## SCHEDULE OF FEES AND CHARGES FOR SERVICES

The Board of County Commissioners of Alachua County, Florida, is authorized to establish and collect fees and charges for certain services rendered by the County. It has been deemed advisable to review and revise the existing schedule of fees and charges on an annual basis during the budget adoption process in order to establish a schedule of fees and charges for the upcoming fiscal year. These services are available to all residents of the County, but are not needed by the majority of residents, therefore, those utilizing the services are charged for the service. All fees and charges are to represent a reasonable reimbursement to the County for its actual cost in providing the County service. All requested changes to the Schedule of Fee and Charges during the fiscal year are presented to the Board of County Commissioners for its review and approval.
