff. The update includes newspaper articles and links to television stories that relate to County issues. Communications has a very active Intranet site that includes, the communications plan, logo guidelines and the County Manager's communications protocols.  

<p>| Communications| Legislative Affairs    | Develops and publishes the BOCC's state and federal legislative agendas and actively represents the County's federal and state interests.                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |</p>

<td>Equity Officer</td>
<td>Working with County programs, municipalities, government agencies, the education sector, business groups, nonprofit organizations, and other community partners, this program will enhance quality of life, generate diverse economic growth, and create equitable access to resources and services for Alachua County residents. Addresses historic inequity and securing economic prosperity for all.</td>
</tr>
</tbody>
</table>
Mission Statement
To enhance the quality of life for present and future generations in Alachua County by guiding growth and development through policy development, public participation, and coordination with municipalities and other government agencies, and to provide for the health and safety of the citizens of unincorporated Alachua County by ensuring compliance with building codes, land use, zoning, development regulations, nuisance ordinances, and other applicable laws.

Vision Statement
To facilitate a built environment that makes efficient use of land, promotes multi-modal transportation, protects natural resources, promotes social equity and economic prosperity, and provides for safe and affordable housing.

Executive Summary
The Alachua County Growth Management Department works to create a community where people want to live, work, play and visit. The community’s vision of quality of life is a sustainable community that promotes economic opportunity, protection of natural resources, and social equity in the interest of the health, safety and welfare of the public. This is carried out through the County’s comprehensive plan, land development regulations, development review and application of codes governing safe building construction and minimum housing, and through economic development initiatives.

FY 2020 has been an extremely busy year for the County and for Growth Management.

FY 2020 Accomplishments
- Growth Management operations were all moved online within about a week of the order to stay-at-home in order to continue services almost without pause.
- Adopted the updated Alachua County Comprehensive Plan:2019-2040 based on the Evaluation and Appraisal process, including incorporation of the Racial Inequity Study by the Bureau of Economic and Business Research with community partners and policies to eliminate disparities identified in that study, and new policies to promote local foods.
- Completed workshop process with County Commission regarding updates to policies relating to clustered rural residential subdivisions, which were transmitted for state agency review following public hearing.
- Completed the majority of the drafting of the update to the Unified Land Development Code to be consistent with recently updated Comprehensive Plan.
• Completed the majority of the rollout of Citizenserve for building permitting, code enforcement, and licensing, transitioned to interim online building permitting for all building permit types and received and processed more permits than in FY2019.

• Developed an online Housing Resources site to support residents of Alachua County finding housing to meet their needs.

• Consolidated Board department Geographic Information Services into a single contract, resulting in better coordination and reduced expenditures.

• Coordinated with the University of Florida on initial stages of update of the UF Campus Master Plan and development of the subsequent update of the Campus Development Agreement with the University, City and County (the University’s timeline for the CMP & subsequent CDA process has been extended into FY2021).

• Provided technical assistance and multiple presentations to both the County Commission and the Charter Review Commission on several issues related to the decennial review and update of the County Charter, especially on items related to comprehensive planning, natural resource protections, affordable housing, and equity, which were placed on the ballot for referendum votes.

• Provided technical analysis and, where needed, drafting of documents and presentation on multiple intergovernmental coordination matters with municipalities relating to comprehensive planning and annexations, including preliminary work on a potential Interlocal Services Boundary Agreement under Part II of Florida Annexation Statute with the City of Alachua.

• Successfully moved the development review functions online and maintained timeframes for review and hearings even with the cancellation of hearings in March, April, and May due to COVID and completed more reviews than in FY2019.

• Provided staff support advisory committees including the Planning Commission, the Historic Commission and the Rural Concerns Advisory Committee and participated in various initiatives related to implementation of the Community Health, Economic and Public Schools Facility Elements of the Comprehensive Plan.

• Emergency Order Enforcement. Five months into FY 2020 the County began dealing with the COVID-19 pandemic and working to actively to protect public health.

• Codes Enforcement – Growth Management’s Code Enforcement division added daily enforcement of the Emergency Order including the mask mandate, required signage in businesses, crowd sizes and bar re-openings. This division has worked many hours of overtime outside of their normal enforcement activity for over seven months to ensure that the community was as safe as possible during this health crisis.
FY 2021 Goals

- Complete the update of the Unified Land Development Code including holding public hearings with the County Commission.
- Update the impact fee and multi-modal mitigation fee study and implement updated fees.
- Continue to coordinate with the University of Florida on its update of the UF Campus Master Plan and development of the related update of the Campus Development Agreement that will subsequently be executed by the University, City of Gainesville and Alachua County.
- Continue potential process with the City of Alachua and other affected municipalities to develop an Interlocal Service Boundary Agreement on Annexation under part II of Florida Annexation Statute.
- Bring Comprehensive Plan Amendment, related to update of policies on clustered rural residential subdivisions, to County Commission for adoption, and then work on update of implementing provisions in the Land Development Code.
- Lead potential special area studies and plans related to the northwest and eastern parts of the Urban Cluster depending on Board priorities.
- Complete the rollout of Citizenserve for planning functions of the Department.
- Complete revision of Parks, Fire and Transportation Impact Fees and Multi-modal Transportation Mitigation Fees.
- Complete update of Corridor Design Manual.
- Support consolidation of Codes Enforcement through data migration and implementation in Citizenserve.
- Provide support to the County’s new Equity Officer regarding the equity policies to eliminate racial disparities added to the updated Comprehensive Plan.
- Provide support to Community Support Services on comprehensive planning and data related aspects of Affordable Housing Dashboard in follow-up to the Affordable Housing Website project.
- Update data and analysis related to relevant demographic, housing, economic and other community data and measures based on Decennial Census, related to aspects of the Comprehensive Plan, and its implementation and objectives.
- Translate results of update of Recreation Master Plan and Fire Master Plan into updates of the Comprehensive Plan as appropriate.
- Participate in the County’s Climate Change Initiative as it relates to Comprehensive planning, transportation planning and other development and infrastructure related aspects.

Significant Budget Variances
Continuation budget. CARES Act funding was used to cover the extensive overtime worked by the Codes Enforcement Officers.

## Growth Management
### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Comprehensive</td>
<td>Planning</td>
<td>Development, update, maintenance, administration, and implementation of the Comprehensive Plan and related data bases. This includes County initiated comprehensive plan amendments, annual review and update as needed of the Capital Improvements Program, joint planning and annexation-related strategies, including possible Interlocal Service Boundary Agreements, and special area plans (e.g., to address facilitation of infrastructure needed to enable development in parts of the Urban Cluster.) Other program activities related to the Comprehensive Plan include intergovernmental coordination activities such as review of comprehensive plan amendments proposed by municipalities and adjoining counties relative to impacts on the County Comprehensive Plan, coordination with the University of Florida on the update of the UF Campus Master Plan and Campus Development Agreement, and coordination with the School Board in accordance with the Public School Facilities Element of the Comprehensive Plan and the Interlocal Agreement for Public School Facilities Planning, as well as review of proposed annexations for consistency with statutory requirements, and implementation in coordination with pertinent County Departments of policies in various elements of the Comprehensive Plan including Economic (e.g., equity, local foods), Community Health, Conservation &amp; Open Space, Energy, Solid Waste, Historic, and Recreation Elements, and Charter Amendments related to Growth Management. Program staff supports several related advisory committees including: Rural Concerns Advisory Committee, Economic Development Advisory Committee, Historic Commission (including review and preparation of tax exemptions for improvements to qualified historic properties), and Recreation and Open Space Advisory Committee.</td>
</tr>

## Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Comprehensive</td>
<td>Development Services</td>
<td>Administers both the Zoning Application and Comprehensive Plan Amendment Review and Development Plan Review Processes (including Developments of Regional Impacts, Sector Plans and other large scale development proposals), disaster recovery planning, assistance to emergency support functions, provides information to the public, provides support for the Planning Commission, the Development Review Committee, reviews privately initiated Comprehensive Plan amendments, updates, maintains and implements the Unified Land Development Code.</td>
</tr>
<tr>
<td>Comprehensive</td>
<td>GIS</td>
<td>Development, maintenance and public distribution of geographic data, as well as development and maintenance of online building permit, building inspections, codes enforcement and other data tools. Growth Management’s GIS functions are responsible for coordinating data storage and delivery techniques and reviewing software licensing for the GIS functions, within the Board Departments. The GIS functions are responsible for developing and maintaining new Electronic Plan Review and GIS applications, including the County’s E-Permitting application and the Map Genius Web mapping application.</td>
</tr>
<tr>
<td>Comprehensive</td>
<td>Transportation Planning/Concurrency/Impact Fees</td>
<td>Development and administration of the County's Impact Fee Ordinance and Multimodal Transportation Mitigation Program. Planning and programming of transportation projects for the Capital Improvements Program. Development and administration of the County's concurrency management program. Review of Comprehensive Plan amendments, zoning applications and development plans for transportation impacts and required transportation facilities. Represent Board's policies and priorities during the development of the MTPO's Long Range Transportation Plan and Transpiration Improvements Program. Represents County on the Bicycle/Pedestrian Advisory Board and MTPO Technical Advisory Committee.</td>
</tr>
</tbody>
</table>
Information & Telecommunications Services
Information & Telecommunications Services Departmental Narratives

Mission Statement
To design and maintain a connected community environment where information can flow seamlessly between government, citizens and organizations by providing high quality customer service and expansion of the County's use of technology.

Vision Statement
To create and implement technology by which all residents, businesses, local governments and employees can access timely, secure and relevant government information at any time and from anywhere. Information & Telecommunications Services (ITS) strives to improve business processes, develop technology tools and provide customer service in an efficient and cost-effective manner while remaining current and modern in an ever changing and fluid environment.

Executive Summary
The Information and Telecommunications Services (ITS) Department is constantly striving to provide the highest level of information technology service to the employees of Alachua County, as well as electronic information for the citizens of Alachua County. We accomplish this by continually upgrading the information technology infrastructure to meet the growing demands for new services. The ITS department is proactively moving the County’s operating systems into the new technology age.

Improvements to the County's public website continues to better serve citizens. Architectural changes to the website allow citizens access to information and services through multiple devices such as smartphones and tablets. Our foresight to implement mobile-friendly programming standards, in all of our recent system rollouts, afford the County the opportunity to move ahead into the mobile revolution. Recently, the majority of online search engines such as Google began giving mobile friendly websites higher ranked search results. This designation supports us placing citizens first in all our initiatives, ensuring that any visitor to Alachua County’s website has easy access to all County documents and information online.

As we move into the upcoming fiscal year and beyond, ITS will continue to focus on utilizing new technology to update network software and programs to improve work efficiency as well as garner cost savings for County government. Focus will be on researching cloud services in order to provide greater access to government data for staff at various worksites and in teleworking environments.
FY 2020 Accomplishments

COVID-19 Dashboard
- The COVID-19 dashboard was created as a joint effort between ITS, communications and Emergency Management. The dashboard makes use of Monday's Application Programming Interface (API) and embedding capabilities to show real-time COVID-19 data to the public. This data is managed in Monday.com by several County departments, law enforcement, and the Florida Department of Health.

COVID-19 CARES Act Funds Website
- The CARES Act Grant Application site was created in partnership with Carr, Riggs & Ingram, CPAs and Advisors (CRI), to provide a mechanism for residents, businesses and local governments to apply for the funds that have been allocated to Alachua County, and to track the status of their application. The applications are then managed by CRI and County staff within Monday.com and, if approved, information is uploaded to New World for disbursement.

Zoom Meeting Implementation
- At the beginning of the COVID-19 pandemic County employees were asked to work from home and that Alachua County Board meetings take place virtually. Within the first three weeks the Applications Team was able to develop a process using Zoom technology so that the Alachua County Board and Employees could meet digitally. Furthermore, the Applications Team worked with the Public Information and Attorney Offices to broadcast these Zoom meetings over TV and Internet which included the capability to take public comment from Citizens and show the meetings in real-time.

Hardware and Software Replacement for data backup and restore
- Before June 2020, multiple methods were used to backup files, databases, and virtual servers. A new COMMVAULT system has been implemented to consolidate the data backup and restore process into a single and simpler system to manage the network.
- Setup and configured colocation equipment (servers and storage) at the Wilson Building, EOC and the North West Regional Data Center (NWRDC) in Tallahassee, FL. for the purposes of data backup and multiple replication and resilience.
- Replaced the tape library. The present tape library was 12 years old. The unit’s data transfer interface was too slow for today’s volume of data.
Network Infrastructure Upgrades completed at County facility locations.

- Storage Area Network (SAN) shelf replacements. All the low-density storage shelves have been replaced with higher density shelves. This expands our storage capacity on both data centers at the Wilson Building and the Emergency Operations Center.
- Replaced Servers at Animal Services, Court Services and Ag Extension. All server upgrades provide better performance for the applications that are used by each department. Animal Services was a high priority since the Chameleon Software was also scheduled for a significant upgrade in order to integrate the GIS module.

DKIM Security Standards

- Implemented Domain Keys Identified Mail (DKIM) on the email security appliance. DKIM is a standard that prevents email senders and recipients from spam, spoofing, and phishing. This form of email authentication allows an organization to add digital Signature to the emails, that can be validated by the recipient, to check if the email belongs to the legitimate Sender.

Network Redesign Completed

- Completed the network redesign relocating the final legacy zone into the new demilitarized zone (DMZ). Moving this zone into the DMZ increased security by removing that traffic from the core network and added redundancy by adding a second connection to the VMWare environments from that zone.

Patch Management Implemented

- Implemented patch management software to keep the county PCs current with the latest updates and patches. Panda Patch Management provides all necessary tools to manage the security and updates of the operating system and third-party applications from a single console.

VoIP Phone System Completed

- Completed the phone system replacement. The three-year project moved the county from the legacy end of life PBX system, that has provided voice service to the county for nearly 30 years, onto a new IP (internet protocol) based system offering the latest technologies and features.

FY 2021 Goals

Website Migration to Cloud Platforms

- In 2021 the Applications team will be focusing on implementing and adopting cloud platform services. Initially the Applications Team will migrate the current Alachua County public Website to the Microsoft Azure Cloud. By migrating to the Microsoft Cloud the Applications Team will be able to retire aging Server Infrastructure and an unsupported version of SharePoint. This will result in the Alachua County public Website residing on a modern server infrastructure, an
updated and secure version of SharePoint and an overall secure cloud environment running on the latest version of the Windows Server Operating System.

Alachua County Office 365 Email
- Set up physical and logical infrastructure for the Office 365 cloud
- Identify license levels for users
- Deploy Office 365, including MS TEAMS
- Migrate Exchange Email to Office 365
- Establish the Azure Active Directory for the ITS infrastructure in the Microsoft cloud.

Multifactor Authentication (MFA)
- Multifactor authentication (MFA) implementation is scheduled for the upcoming fiscal year. MFA means that whatever application or service you are logging into is double-checking that the request is really coming from you by confirming the login with you through a separate venue. MFA protects against stolen credentials by requiring a second form of authentication. “Over 80% of hacking-related breaches are caused by stolen or weak passwords.”

Data Loss Prevention (DLP)
- The Data Loss Prevention (DLP) feature will be added to the county web filtering appliance. This feature detects and stops the transfer of sensitive data to and from the county network while keeping security teams informed with automated alerts. This is to ensure that proprietary information, intellectual property, and any other important content is secured and maintained.

Fire Rescue Station Connections
- Upgrading connections of the Fire Rescue stations from broadband to 10M circuits is 75% complete. The remaining stations are expected to be completed by April 1st 2021. The current broadband connections were inadequate for the needs of Fire Rescue. Upgraded connections will gave staff at remote stations access to local file shares, and online training.

</thead>
<tbody>
<tr>
<td>Leadership &amp; Admin</td>
<td>Administration</td>
<td>Provide department leadership, administrative, and managerial support for the entire department, to produce more effective services consistent with Board policy.</td>
</tr>
<tr>
<td>Application &amp; Web Development</td>
<td>Web Support Services</td>
<td>The Web Support Services Team provides support and maintenance of Alachua County Websites. They provide general maintenance pertaining to website content updates and creation. They assist in the review and remediation of documents for ADA compliance. This team’s main responsibility is to support the Alachua County Public Website.</td>
</tr>
<tr>
<td>Application &amp; Web Development</td>
<td>Database Development and Support</td>
<td>The Database Development and Support team creates, modifies, maintains and supports Alachua County’s database data and backups. The team aids in the development of software specific database code, system integrations and data normalization. The team verifies that all database backups are up to date and that the latest security patches are applied to our database systems and operating systems. The team also assists in the creation and maintenance of numerous Alachua County data reports that are run by departments as needed. Data migration is also performed by this team, as needed.</td>
</tr>
<tr>
<td>Application &amp; Web Development</td>
<td>In-house Software Development &amp; Maintenance (including Web Development)</td>
<td>The In-house Software Development &amp; Maintenance Team creates, modifies, maintains and supports software applications for County business processes and web-based applications, content and services for citizens and internal Alachua County departments. They provide software analysis support, develop integrations between various systems, software implementation, and software user testing, for both in-house and third-party solutions. They develop and maintain software that enables Alachua County information and data to be shared across Alachua County departments and other software systems. This team is responsible for the management of software releases, software version control and patch management for Web Servers. Lastly, this team provides ongoing services for the migration and modernizing of legacy systems.</td>

## Information and Telecommunication Services
### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Security and Telecom Services</td>
<td>Security Monitoring</td>
<td>Configure, maintain and monitor the anti-SPAM and anti-virus appliances. Responsible for the distribution of the latest security patches and virus definitions for desktops. Monitor Internet traffic and bandwidth utilization. Monitor internal traffic for anomalies and issue alerts to the respective areas as needed. Provide security awareness training and reinforce that training through simulated phishing attacks. Stay up to date with changing threats and security vulnerabilities and mitigate and/or share with affected IT staff as needed. Maintain password manager for IT staff.</td>
</tr>
<tr>
<td>Security and Telecom Services</td>
<td>Security Infrastructure</td>
<td>Responsible for the configuration and maintenance of the hardware firewalls that provide perimeter security for the county network. Monitor the live traffic and firewall logs for suspicious or unwanted traffic. Administer the county fileshare system used to securely share large files externally. Manage county VPN access used to remotely access internal resources by county staff and other authorized users.</td>
</tr>
<tr>
<td>Security and Telecom Services</td>
<td>Telecom Voice</td>
<td>Provide maintenance and support for the County's telecommunication services network. Supports the voice services for all BOCC departments and the Constitutional Offices. The county phone system consists of approximately 2,400 telephones stationed at various facilities throughout the County. Responsible for maintenance and repair of the county copper and fiber infrastructure. Perform locates for underground, county owned, cabling.</td>
</tr>
<tr>
<td>Security and Telecom Services</td>
<td>Telecom Data</td>
<td>Maintain county data network comprised of 110 data switches and routers in 29 locations throughout the County. Responsible for county wireless infrastructure that provides connectivity for county staff and guests. Design solutions to install or improve connectivity between county locations. Manage ip address distribution and usage for county equipment. Monitor bandwidth usage of connections between county sites and to the internet.</td>
</tr>

Public Safety and Community Services
Public Safety and Community Services
Departmental Narratives

Mission Statement
Alachua County’s mission is to provide responsive service to citizens and responsible stewardship of county resources for current and future generations.

Vision Statement
Public Safety and Community Services is committed to providing the highest level of citizen-focused service.

Executive Summary
The Public Safety and Community Services Department provides excellent internal and external customer service, through oversight of Animal Services, Codes Enforcement, Department of Community Support Services, Department of Court Services, and the Department of Fire Rescue.

Animal Services
Animal Services is primarily responsible for sheltering operations for up to 5,000 cats and dogs annually and responds to approximately 10,000 reports of animal-related in-field incidents throughout the year. Animal Services staff build strong working relationships with local animal welfare partners, veterinarians, UF College of Veterinary Medicine, and community volunteers. In addition to compliance with various federal, state, and local laws, statutes, policies, procedures, and best practices, the County also administers state rabies requirements and local animal licensing provisions. Animal Services administers reunification, adoption, volunteer and foster programs countywide, and coordinates events that promote adoptions, animal welfare, and community outreach and education. With a veterinarian on staff and consultations from UF College of Veterinary Medicine, Animal Services provides medical services for all animals in the care of the County, including sterilizations, vaccinations, biosecurity protocols, and post-operative care to ensure the health of sheltered animals. Animal Services staff perform forensic exams and investigate potential animal cruelty cases within the county and assists with the prosecution of animal cruelty cases.

Codes Enforcement
The Alachua County Codes Enforcement Division provides for the fair and equitable enforcement all applicable sections of the Alachua County Code. The Codes Enforcement Division achieves compliance through continuous communication with the public, rapid response to complaints, observation throughout community neighborhoods and rural areas, and collaboration with other county programs. This division is primarily responsible for the enforcement of all non-criminal codes and ordinances within Alachua County. Code Enforcement staff support cases through the County Code Enforcement Board, the Code Enforcement Special
Magistrate, and those code cases referred to the Clerk of Courts. Codes Enforcement staff, while identifying potential code violations will work with other County programs to coordinate an appropriate response. Codes staff will assist with code violation processes, overseeing the Tobacco 21 Licensing Program, and providing lien searches for real estate transaction. Code Enforcement Officers respond to public complaints and monitor an assigned 174 square miles of unincorporated Alachua County by providing both proactive and reactive investigations, inspections, and enforcement to achieve compliance. Alachua County has 696 square miles of unincorporated area which are patrolled by four (4) code enforcement officers in the field. Codes Officers attempt to maintain community compliance with waste collection, recycling requirements, curbside collections, commercial recycling, and support zoning enforcement, unsafe structures, and environmental codes. The Codes Enforcement Division partners with community and nonprofit groups such as SWAG, CWC, and the Linton Oaks Neighborhood Improvement District to protect and preserve neighborhoods and affordable housing.

In addition to Tobacco 21 and traditional code enforcement activities, which will continue throughout FY 2021, the global pandemic has created an additional code enforcement program for the enforcement of the Board of County Commissioners Emergency Orders related to the COVID-19 pandemic. This new enforcement program requires a comprehensive intervention strategy, where code officers will be deployed during and after normal working hours, to ensure compliance with these orders. Code enforcement will play a significant role in protecting the health, safety, and economic well-being of the community during this crisis.

**FY 2020 Accomplishments**

**Animal Services**
- Maintained >90% live release rate for the fourth consecutive year, even in the face of a pandemic.
- With the help of Human Resources, Animal Services was able to fill both the Shelter Veterinarian & Field Ops Supervisor positions.
- With the help of Public Works, Animal Services was finally able to demolish the old night drop boxes out front.
- With the help of the County Attorney’s Office, Animal Services added another section to the animal services ordinance entitled Pet Breeder Regulations.
- Provided care for 2,647 lost, homeless, abused, and abandoned animals (FY20 to date).
- Responded to 8,777 calls for field services (FY20 to date).

**Codes Enforcement**
- Performed licensing and enforcement of the Tobacco 21 program which prohibits the 251 Alachua county tobacco vendors from selling tobacco products to anyone under the age of 21.
• Enforced the BOCC Emergency Orders to protect the public from the COVID-19 pandemic. Alachua county code officers worked extended hours, day and night, to provide educational material, distribute masks and enforce the BOCC orders. This required code officers to expose themselves and their families to the possibility of contracting the virus.

**FY 2021 Goals**

**Animal Services**
• Continue facility improvements such as covers over the outside portion of the kennels; creation of a designated isolation area; replacement of cabinetry in medical, staff breakroom, and lobby; and removal of incinerator & associated smoke stack.
• Continue to make operational improvements and implement departmental policies and procedures that will not only raise the quality of care for our animals and the quality of service to our citizens, but also increase productivity and efficiency.

**Codes Enforcement**
• Continue consolidation of codes enforcement activities into one division.
• Cross train codes personnel in all previously decentralized operations to maximize efficiency and effectiveness.
• Develop consolidated codes enforcement procedures to maximize productivity, which will allow for new neighborhood enforcement programs related to nuisance abatement and to safe energy-efficient, affordable housing.

**Significant Budget Variances**
In fiscal year 2021, codes enforcement services (previously located in Solid Waste and Resource Recovery, Growth Management, and Environmental Protection) are being consolidated under a unified Codes Enforcement Division. Additionally, Animal Services has been moved from Community and Administrative Services to Public Safety and Community Services. These changes were part of the County Manager's reorganization approved by the Board in January 2020.

<tr>
<td>Animal Services</td>
<td>Administration</td>
<td>Provides organizational leadership to ACAS in the areas of strategic planning, budget &amp; finance, human resources, program development, public relations, performance management, and quality improvement. Responsible for departmental oversight including areas of data management, risk management, technology, contracts, procurement, communications, public records, interdepartmental relations, legislative affairs, and emergency management (ESF 17). Builds &amp; maintains strong working relationships with local animal welfare partners, veterinarians, and UF College of Veterinary Medicine. Directs and monitors the delivery of animal-related services to the citizens of Alachua County in compliance with federal, state, and local statutes, County policies, procedures, and best practices.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Animal Services</td>
<td>Customer Service</td>
<td>Provides front-line customer service to the public in person, electronically, and via telephone; processes animal reclaims, adoptions, and transfers. Responsible for administration of state rabies requirements &amp; local animal licensing provisions.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Animal Services</td>
<td>Sheltering</td>
<td>Responsible for management, oversight, and implementation of sheltering operations for up to 5,000 cats &amp; dogs annually. Provides humane care and treatment of stray, surrendered, abandoned, and abused animals in ACAS' custody 365 days/year. Administers reunification, transfer, adoption, volunteer, and foster programs. Coordinates events that promote adoption &amp; animal welfare.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Animal Services</td>
<td>Medical</td>
<td>Responsible for management, oversight, and implementation of medical services for the animals in ACAS' care; including sterilization program and post-operative care and pain management; as well as vaccination, anti-parasitic, and biosecurity protocols to ensure health of sheltered animals. Performs forensic exams for potential cruelty cases, and administers low-cost rabies vaccines to owned animals as a service to the public.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Animal Services</td>
<td>Public Education</td>
<td>Satisfy local mandate to educate public about animal safety, care, and welfare; charged with raising awareness through community outreach, media appearances, interaction with students (elementary through college level); and administration of the Paws on Parole program.</td>

## Public Safety and Community Services
### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Animal Services</td>
<td>Field Operations</td>
<td>Responsible for management, oversight, and implementation of field operations for approximately 10,000 citizen calls/reports of animal-related incidents annually. Provides investigation &amp; prosecution of alleged animal cruelty cases; response to citizen complaints regarding cats &amp; dogs; administration and enforcement of federal, state, and local animal welfare ordinances; apprehension of stray animals, return to owner, or transport to shelter; and 24/7 support for first responders with calls involving cats &amp; dogs.</td>
</tr>
<tr>
<td>Codes Enforcement</td>
<td>Code Enforcement Investigations, Routine Patrol, and Administration</td>
<td>Patrols assigned area for code violations, investigates complaints received from the public, and works with County departments to resolve code violations and see code enforcement actions to completion. Administers code information within CitizenServe software. Conducts training of employees to ensure proper inspection and enforcement of code, housing, zoning, solid waste, and licensing inspections. Includes educational efforts and enforcement of local orders related to COVID-19 activities.</td>
</tr>
<tr>
<td>Codes Enforcement</td>
<td>Solid Waste Collections and Recycling Enforcement</td>
<td>Provides enforcement of Chapter 75 of the Alachua County Code of Ordinances, especially those sections related to the curbside solid waste collection, commercial solid waste removal and recycling, and volume-based collection systems. Enforces the County's mandatory commercial recycling ordinance with the goal of 95% compliance by the year 2030. Completes landfill inspections for compliance with applicable regulations.</td>
</tr>
<tr>
<td>Codes Enforcement</td>
<td>Nuisance Abatement</td>
<td>Investigates and removes the blighted influence of adjudicated code violations such as unserviceable vehicles, hard junk, and unsafe structures from the community.</td>
</tr>
<tr>
<td>Codes Enforcement</td>
<td>Neighborhood Enhancement District Code Investigations and Enforcement</td>
<td>Works with Neighborhood Enhancement Districts to enforce property maintenance codes.</td>
</tr>

Public Works
Public Works
Departmental Narratives

Mission Statement
The Public Works Department provides stewardship of assigned County-owned fleet equipment and infrastructure; including transportation and critical facilities and works with the community to support growth that balances environmental, social and community development needs.

Vision Statement
Partner with the community and other agencies to plan, build and maintain the community's infrastructure to the highest standards allowable.

Executive Summary
The FY 2021 Budget reflects a continuation of the reorganization of the Road Department’s maintenance functions and continued improvement in maintenance operations of Critical Facilities. Road maintenance crews are now divided into five (5) units: Mowing & Tree Trimming, Grading, Stormwater, Construction, and Road and Shoulder Surface. By moving to task-oriented units, Public Works improved its response time and service requests completion rates. The Stormwater Crew continued to improve the County’s drainage system and completed stormwater improvements to “legacy flooding” locations, including the Hayes Glenn subdivision, the “Toyota Basin”, Sunningdale, and NW 69th Terrace (Red Lobster basin). The department continued its implementation of an asset management and work order system, CITYWORKS. With the resources that are available to the department, we incorporate sustainable methods into our daily work, while continuing to strive to achieve the goals of the Commission’s Strategic Guide and the Energy Conservation Strategies Committee report.

Engineering and Operations (includes Development Review and Transportation) –The Division’s funding continues to struggle to keep up with the costs of providing transportation system services. The difficulty comes primarily from the continued decline of gas tax revenue, while costs of providing mandated services have continued to increase with inflation. Even with the many positive decisions in recent years to generate additional funding for roads, transportation system needs outweigh the anticipated revenues. Gas Tax revenue also declined due to COVID-19 by approximately $602,000 for operations and $585,000 for capital projects.

The Board continues to increase its allocation from the General Fund towards road projects. The Board has continued to demonstrate their commitment to tackling the issue of the County’s deteriorating roadways. In addition to Gas Tax funding, the Board increased General Fund contributions to roads by from $2,026,830 in FY2016 to $3,615,536 in FY2019. Unfortunately, this amount was reduced by $1,000,000 for FY2021 due to the COVID-19 Pandemic reduction in revenue.
FY 2020 Accomplishments

- Adapted to the COVID-19 Pandemic and implemented staggered schedules for Road & Bridge Maintenance Units.
- All front-line ambulance units, with exception of the bariatric units, have been downsized to 5500 series chassis to reduce operating expense and capital investment.
- Tree trimming equipment in Public Works has been upgraded to increase productivity, safety and operator comfort/ergonomics.
- Upgraded the fuel sentry at the Leveda Brown Environmental Center, Transfer Station
- Adoption of policy and procedures for the surplus of real property and designation of properties for affordable housing.
- Acquisition of numerous easements and rights-of-way for County transportation and drainage systems.

Projects: Construction Completed

- Multi-use trail from Poe Springs Park to US 41 in High Springs
- NW 91st Street Sidewalk from Santa Fe Campus to CVS driveway
- NW 16th Avenue resurfacing from NW 13th Street to Main Street
- Tower Road from SW 8th Avenue to Newberry Road and West University Avenue from Tower Road to the east end

Projects: Design Completed

- SW 170th Street from Levy County line to US 41 in Archer
- NW 69th Terrace Sidewalk and Drainage from SR 26 to NW 11th Place

Projects: Construction Ongoing

- SW 8th Avenue Connector from Tower Road to SW 20th Avenue
- Alachua County Fairgrounds in Newberry
- SW 24th Avenue sidewalk from SW 87th Way to just east of SW Tower Road
- NW 32nd Avenue resurfacing from NW 186th Street to CR 241

Transportation:

- Began collecting curve data and shoulder data for all of our roads.
- Began working on the ADA Transition Plan
- Submitted Highway Safety Improvement Program (HSIP) applications for NW 39th Ave and NW 97th Blvd, and the intersection of CR 235 and CR 235A.
- Completed the 2019 Local Road Safety Plan (LRSP) (the first one completed by Alachua County) and one of the first in the Nation for a local government.
Stormwater:
- Implemented the use of pipe crawler video technology for storm pipe inspections
- Installed permanent discharge piping for emergency stormwater pumping at Robin Lane, Hayes Glen, Sunningdale, and NW 69th Terrace (Red Lobster basin).
- Replaced pedestrian bridges along W University Avenue and NW 43rd Street with culverted crossings, to reduce long term maintenance costs.

Construction Inspection:
- Inspection staff have reviewed, approved and/or inspected 308 Utility Permits, 267 Driveway Permits, and 40 Right of Way Use Permits.
- During the COVID 19 Pandemic, with reduced staff levels and the use of contract employees, the section has worked closely with the Engineering and Development Review sections to provide inspections for a number of new subdivisions, site developments, and CIP projects.
- Though the pandemic required organizational changes, the Inspections group quickly adapted and excelled in their day to day duties.

FY 2021 Goals
- Upgrade the Fuel Sentry system at Public Works.
- Produce more design services with the addition of the Senior CADD Designer position.
- Process escheated properties through County surplus process and return properties to tax roll.

Projects:
- Complete construction on NW 32nd Avenue resurfacing from NW 186th Street to CR 241
- Begin and complete construction on CR 219A resurfacing from US 301 to SR 26
- Begin and complete SWAG sidewalk project in Holly Heights
- Complete SW 8th Avenue Connector project from Tower Road to SW 20th Avenue
- Begin and complete construction on NW 69th Terrace Sidewalk and Drainage from SR 26 to NW 11th Place
- Complete construction on SW 24th Avenue sidewalk from SW 87th Way to just east of SW Tower Road
- Begin and complete rehabilitation construction on CR241 and CR325 bridge maintenance projects
- Begin and complete construction on bus stop improvements at selected locations in unincorporated Alachua County
• Complete design of NW Rural Collection Center Improvements and begin construction

Transportation:
• Continue collection of curve and shoulder data and create an online database of all the data that will further help our traffic studies and safety analyses
• Implement first year of the five-year LRSP
• Develop and begin an ADA transition plan, including preparing a comprehensive inventory of sidewalks, curb ramps, crosswalks, bicycle/pedestrian trails and identify locations that do not comply with 2010 ADA Standards.

Stormwater:
• Develop a County-wide, comprehensive stormwater maintenance and construction schedule from which to coordinate work schedules for Road and Bridge staff.
• Develop a comprehensive closed system pipe inspection program.
• Search for grant opportunities to fund additional bridge rehabilitation projects.

Construction Inspection:
• The inspectors will continue to work with contractors, builders, developers and utility personnel to keep their projects moving by expediting the permitting and inspection processes.
• Provide opportunities for inspectors to obtain CTQP Certifications in Earthworks and Asphalt

Significant Budget Variances
FY 2021 budget is basically a continuation of FY 2020 budget. However, the fiscal year will see at least nine (9) positions frozen through January 1, 2021 due to the expected budget. A welcomed addition is the establishment of the Senior CADD Designer. Once filled, Public Works will be capable of producing additional in-house design services for County projects.

# Public Works
## Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Critical Facilities</td>
<td>Building, Maintenance &amp; Repairs</td>
<td>Provides repairs and maintenance for critical facilities (24/7 Operations which would including emergency services, Law Enforcement, and Jail); including HVAC services, plumbing, electrical, carpentry, grounds maintenance and mail services.</td>
</tr>
<tr>
<td>Critical Facilities</td>
<td>Life Safety - Elevators in County Buildings</td>
<td>County maintenance personnel are required to perform life safety functions in County buildings, ensuring that elevators are maintained according to safety building codes. For example: In order to verify that elevators are operating in a safe manner, they must be inspected and maintained according to building codes. Monthly checks include cleaning and inspecting machine rooms, cars and pits equipment; replacing indicator lights, lubricating and adjusting door operators, checking and adjusting brakes, lubricating guide rails. Pertinent codes: Florida State Code 100.2 and 1002.3, Chapter 30 of the Florida Building Codes, ASME A17.1, ASME A90.1, ASME B20.1, ALI ALCN, ASME A17.3, ASME A18.1, and other regulations regarding maintenance of elevators including inspections.</td>
</tr>
<tr>
<td>Critical Facilities</td>
<td>Life Safety In County Buildings (Fire Suppression and Protection)</td>
<td>County maintenance personnel are required to perform life safety in County buildings ensuring that they are maintained in a safe manner. Life safety is a totally separate function from maintenance and repairs. County buildings must comply with Federal, State and Local Safety and Fire codes in order to maintain County buildings in a safe manner.</td>
</tr>
<tr>
<td>Critical Facilities</td>
<td>Capital Project &amp; New Construction</td>
<td>Manage the renovation, modification, and alteration of existing buildings and the construction of new buildings.</td>
</tr>
<tr>
<td>Fleet Management</td>
<td>Maintenance and Repair Operations</td>
<td>Fleet Maintenance and repair. The Fleet maintenance operations provides vehicle and equipment repair and maintenance for county departments, other external customers, and support for emergency events.</td>
</tr>
<tr>
<td>Fleet Management</td>
<td>Vehicle &amp; Equipment Replacement Funds</td>
<td>Vehicle Replacement Fund, and Gas Tax Vehicle Replacement Fund. These vehicle and equipment replacement funds are to ensure the availability of funds for the future replacement of Fleet vehicles and equipment when their economical life is up.</td>
</tr>
</tbody>
</table>
# Public Works
## Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fleet Management</td>
<td>Fuels</td>
<td>Fleet Fuels: gasoline, diesel and bio-diesel. Fleet Management provides fuel from 2 bulk stations (County Owned) an on site fuel delivery truck, and manages contracts with an outside vendor with multiple fuel sites throughout the county.</td>
</tr>
<tr>
<td>Fleet Management</td>
<td>Generators</td>
<td>Fleet Management manages 34 stationary generators at County owned facilities, providing maintenance and repair, fuel and fuel storage management, annual load testing, weekly test runs and detailed data logging. Telematics are used to remotely monitor unit run time, fault history, availability and fuel levels.</td>
</tr>
<tr>
<td>Fleet Management</td>
<td>Fleet Administration</td>
<td>Fleet Management Administration supports the fleet operation by providing services in the following areas: Accounting, Budgeting, Vehicle Replacement Funds, Vehicle Replacement Schedule, Tags/Titles, Customer Billing, Vehicle Procurement and Disposal, Parts Inventory, and County Fueling.</td>
</tr>
<tr>
<td>Transportation</td>
<td>Real Property, Right of Way and Surveying</td>
<td>Reviews surveys and plats, Acquires and disposes of real property, right-of-way and easements, Maintains records for all County real property, Provide advice to public and other departments on land rights issues, Supports Operations with surveying needs using two in-house survey crews, provides construction &amp; maintenance project layout and Maintains contracts with private survey consultants and appraisal companies.</td>
</tr>
<tr>
<td>Transportation</td>
<td>Construction</td>
<td>The Division manages all major rehabilitation, capacity and safety enhancement projects related to the County's transportation infrastructure of 900 miles of roads, 200 storm water basins, 79 signals, and 9 bridges. Duties include permitting, construction inspections, and construction.</td>
</tr>
<tr>
<td>Stormwater</td>
<td>Stormwater Maintenance</td>
<td>The Stormwater Division performs the following mandated functions related to roadway safety &amp; drainage maintenance: Receive &amp; respond to citizen requests for drainage maintenance and safety issues; Plantings and landscaping in drainage areas; Stormwater basin maintenance. Re-establish drainage ways county-wide.</td>
</tr>
</tbody>
</table>
## Public Works
### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Transportation</td>
<td>Pollutant Discharge and Flood Mitigation</td>
<td>The Road &amp; Bridge Division performs the following mandated functions related to meeting the requirements of its State National Pollutant Discharge Elimination System (NPDES) permit: Litter and debris removal from rights-of-way; Right-of-way mowing; Ditch &amp; basin cleaning, permitting, and erosion &amp; sediment control; Tree trimming in drainage areas (swales, ditches and basins).</td>
</tr>
<tr>
<td>Transportation</td>
<td>Roadway Maintenance</td>
<td>The Engineering &amp; Operations Division performs the following mandated functions related to roadway safety &amp; maintenance: Pavement maintenance (pot-hole, drop-off repair, rehabilitation); Receive &amp; respond to citizen requests for roadway maintenance and safety issues; Localized dust control applications on unpaved roads for documented medical cases; Plantings and landscaping in medians, pedestrian facilities, and drainage areas; Right-of-way mowing; Permit and inspect all utility installations, driveway access, and private landscaping construction within County road rights-of-way; Street Light and Fire Hydrant Agreement; Coordinate public street light requests and installations required to be performed by other local utilities; Construct new sidewalk connections between existing sidewalks, capacity enhancement, and BOCC priorities and maintain existing sidewalks for tripping hazards and ADA requirements; Repair, replacement &amp; maintenance of traffic control devices (signs, markings and signals); Sight distance clearing for signs, clear zone trimming; Unpaved roadway grading &amp; maintenance; Storm water basin maintenance.</td>
</tr>
<tr>
<td>Transportation</td>
<td>Emergency Response</td>
<td>First response in disasters, event control, and debris disposal. The Division is responsible for management of emergency operations relating to transportation, public works, and energy. All crews and personnel are trained and ready for emergency situations and Road &amp; Bridge equipment and resources are loaned to other agencies as needed. Keep in mind, no emergency service vehicle (Fire/rescue, sheriff, etc.) can pass until roadways are cleared of debris by Road &amp; Bridge personnel.</td>
</tr>
</tbody>

Solid Waste & Resource Recovery
Solid Waste and Resource Recovery
Departmental Narratives

Mission Statement
The Department of Solid Waste and Resource Recovery (SW&RR) provides clean, efficient, economical, and environmentally sound management of the solid waste resources in Alachua County.

Vision Statement
Focus on transitioning the current disposal and transfer system to a resource recovery-based system to maximize the efficient and cost-effective use of our resources.

The Department of Solid Waste and Resource Recovery will:
• be a benchmark leader in efficient, cost effective and integrated resource recovery
• use the latest, viable and cost-effective technology in the industry
• be recognized locally and nationally as a model for programs and customer service
• be networked with other providers of resource recovery

The Department of Solid Waste and Resource Recovery provides a variety of solid waste and resource recovery management services, including receiving, collecting, processing and transporting solid waste, and recycling and various methods of promoting waste reduction. The Department also provides disaster debris management in conjunction with the Public Works Department. The goal of the Department is to continue to develop a resource recovery-based facility as the focus of our business model.

Executive Summary
The two priority issues facing the Department in the next Fiscal Year are the development and implementation of a Zero Waste Strategic Plan and securing a new agreement for the collection of solid waste in the County.

The Department has focused on achieving the 75% goal as mandated by Florida Statute 403.732. Recent changes have prompted the department to look for alternative waste management practices. The Department is currently focused on the development and implementation of a Zero Waste Strategic Plan. The Zero Waste Strategic Plan is being developed in partnership with the City of Gainesville and it will have a positive impact on all SWRR programs.

The residential solid waste collection agreement expires on October 1, 2021. The County is evaluating all of the available options to secure a new residential solid waste collection agreement. Additionally, the County notified the solid waste...
commercial haulers of the County's intent to displace them and secure an exclusive franchise agreement for the collection of commercial solid waste. The displacement of the commercial haulers is a three-year process and will be completed in 2023. The County’s final objective is to have an exclusive franchise agreement for the collection of residential and commercial solid waste in Alachua County.

PROGRAM DESCRIPTIONS:

Leveda Brown Environmental Park and Transfer Station (LBEP)
The Leveda Brown Environmental Park and Transfer Station is the hub of the Department of Solid Waste and Resource Recovery system. This facility is responsible for the safe and efficient management of all municipal solid waste and much of the recycling generated within Alachua County. Waste and recycling delivered to the facility comes from public and private vendors, as well as individual citizens. The facility hosts, on site, the Alachua County Environmental Protection Hazardous Waste Facility and the Materials Recovery Facility (MRF). There are various recycling opportunities for many commodities for our community as well as educational tours. Waste disposed at the facility is screened and then loaded into long haul trailers to be disposed of at the New River Landfill, located 35 miles north in Union County. Alachua County maintains an inter-local agreement for disposal with the New River Solid Waste Association through 2028.

The Leveda Brown Environmental Park and Transfer Station provides the following services:
- Operates a solid waste transfer station in accordance with Federal, State and local regulations
- Screens waste for prohibited items prior to transporting the waste to the New River regional landfill for disposal
- Recycles vegetative wood waste, waste tires, scrap metal, and appliances
- Owns and operates a Materials Recovery Facility (MRF)
- Provides Hazardous Waste Management Contracts for wood waste to be ground into mulch - the mulch is given away free to the public
- Maintains 25kW Solar Array and feed in tariff
- Oversees five environmentally sound disposal sites for rural residents to drop off solid waste, recycling and Household Hazardous Waste

The transfer station has been operating since December 1998. An analysis of the infrastructure has been completed to ensure service levels and compliance with state and federal requirements are maintained. Due to scraping by the equipment and deterioration due to chemicals in refuse, the thickness of the Transfer Station Floor has reduced over time and has to be built back up to maintain FDEP permit requirements and the structural integrity. This project will be completed during this fiscal year.
Rural Recycling and Solid Waste Collection Centers

Five Rural Collection Centers are located throughout the unincorporated area of the County offering citizens alternative disposal sites for limited amounts of municipal solid waste as well as recycling and Household Hazardous Waste drop off and a reuse area. These services are available to citizens countywide and are primarily used by those citizens in the unincorporated area who do not have curbside services. Non-county residents may use the centers by purchasing a non-resident permit.

Currently, all five of the RCCs are experiencing storm water management issues and deteriorating asphalt roadways. These infrastructure needs will be addressed center by center, with one center being completed each year. The Rural Collection Center located off of US 441 near High Springs does not have the necessary space available to serve the needs of the area. Despite experiencing the highest usage in both customers served and tons of material received, it is one of the smallest collection centers in size. This space limitation, combined with the general lack of flow between the recycling, garbage, yard waste, and hazardous waste containers, leads to traffic backups as residents line up to use the disposal containers. In FY2020, the Board of County Commissioners approved money to purchase land for the relocation of this center. Construction of this new Rural Collection Center should begin in FY21.

Materials Recovery Facility (MRF)

The Materials Recovery Facility is located within the Leveda Brown Environmental Park. This facility receives, processes, and markets recyclable commodities. In Alachua County, a dual stream recycling system is predominately utilized where fibrous materials such as paper and cardboard are collected in a separate bin from containers such as plastic or glass bottles and aluminum or steel cans. At the Materials Recovery Facility there are two distinct sorting lines which process these streams so that they remain separate and keep contamination to a minimum. The materials received at this facility come from both residential and commercial sources.

As the recycling industry continues to struggle, it is important to find opportunities to gain greater operational efficiencies in order to reduce the per ton processing costs. To this end, Alachua County has already invested in a glass breaker and a cardboard separator at the Materials Recovery Facility (MRF). The County has also realigned the sorting lines to increase their efficiency. Moving forward, the County will establish a baseline for operational capacity and efficiency at the MRF and will look at possible technologies to further increase the hourly throughput of materials, while reducing the per ton processing costs. Prior to the implementation of any changes to the MRF operations, a review of the impact to both the economic and the operational efficiency of those changes will be undertaken. An example of these technologies would be an optical sorter for plastics. With the ever-increasing
amount of plastic being recycled, an optical sorter, which can identify and remove
the most prominent types of plastic without them needing to be handled by a staff
member, would allow the County to process more material without the need to add
additional operational shifts or personnel.

Hazardous Waste Management
The Hazardous Waste Management Program provides a County-wide system for the
proper disposal, reuse, and recycling of hazardous materials, automotive fluids,
household chemicals, unwanted pharmaceuticals, waste vegetable oil, latex paint
and electronic waste materials generated by households and small businesses.
Materials are collected primarily at the Hazardous Waste Collection Center
(HWCC), located at the Leveda Brown Environmental Park and Transfer Station.
Additional drop off sites are located within each of the five Rural Collection
Centers. Through a grant from the Florida Department of Environmental
Protection (FDEP), Hazardous Waste Management also conducts hazardous
waste collection events in 8 neighboring counties.

The Hazardous Waste Collection Center (HWCC) began operations in 1999. Over
the last 20 years there has been a steady increase in the amount of hazardous
materials processed at the facility, primarily due to increases in population,
participation rates, and types of materials processed at the center. As a result, the
current facility is undersized for the demands of today and there is no ability to
increase the current footprint to meet the needs of the future. In order to prepare
for future growth in population and in the materials being managed, staff is
proposing a second full size Hazardous Waste Collection Center facility be
constructed on the western side of the County. This facility is expected to be co-
located with the relocated Rural Collection Center.

Waste Collection Division
The Office of Waste Collection staff manages the curbside collection contract,
provides customer service, provides enforcement for compliance to the curbside
contract and solid waste ordinances, and manages and/or assists other
departments with non-ad valorem assessments. All fees for services are collected
through non-ad valorem assessments on the property tax bill of the parcel owner.
Citizens living within the MSBU are part of a universal curbside collection program.
These residents have volume based curbside collection for solid waste, recycling,
yard trash, and bulk items. The residential collection contract was bid jointly with
the City of Gainesville. This contract directs the flow of the residential waste stream
to the Leveda Brown Environmental Park and Transfer Station. Residents residing
outside of the MSBU may either privately subscribe for garbage and recycling
collection through the contracted hauler or use one of the five rural recycling and
solid waste collection centers.
Residential Curbside Collection provides the following:

- Manages contractual agreements for volume based curbside collection of solid waste, recyclable material, yard waste, and bulk items
- Provides a customer call center for inquiries, service requests, and complaints
- Maintains citizen compliance with Alachua County’s volume-based collection system through public education and regular monitoring by staff
- Maintains contract compliance through regular monitoring by staff

Waste Alternatives Division

The Office of Waste Alternatives manages a variety of programs for the Department related to source reduction and recycling. All public education and public relations for the Department including a school board approved curriculum for PreK-12, a multi-media advertising and promotions campaign, tours of waste management facilities and general education workshops and events. Additionally, Waste Alternatives manages special events recycling, the County’s office recycling program, Tools for Schools and the Department of Solid Waste and Resource Recovery’s websites and social media pages. The County is working with the State of Florida on new public education materials to increase recycling.

- Monitors and reports to Florida Department of Environmental Protection on recycling and waste reduction in Alachua County, as required by Chapter 403, Florida Statutes and Florida Administrative Code, Chapter 62 770
- Educates the community on ways to increase recycling, reduce disposal costs and save landfill space, as required by the Alachua County Comprehensive Plan
- Instills in the next generation, through educational programs, a strong ethic for preserving natural resources through recycling, waste reduction, and reuse
- Manages a web-based Alachua Exchange program, at www.alachuaexchange.com, facilitating the reuse of surplus materials and products that would otherwise be thrown away
- Manages all social media for the Division including, Facebook, Twitter, Pinterest and video productions
- Manages the Tools for Schools program, a reusable resource center for teachers, located at 1147 SE 7th Avenue, Gainesville, Florida, providing the opportunity for businesses, institutions, and individuals to donate surplus materials and overstocked supplies to public school teachers
- Encourages innovations in reuse and recycling through the annual Trashformations Art Competition for middle school, high school, and college students
- Promotes special events to remind the public of the value of alternatives to waste disposal, including distribution of compost bins, the Great American Clean Up, waste tire recycling, and various public informational forums
Solid Waste Engineering and Compliance Monitoring
This office provides oversight and technical expertise on all solid waste management activities, programs, and processes. It ensures that all solid waste facilities and operations comply with all state and federal regulations for solid waste management facilities and operations. In 2014, the Board of County Commissioners approved the acquisition of 647 acres of land which contain two closed landfills that are under a consent order from the Florida Department of Environmental Protection for continued monitoring and remediation. Our Engineering and Compliance Division is responsible for this work. Acquiring this land allows the County to gain institutional control of lands, affected by two legacy landfills, that are the responsibility of Alachua County. The planned use for this land includes the development of an emergency storm debris site. This site will be used for county wide debris while meeting the requirements of FEMA for the control and management of these debris streams.

Services provided by the Solid Waste Engineer and staff include:
- Providing permit compliance at the County operated solid waste facilities
- Annually updating long term solid waste management planning options to reflect changes in technology regulations and economics
- Managing current and future capital projects and contracts to meet or exceed schedules, budgets, and design criteria.
- Managing permitting for all solid waste facilities
- Providing cost-effective compliance monitoring at four closed landfills in accordance with Florida Department of Environmental Protection permits
- Utilizing available technology to accelerate stabilization of the waste at the County’s closed Southwest Landfill including the management of a reverse osmosis system for the on-site treatment of leachate at the site.
- Providing management of the closure/post closure fund for the Alachua County Southwest Landfill in accordance with Florida Department of Environmental Protection long term care regulations in a manner that will maintain the escrow account balance for 30 years post closure

Balu Forest
Balu Forest is a 1,585-acre tract of land that is in reserve and designated in the Alachua County Comprehensive Plan as a possible future solid waste disposal facility. Balu Forest is under the Balu Forest Land Management Plan, which specifies goals for the site to establish an old growth, uneven aged, longleaf pine dominant forest. Management of Balu Forest is provided by the Parks and Land Conservation Department with oversight and funding by the Solid Waste and Resource Recovery Department.

Eco-Industrial Park (EIP)
The next phase of the Leveda Brown Environmental Park is the development of the adjacent 35 acres as an Eco-Industrial Park. This project is a collaborative
effort of the Office of Resilience, Climate Change, and Sustainability and the Alachua County Solid Waste and Resource Recovery Department. Upon development, this County site will partner with private industry to bring light industrial businesses that will utilize the recycling commodities from Alachua County and the region. The Park is expected to consist of several distinct areas. An anchor building which will house research and sustainability and economic development, rental space for start-up incubator waste-based businesses and parcels available on a lease and build basis. The County will be pursuing grant opportunities as well as utilizing outside professionals for the business development of the project.

FY 2020 Accomplishments
• Maintained the Department’s operational goals and expected levels of service throughout the COVID-19 pandemic
• Maintained compliance with State and Federal Solid Waste regulations
• Completed Zero Waste Baseline and Draft Strategic Initiatives Report
• Completed 5-Year Business Plan for Solid Waste and Resource Recovery Department

FY 2021 Goals
• Establish the framework for an exclusive franchise agreement for the collection of residential and commercial solid waste
• Implement the recommendations of the Zero Waste Strategic Plan
• Complete the repairs of the Transfer Station floor
• Construction of the new Rural Collection Center and Hazardous Waste Collection Center

Significant Budget Variances
Continuation Budget – with the following activities happening in FY 2021:
• Purchase of Optical Sorter for plastics at the Materials Recovery Facility
• Construction of new Rural Collection Center and Hazardous Waste Collection facility in the western part of the County
• Stormwater management and paving improvements at the Rural Collection Centers

<td></td>
</tr>
<tr>
<td>9/30/2018</td>
<td>Staying above 95%</td>
<td>On Track</td>
<td>96.39%</td>
<td></td>
</tr>
</tbody>
</table>

Two issues combined for a deceptively low response rate. We are continuing to address the timely reporting issue. Additionally, the collections contractor experienced a Covid-19 outbreak in their yard waste and bulk collection route staff which resulted in an unusually high number of missed collections.

### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Waste Management</td>
<td>Transfer Station</td>
<td>Provides disposal capacity for the entire county, through transfer operation and hauling to out-of-county landfill. Provides for recycling of vegetative waste, pallets, waste tires, scrap metal and appliances.</td>
</tr>
<tr>
<td>Waste Management</td>
<td>Materials Recovery Facility</td>
<td>Provides County wide service for the processing, marketing and sales of recyclable materials collected in Alachua County. This program provides services to both governmental and private industry, for the recycling of commercial and residential recyclable materials.</td>
</tr>
<tr>
<td>Waste Management</td>
<td>Curbside Collection</td>
<td>Provides solid waste, recycling, yard waste, bulk and white good collection in unincorporated curbside area. Provides support for all County special assessments. Provides support for system changes to meet the State recycling goals. Provides disaster debris management in the event of a natural or man-made disaster.</td>
</tr>
<tr>
<td>Waste Management</td>
<td>Rural Collection Centers</td>
<td>Provides for environmentally sound disposal sites for rural residents to drop off solid waste, recycling, yard waste, and Household Hazardous Waste.</td>
</tr>
<tr>
<td>Waste Management</td>
<td>Special Assessments</td>
<td>Develops or assists other departments in developing Alachua County’s non-ad valorem assessments. Accurately maintains the Solid Waste assessments, within deadlines and requirements of FSS Ch. 197. Provides information to the Office of Management and Budget for coordination to implement.</td>
</tr>
<tr>
<td>Waste Management</td>
<td>Waste Alternatives</td>
<td>Produce the solid waste management and recycling report as required by the Florida Department of Environmental Protection (FDEP). Provides educational and community outreach programs to promote waste reduction and recycling efforts in an effort to meet the State recycling goals. Additionally, manages the waste reduction programs in all County offices, the commercial solid waste collection franchises, and operates the Tools for Schools facility.</td>
</tr>
</tbody>
</table>
## Solid Waste and Resource Recovery
### Summary of Services

<table>
<thead>
<tr>
<th>Division Name</th>
<th>Program Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Waste Management</td>
<td>Solid Waste Administration</td>
<td>Provides leadership, direction, oversight and administrative support to the various solid waste programs. Serves as a liaison with New River Solid Waste Authority, City of Gainesville and other county municipalities on solid waste matters. Manages system changes to update current system of collection and disposal to a system focused on resource recovery including a materials recovery facility, a resource recovery park, and a potential organics recycling facility. Provides for disaster debris management in the event of a natural or a man made disaster.</td>
</tr>
</tbody>
</table>
Non-Departmental
Non Departmental Narratives

Mission Statement
To manage County-wide accounts in a professional and accurate manner as stipulated by Florida Statute and Generally Accepted Accounting Principles.

Summary of Services Provided
This collection of programs includes Debt Service, Reserves, Computer Replacement Fund, Vehicle Replacement Fund, Special Expense and Indirect Costs, and County-wide Revenue and Transfer activities.

Debt Service
Ensures that the long-term debt of Alachua County is administered in the most cost-efficient and prudent manner possible within the parameters of Generally Accepted Accounting Principles and Florida Statutes. The Debt Service funds are used to record budget, liabilities, and payment of principal and interest related to the long term debt of Alachua County. The County has refunded certain obligations by placing amounts into escrow accounts that have been invested so that the accumulated investment and interest earnings will be sufficient to pay the remaining principal and interest on the refunded obligations as they become due.

Reserves
The Office of Management and Budget ensures that sufficient reserves are budgeted to provide funding for unanticipated contingencies. The Board of County Commissioners' approval is required to expend these funds.

Computer Replacement Fund
This fund purchases replacement computers and electronic equipment per the Computer Equipment Replacement Fund Policy #03-03. Departments contribute to this fund on an annual basis in order to ensure that funds are available for use when replacement equipment is required. The Information and Telecommunications Services Department manages this fund and works closely with the Office of Management and Budget to efficiently coordinate the replacement procedure.

Vehicle Replacement Fund
This fund purchases replacement vehicles per the Fleet Replacement Policy #03-02. Departments contribute to this fund. a percentage of the purchase price on an annual basis, in order to ensure that funds are available for use when replacement vehicles are required. Fleet Management manages this fund and works closely with the Office of Management and Budget to efficiently coordinate the replacement procedure.
Special Expense and Indirect Costs
The Special Expense budget accounts for expenditures which are non-departmental in nature. This budget is administered by the Office of Management and Budget and includes such programs as unemployment compensation for Board departments, external auditor costs, the Value Adjustment Board attorney, and the cost for TRIM mailing. Specific Board approval is required for the use of such funds.

County-Wide Revenue and Transfer Activities
Efficiently manages and accounts for intra-departmental transfers and transfers to the constitutional offices in addition to non-department specific revenue receipts while complying with Florida Statues and Generally Accepted Accounting Principles.

Mission Statement
SERVICE TO THE COMMUNITY FIRST,
COMMITMENT TO THE EMPLOYEES ALWAYS

“…through our partnerships we are ACSO – Always Committed to Serving Others.”

The goals are:
Goal #1: Provide the Highest Level of Protection to our Citizens and Community

Goal #2: Provide the Highest Level of Professional Service to our Citizens and Community

Goal #3: Provide our Employees with the Support, Development and Resources that Promotes Excellence in Protection and Service.

Summary of Services Provided
Sheriffs, in their respective counties, in person or by deputy, shall: Execute all process of the Supreme Court, circuit courts, county courts, and boards of county commissioners of this state, to be executed in their counties. Execute such other writs, processes, warrants, and other papers directed to them, as may come to their hands to be executed in their counties. Attend all sessions of the circuit court and country court held in their counties. Execute all orders of the boards of county commissioners of their counties, for which services they shall receive such compensation, out of the county treasury, as said boards may deem proper. Be conservators of the peace in their counties suppress tumults, riots, and unlawful assemblies in their counties with force and strong hand when necessary. Apprehend, without warrant, any person disturbing the peace, and carry that person before the proper judicial officer, that further proceedings may be had against him or her according to law. Have authority to raise the power of the county and command any person to assist them, when necessary, in the execution of the duties of their office; and, whoever, not being physically incompetent, refuses or neglects to render such assistance, shall be punished by imprisonment in jail, not exceeding 1 year, or by fine not exceeding $500. Be, ex officio, timber agents for their counties. Perform such other duties as may be imposed upon them by law. Florida Statutes 30.15

Sheriff - Communications
Mission Statement
The Alachua County Sheriff's Office Combined Communications Center will provide our community with effective emergency public safety communications services, striving toward the end that the safety of human life, the protection of property, and the civic welfare are benefited to the utmost degree. The Combined Communications Center is responsible for the rapid and accurate collection, exchange and dissemination of information relating to emergencies and other vital public safety functions.

Summary of Services Provided
The Communications Operations Bureau is comprised of the front line Public Safety Telecommunicators and Supervisors who staff the Combined Communications Center on a 24/7 basis. The Communications Operations Bureau is responsible for receiving and processing all calls for public safety assistance or information.

Call Takers answer incoming telephone calls received on emergency 9-1-1 lines, administrative non-emergency lines, and various other sources. These calls are triaged to determine what type and level of services are required. Call Takers have a wide array of informational resources available which allow them to provide the most effective level of assistance required for the situation. Calls are entered into a Computer Aided Dispatch System and sent to Radio Operators who dispatch the appropriate law enforcement, fire, or emergency medical resources to the scene.

Radio Operators serve as the "Air Traffic Controllers" for public safety personnel. There are several radio dispatch positions in the Combined Communications Center. Each radio dispatch position has responsibility for a specific function, such as law enforcement, public safety (fire and rescue), or information/support which handles transactions through a national/state criminal justice computer network.

Radio Operators receive calls for service, which are entered by the Call Takers. Radio Operators evaluate the information, and with assistance from the Computer Aided Dispatch System, make a determination on the most appropriate type and number of units to dispatch. Radio Operators constantly interact with the many public safety units they are responsible for; deploying them to calls, tracking their status, ensuring their safety, providing additional resources and support, just to list a few.

The Operations Bureau of the Combined Communications Center is truly the "primary focal point" for our public safety system in the city of Gainesville and throughout Alachua County. Beginning with the initial 9-1-1 call for help, and ending when the last public safety unit leaves the scene, the Operations Bureau is the lifeline of our organization and provides critical emergency services our community depends on.

Constitutional Officers – Clerk of Court

Clerk of Courts – Court Operations
Mission Statement
To comply with Chapter 29 of the Florida Statutes and provide all services described within Chapter 29 of the Florida Statutes.

Clerk of Court - Finance and Accounting
Mission Statement
To perform duties as described in the FL Constitution and mandated by state/local laws.

Summary of Services Provided
The Florida Constitution creates the office of the Clerk of the Circuit Court. Authority for services and duties provided by the Clerk of the Circuit Court are mandated under state and local laws. The Clerk provides four separate functions: Clerk to the Board, Clerk of the County Court, Clerk of the Circuit Court and County Recorder. The Clerk to the Board provides financial services to the County and Library District. The Clerk to the County and Circuit Court services include management of court records and proceedings prescribed by law, filing and permanent maintenance of records, and collection and disbursement of all court related trust funds. As County Recorder, the Clerk maintains all official records recorded in the County, issues marriage licenses and processes the sale of county tax deeds.

Finance and Accounting Services:
- Provide general accounting functions
- Responsible for County-wide Accounting System
- General Ledger
- Cash Receipts
- Accounts Receivables
- Provide disbursement of all County payments
- Pre-audit of all Disbursements
- Accounts Payables
- Payroll
- Financial Statements
- Cash Management
- Debt Management
- Banking and Investments
- Internal Auditor
- County Assets-Property Inventory
- Provides/oversees audits of financial activities
- Provides/maintains financial policies
- Responsible for Board Minutes
- Clerk to Value Adjustment Board

Same services provided to the Library District.

The Property Appraiser by statute is a fee based officer. As such, the Property Appraiser's budget is for multiple agencies and is submitted to the Florida Department of Revenue. However, the Board has been notified that the budget submitted includes the increase for health insurance and a salary increase.
Constitutional Officers – Tax Collector

Mission Statement
The mission of the Alachua County Tax Collector is to serve the public with integrity, innovation, fiscal responsibility, and respect.

Summary of Services Provided
The Tax Collector’s Office serves the citizens of Alachua County by collecting and dispersing property, tangible, tourist development and local business taxes to the appropriate taxing authorities. The Tax Collector office also serves the public by performing motorist services on behalf of the Department Highway Safety and Motor Vehicles through issuing and processing Florida Driver Licenses, Identification Cards, and vehicle/vessel registrations and titles. The Tax Collector partners with the Health Department to issue Florida Birth Certificates. The Tax Collector also performs hunting and fishing licensing services on behalf of the Florida Fish and Wildlife Conservation Commission. To find out more information about our office like service locations and office hours, please visit our website at www.AlachuaCollector.com.

The Tax Collector by statute is a fee based officer. As such, the Tax Collector's budget is not budgeted by account classification (Personal Services, Operating, and Capital). However, the Board has been notified that the budget submitted includes the increase for health insurance, a salary increase, an estimated increase for a State budget proposal for increasing retirement rates and a recurring $500,000 for the new NW Complex.
Constitutional Officers – Supervisor of Elections

Mission Statement
The Supervisor of Elections will conduct the most open and accessible elections possible in a courteous and professional manner, while striving to serve the public with respect and dignity, providing timely and accurate access to information, and promoting an atmosphere of trust and dedication to the constitutional duties of this office.

Summary of Services Provided
Be responsible for all matters pertaining to the registration of electors within the State of Florida for Alachua County; supervision of County, State, and Federal elections; maintenance of the County’s voting equipment; filing of all campaign contribution and expenditure reports; candidate qualifying; financial disclosure filing by selected government officials and employees; providing poll registers to the cities within Alachua County for their elections; administering the City of Gainesville elections per contract; and such other requirements found in the Florida Election Code and other selected statutes and rules in order to ensure the integrity of the system of elections.

Judicial Offices

Mission Statement
While each of the Judicial Offices have distinct missions, they have in common the same goal of promoting justice for all citizens of Alachua County.

Court Administration:
To provide the citizens of Alachua County with a forum for the fair and effective resolution of disputes.

Guardian ad Litem:
To advocate for the best interest of children who are alleged to be abused, neglected, or abandoned and who are involved in court proceedings, including recommending services, attending court hearings, providing reports to the court, working with service providers, and periodically visiting the children.

Office of the State Attorney:
To seek Justice for Florida.

Pursuant to Article V Section 17 of the Constitution of the State of Florida the State Attorney is charged with being the Chief Prosecuting Officer in all criminal trial courts in his/her respective circuit and shall perform all other duties prescribed by general law. Chapter 27 and 29 of the Florida Statutes and the Florida Rules of Criminal Procedure further elaborate upon the duties of the State Attorney. The State Attorney with the aid of appointed assistants and staff shall appear in the circuit and county courts within his/her judicial circuit and prosecute or defend on behalf of the State, all suits, applications, or motions, civil or criminal, in which the State is a party. The Eighth Judicial Circuit is comprised of Alachua, Baker, Bradford, Gilchrist, Levy and Union counties.

Office of the Public Defender:
To represent indigent persons charged with a criminal offense who face a loss of liberty.

The Public Defender is responsible for representation of clients charged with felony offenses, misdemeanor, and traffic cases. The office is also responsible for clients charged with offenses in the Juvenile Division of the Circuit Court, Baker Act cases, and Jimmy Ryce Act cases. The Public Defender provides administration and management of internal personnel administration, fiscal management, finance and accounting controls, purchasing supplies and office equipment, inventory control, EEO/AA program, development and maintenance of the automated information system, records management, reception, and Intake which includes representation at first appearances and assignment of cases. Branch offices include Macclenny, Starke, and Bronson.
Office of the Regional Conflict Counsel:
To protect constitutional and statutory rights in a cost effective manner and provide legal representation to indigent defendants when appointed by the Court primarily in those cases when the Public Defender has a conflict.

Court Related:
To provide professional management of various Court-related programs in compliance with Florida Statutes to maximize the benefits to the citizens of Alachua County.

Comprehensive Capital Improvements Program
Need for Capital Improvement Item(s)

- Requests Initiated for CIP Item

Identify New CIP Needs And/Or Previously Identified CIP Needs That Have Not Made It to The Requisition Process, Submit To CIP Contacts, and Enter into Go vMax

Complete All CIP Project Requests By Function:
- Update the Estimated Costs
- Phase Identification
- Preliminary Scope of Work
- Decision Point Check Sheet

- Industry Standards

Requests Complete?

- NO

Preliminary Ranking:
- Funding Source
- Funding Amount
- Board Request
- Mandatory vs. Discretionary
- Age/Wear
- Capital Presentation vs. Capital Project
- Vetted By Appropriate Chain of Command

- YES

Is There Adequate Funding?

- NO

Accept Recommendations?

- YES

Recommended Countywide 5-Year CIP

- NO

Evaluate Funding Options:
- Bonds/Debt Service
- Pooled Commercial Paper
- Additional Tax
- Other

- YES

Compiles 5-Year CIP

Review 5-Yr CIP

Integrate into Tentative Budget

Review 5-Yr CIP

Debt Service
The Debt Service funds are used to record budget, liabilities, and payment of principal and interest related to the long term debt of Alachua County. The County has refunded certain obligations by placing amounts into escrow accounts. These escrow accounts have been invested so they accumulate interest earnings to assist in paying the remaining principal and interest on the appropriate obligations as they become due. The debt service fund’s total interest earned for the fiscal year ending September 30, 2018 was $65,535 and for the fiscal year through September 30, 2019 was $218,906, and $153,731 for the fiscal year ending September 30, 2020.

Public Improvement Revenue Note, Series 2020 C

In 2020 the County issued the Public Improvement Revenue Notes, Series C in the amount of $12,500,000 to fund the renovation of the arena at the Alachua County Agriculture and Equestrian Center as well as the construction of an Auditorium and IFAS building at said location. The notes were dated and delivered September 24, 2020 and bear interest of 1.45% per year. The interest is payable on February 1st and August 1st of each year, and the principal payment is due on August 1st of each year until satisfied.

Miscellaneous Information
GLOSSARY OF KEY TERMS

**ACCRUAL** is a method of accounting that recognizes the financial impact of transactions, events, and inter-fund activities when they occur, regardless of the timing of the cash flow.

**AD VALOREM TAX** is a tax levied in proportion (usually expressed in mills) to the assessed value of the property on which it is levied. This tax is also called PROPERTY TAX.

**ADOPTED BUDGET** is the financial plan for the fiscal year beginning October 1. Florida Statutes require the Board of County Commissioners to approve this budget at the second of two public hearings.

**AMENDED OR REVISED BUDGET** is the current year adopted budget adjusted to reflect all budget amendments approved by the Board of County Commissioners through the date indicated.

**AMORTIZATION** is the gradual elimination of a liability, such as a mortgage in regular payments over a specified period of time and the method used to prorate the cost of a specific type of asset to the asset's life.

**ANNEXATION** is the legal process of merging land from one governing authority to another. An example would be when an incorporated body annexes land previously governed as unincorporated by a county.

**APPROPRIATION** is the legal authorization of funds granted by a legislative body such as Alachua County’s Board of County Commissioners to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and to a time period within which it may be expended. It is the act of appropriation that funds a budget.

**ARBITRAGE** is a term used to describe the exploitation of inefficiencies within the financial market resulting in risk free profit.

**ASSESSED VALUE** is a value set upon real estate or other personal property by a government as a basis for levying taxes. The assessed value in Alachua County is set by the Property Appraiser.

**BALANCED BUDGET** is a budget in which revenues and expenditures are equal.

**BEGINNING FUND BALANCE** is the Ending Fund Balance of the previous period. See the definition for ENDING FUND BALANCE.

**BOARD OF COUNTY COMMISSIONERS** is the five-member legislative body of Alachua County’s general-purpose government. This board is governed by State law and the County Charter.

**BOND** is a written evidence of the issuer's obligation to repay a specified principal amount on a certain date (maturity date), together with interest at a stated rate, or according to a formula for determining that rate.

**BUDGET** is a comprehensive financial operating plan that allocates limited revenues among competing expenditure requirements for a given time period.
The budget, once adopted, is the legal authorization to expend County funds during the fiscal year. It may be amended during the fiscal year by the governing body and/or management in accordance with procedures, rules and regulations. The Alachua County budget progresses in three stages: Tentative Budget, Final Budget and Adopted Budget. See the definitions for each term.

**BUSINESS UNIT** is similar to a “division” as it is a sub-unit of a business center and provides one of the many functions of a larger governmental program.

**CAPITAL BUDGET** is the financial plan of capital project expenditures for the fiscal year beginning October 1. It incorporates anticipated revenues and appropriations included in the first year of the five-year Comprehensive Capital Improvements Program (CCIP), and any anticipated unspent budget appropriation balances from the previous fiscal year. It is adopted by the Board of County Commissioners as part of the annual County budget.

**COMPREHENSIVE CAPITAL IMPROVEMENT PROGRAM (CCIP)** is the financial plan of approved capital projects, their timing and cost over a five-year period. The CCIP is designed to meet County infrastructure needs in a responsive and efficient manner. It includes projects which are, or will become, the property of Alachua County, as well as projects that although not owned by the county, will be part of a joint project agreement.

**CAPITAL OUTLAY or CAPITAL EQUIPMENT** is an item such as office furniture, fleet equipment, data processing equipment or other operating equipment with a unit cost of $5,000 or more.

**CAPITAL PROJECT** is any improvement or acquisition of major facilities with a useful life of at least five years such as roads, bridges, buildings or land.

**CAPITAL PROJECT FUNDS** are used to account for financial resources to be used for acquisition or construction of major capital facilities (other than those financed by proprietary or trust funds).

**CONDUIT DEBT** incorporates limited obligation revenue bonds, certificates of participation, or similar debt instruments issued by state or local government entities for the express purpose of providing capital financing for a specific 3rd party that is not part of the issuer’s financial reporting entity. Although the bonds issued bear the name of the governmental issuer, it has no debt service, or any other obligation beyond the resources provided to sell the debt on the 3rd party’s behalf.

**CONTINGENCY** is an appropriation of funds set aside to cover unforeseen events that occur during the fiscal year, such as new federal mandates, shortfalls in revenue and unanticipated expenditures.

**DEBT SERVICE** is the dollars required to repay funds borrowed by means of an issuance of bonds or a bank loan. The components of the debt service payment typically include an amount to retire a portion of the principal amount
borrowed (i.e., amortization), as well as interest on the remaining outstanding unpaid principal balance.

**DEBT SERVICE FUNDS** are used to account for accumulation of resources for, and payment of, general long-term debt principal and interest. Specific revenue sources are pledged to provide repayment of various bond issues.

**DEMAND** is a type of measurement category. Demand represents the external factors that demonstrate the needs for the service(s) or program(s), i.e., population, service area, complaints, and waiting lists.

**DEPARTMENT** is, for budgeting purposes, any distinct government organizational entity receiving direct funding approved by the Board of County Commissioners in order to provide a major governmental function, such as Public Safety or Public Works.

**DEPRECIATION** is the process of estimating and recording lost usefulness, expired life or decrease of service from a fixed asset that cannot or will not be restored by repair and will be replaced. The cost of the fixed asset's lost usefulness is the depreciation or the cost to reserve in order to replace the item at the end of its useful life.

**DIVISION** is a sub-unit of a department engaging in the provision of a large multi-service program. An example would be the division of Human Resources within the department of Administrative Services that provides numerous administrative functions.

**EFFECTIVENESS** is a type of measure category sometimes referred to as quality indicators. Effectiveness measures examine the degree to which services are responsive to the needs and desires of the customers (both external and internal). These measures tell how well the job is being performed, how well the intent is being fulfilled. Effectiveness encompasses both quality and quantity. Demand and the response to demand are often linked in these measures. These are the most difficult measures to collect and use, because the organization must develop a method of retrieving the information from outside those served.

**EFFICIENCY** is a type of measurement category sometimes called productivity. This is often measured in terms of unit costs over time, increased timeliness of responses, or reduction in previous delays. Efficiency refers to the ratio of the quantity of service (tons, gallons, hospital care days, etc.) to the cost in dollars or labor or the time required to produce the service. An efficiency measure can be either an output or input ratio (e.g., the number of trees trimmed per crew per day or the dollar cost per permit application processed).

**ENCUMBRANCE** is an obligation in the form of a purchase order, contract, or formal agreement that is chargeable to an appropriation and for which a part of the appropriation is reserved.

**ENDING FUND BALANCE** is funds carried over at the end of the fiscal year. Within a fund, the revenue on hand at the beginning of the fiscal year, plus revenues received during the year, less expenses equals ending fund balance.
**ENTERPRISE FUND** is a fund used to account for operations that are financed and operated in a manner similar to private business enterprises, wherein the stated intent is that the costs (including depreciation) of providing goods and services be financed from revenues recovered primarily through user fees.

**EXPENDITURES** are amounts of money actually paid or obligated for payment from County funds.

**FIDUCIARY FUNDS** are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units or other funds.

**FINAL BUDGET** is the Board's modification to the budget made at the first public hearing (basis for the second public hearing).

**FISCAL YEAR** is a twelve-month financial period used by the County, which begins October 1 and ends September 30 of the following year. A fiscal year is identified by the year in which it ends. For example, October 1, 2018 to September 30, 2019, is identified as fiscal year 2019 (also FY 2019 or FY19).

**FIXED ASSETS** are of a long-term character that are intended to continue to be held or used, such as land, infrastructure, buildings, construction in progress, improvements other than buildings, and equipment.

**FULL-TIME EQUIVALENT (FTE)** is one position funded for a full year. For example, a permanent employee funded and paid for 40 hours/week and 52 weeks/year or 2 employees funded and paid for 20 hours/week and 52 weeks/year would be equal to one full-time equivalent.

**FUND** is an accounting entity used to record cash and other financial resources as well as an offsetting amount of liabilities and other uses. The resources and uses are segregated from other resources and uses for the purpose of carrying on specific activities or attaining specific objectives in accordance with special regulations, restrictions or limitations.

**FUND BALANCE** represents the excess of a fund’s current assets over its current liabilities. For accounting purposes, fund balance is calculated as of year-end and is based on the difference between actual revenues and expenditures for the fiscal year. If revenues exceed expenditures, fund balance is positive and carries forward as revenue to the following year. If expenditures exceed revenues, any existing fund balance from a prior year is reduced. A study of changes in fund balances can indicate financial trends and fiscal health. Extreme quantities of fund balances or large fluctuations may indicate possible policy adjustments by the governing body or changes in budget procedures.

**FUNDING SOURCES** is a term referring to the type or origination of funds to finance recurring or non-recurring expenditures. Examples include revenues such as ad valorem taxes, user fees, licenses, permits and grants and non-revenues such as fund balance and interfund transfers.
FY 19 ADOPTED BUDGET refers to the budget period beginning October 1, 2018 and ending September 30, 2019.

FY 20 ADOPTED BUDGET refers to the budget period beginning October 1, 2019 and ending September 30, 2020.

FY 21 ADOPTED BUDGET refers to the budget period beginning October 1, 2020 and ending September 30, 2021.

GENERAL REVENUE FUND (GENERAL FUND) is a fund that accounts for all financial transactions except those required to be accounted for in all other funds. The fund’s resources, ad valorem taxes, and other revenues provide services or benefits to all residents of Alachua County.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP) comprises the uniform minimum standard of, and guidelines for, financial accounting and reporting. They govern the form and content of an entity’s basic financial statements. GAAP encompasses the convention, rules and procedures necessary to define accepted accounting practices at a particular time.

GOVERNMENTAL FUNDS are used to account for tax supported activities. Alachua uses four different types of governmental funds: the general fund, special revenue funds, debt service funds, and capital project funds.

GRANTS AND AIDS includes all grants, subsidies, and contributions from other government agencies or private organizations.

HOMESTEAD EXEMPTION is a deduction from the total taxable assessed value of owner-occupied property. The current maximum exemption is $25,000 for all homesteaded properties, and an additional $25,000 on the assessed value between $50,000 and $75,000. Exemptions must be requested by taxpayers.

IMPACT FEES are a type of charge for services imposed on new construction in order to support specific new demands on a given service, e.g., transportation, schools, parks and fire protection.

INFRASTRUCTURE is a permanent installation such as a building, road, or water transmission system that provides public services.

INTER-FUND TRANSFER is the movement of funds from one accounting entity to another within a single government.

INTERGOVERNMENTAL REVENUES are revenues from other governments in the form of grants, entitlements, shared revenues or payments in lieu of taxes.

INTERNAL SERVICE FUND is a fund established from the financing of goods or services provided by one department or agency to other departments or agencies on a cost reimbursement basis.

LEVY is the action of imposing taxes, special assessments, or service charges for the support of County activities.

LIABILITY is debt or other obligations arising out of transactions in the past which must be liquidated, renewed or
refunded at some future date. The term does not include encumbrances. See the definition of ENCUMBRANCE.

LOCAL OPTION SALES TAX is an infrastructure surtax to be levied by local governments as approved by referendum at a rate of 1/2 cent or 1 cent. Tax may be effective for up to fifteen years from the date of levy. Proceeds must be expended on fixed capital expenditures or fixed capital costs for construction, reconstruction, or improvement of public facilities that have a life expectancy of five or more years and land acquisition, land improvement, and related design and engineering costs. See also "Voter Approved Indigent Care Surtax."

MAJOR FUND is a title given a fund within the County that is large in proportion to other funds (e.g. General Fund, the MSTUs, and the Gas Tax Fund).

MANDATE is a requirement imposed by a legal act of the federal, state or local government.

MEASURE is a term referring to any one of four different types of measure: a count, a ratio, a percentage or a dollar amount. Before developing any measure, it is necessary to identify something that can be counted. In order to identify what is to be counted, the event being assessed must be determined, i.e., days spent in the hospital, certificates of occupancy issued, gallons of water treated, etc.

MILL is a monetary measure equating to 0.001 of a dollar. When referring to the AD VALOREM TAX, it means that a 1-mill tax is one dollar of tax on $1,000 of taxable value.

MILLAGE RATE is the rate per one thousand dollars of taxable property value which, when multiplied by the taxable value, yields the tax billing for a given parcel.

MISCELLANEOUS (FUNDING SOURCE) is revenue other than those received from standard sources such as taxes, licenses and permits, grants and user fees.

MISSION STATEMENT is a broad statement of purpose derived from an organization’s and/or community’s values and goals.

MODIFIED ACCRUAL is the basis of accounting that is used in governmental funds where the focus is to measure current financial resources. Revenues are not recognized until they are measurable and available. Expenditures are recognized when the related liability is liquidated not when the liability is first incurred.

MUNICIPAL SERVICES BENEFIT UNIT (MSBU) A special assessment district authorized by Florida Statutes 125.01 to provide for improvements and/or services to a specifically defined area of the county and financed by a special assessment on only those properties receiving benefits of those improvements or services.

MUNICIPAL SERVICES TAXING UNIT (MSTU) is the taxing district authorized by State Constitution Article VII and Florida Statute 125.01 encompassing the unincorporated area of the County. It provides services typically provided by
a municipality (e.g., Sheriff’s patrol, paramedic services, fire protection, parks and recreation, code enforcement and road network maintenance) to the residents and businesses in the unincorporated area. The services are financed primarily by an ad valorem tax levied on all taxable property located in the unincorporated area.

**NON-AD VALOREM ASSESSMENT** is a fee levied on certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit those properties. The value of the property is not considered when calculating a non-ad valorem assessment. Instead, the cost of the facility or the service is allocated proportionately to the benefited properties in a defined area. It is sometimes referred to as a “Special Assessment”. Generally, this is collected by the Tax Collector’s Office on the annual consolidated tax bill like ad valorem taxes.

**NON-OPERATING EXPENDITURES** are costs of government services that are not directly attributable to a specific County program or operation. Examples include debt service obligations and contributions to community service organizations.

**NON-OPERATING REVENUES** comprise income received by a government not directly attributable to providing a service. An example would be interest on investments.

**OBJECTIVE** is a statement specifying achievements to be attained within a prescribed time frame. An objective is exchanged for or superseded by another objective at the expiration of the time frame. An objective is directly connected to how the resources of an organization will be used. An objective statement begins with an action verb and includes the quantified statement of the results expected as an outcome of the action, such as “Increase (the action verb) with existing manpower, 24-hour security coverage for five government buildings at a daily cost not to exceed $16.00 (quantified results) during the applicable fiscal year (explicit timeframe)”.

**OPERATING BUDGET** is the budget including appropriations for recurring and certain one-time expenditures that will be consumed in a fixed period of time to provide for day-to-day operations (e.g., salaries and related benefits, operating supplies, contractual and maintenance services, professional services and operating equipment). The operating budget does not include debt service payments (principle and interest), budgeted reserves, transfers between funds, and the capital projects program budget. It does include the Internal Service and Trust funds.

**OPERATING EXPENDITURES/EXPENSES** are the costs (expenses) directly related to a fund's primary service activities on an on-going or regular basis.

**OPERATING REVENUES** are the incomes (revenues) directly related to a fund's primary service activities. They consist primarily of user charges for services.

**OPERATING TRANSFERS** are legally authorized transfers of money from one
fund to another fund from which the resources are to be expended.

**PERFORMANCE MEASURES**

comprise a set of measures of service efforts and accomplishments. Six measure types include: 1) measure of efforts (inputs), 2) activity or process measures, 3) output measures, 4) service quality measures, 5) outcome measures, and 6) efficiency measures.

**PERSONAL SERVICES**

characterize expenses for salaries, wages, and related employee benefits provided for all persons employed by the County whether on a full-time, part-time, or temporary basis. Employee benefits include employer contributions to a retirement system, social security, insurance, sick leave, and similar direct benefits as well as other costs such as Workers’ Compensation and Unemployment Insurance.

**PORTABILITY**

is a legislative provision that was enacted as part of Constitutional Amendment 1 that allows Florida homeowners to transfer a portion of their Save Our Homes taxable value reduction when they move to another homesteaded property in the State of Florida. Portability reduces the local government tax base by reducing taxable values of homesteaded properties. Portability benefits must be requested by taxpayers.

**PROPERTY TAX**

is another term for ad valorem tax. See the definition for **AD VALOREM TAX**.

**PROPRIETARY FUND**

is a fund category which often emulates the private sector and focuses on the measurement of net income. Expenditures are funded by user charges and fees.

**PROPRIETARY FEES**

are home rule revenue sources, which are based on the assertion that local governments have the exclusive legal right to impose such fees. Examples of proprietary fees include admissions fees, franchise fees, user fees, and utility fees.

**REGULATORY FEES**

are home rule revenue sources that may be imposed pursuant to a local government’s police powers in the exercise of a sovereign function. Examples of regulatory fees include building permit fees, impact fees, inspection fees, and stormwater fees.

**RESERVES AND REFUNDS**

refers to a budget category for funds required to meet both anticipated and unanticipated needs; the balance of anticipated earmarked revenues not required for operation in the budget year; estimated reimbursements to organizations, state, or federal governments for revenues received and not spent, and those required to be set aside by bond covenants.

**RETAINED EARNINGS**

is a term the County uses as the amount of budget/cash set aside within an enterprise fund for possible, unforeseen expenditures. Similar to fund balance.

**REVENUE**

are funds that governments receive as income, including such items as tax payments, fees for specific services, receipts from other governments, fines and forfeitures, grants, shared revenues and interest income.
**REVENUE BONDS** are bonds usually sold for constructing or purchasing capital projects. Reliable revenue other than ad valorem taxes is pledged as the source for funding to pay bond principal and interest.

**ROLLED-BACK RATE** is the millage rate needed to be levied in the new fiscal year to generate the same amount of tax dollars as adopted in the previous fiscal year. Voter approved debt levies are excluded from the calculation. Value of new construction is excluded from the current year total. Rolled-back rate adjusts prior year for reappraisals based on market value of property and represents "no tax increase." The only source of additional tax revenue, if the rolled-back rate is levied, is the tax on new construction.

**SAVE OUR HOMES** is a voter approved amendment to the Florida Constitution which limits the size of the annual increase in the assessed value of owner occupied residential properties which have homestead status. Increases in the annual assessment of homesteaded property shall not exceed the lower of either 1) three percent (3%) of the assessment of the prior year or 2) the percent increase in the Consumer Price Index for all urban consumers in the United States.

**SPECIAL ASSESSMENT** is the term used to designate a unique charge that government units can assess against real estate parcels for certain public projects.

**SPECIAL REVENUE FUNDS** are funds used to account for proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

**STATUTE** is a written law enacted by a duly organized and constituted legislative body. Citations are often followed by “F.S.” to indicate Florida Statute.

**TANGIBLE PERSONAL PROPERTY** is the non-real estate property, excluding motor vehicles, inventory and household goods, that is owned by business enterprises and subject to ad valorem taxation. Constitutional Amendment 1 provides that the first $25,000 of tangible personal property is exempt from ad valorem taxes starting with FY 09. It also imposes a 10% cap on annual increases in tangible property valuation.

**TAX RATE** is the amount of tax stated in terms of a unit of the tax base. For example, 5,000 mills yield $5 per $1,000 of taxable value.

**TAXABLE VALUE** is the value used for computing ad valorem taxes levied against property. Taxable value is the assessed value less any exemptions allowed by law. The most common exemption is the $25,000 homestead exemption allowed when the owner uses the property as a principal residence, and an additional homestead exemption of $25,000 on assessed value between $50,000 and $75,000 enacted as part of Constitutional Amendment 1 in January of 2008. Exemptions are also granted for disability, government owned and non-profit owned property.
TENTATIVE BUDGET is the County Manager’s recommendation of the budget plan to the Board of County Commissioners.

TRUTH IN MILLAGE LAW (TRIM) is a Florida Law enacted in 1980 which changed the budget process for local taxing governments. It was designed to keep the public informed about the taxing intentions of various taxing authorities.

TRUST AND AGENCY FUNDS are funds used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds.

USER (FEES) CHARGES are payments of a fee for receipt of a public service by those individuals benefiting from the service.

UNASSIGNED FUND BALANCE is the residual classification that includes amounts that are not included in other classifications. Unassigned amounts are the portion of fund balance which is not obligated or specifically designated and available for any purpose. The General Fund is the only accounting fund that can report unassigned fund balance.

UNINCORPORATED AREA is the portion of the County not within the boundaries of any municipality.
