NOTICE OF PUBLIC HEARING TO IMPOSE AND PROVIDE FOR COLLECTION OF NON-AD VALOREM STORMWATER ASSESSMENTS AND FEES

Notice is hereby given that the Board of County Commissioners of Alachua County, Florida, will conduct a public hearing to consider imposing charges for stormwater management services for properties in the **unincorporated areas of the County, as shown above**. Stormwater Assessments for non-governmental properties and Stormwater Fees for governmental properties are proposed to pay for the County's Stormwater Services. These proposed assessments and fees are based upon the estimated amount of stormwater runoff generated by impervious areas on the property. Impervious areas include the ground level building footprints, rooftops, garages, patios, driveways, and similar areas that shed rainfall.

Alachua County has determined that the median single-family residence in the unincorporated County has a total impervious area of 4,011 square feet based upon a building footprint area of 2,235 square feet. The 4,011 square feet impervious area is defined as the value of "Equivalent Residential Unit" or "ERU" value. Generally, the number of ERUs were calculated individually for each parcel of property by dividing the total impervious area by 4,011 square feet. For non-governmental properties, the proposed annual Stormwater Assessment rate for the upcoming Fiscal Year will be \$60.00 for each ERU. For governmental properties, the proposed annual Stormwater Fee rate for the upcoming Fiscal Year will be \$60.00 for each ERU. It is estimated that the County will collect \$3,600,000 from Stormwater Service Assessments and Stormwater Service fees for Fiscal year 24-25. Agricultural buildings and structures are not included in the calculations of impervious areas subject to the proposed stormwater assessment, in accordance with Section 163.3162(3)(b). Florida Statutes.

On September 10, 2024, the Board will hold a public hearing at 5:01 p.m. or as soon thereafter as it may be heard in Room 209, 2nd Floor of the Alachua County Administration Building, 12 S.E. 1st Street, Gainesville, Florida.

At the hearing, the Board will receive comments on the proposed Stormwater Assessments for non-governmental properties (including their collection on the ad valorem tax bill) and the proposed Stormwater Fees for governmental properties (including their collection by first class mail invoice).

You are invited to attend and participate in the hearing. You may also file written objections with the Board within the twenty (20) days of the date of this notice. If accommodations for persons with disabilities are needed, please contact the Alachua County Equal Opportunity Office at 352-374-5275 at least 2 business days prior to the event, TDD users, please call 711 (Florida Relay Service).

All affected property owners have a right to appear at the hearing and to file written objections with the Board. All written objections to the non-ad valorem assessments and fees must be filed with the Board within twenty (20) days of publication of this notice. Please include your name, parcel number, and the reason you object to the assessment on all written objections.

Address all written objections to: Alachua County Board of County Commissioners, Attn: Stormwater Assessment, 12 S.E. 1st Street, Gainesville, FL 32601.

Any person wishing to appeal any decision of the Board with respect to any matter considered will need a record of the proceedings and may wish to ensure that a verbatim record of the proceedings is made.

A more specific description of the methodology used to calculate the proposed stormwater assessments and fees is set forth in the Initial Stormwater Resolution, the Final Assessment Resolution and the Preliminary Rate Resolution. Copies of the Initial Stormwater Resolution, the Final Assessment Resolution, the Preliminary Rate Resolution, the Preliminary Stormwater Roll, and the County's Stormwater Ordinance are available for inspection at the Alachua County Environmental Protection Department, 14 N.E. 1st Street, Gainesville, Florida, 32601.

The Stormwater Services Assessments for non-governmental properties will be collected by the Alachua County Tax Collector and failure to pay the Stormwater Services Assessment will cause a tax certificate to be issued against the assessed property which may result in a loss of title to your property.

The Stormwater Service Fees for governmental properties will be collected by first class mail invoice.

*******NOTICE TO PROPERTY OWNER*******

Dear Alachua County Property Owner:

The past decade has brought increasing recognition of environmental impacts associated with stormwater runoff from developed property, including water pollution, flooding, and collection of standing water on our streets and other property. Alachua County (the "County") has initiated efforts to improve stormwater management services and provide a dedicated funding source to help restore clean water to local creeks, lakes, springs, rivers, and our drinking water aquifer. Stormwater management services also include County maintenance of stormwater drainage infrastructure to reduce flooding.

The Stormwater Service Assessments and Stormwater Service Fees are based upon the estimated amount of stormwater runoff generated by impervious surface on the property. Impervious surfaces include rooftops, patios, driveways, parking lots, and similar areas. The County has determined that the median single family residence in the County includes 4,011 square feet of impervious surface, which is the value of one "equivalent residential unit" or "ERU Value." Single family residential parcels are categorized into one of four tiers based on the estimated amount of impervious area associated with each parcel (computed by using the building footprint of the residence).

Condominium parcels are charged generally by calculating the total number of ERUs applicable to the condominium complex as a whole, then dividing that total number of ERUs by the total number of condominium residential units on the property. For general parcels, such as commercial or governmental properties, the number of ERUs has been calculated individually for each parcel of property by dividing the total impervious surface area by 4,011 square feet.

The annual Stormwater Service Assessment rate for the upcoming Fiscal Year and for future Fiscal Years without further notice will be \$60.00 for each ERU. The annual Stormwater Service Fee rate for government properties for the upcoming Fiscal Year and for future fiscal years without further notice will be \$60.00 for each ERU. It is estimated that the County will collect \$3,600,000 from the Stormwater Service Assessments and Stormwater Service Fees for Fiscal Year 2024-25.

A more specific description of the methodology used to calculate the proposed stormwater service assessments and fees is set forth in the Preliminary Assessment Resolution adopted by the Board on July 9, 2024. Copies of the Preliminary Rate Resolution, the Final Assessment Resolution, preliminary stormwater roll, and the County's Stormwater Ordinance are available for inspection at the Alachua County Environmental Protection Department, 14 N.E. 1st Street, Gainesville, Florida 32601.

The following provides information about the above parcel:

The number of ERUs on the above parcel is _____.

The Annual Stormwater Service Assessment for the above parcel for Fiscal Year 2024-25 and future fiscal years without further notice is \$ _____.

The County Commission will hold a public hearing at 5:01 p.m. or as soon thereafter as it may be heard on September 10, 2024, in Room 209, 2nd Floor of the Alachua County Administration Building, 12 S.E. 1st Street, Gainesville, Florida, to receive comments on the proposed Stormwater Service Assessments, including their collection on the ad valorem tax bill, and the Stormwater Fees imposed against government property. You are invited to attend and participate in the hearing. You may also file written objections with the Board within twenty (20) days of the date of this notice. Please include your name, parcel number, and the reason for your objection on all written objections as follows: The Alachua County Board of County Commissioners, Attn: Stormwater Service Assessment, 12 S.E. 1st Street, Gainesville, FL 32601. If you decide to appeal any decision made by the Board with respect to any matter considered at the hearing, you will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. Because the Stormwater Service Assessment will be collected by the Tax Collector of Alachua County, pursuant to Chapter 197, Florida Statutes, failure to pay the Stormwater Service Assessment will cause a tax certificate to be issued against the assessed property, which may result in a loss of title to your property.

If you have any questions regarding the number of ERUs assigned to your property or the amount of the Stormwater Service Assessment or Stormwater Fee, please contact the Alachua County Stormwater Hotline by telephone at (352) 264-6850 or email at stormwater@alachuacounty.us.

STORMWATER SERVICES: ASSESSMENTS WILL BE REIMPOSED AGAINST REAL PROPERTY LOCATED IN THE UNINCORPORATED PORTION OF ALACHUA COUNTY. THE PURPOSE OF THE ASSESSMENT IS TO FUND STORMWATER SERVICES BENEFITING PROPERTY LOCATED IN THE UNINCORPORATED AREA OF THE COUNTY.

THE AMOUNT OF THE ANNUAL STORMWATER ASSESSMENT IMPOSED AGAINST EACH PROPERTY IS BASED ON THE ESTIMATED AMOUNT OF STORMWATER RUNOFF GENERATED BY IMPERVIOUS SURFACE ON THE PROPERTY. IMPERVIOUS SURFACES INCLUDE ROOFTOPS, PATIOS, DRIVEWAYS, PARKING LOTS, AND SIMILAR AREAS. THE COUNTY HAS DETERMINED THAT THE MEDIAN SINGLE FAMILY RESIDENCE IN THE COUNTY INCLUDES 4,011 SQUARE FEET OF IMPERVIOUS SURFACE. THIS IS THE VALUE OF ONE "EQUIVALENT RESIDENTIAL UNIT" (ERU VALUE). SINGLE FAMILY RESIDENTIAL PARCELS ARE CATEGORIZED INTO ONE OF FOUR TIERS BASED ON THE ESTIMATED AMOUNT OF IMPERVIOUS AREA (COMPUTED BY USING THE BUILDING FOOTPRINT OF THE RESIDENCE). CONDOMINIUM PARCELS ARE CHARGED GENERALLY BY CALCULATING THE TOTAL NUMBER OF ERUs APPLICABLE TO THE CONDOMINIUM COMPLEX AS A WHOLE, THEN DIVIDING BY THE TOTAL NUMBER OF CONDOMINIUM RESIDENTIAL UNITS ON THE PROPERTY. FOR GENERAL PARCELS, SUCH AS COMMERCIAL PROPERTIES, THE NUMBER OF ERUs HAS BEEN CALCULATED INDIVIDUALLY FOR EACH PARCEL.

THE ANNUAL STORMWATER SERVICE ASSESSMENT RATE FOR THE UPCOMING FISCAL YEAR IS \$60.00 FOR EACH ERU.

TOTAL REVENUE TO BE COLLECTED FOR FISCAL YEAR 2024-25 IS ESTIMATED TO BE \$3,600,000.
